

LATITUDE 3310 FOR EDUCATION

Made to last beyond the bell

DESIGNED KID-PROOF

The Latitude 3310 is built to withstand the demands of the modern learning environment. It is designed with rounded corners and rubberized edges for drop protection.

Additionally, it comes with captive keys for better pick resistance.

BUILT TO PERFORM

With up to 10 hours of battery life, this PC handles even the longest school days. Plus, students will power through any assignment with Intel Core i3 processor and 4 GB DDR4 memory.

TESTED FOR ENDURANCE

Rigorously tested to stand up to the steep demands of student use. It survives 30-inch drops onto steel, tens of thousands of hinge-cycle tests, thousands of 4-inch microdrops from multiple angles, 12-ounce liquid spills on its spill-resistant keyboard, and it passes 15 MIL-STD 810G tests.

CONSTRUCTED FOR COLLABORATION

A 180-degree hinge, as well as a 13.3" screen with optional Full High Definition Touch, help make collaboration a reality.

Dell Latitude 3310 Configuration

8th Generation Intel Core i3-8145U Processor (2 Core,4MB Cache,2.1GHz, up to 3.9Ghz)

Windows 10 Pro Natl Aca Strategic EDU CARE K12 and HIGHER EDU only. LOE Required ENG/FR/SP MUI
