PART 2: SCHOOL PERFORMANCE

1. School Goals: State the school’s mission statement. Provide the school’s mission-specific, measurable goals. Analyze school progress toward these goals, providing data as appropriate. Add/Remove rows as necessary.

MISSION STATEMENT

The mission of the Stamford Charter School for Excellence is to prepare young people from Stamford to compete for admission to and succeed in top public, private and parochial high schools by cultivating their intellectual, artistic, social, emotional, and ethical development. The school will accomplish this by offering a challenging and rigorous academic curriculum, which at the earliest of grades will have an eye towards college preparation. To achieve this, we will create a supportive and caring environment that always maintains high expectations of our students.

Goal Statement:

75% of the students in third, fourth, fifth, sixth, seventh, and eighth grade will score proficient on the SBAC exam in ELA, Math, and Science.

Evidence of Progress Toward Target Goals:

Our scholars scored 74% proficient in ELA, 69% in Math, and 54% on SBAC fifth and eighth grade Science exams. Stamford Excellence continued to outperform the state and local district averages. Stamford Excellence was the highest performing charter school in the state and one of the top public schools in the state. We have already begun to implement a plan to address learning loss to prepare our scholars for success this year:

1. **Baseline Assessment:** Analyze current scholar performance data to identify strengths and weaknesses.
2. **Targeted Instruction:** Develop tailored lesson plans focusing on areas where scholars struggle. Use differentiated instruction to meet diverse learning needs.
3. **Regular Assessments:** Implement formative assessments to monitor progress regularly. This will help identify students needing additional support.
4. **Study Resources:** Provide access to study materials, practice exams, and intervention sessions to reinforce learning.
5. **Goal Setting:** Encourage students to set personal goals and reflect on their progress. Foster a growth mindset by celebrating improvements.

The school will advance scholarly achievement by creating a culture of positive work habits, safe and appropriate conduct, and opportunities for healthy social-emotional interactions. Students will demonstrate character virtues summarized by the acronym, “RISE UP” (Responsibility, Integrity, Success, Etiquette, Unity, and Pride) and our core values of

SCSE utilizes a variety of measures and means to build and monitor character development. Student performance towards these measures is monitored and analyzed through attendance and tardiness, discipline referrals, and suspension rates. Stamford Excellence has maintained average daily attendance rates above 96% each year. We continue to educate our scholars on strategies such as hand hygiene to prevent the

Respect, Citizenship, Teamwork, and Honesty with a College-Bound Attitude.	spread of illness and educate our families on the importance of attending school daily in a timely manner. Our suspension rates also declined in 2023-24. We continue to build and monitor character development in the classrooms and utilize school-wide behavior management programs to teach essential skills, habits, and positive attitudes for success.
Students will demonstrate adequate achievement throughout the school year in preparation to meeting and exceeding college and career readiness objectives as measured by statewide assessments.	SCSE utilizes the F&P to measure growth in literacy skills, Curriculum Based Assessments to monitor progress towards mathematical skill acquisition, and ICAs at testing grades to measure progress towards mastery of standards. Our scholars participated and completed learning assignments sufficiently to demonstrate content mastery. Stamford Excellence was the highest performing charter school in the state on SBAC ELA and Math exams.

Additionally, the school leadership team conducts an internal annual audit of school-wide performance to evaluate programmatic effectiveness, compliance, and areas in need of improvement.

Stamford Excellence has fostered partnerships with related service providers to comply with all state and federal regulations pertaining to the education of students with disabilities, as well as scholars' IEPs and Stamford Public School policies. Scholars received their required services as well as academic support given by our certified special education teachers. Our teachers attended annual review meetings, and PPT meetings and worked with the district's special education teams and our families to identify scholars who need to be evaluated. Renewal Terms and Other Issues: Provide a progress update on terms established in the charter school’s most recent renewal; summarize actions taken and progress data to substantiate efforts to address such terms. Provide an update on how the charter school is addressing or plans to address the issues noted. The chart below is pre-populated to include terms documented in the school’s last renewal resolution or issues identified by the CSDE.

