

00:30:16 Kate Field: If the burdens are locally generated, what is our role in clarifying the need to simplify and how do we empower district PDECs to do this?

00:51:58 Kate Field: I think we can add simple things to the flexibilities to help make next year simpler and more manageable for all admin, teachers, and students.

00:52:23 Principal Colleen Weiner (she/her): I apologize. I have to attend another meeting.

00:57:50 Kate Field: We can't rate teachers on SEL. CEA strongly opposes this when no one knows how to do this with any degree of reliability. Evaluators have not been trained to evaluate it either.

01:00:10 Jan Hochadel AFT-CT: AFT agrees with that also Kate

01:35:09 Kate Field: Goals set through mutual agreement, holistically reviewed, either SEL or academic.

01:36:46 Kate Field: The CCT is a good foundation.

01:37:10 Jan Hochadel AFT-CT: We need to add non-classroom flexibilities for those not in a traditional class

01:37:26 Kate Field: dispute resolution

01:40:04 Mary Yordon, AFT-CT: SLOs and indicators also, with mutual agreement

01:40:52 Kate Field: I agree with Mary, we need to convey very clearly that the goal and the measures of accomplishment or indicators must be mutually agreed on.

01:41:16 Dr. Shuana Tucker, CSDE: Great feedback today. I have to depart this meeting for my next. Thank you

01:43:18 Kate Field: Many students keep their camera off and it is impossible for evaluators to know what the students are doing, which is the basis of the observation protocol.

01:47:39 elizabeth brown cabe: A

01:49:08 Jan Hochadel AFT-CT: sorry - I have to run to another meeting

01:49:36 Jeff Leake CEA: likewise - thank you

01:50:08 Mary Yordon, AFT-CT: thank you!

01:50:11 Kate Field: Thank you everyone for being so collaborative!
