Region 15 Teacher Evaluation Plan

Updated 2024

Region 15 Mission Statement

The Region 15 PDEC is a collaborative committee promoting ongoing growth in our educators by providing differentiated professional learning opportunities and purposeful evaluation with meaningful feedback. Through these processes, adult learners will build capacity as leaders, collaborators, and reflective practitioners to maximize comprehensive development and success for students in alignment with the district's Portrait of a Graduate.

Members (2023)

Name	Role	Email	Bargaining unit
Heather Pellicone (co-chair)	Principal, Middlebury Elementary School	hpellicone@region15.org	PAA
Dr. Carrie Chiappetta	Assistant Superintendent	cchiappetta@region15.org	Assistant Superintendent
Colleen Merritt (co-chair)	Science Teacher /PEA Union President, Pomperaug High School	cmerritt@region15.org	PEA
Katie Gordon	English Teacher, Pomperaug High School	kgordon@region15.org	PEA
Stacey Zwick	Director of School Counseling	szwick@region15.org	PAA
Barbara Nanassy	Math Teacher, Memorial Middle School	bnanassy@region15.org	PEA
LeAnn Cassidy	Social Studies Teacher, Memorial Middle School	lcassidy@region15.org	PEA
Kathleen Scannell	Special Education Teacher, Rochambeau Middle School	kscannell@region15.org	PEA
Christopher Wermuth	Principal, Long Meadow Elementary School	cwermuth@region15.org	PAA
Sarah Steinmetz	Special Education Teacher, Memorial Middle School	ssteinmetz@region15.org	PEA
Sue Shaw	Grade 5 Teacher, Long Meadow Elementary School	sshaw@region15.org	PEA
Rachael Juliano	Math Coach, Middlebury Elementary School	rjuliano@region15.org	PEA
Cindy Rosa	Grade 3 Teacher, Pomperaug Elementary School	crosa@region15.org	PEA
Carina Fischer Decremer	School Psychologist, Rochambeau Middle School	CFDecremer@region15.org	PEA
Maria Milo	Assistant Principal, Long Meadow Elementary School	mmilo@region15.org	PAA
Paul Jones	Principal, Pomperaug High School	pjones@region15.org	PAA

Stephanie Furman	Principal, Pomperaug Elementary School	sfurman@region15.org	PAA
Christina Hubbard	Grade 4 Teacher, Gainfield Elementary School	chubbard@region15.org	PEA
Deborah McCloghry	Paraeducator, Pomperaug Elementary School	dmccloghry@region15.org	UPSEU
Laura Van Horn	School Counselor, Long Meadow Elementary School	lvanhorn@region15.org	PEA
Sarah Dos Santos	Literacy Coach, Pomperaug Elementary School	sdossantos@region15.org	PEA
Sarah Walkup	Interventionist, Middlebury Elementary School	swalkup@region15.org	PEA
Ashley Dunne	Music Teacher, Gainfield Elementary School	adunne@region15.org	PEA

PDEC Calendar
Meeting Dates 2024-2025

Monday, September 9th, 2024 (zoom)	February - NO Meeting
Thursday, October 17, 2024 (zoom)	Tuesday, March 4, 2025 (zoom)
Tuesday, November 12, 2024 (zoom)	April - NO Meeting
December - NO Meeting	Thursday, May 8, 2025 (zoom)
Thursday, January 9, 2025 (zoom)	June -NO Meeting

Vision

All Connecticut educators and leaders have the opportunity for continuous learning and feedback, to develop and grow, both individually and collectively, through the educator and leader evaluation and support system so that all Connecticut students experience growth and success.

Guiding Principles

The transformational design of the educator evaluation and support model is grounded in six guiding principles that use high quality professional learning to advance educator practice and student learning, growth, and achievement.

- **Allow for differentiation of roles** *(for example for leaders: assistant superintendents, director of pupil services, various leaders in central office, principal, assistant principal; or for educators: teachers, counselors, instructional coaches, student support staff).*
- **Simplify and reduce the burden** *(eliminate technical challenges, paperwork, steps).* **• Focus on things that matter** *(identify high leverage goal focus areas).*
- **Connect to best practices aimed at the development of the whole child** *(including, but not limited to, academic, social, emotional, and physical development).*
- **Focus on educator growth and agency** *(meaningfully engage professionals by focusing on growth and practice in partnership with others aligned to a strategic focus).*
- **Meaningful connections to professional learning** *(provide multiple pathways for participants to improve their own practice in a way that is meaningful and impactful).*
- Specific, timely, accurate, actionable, and reciprocal feedback.

Connecticut Guidelines for Educator and Support 2023 Components: Reimagining Educator Evaluation & Support

The design of the Connecticut Guidelines for Educator Evaluation and Support 2023 (CT Guidelines 2023) are representative of research-based effective practice and include six elements.

- Standards and criteria
- Goal setting process
- Professional practice and educator growth
- Evaluator/observer/stakeholder feedback and engagement
- Process elements
- Dispute resolution

The combined vision, guiding principles, and overall framework for educators and leaders' evaluation and support describe a systematic process of continuous improvement and professional learning leading to high quality professional practice and improved learning, growth, and achievement for students. While components are similar for educators and leaders, there are components specific to educators and to leaders, resulting in two

sections with similar processes within a district's evaluation and support system.

Standards and Criteria for Educators

The primary goal of the educator evaluation and support system is to strengthen individual pedagogy and collective practices to increase student learning, growth, and achievement. Educator practice discussions are based on a set of national or state performance standards set by professional organizations and mutually agreed upon by the PDEC. The following professional practice standards ground this model's framework. It is recommended that each PDEC create a process to review the standards and ensure a rubric accompanies the standards. The rubric serves as support for self evaluation, dialogue, and feedback. While a rubric serves as support for self-evaluation, dialogue, and feedback, it is recommended that a single point rubric is used to provide focus for high leverage goal(s) setting and professional learning.