Standard/Indicator:	Term or Condition:	Progress Update:
3.3 Demographic Representation	<p>The school’s 2022-23 English learner/Multilingual learner (ELs/MLs) population was 8.4%.</p> <p>To better reflect the demographics of the surrounding community, the school must continue to seek to enroll more students who are ELs/MLs.</p>	<p>SCSE maintains an open enrollment policy. While we continue to conduct outreach to increase appeal to English Learners. Enrollment is determined by an independent, third-party, blind lottery. Additionally, language diagnostic results are received later in the school year. In 2023-24, our EL population increased slightly from 8.4% to 8.8%, which was due to new scholars testing into limited English proficiency and scholars moving away and new families joining. We will continue to encourage family referrals to the school and foster strategies that have proven successful with our English Learners.</p>
4.5 Teacher/Staff Credentials	<p>As of May 1, 2024, the Bureau of Educator Standards and Certification reported 4 staff identified in the Educator Data System as out of compliance for the 2023-24 school year. 3 staff have no active certificate/permit on file; 1 staff Grade Level does not match endorsement.</p> <p>Per state statute, it is the school’s responsibility to take steps to ensure 100% of school staff hold appropriate certificates, permits, or authorizations for positions.</p>	<p>SCSE has taken the necessary actions to ensure that 100% of our staff holds the appropriate certification for the grades they are teaching. We are also actively searching for highly qualified candidates daily.</p>

5. Stewardship, Governance, and Management Best Practices: In 250 words or less, summarize practices/processes established in the areas of stewardship, governance, and management (e.g., financial management, reporting compliance, sustaining financial viability, and school operations) that ensure the school is financially viable, organizationally healthy, strong, and held accountable to established goals. Explain the rationale for establishing and/or continuing the practice(s). Explain the impact on the school, referencing quantitative and qualitative data. Provide evidence of collaboration with local school districts in this area as appropriate.

As the steward of the school’s charter, it is ultimately the Board’s responsibility to ensure that the school is successfully achieving its mission, vision, and goals. The board maintains oversight of the school’s academic, operational, and financial health while delegating the school’s day-to-day decision-making and supervision to the school’s leadership team. The Board is currently composed of six dedicated individuals, with a broad spectrum of expertise and the capacity to provide effective oversight. Our handbooks, policies, bylaws, and operating procedures provide guidance for responsibilities and regulations. Stamford Excellence collaboratively prepares an annual budget, which contemplates the academic, operational, and facility goals for the year. The Finance Committee of the Board reviews the draft budget approximately one month prior to adoption and requests any necessary revisions. Once the Finance Committee approves the budget, it is presented to the Board for approval. Throughout the year, the Finance Committee reviews the budget, revenues, and expenditures every month while the Board of Directors reviews them at each Board meeting. Stamford Excellence continues to be a fiscally sound institution with a history of clean audits each year and has maintained healthy ending cash and net assets balances. The school has historically managed its public and private funding successfully and not only covered its operating expenses but also the facility costs. Through effective oversight, the Board members will continue to ethically and responsibly safeguard the school’s fidelity to its mission, vision, charter, and high-quality model.

2. Enrollment Efforts: Summarize the school's efforts to attract, enroll and retain a diverse student population, representative of students of color, low-income students, English Learners/Multilingual Learners, and students with disabilities.

Pursuant to the Connecticut General Statutes (C.G.S.) Section 10-15c, SCSE maintains an open enrollment policy and does not discriminate based on race, ethnicity, sex, gender identity, religion, disability, national origin, native language, or sexual orientation. Although the school typically appeals to families and populations in high-needs communities that have been traditionally underserved, the school does not enact enrollment preferences beyond currently enrolled students and siblings of enrolled scholars. SCSE accepts applications from legal guardians of all age and grade eligible students. Applications are provided in English and Spanish, and available for translation online to the prevailing languages of the community. Enrollment is determined by a blind lottery. The school accepts completed applications from mid-January through April 1 for the lottery, and on a rolling basis for our waiting list. Applications are submitted electronically through the school's website, or in hard copy. Once all vacancies are filled through the lottery, the waiting list is created. Applicants who have siblings already attending the school are given preference for any vacancies that occur during the school year. Enrollment packets clearly articulate the documentation that must be submitted, to include appropriate proofs of identification, residency, and health records.

