09:24:15 From Dr. Rebecca Good (she/her) to Everyone:
Thank you

09:24:15 From elizabeth brown to Everyone:
I just accessed it via SDE Talent Office then click on teacher evaluation, it came right up.

09:42:14 From Kate Field to Everyone:
I'm very interested in creating a differentiated system where maybe proficient tenured teachers do not have to be rated every year. I'm not sure this is allowable under the proposal.

09:45:09 From Kate Field to Everyone:
Perhaps a three year cycle where tenured proficient teachers are rated in every third year. This would allow experienced talented teachers room to focus on professional growth and administrators time to focus on new teachers or experienced teachers who are struggling.

09:47:34 From Leonard Lockhart to Everyone:
Considering that we must evaluate the Superintendent every year, I would value a discussion of annual evaluation of all teachers annually, as well. I feel the same for administrator, as well (annual).

09:47:47 From Mary Yordon, AFTCT to Everyone:
This is for evaluation and support. Evaluate areas of improvement and support them to improve.

09:58:46 From ciottocaj to Everyone:
Agree with Leonard. Evaluation should be about accountability but also support, growth, and development and not something teachers should fear but hopefully embrace.

10:06:21 From Paul Fleming to Chris Todd, CSDE(Direct Message):
Do you want to go ahead with the poll or table it for the near future via email?

10:08:42 From Erin Benham to Everyone:
I agree Sharon, I do think we will gain much from the feedback sessions.