Professional Learning Standards and Structures

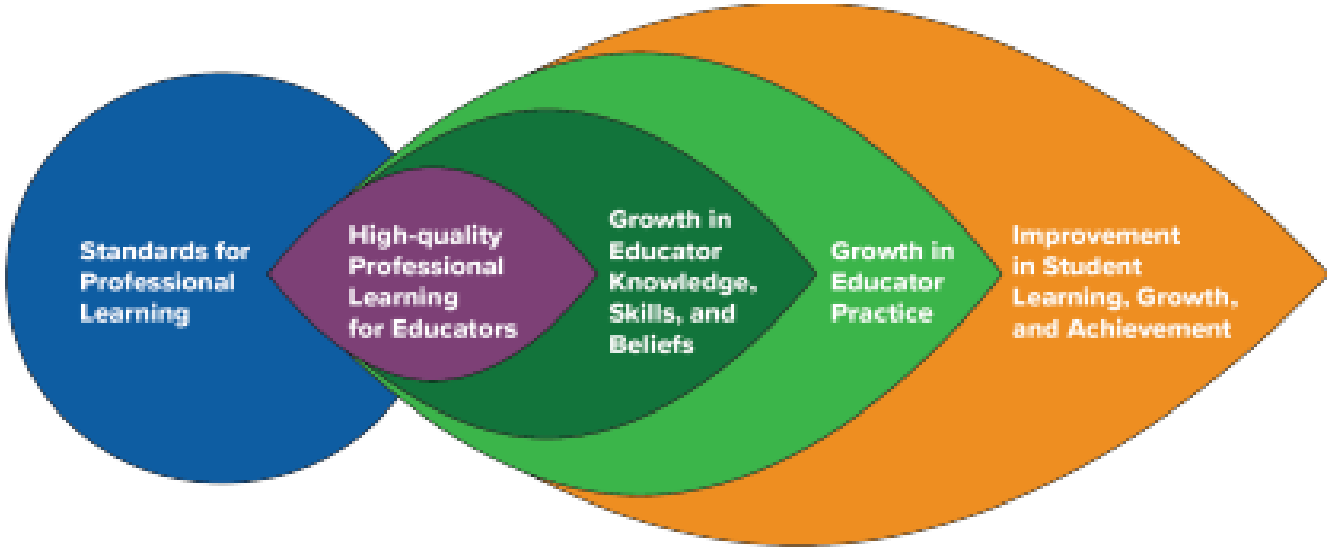
Professional learning is essential to the CT Guidelines 2023 model. Learning Forward Professional Learning Standards 2022, serve as a tool for how professional learning happens to deepen one's knowledge of their practice to impact student learning, growth, and achievement. As a tool, the professional learning standards help educators and leaders intentionally design learning, address content and consider how to accomplish the expected learning transformation desired. Together the professional standards for educators, leaders and professional learning serve as the three visions that work together to lay the foundation for meaningful feedback in a continuous learning process.

The Continuous Learning Process: Goal Setting, Professional Practice & Evaluator/Observer/ Stakeholder Feedback and Engagement

The evaluation and support model is designed as a continuous learning process The goal of the continuous learning process is to provide educators with continuous learning opportunities for professional growth through self-directed analysis and reflection, planning, implementation, and collaboration. Regular dialogue and feedback, coupled with the opportunity to reflect on and advance practice, drive the continuous learning process. In this process, the educator serves as the learner who actively engages in and directs their learning and feedback. The evaluator serves as a learning partner who supports the educator through the learning and growth process. Within the process, the educator collaborates and serves as a reflective practitioner to determine mutually agreed upon educator goals, professional practice and educator growth, and observation and feedback focus.

During each school year, a minimum of three check-ins provide an opportunity for a reciprocal discussion of what is happening in the classroom or school, a sharing of evidence of professional learning and impact on growth, and identification of needs and mutually agreed upon next steps. The meetings are approached in a spirit of continuous improvement, reflection, and collaboration. Dialogue is important, however, there must be a balance of written and verbal feedback provided between check-ins based on observations and reviews of practice as required by the district plan.

The graphic below, adapted from Learning Forward's Standards for Professional Learning 2022, shows the relationship between professional learning for leaders, educators and students.