The school deliberately extends its outreach efforts in high needs communities to attract and retain a diverse student body that is reflective of the community it serves, to include comparable or greater enrollment of special populations including minority students, low-income students, English Language Learners, and students with disabilities. SCSE utilizes a variety of strategies to attract a diverse student body with recruitment efforts, which include:

- Attendance and distribution of marketing materials at open houses, public meetings, meet-and-greets, and presentations at various community organizations such as preschools, daycare centers, head start programs, ESL programs for adults with school-aged children, county health centers, doctors' offices, libraries, family service providers, housing authorities and associations, counseling centers and support groups, tutoring groups, and places of worship (churches, mosques, temples, etc.)
- Neighborhood canvassing, especially in areas with higher concentrations of public housing developments and multicultural communities
- Distribution of flyers and mailings in English, Spanish, and prevailing languages
- Local media stations (radio and internet) that target both English and non-English speaking audiences

SCSE engages the community and hosts events such as open houses and meetings with the students, families, and community members. SCSE also employs bilingual staff members to support the recruiting efforts for families whose native language is one other than English.

3. Waitlist Data: Provide waitlist totals below, illustrating demand and community support for the school.

2023-2024 Waitlist:	2024-2025 Waitlist:

5: 24	5: 32
6: 14	6: 50
7: 16	7: 8
8: 8	8: 17

4. Student Population Best Practice: In 250 words or less, summarize practice(s)/system(s) used in the area of student population (e.g., family and community engagement, recruitment processes, retention strategies) to ensure the school promotes equity by effectively attracting, enrolling and retaining students, particularly among targeted populations. Explain the rationale for establishing and/or continuing the practice(s). Include a brief narrative on the school’s unique model and describe the practice(s) and its impact on the school, referencing quantitative and qualitative data. Provide evidence of collaboration with local school districts in this area as appropriate.

SCSE is a community school that values family and community engagement. Our Parent Association (PA) meets monthly and provides direct opportunities for families to ask questions, participate in workshops, and share ideas and resources. More importantly, the parent-led organization invites opportunities for parents to get to know one another, build relationships necessary for developing a united school community, and strategically allows multiple levels for active engagement. Through their activities, our PA has done many things in the past including fundraising and traveling to the state capital to advocate for their children’s school. Due to the pandemic, some activities were paused or held virtually.

As with previous years, SCSE will hold parent workshops afterschool on various topics to strengthen the home-school learning connection, strategies for improving self-esteem and mindfulness, and mechanisms for coping with the impacts of the national pandemic. SCSE will continue to build upon this momentum and increase parent participation and satisfaction.

APPENDIX B: CHARTER SCHOOL PERFORMANCE FRAMEWORK

The Connecticut State Department of Education’s (CSDE) charter school performance framework promotes clear and transparent expectations for all charter schools. The four performance standards are central to measuring schools’ efficacy and viability, and align to state law and national best practices among charter school authorizers as accumulated by the National Association of Charter School Authorizers. Within each standard area, the framework identifies a series of indicators used to evaluate charter schools. The framework drives the CSDE’s charter school accountability systems and processes, including initial approval decisions, annual monitoring, and renewal determinations.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Stamford Charter School for Excellence, Inc. which comprise the statement of financial position as of June 30, 2023, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Stamford Charter School for Excellence, Inc. as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stamford Charter School for Excellence, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Change in Accounting Principle

As discussed in Note A to the financial statements, during the year ended June 30, 2023, the Charter School adopted new accounting guidance related to accounting for leases. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stamford Charter School for Excellence, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stamford Charter School for Excellence, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stamford Charter School for Excellence, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the Stamford Charter School for Excellence, Inc.'s June 30, 2022 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 16, 2022. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2022 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2023 on our consideration of Stamford Charter School for Excellence, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Stamford Charter School for Excellence, Inc.'s internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2023

(With Comparative Totals for 2022)

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Charter School

Stamford Charter School for Excellence, Inc. (the “Charter School”) is an educational corporation that operates as a charter school in Stamford, Connecticut. On October 20, 2014 the Connecticut State Board of Education granted the Charter School a provisional charter valid for a term of five years and renewable upon expiration on June 30, 2020. In February 2020, the Charter School was awarded a full-term, five-year charter renewal through June 30, 2025. The Charter School prepares young people in Stamford, Connecticut to compete for admission to and succeed in top public, private and parochial high schools by cultivating their intellectual, artistic, emotional, and ethical development.

