CONNECTICUT ALLIANCE OF REGIONAL EDUCATION SERVICE CENTERS

## Connecticut Core Standards Higher Education Summer Institute

Designed specifically for members of the higher education community, this two-day institute will offer participants a variety of breakout sessions with the newest information about the Connecticut Core Standards for ELA/Literacy and Mathematics and teacher preparation programs.

The institute will feature a keynote speaker on day one and a closing session on day two that will include an opportunity to exchange ideas among colleagues in the teacher preparation community. Following an overview of the Connecticut Core Standards, and the implications for shifts in skills, content and practices for teacher preparation programs, participants will have the opportunity to attend breakout sessions each day.

The focus groups conducted across Connecticut identified challenges facing teacher preparation programs. The breakout sessions will focus on these identified areas.

Continental breakfast and lunch are included on both days.