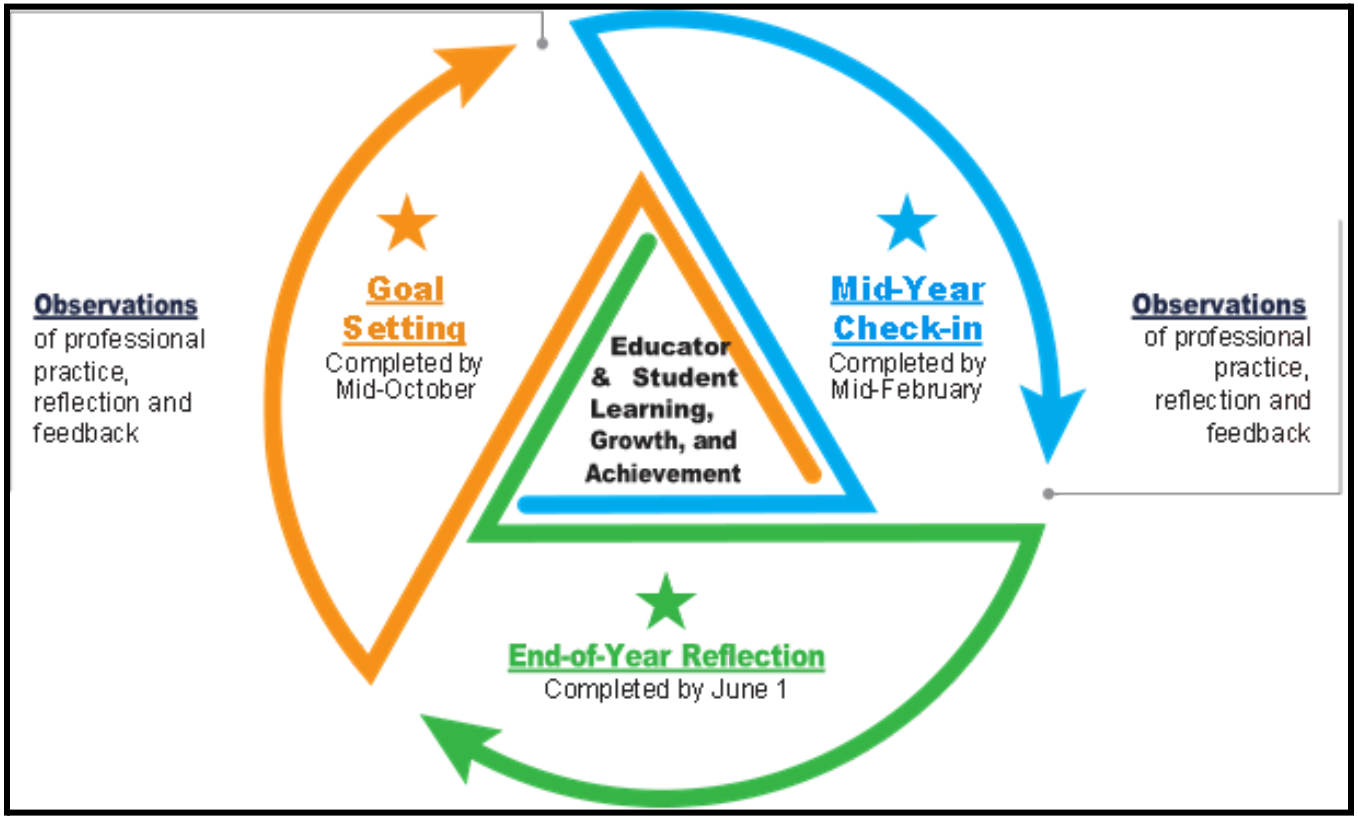


Below is a graphic with the associated steps, reflections, and linked resources associated with each step of the process to assist educators and evaluators through the process. All educators are assigned a primary evaluator (092) who has completed comprehensive orientation on this model and relevant rubrics.

Educator Continuous Learning Process

Evaluation Orientation

Completed prior to the start of the Continuous Learning Process



**** End of the Year Reflection is to be completed 5 days prior to the end of the school year with written feedback by June 30th**

Goal Setting

Completed by October 15

Beginning of the Year Goal(s) and Planning

- Self reflect
- Review evidence

Goal(s), Rationale, Alignment, and Professional Learning Plan

- Draft goal(s), rationale, alignment, professional learning plan

Goal Setting Conference

- Mutually agree on 1-, 2-, or 3-year goal(s)
- Determine individual or group goal(s)
- Mutually agree on professional learning needs and support

Mid-year Check-in

Completed by February 15

Mid-Year Check-in: Reflection, Adjustments, and Next Steps

- Review and discuss currently collected evidence towards goal(s) and of practice
- Review professional learning, evidence, and impact on educator practice, student learning, growth, and achievement

Mid-Year Conference

- Discuss evidence, reflection, and feedback from evaluator
- Adjust and revise as needed

End-of-Year Reflection

Completed Prior to the Last 5 Days of the School Year

End-of-Year Reflection and Feedback Process

- Self-reflection: Review and discuss professional learning, evidence of impact on practice, student learning, growth and achievement

End-of-Year Conference/ Summative Feedback and Growth Criteria

- Evaluator provides written summative feedback and guides next steps
- Annual Summary sign-off

Orientation on the educator evaluation and support process shall take place prior to the start of the process, no later than October 15. The orientation shall include:

- High leverage goal setting and professional learning plans
- Use of rubrics and standards
- Observation of practice/Review of practice
- Tiered supports
- Dispute resolution

Annual training for evaluators as required by C.G.S. 10-151b will include engaging in and providing reciprocal feedback tied to standards and evidence of professional practice.

Goal(s) Setting (Completed by October 15)

The initial goal setting meeting includes a dialogue between the educator and their evaluator around the educator's initial self-reflection, which is based on a review of evidence and an analysis of their own practice to identify and support an area for educator practice and growth, and student learning, growth, and achievement. The educator and evaluator come to mutual agreement on high leverage professional practice one-, two- or three-year goal(s), multiple measures of evidence (at least two measures), professional learning plan, and support that is consistent with their professional status and goals to drive progress toward goal attainment (see appendix K).

For beginning educators in the Teacher Education and Mentoring (TEAM) Program, consideration for align- ment between professional learning and their TEAM modules would enhance their learning and practice.

Midyear Check-in (Completed by February 15):

The midyear check-in consists of reciprocal dialogue between the educator and evaluator and includes an educator self-reflection on their progress toward their goal(s) so far. The reflection shall include an analysis of the impact of their learning on their practice, student learning, growth and achievement and the school community.

- Educators self-reflect and review multiple and varied qualitative and quantitative indicators of evidence of impact on educator's growth, professional practice, and impact on student learning, growth, and achievement with their evaluator.
- The evaluator provides specific, standards-based feedback related to the educator's goal. Observation feedback and evidence aligned to the single point rubric.
- The midyear conversation is a crucial progress check-in. The midyear check-in provides an opportunity to discuss evidence, learning, and next steps. It is at this point that revisions to the educator's goal(s) may be considered based on multiple measures of evidence.

End-of-Year Reflection/Summative Review (Completed Prior to the Last 5 Days of the School Year)

End-of-year reflection provides an opportunity for the educator and evaluator to engage in reciprocal dia- logue, similar to the midyear check-in, to discuss progress toward the educator's goal(s); professional learn- ing as it relates to the educator's professional growth and professional practice; and impact on student learning, growth, and achievement as evidenced by multiple and varied qualitative and quantitative indica- tors of evidence. A written end-of-year summary includes the impact of new learning on educator practice and growth, impact on student learning, growth and achievement, school community, strengths and concerns, and possible next steps for the upcoming year. Analysis of evidence from the

end-of-year summary is important for the educator's subsequent self-assessment and goal setting revisions or new goal.

The evaluator provides a concise summary based upon evidence related to the mutually agreed upon educator goal(s) and identified standards and will make a distinction regarding the educator's successful completion of the professional learning process.