Classification of net assets

To ensure observance of limitations and restrictions placed on the use of resources available to the Charter School, the accounts of the Charter School are maintained in accordance with the principles of accounting for not-for-profit organizations. This is the procedure by which resources are classified for reporting purposes into net asset groups, established according to their nature and purpose. Accordingly, all financial transactions have been recorded and reported by net asset group.

The assets, liabilities, activities, and net assets are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions

Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The Board of Trustees has discretionary control to use these in carrying on operations in accordance with the guidelines established by the Charter School.

Net Assets With Donor Restrictions

Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. The Charter School had no net assets with donor restrictions at June 30, 2023 or 2022.

Revenue and support recognition

Revenue from Exchange Transactions: The Charter School recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2023

(With Comparative Totals for 2022)

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

The Charter School records substantially all revenues over time as follows:

Public school district revenue

The Charter School recognizes revenue as educational programming is provided to students throughout the year. The Charter School earns public school district revenue based on the approved per pupil tuition rate of the Connecticut State Department of Education (CSDE). The amount received each year from the resident district is the product of the approved per pupil tuition rate and the full-time equivalent student enrollment of the Charter School on October 1st of the fiscal year. Amounts are typically received in four installments during the year. There were no contract balances at June 30, 2023 or 2022.

Contributions

The Charter School recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

Contributions received are recorded as with or without donor restrictions depending on the existence of any donor restrictions. A contribution that is received and expended in the same year for a specific purpose is classified as without donor restrictions.

All donor-restricted contributions are reported as increases in net assets with donor restrictions depending on the nature of the restriction. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Grant revenue

Some of the Charter School's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Charter School has incurred expenditures in compliance with specific contract or grant provisions. Certain grants are subject to audit and retroactive adjustments by its funders. Any changes resulting from these audits are recognized in the year they become known. Qualifying expenditures that have been incurred but are yet to be reimbursed are reported as grants receivable in the accompanying statement of financial position. Amounts received prior to incurring qualifying expenditures are reported as deferred revenue in the accompanying statement of financial position. There was no revenue deferred at June 30, 2023 or 2022.

Cash and cash equivalents

Cash and cash equivalents are maintained at financial institutions located in Connecticut and are insured by the Federal Deposit Insurance Corporation up to \$250,000 at each institution. Cash equivalents consist of a money market account. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Charter School has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash and cash equivalents.

(With Comparative Totals for 2022)

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Grants and other receivables

Grants and other receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2023 or 2022.

Property and equipment

Property and equipment are recorded at cost. Depreciation and amortization are computed using the straight-line method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from three to twenty years. Leasehold improvements are being amortized over the lesser of their estimated useful life or the term of the lease.

Major renewals and betterments are capitalized, while repairs and maintenance are charged to operations as incurred. Upon sale or retirement, the related cost and allowances for depreciation are removed from the accounts and the related gain or loss is reflected in operations.

Reserve for state per pupil funding

The Charter School booked a reserve for per pupil funding for potential unallowed costs at June 30, 2023 and 2022. The Charter School plans to repay these funds to the State of Connecticut during the year ending June 30, 2024.

Deferred lease liability

The Charter School leases certain facilities. The leases contain pre-determined fixed escalation of the base rent. In accordance with GAAP, the Charter School recognized the related rent expense on a straight-line basis over the lease term and records the difference between the recognized rental expense and the amounts payable under the leases as a deferred lease liability.

