Academic Vocabulary to Generate Text Specific Questions

Claim 1 Informational and literary targets (Thinking Skills)						
Key Ideas &	Central Ideas	Word Meanings	Text Structures	Reasoning &	Analysis w/in	Language Use
Details	_	-	& Features	Evaluation	and Across Texts	
search	associate	preview	identify	inspect	examine	identify
locate	relate	identify	determine	review	search	determine
identify	connect	define	organize	determine	discern	analyze
select	generalize	select	compare	hypothesize	deconstruct	infer
determine	distinguish	predict	contrast	evaluate	delineate	interpret
specify	predict	generate	analyze	critique	classify	clarify
provide	infer	connect	interpret	judge	sort	elaborate
recall	support	illustrate	explain	rate	compare	
sequence	determine	determine	paraphrase	justify	contrast	
retell	paraphrase	infer	summarize	reason	distinguish	
describe	summarize	explain		advocate	analyze	
explain	synthesize	verify		support	connect	
understand		deduce		quote	elaborate	
comprehend		derive		provide	integrate	
				explain	paraphrase	
				cite evidence	summarize	
				defend	synthesize	
				debate		
				develop		
				synthesize		
Skills-based knowledge aligned to each Claim 1 Target						
story structure	theme	context clues	text structures	Rhetorical	CLOSE reading	Author's craft
parts of speech	main idea	Tier 3 words	Genres	devices	Analogies	(mood, flashback)
"wh" questions	feeling words	Greek & Latin	signal words	text structures	text structures	Rhetorical
Content	analogies	Roots/affixes	text features	text features	text features	devices
knowledge				transition	transition	Point of view
				words	words