Professional Practice and Educator Growth

The implementation of the continuous learning process is shared between the educator and evaluator. For the duration of the learning process, educators pursue learning and attainment of their goal(s), collecting evidence of practice related to their high leverage professional learning goal. Evaluators will provide educators with feedback from observation and dialogue, ensure timely access to supports, and collect evidence of educator performance and practice toward goal(s) through multiple sources, which include observation and may include student, staff, or family feedback (see appendix J).

Observation of Professional Practice and Feedback

Observations occur throughout the continuous learning process. The identified high leverage goal(s) provides a focus for strategic evidence collection and feedback. Evaluators provide educators with specific feedback based on evidence, standards, and the educator's goal; ensure timely access to planned support(s); and continue to collect evidence of educator practice and progress toward goal(s) through multiple sources of evidence, including observation. Feedback, written or verbal, is provided within five school days.

"Feedback is defined as a dynamic, dialogic process that uses evidence to engage a learner, internally or with a learning partner, in constructing knowledge about practice and self. Its primary purpose is learning that guides change" (Killion, 2019).

Quality feedback:

- Is based on multiple and varied quantitative and qualitative indicators of evidence, standards, and goal(s)
- Is personalized
- Is learning-focused or growth-oriented
- Provides questions for reflection to refine or revise strategies
- Expands understanding of one's experiences and their implications for future experiences
- Provides reflective opportunities to rework, refine, and reorder knowledge, attitudes, skills, and/ or practices
- Is timely, frequent and reciprocal

Region 15 Educator Categories

	Induction	**Growth**	**Focused Assistance**
Educators included	Educators who are enrolled in the TEAM program or are in years one and two in Region 15.	Tenured educators, or those in years 3 and beyond in Region 15	
Type(s) of Observation(s)	Formal/Informal	Informal	Formal
Frequency (minimum) *Note: Either administrator or educator may request additional observations.*	One formal and two informals	Two informals	
Time of Year	One formal observation must occur before December 1 of each school year. One informal observation must occur before January 15 of each year. The second informal observation may occur at any point in the school year.	One informal observation must be before the midyear conference. The second informal should be after the midyear conference.	

Region 15 Educator Growth and Development Components
Observation Types

VISION: The objective of all observations is to improve educator practice to positively impact student learning.

	Formal	Informal
Purpose	Provide educators with feedback in a specific predetermined area; can also be an opportunity to talk about planning	Provide educators with observational data and feedback on their practice.
Duration	A formal observation is a full lesson/class block in length.	An informal observation is a minimum of 20 minutes in length.
Components	A formal observation should include a pre-conference, the observation, and a post-conference.	An informal observation does not require a pre or post conference, but a post conference may be requested by either the educator or the administrator.
Scheduling	A formal observation will be scheduled by mutual agreement between the administrator and educator. A formal observation of practice does not have to take place in a classroom and could include a concert, art show, review of artifacts, PD facilitation, or book club, among other options.	Informal observations may be scheduled or unscheduled.
Feedback	Verbal feedback provided in post-conference within 5 school days and by written feedback within 5 school days after the post conference.	Feedback will be personalized for the educator to provide commendations, recommendations for growth as written feedback within 10 school days of the observation.

Goal Cycle

- At the goal setting conference, the administrator will share if they are looking to add a formal observation that year (any changes to the evaluation process will be made by mutual agreement between educator and administrator)
- Annual orientation to Evaluation plan, at building meetings on the first day of school.
- Goal setting/Goals check in by October 15
- Mid Year Reflection Meeting by February 15 (Feedback by March 1st)
- End of Year Goal Meeting prior to the last 5 days of the school year. Feedback due by June 30th.

Growth Criteria

An educator is determined to have successfully completed the learning process by demonstrating:

- Reflection supported with evidence of the impact of the educators' new learning on their practice/goal.
- The impact the educators' new learning and practice had on student learning, growth, and/or achievement, supported by evidence.
- Provided next steps.

The Summative Growth Report

An annual summary of educator growth is required under Connecticut Guidelines for Educator Evaluation.. The report should celebrate the educator's accomplishments as well as identify two or three specific action steps to guide and support the educator's ongoing growth the following school year. The summary report must also, to comply with state requirements, include a box indicating successful completion of the annual growth and support process.

The purpose of the summative growth report is ***not*** to provide a rating nor to indicate whether the educator has "passed" or "failed."

The purpose of the report is to document and celebrate the growth the educator has made over the course of the year and provide an opportunity for the teacher and evaluator to reflect on specific ways to build on this growth the following year.

Levels of Scaffolded Support

Corrective action plans should never be punitive or overwhelming and must provide sequential levels of targeted, meaningful support. The duration of a plan should be at least 35 days and be extended if a teacher is making some progress but not yet meeting all the criteria to exit the plan. Teachers who are not meeting any of the criteria of their plan upon its conclusion may move up one level of support. The collective bargaining unit must be involved at every level. The three levels of support are

Tier 1: Initial Support
Tier 2: Targeted Support
Tier 3: Intensive Support

Tiered Support

All educators require access to high-quality, targeted professional learning support to improve practice over time. Educators and their evaluators thoughtfully consider and apply three tiers of support, as appropriate, within an evaluation process..

- **Tier 1**
  - It is the expectation that all educators consistently access opportunities for professional growth within their district. Tier 1 supports are broadly accessible professional learning opportunities for all, inclusive of, but not limited to, collegial professional conversations, classroom visits, available district resources (e.g., books, articles, videos etc.), formal professional learning opportunities developed and designed by district PDEC, and other general support for all educators (e.g., instructional coaching). These resources should be identified through a goal setting process by mutual agreement.
- **Tier 2**
  - In addition to Tier 1, Tier 2 supports are more intensive in duration, frequency, and focus (e.g., engaging in a professional learning opportunity, observation of specific classroom practices, etc.) that can be either suggested by the educator and/or recommended by an evaluator.
- **Tier 3**
  - In addition to Tier 1 and Tier 2, Tier 3 supports are responsive to unresolved, previously discussed concerns and are developed in collaboration with the educator and may be assigned by the evaluator. Tier 3 supports have clearly articulated areas of focus, duration of time, and criteria for success, and may lead to a decision to move to a Corrective Support Plan. Tier 3 supports shall be developed in consultation with the evaluator, educator, and their exclusive bargaining representative for certified educators chosen pursuant to C.G.S. §10-153b. The start date and duration of time an educator is receiving this level of support should be clearly documented.