Tax exempt status

The Charter School is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

The Charter School files Form 990 tax returns in the U.S. federal jurisdiction. The tax returns for the years ended June 30, 2020 through June 30, 2023 are still subject to potential audit by the IRS. Management of the Charter School believes it has no material uncertain tax positions and, accordingly it will not recognize any liability for unrecognized tax benefits.

Contributed services

The Charter School receives contributed services from volunteers to develop its academic program and to serve on the Board of Trustees. In addition, the Charter School received counseling, occupational, and speech therapy that was also provided for the students from the local district. The Charter School is not able to determine a value for these services.

In-kind contributions

Gifts and donations other than cash are recorded at fair market value at the date of contribution.

Marketing and recruiting costs

The Charter School expenses marketing costs as they are incurred. Total marketing and recruiting costs was \$20,244 and \$1,734 for the years ended June 30, 2023 and 2022, respectively.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Comparatives for the year ended June 30, 2022

The financial statements include certain prior year summarized comparative information in total but not by functional classification. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Charter School's financial statements for the year ended June 30, 2022, from which the summarized information was derived.

Leases

The Charter School leases a building and determines if the arrangement is a lease at inception. Operating leases are included in operating lease right-of-use (ROU) assets, current liabilities, and other liabilities on the accompanying statement of financial position. There were no finance leases at June 30, 2023.

ROU assets represent the Charter School's right to use an underlying asset for the lease term and lease liabilities represent the obligation to make lease payments arising from the leases. Operating lease ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. As the leases do not provide an implicit rate, the Charter School uses a risk-free rate based on the information available at commencement date in determining the present value of lease payments. The operating lease ROU assets also includes any lease payments made and excludes lease incentives. The lease terms may include options to extend or terminate the lease when it is reasonably certain that the Charter School will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

The Charter School's lease agreements do not contain any material residual value guarantees or restrictive covenants.

In evaluating contracts to determine if they qualify as a lease, the Charter School considers factors such as if the Charter School has obtained substantially all of the rights to the underlying asset through exclusivity, if the Charter School can direct the use of the asset by making decisions about how and for what purpose the asset will be used and if the lessor has substantive substitution rights. This evaluation may require significant judgment.

Adoption of new accounting standard – leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of ROU assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the FASB voted on May 20, 2020, to extend the guidance in this new standard to be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. The Charter School adopted ASC 842 with the date of initial application of July 1, 2022.

The Charter School recognized and measured leases existing at July 1, 2022 (the beginning of the period of adoption) through a cumulative effect adjustment, with certain practical expedients available. Lease disclosures for the year ended June 30, 2022 are made under prior lease guidance in FASB ASC 840.

As part of the adoption of ASC 842, the Charter School elected practical expedients to account for the existing operating leases as operating leases under the new guidance, without reassessing (a) whether the contracts contain leases under the new standard; (b) whether classification of capital leases or operating leases would be different in accordance with the new guidance; or (c) whether the unamortized initial direct costs before transition adjustments would have met the definition of initial direct costs in the new guidance at lease commencement.

As a result of the adoption of the new lease accounting guidance, the Charter School recognized on July 1, 2022 operating lease liabilities of \$5,150,214, which represents the present value of the remaining operating lease payments of \$3,912,442 discounted using the risk-free rate of 3.80%, and the right-of-use asset of \$3,840,775, which represents operating lease liabilities of \$3,912,442 adjusted for \$79,200 of net deferred lease liabilities.

The standard had a material impact on the accompanying statement of financial position, but did not have an impact on the statement of activities and changes in net assets, nor statement of cash flows. The most significant impact was the recognition of ROU assets and lease liabilities for operating leases.

New accounting pronouncement – credit losses

In June 2016 the FASB issued ASU 2016-13, "Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments" (ASU 2016-13), which requires entities to use a new impairment model referred to as the current expected credit losses (CECL) model rather than incurred losses. The new standard affects accounting for loans, accounts (trade) receivable, held-to-maturity debt securities, and other financial assets included in the scope. For non-public entities, the new standard is effective for fiscal years beginning after December 15, 2022, including interim periods within those fiscal years. The Charter School is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Charter School's financial position or results of operations.

Subsequent events

The Charter School has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through December 21, 2023, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.
