

YOU'RE INVITED

Professional Learning Needs Survey for Structured Literacy and Dyslexia

CONNECTICUT STATE DEPARTMENT OF EDUCATION — MAY 2025

The RESC Alliance, in collaboration with the Connecticut State Department of Education's Office of Dyslexia and Reading Disabilities (ODRD), invites all general and special educators, including reading specialists and literacy coaches, to participate in a survey that aims to assess educators' familiarity with structured literacy approaches, recognize characteristics and risk indicators of dyslexia, and explore the use of assistive technology for reading and writing. The survey will also identify professional learning needs, preferred training formats, and the resources necessary for effective implementation of structured literacy instruction and interventions.

The results of this survey will assist ODRD in developing model in-service training programs for structured literacy and dyslexia.

We genuinely appreciate your contribution and thank you for sharing your thoughts! If you have any questions, please contact Aimee Gauvin at aimee.gauvin@ct.gov.

Scan or click the QR code to access the survey.

Please respond before June 20, 2025.

We invite you to take just 10 minutes to share your valuable insights. Your feedback is essential in shaping effective training programs that empower educators to support students with dyslexia and learning difficulties.

The Connecticut State Department of Education is an affirmative action/equal opportunity employer.