All three tiers of support must be implemented prior to the development of a corrective plan.

A pattern of persistent lack of growth and reflection or resistance to growth-oriented feedback should lead to advancing levels of support with a defined process for placing an educator on a Corrective Support Plan with indicators of success for transitioning out of it. Evaluators must utilize and document all three tiers of support prior to the development of a Corrective Support Plan. The Corrective Support Plan shall be developed in consultation with the evaluator, educator, and their exclusive bargaining representative if applicable.

Corrective Support Plan

Teachers may, from time to time, require more support than can be provided in the regular educator growth and support process, and, if the specific conditions described below are met, may need to be placed on a corrective support plan. By statute, this decision **must** involve the collective bargaining unit.

Criteria That Must be Met Before Placement on a Support Plan

Before a teacher can be placed on a corrective action plan, the following conditions must be met:

- The teacher must have a summative report from the previous year indicating unsuccessful completion of the regular growth. There must be a pattern of specific, ongoing concerns previously documented in the feedback to the teacher.
- All three tiers of support must be documented and implemented prior to the development of a corrective support plan.
- A collective bargaining representative should already be aware of concerns before consideration of a formal corrective support plan.
- Before a non-tenured teacher is non-renewed for performance concerns, an evaluator must meet with the teacher to notify them of the concerns and follow up with a written notice by January 15. A corrective action plan should then be collaboratively developed (after the teacher has had all three tiers of support) by the teacher, their collective bargaining representative, and the evaluator detailing the specific areas in need of improvement along with support and resources to assist the teacher. Significant lack of improvement toward the plan's criteria of success must be documented before April 1 to recommend contract non-renewal.

Required Components of the Corrective Support Plan

In accordance with state statute, corrective action plans must be created in consultation with the teacher and their collective bargaining representative. The Corrective Support Plan is separate from the normal educator growth model and must contain:

- clear objectives specific to the well documented area of concern;
- resources, support, and interventions to address the area of concern;
- well defined timeframes for implementing the resources, support, and interventions; and
- supportive actions from the evaluator.

Dispute Resolution

The purpose of the dispute resolution process is to secure at the lowest possible administrative level equitable solutions to disagreements, which from time to time may arise related to the evaluation process. The right of appeal is available to all in the evaluation and support system. As the

evaluation and support system is designed to ensure continuous, constructive, and cooperative processes among professional educators, educators/leaders and their evaluators are encouraged to resolve disagreements informally.

Ultimately, should an educator disagree with the evaluator's assessment and feedback, the parties are encouraged to discuss these differences and seek common understanding of the issues. As a result of these discussions, the evaluator may choose to adjust the report but is not obligated to do so. The educator being evaluated has the right to provide a statement identifying areas of concern with the goals/objectives, evaluation period, feedback, and/or professional development plan, which may include the individual professional learning plan or a Corrective Support Plan.

In situations when an evaluator and a teacher are unable to mutually agree on goals, measures of accomplishment, feedback, or any other aspect of the growth and support process, a teacher or group of teachers may initiate the following dispute resolution process:

- An informal attempt to resolve a dispute should occur prior to initiating the formal resolution process and involve the teacher's collective bargaining unit. If informal attempts to resolve the conflict are unsuccessful, the teacher has five (5) days to provide a written statement to the evaluator identifying areas of concern with the goals/objectives, evaluation period, feedback, and/or professional development plan, which may include the individual professional learning plan or a Corrective Support Plan.
- A subcommittee of the PDEC will be convened to formally settle the matter. The subcommittee must include one person selected by the teacher or teachers involved, one person selected by the administrator(s) involved, and a mutually agreed upon neutral third party. A neutral third party is essential to a fair resolution. The neutral party does not have to be a member of the PDEC or work within the district. It may take up to five (5) days to convene a subcommittee.
- The dispute resolution committee should undergo a brief training in the district's evaluation protocols and be provided basic dispute resolution strategies. The subcommittee must ultimately reach a fair, mutually agreed upon settlement to the dispute. This should take 1 day.

Any such matters will be handled as expeditiously as possible, and in no instance will a decision exceed 30 workdays from the date the educator initiated the dispute resolution process. Confidentiality through-out the resolution process shall be conducted in accordance with the law.

The Role of the Professional Development and Evaluation Committee (PDEC)

The PDEC serves as the collaborative decision maker using the consensus protocol to create, revise, and monitor the evaluation and support model, as well as the professional learning plan.

Pursuant to Connecticut General Statute 10-220a and Public Act 23-159 Section 11 (b) (3), each local and regional board of education must establish a professional development and evaluation committee (PDEC) to include at least one teacher and one administrator, selected by the exclusive bargaining representative for certified employees, at least one paraeducator selected by their exclusive bargaining representative, and other personnel as the local board deems appropriate. It is vital that individuals selected as delegates for administrators, teachers, and other school personnel are representative of the various classifications within the groups (see examples below).

Other School Personnel	Educator	Leader
• Attendance counselor • Paraeducator (required) • Behavior technician • Parent and family liaison • Social emotional support staff	• Classroom teacher • CTE teacher • Library media specialist • Reading interventionist • Instructional coach • Special education teacher • Social worker • School psychologist • Speech pathologist	• Principal • Assistant principal • TESOL supervisor • Special education supervisor • Assistant superintendent • Curriculum coordinator • Talent development super- visor

The duties of PDECs shall include, but are not limited to:

- participation in the development or adoption of a teacher evaluation and support program for the district, pursuant to section 10-151b;
- the development, evaluation, and annual updating of a comprehensive local professional development plan for certified employees of the district; and
- the development and annual updating of a comprehensive local professional development plan for paraeducators of the district.

The educator and leader evaluation and support program shall be developed through mutual agreement between the local or regional board of education and the PDEC. If the Region 15 PDEC is unable to come to mutual agreement, the Consensus Protocol will be utilized. See be;ow for the description

Consensus Protocol

Important PDEC decisions related to educator evaluation and professional development are made through mutual agreement or consensus. Unlike a majority vote, which has winners and losers, a consensus decision is a win-win, because it results in a decision everyone can support, even if there are minor reservations. Mutual agreement or consensus can be difficult to achieve, however, especially if there are strongly conflicting views. The following protocol, adapted from the Connecticut Department of Education, may prove useful when mutual agreement is difficult to reach.

When it is time for the PDEC to make an important decision, each PDEC member should rate their level of agreement using the chart below. If every PDEC member is at least a 4, the decision can be considered mutually agreed upon. If even one person is below a 4,

however, there is no agreement, and discussion and compromise should continue. If sincere and repeated efforts to reach mutual agreement fail, the co-chairs of the PDEC may average all the votes, and if the average is a 4, the decision may be considered agreed upon.

5. I'm in total support of this.
4. I can support this despite minor reservations.
3. I need more information before I can support this.
2. I am unlikely to support this.
I veto this.

Local and State Reporting

The superintendent shall report:

1. the status of teacher evaluations to the local or regional board of education on or before June 1 of each year; and
2. the status of the implementation of the teacher evaluation and support program, including the frequency of evaluations, the number of teachers who have not been evaluated, and other requirements as determined by the Department of Education, to the Commissioner of Education on or before September 15 of each year.

For purposes of this section, the term "teacher" shall include each professional employee of a board of education, below the rank of superintendent, who holds a certificate or permit issued by the State Board of Education.

Claims that the district has failed to follow the established procedures of the evaluation and support program shall be subject to the grievance procedures set forth by the current collective.

Appendices- Educator

Examples of

Information & Resources to Support Effective Implementation

Appendix A : Examples of Reflection Questions – Educator

Self-Reflection Sample Questions

- Thinking about the success and challenges you may have encountered last year, or at the start of this year, what questions do you have about teaching and learning? What new learning might you want to explore to inform your understanding of these questions and professional practice?
- In reviewing the rubric, what areas emerge as opportunities for your professional learning and practice?
- Based on your current students'/adult learners' strengths and needs, what new learning might you explore to address the needs?
- Based on knowledge of your students/adult learners, and/or knowledge of school/program goals, are there any new strategies or methods you'd like to explore and implement this year?
- How do you see yourself contributing to the school or district's mission, vision, and/or Portrait of a Graduate and what strategies can you learn more about to support that focus?
- What are you considering for your learning goal?
- What will it look like when you achieve your goal?

Professional Learning and Action Questions

Indicators of Success

- What question will you focus on to address your goals?
- What are the criteria for an accomplished practice?
- How do you plan to collect and analyze evidence to assess progress toward your goals?
- What research/professional readings might you explore to support your professional learning and achieve your goal?
- What specific professional learning might you need to achieve your goal?
- What support might you need from your colleagues, supervisor, others? How frequently?
- How might you apply your learning to practice? How often?

Determine Evidence

- What evidence might you collect and analyze to understand progress toward your goal? Quantitative or qualitative or both?
- What ways would you like me as your evaluator to collect data/evidence for feedback?
- From how many different situations should we examine data/evidence?
- What are the advantages and disadvantages of the identified evidence?
- How will the data help us to analyze your practice?
- What is your timeline for collecting this evidence and measuring impact?
- What are the anticipated challenges or obstacles, and how do you plan to address them?
- How might you communicate/share your professional learning to your colleagues or families?
- What opportunities for professional learning do you believe would be beneficial for your growth as an educator?
- In what ways can we encourage collaboration and communication among colleagues to pro- mote a culture of sharing best practices?

Analysis of Evidence

- What do you observe in your evidence?
- What patterns, themes, or outliers do you notice?
- What does the evidence say about how you are doing in relation to your goal and indicators of success?
- Based on the evidence and your practice overall, what are your strengths?
- In what aspect do you want to continue to grow or refine your knowledge, skill, practice?

Learning Reflection and Next Steps

- What is clear to you now?
- What are you learning?
- What do you understand now that you didn't understand as clearly before?
- How will this learning influence future actions?
- What is a single sentence conclusion that represents your learning?
- Under what circumstance might this conclusion not be true?
- What are ways you continue to refine your practice?
- What more do you want to learn and practice?
- How might you accomplish that? What is your next plan?
- What resources and support do you want or need?
- Once learning has been implemented: What effect did the learning have on practice, students?

Reflect on the Feedback Process

- In what ways did my engagement with you support your learning?
- What did I do as a learning partner that helped you as a learner and how did it help?

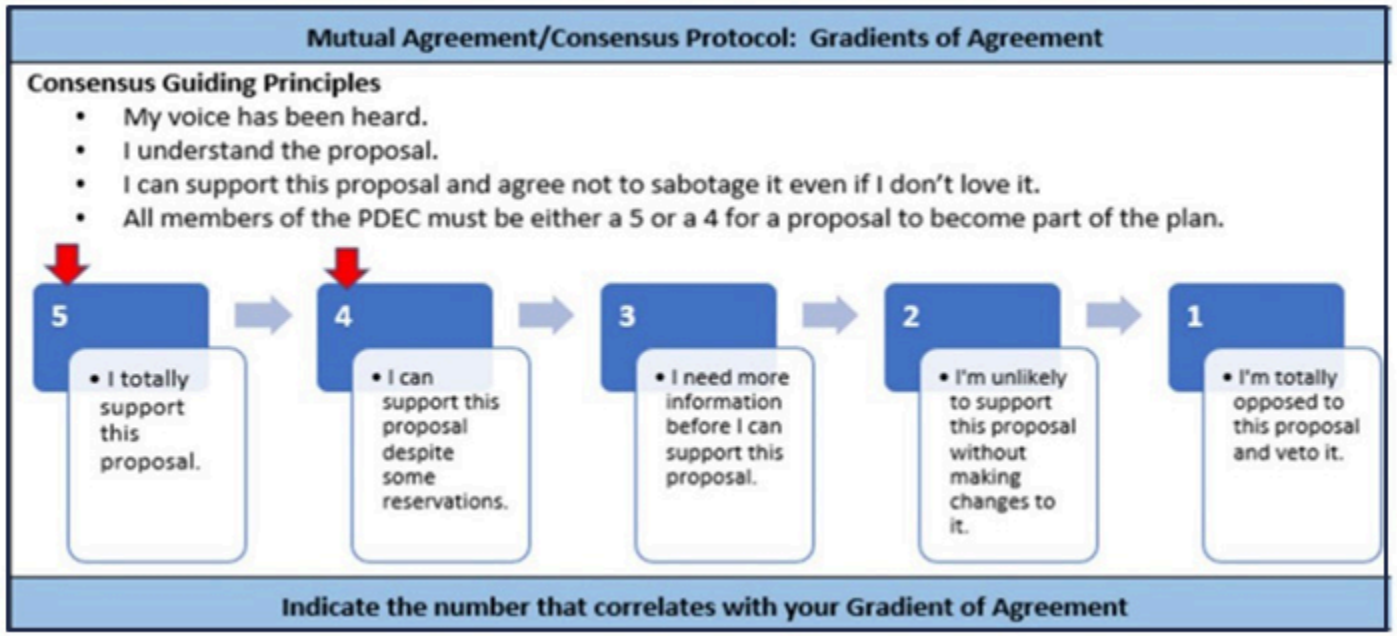
Appendix B : Examples of Growth Criteria & Sources of Evidence - Educator

Growth Criteria	Possible Sources of Evidence
Development of New Learning & Impact on Practice Educator can demonstrate how they developed new learning within the continuous learning process through multiple sources (e.g. analyzing student learning, observational feedback, etc.) and how they used their new learning to improve practice aligned to their continuous learning process goal/strategy, focus. **Impact on Students** Educator can demonstrate how they positively impacted student learning within the continuous learning process using example evidence and can articulate connections/rationale between the improved learning and their own changes in practice.	• Required observation evidence • Required student learning evidence aligned to high-leverage indicator focus • Implementation plans/lesson plans) • Educator learning logs/impact on practice reflections • Evidence from Observation of Educator Practice • Educator information about schedule, time, teacher practice, student participation, resources use, classroom environment, frequency of meetings/communication, etc. • Educator and/or student self-reflection • Student learning artifacts • Mastery-based demonstration achievement • Observational evidence of students' work, actions, interactions (included when appropriate) • Rubrics, interim or benchmark assessments, other assessments • Other artifacts/sources

Appendix C : General Glossary - Educator

consensus protocol: Consensus decision-making is a creative and dynamic way of reaching agreement in a group. Instead of simply voting for an item and having the majority getting their way, a consensus group is committed to finding solutions that everyone actively supports — or at least can live with.

By definition, in consensus no decision is made against the will of an individual or a minority. If significant concerns remain unresolved, a proposal can be blocked and prevented from going ahead. This means that the whole group has to work hard to find win-win solutions that address everyone's needs.



From *Consensus decision making*. Seeds for Change. (n.d.).
https://www.seedsforchange.org.uk/consensus

continuous learning process: The continuous learning process is a cycle of feedback, reflection, goal setting, opportunities for professional learning, feedback from observations (peers or evaluators), and a collection of multiple measures of evidence. There are multiple models of continuous learning including, but not limited to:

- The Supporting Teacher Effectiveness Project (STEP)
- Massachusetts Department of Elementary and Secondary Education 5-Step Cycle and Model System for Educator Evaluation

- Ohio Department of Education - Ohio Teacher Evaluation System (OTES 2.0) Framework
- Tennessee Educator Acceleration Model
- Connecticut TEAM Model (CAPA)

Corrective Support Plan: A pattern of persistent lack of growth and reflection or resistance to growth- oriented feedback should lead to advancing levels of support with a defined process for placing an educator on a Corrective Support Plan with indicators of success for transitioning out of it. The Corrective Support Plan shall be developed in consultation with the educator and their exclusive bargaining representative for certified teachers chosen pursuant to C.G.S. §10-153b. Corrective Support Plans shall include clear objectives specific to the well documented area of concern; resources, support, and interventions to address the area of concern; timeframes for implementing the resources, support, and interventions; and supportive actions from the evaluator.

check-ins: Formal or informal meetings or conferences held in the spirit of collaboration between the leader and evaluator and to engage in reciprocal dialogue regarding what is happening in one's practice at that moment in time including goal(s), professional learning, multiple and varied forms of quantitative and qualitative evidence, adjustments, and next steps (i.e., classroom/school/building or district). During each school year, a minimum of three check-ins provide an opportunity for discussions to set and adjust goals, celebrate growth and positive impact, identify needs, assess and discuss evidence of learning, and next steps in one's learning.

community: A school community typically refers to the localized group of students, educators, parents, and staff within a specific school, fostering a sense of belonging and shared objectives within that school.

A district community encompasses a broader scope, involving multiple schools within a school district, and often includes administrators, teachers, students, and families collaborating across various educational schools and programs within that district. The district community addresses overarching educational policies, resource allocation, and coordination among multiple schools and programs to promote consistent and effective education across a larger administrative unit.

dispute resolution: A process for resolving disputes in cases where the evaluator and educator being evaluated cannot agree on goals/objectives, the evaluation period, feedback, or the professional learning plan or other outcomes of the evaluation process.

evidence: Evidence collected and presented as a part of the evaluation system may include (but is not limited to) artifacts, observations of practice, student feedback, and reflections of the educator on student learning, growth, and achievement as part of the educator feedback process.

feedback: "Feedback is defined as a dynamic, dialogic process that uses evidence to engage a learner, internally or with a learning partner, in constructing knowledge about practice and self. Its primary purpose is learning that guides change" (Killion, 2019).

Quality Feedback:

- Is based on multiple and varied quantitative and qualitative indicators of evidence, standards, and goal(s)
- Is personalized

- Is learning-focused or growth-oriented
- Provides questions for reflection to refine or revise strategies
- Expands understanding of one's experiences and their implications for future experiences
- Provides reflective opportunities to rework, refine, and reorder knowledge, attitudes, skills, and/or practices
- Is timely, frequent, and reciprocal

From Killion, J. (2019). *The feedback process: Transforming Feedback for Professional Learning*. Learning Forward.

formal observations: A formal observation is a structured and planned process of watching, assessing, and evaluating an educator's performance. This typically includes a pre-conference and post-conference and results in a written evaluation within five school days.

goals and standards: Goals and standards should be based on an evidence based, high leverage strategy or practice aligned with professional practice standards and consistent with the goals of the district. Clear alignment between district, school, and certified staff goals (departments, grade-level teams, or collaborations) improves the collective effectiveness of professional practice.

growth criteria: Successful completion of the Continuous Learning Process, supported with evidence that includes the impact the educators' new learning had on their practice/goal, along with a reflection on challenges and next steps, and the impact the educators' new learning and practice had on student learning, growth, and or achievement, supported by evidence.

high leverage goal: High leverage goals are based on professional practice standards and are transferable across roles, disciplines, and positions and aligned to a strategic focus (i.e., a portrait of a graduate). They address strategies for developing conceptual understanding and have a high standard deviation effect size (Hattie 2009).

informal observations: An informal observation is an unplanned visit intended to evaluate educator per- formance. This typically includes either verbal or written feedback provided to the educator within five school days.

leader: A leader is defined as someone in a leadership position who has attained the 092 certification. This may include superintendent, principal, dean of students, assistant/vice principal, pupil services director, department chair. This is not an exhaustive list, rather to illustrate the definition. Superintendents will confirm district leaders with evaluation roles.

multiple measures: Can include, but is not limited to, student learning, educator learning, cultural changes, growth, and achievement as mutually agreed upon during the goal-setting process and may include additional evidence relative to one or more competencies.

mutual agreement: An agreement or condition that is reciprocal or agreed upon by all parties.

organizational health: Organizational health in schools and districts means how well the whole school system is functioning. It encompasses various interconnected elements that contribute to a positive and thriving learning environment, including leadership, culture and climate, communication, professional learning, resource management, collaboration and teamwork, student-centered focus, continuous improvement, community engagement, and innovation.

PDEC (Professional Development and Evaluation Committee): The Professional Development and Evaluation Committee serves as the collaborative decision maker to create, revise, and monitor the evaluation and support program for the district, as well as the professional learning plan for certified employees of the district.

professional learning: Professional learning and growth are centered around accelerating personal and collective learning and closing the knowing-doing gap for leaders and educators. This includes co-designing interactive, sustained, and customized learning growth opportunities that are grounded in the evidence that is most needed and most effective. review of practice: Reviews of practice are non-classroom observations and may include, but are not limited to, observation of delivery of professional learning, data team meetings, observations of coaching/ mentoring sessions, review of educator work and student work, or review of other educators' artifacts.

rubric: A rubric is a systematic and standardized tool, designed as a continuum, and is used to communicate the performance of educators based on specific criteria. It can be used to evaluate a single criterion to emphasize specific expectations and provide targeted feedback for improvement. It can encourage a growth mindset.

single point competency: A description of a standard of behavior or performance that represents the enduring understanding of content and skill from a specific domain that is framed only as a single set of desired outcomes rather than laid out across a rating or scale of performance.

student outcomes: Student outcomes include multiple measures of student learning, growth, and achievement as mutually agreed upon during the goal setting process.

tiered support:

- Tier 1: It is expected that all educators consistently access opportunities for professional growth within their district. Tier 1 support are broadly accessible professional learning opportunities for all, inclusive of, but not limited to, collegial professional conversations, classroom visits, available district resources (e.g., books, articles, videos etc.), formal professional learning opportunities developed and designed by your district PDEC, and other general support for all educators (e.g., instructional coaching). These resources should be identified through a goal setting process by mutual agreement.
- Tier 2: In addition to Tier 1, Tier 2 supports are more intensive in duration, frequency and focus (e.g., attending a workshop, observation of specific classroom practices, etc.) that can be either suggested by the educator and/or recommended by an evaluator.
- Tier 3: Tier 3 supports are responsive to previously discussed concerns and are assigned by an evaluator. Tier 3 supports have a clearly articulated area of focus, duration of time, and criteria for success, and may include a decision to move to a Corrective Support Plan.

Appendix D: Glossary for Examples of Professional Learning Opportunities - Educator

High quality professional learning enhances both educator practice and outcomes for each and every student. High quality professional learning integrates research on effective adult learning and uses interactive, flexible designs to achieve intended outcomes.

advanced coursework: Courses offered at a college, university, or other institution, in person or online, which further educator skills and/or provide professional training.

case study: A team that engages in a case study using information in a student's cumulative folder or other documented information with the intention of determining next steps, i.e., IEP review or attendance records.

coaching: A process based on trust in which professional colleagues work together to reflect on current practices; expand, refine, and build new skills; share ideas; teach one another; conduct classroom re- search; or solve problems.

examination of student work: Individuals or groups of educators review samples of work from various students. They identify strengths, areas for improvement, and design instructional plans as a result of the examination.

job-embedded: Any activity that is tied in with authentic classroom practice. May include, but is not limited to:

- Examining student data
- Mentoring
- Book study (see below)
- Co-planning
- Investigating print and online resources
- Self-reflection
- Visitations/observations within a school

lesson study: Groups of teachers planning a lesson, observing one present the lesson, and then reflecting on it afterwards.

mentoring: A relationship between a less experienced educator and a more experienced mentor, in which the mentor provides guidance and feedback regarding practice.

peer observation: An opportunity for teachers to observe each other during classroom instruction. Teachers may want to observe peers to see a new teaching strategy in action, learn a new model of instruction, or analyze classroom processes and procedures.

personal professional reading: Individual, self-driven reading and processing of texts, in order to improve one's own teaching practice.

professional literature study: Structures and collaborative processes in which individuals or groups of professionals engage in the examination and discussion of a relevant and informative text. The purpose of this study is to promote continuous learning, professional development, and the exchange of ideas and best practices within a specific field or industry. By engaging in a professional book study, individuals can deepen their

understanding of key concepts, stay current in their field, and enhance their ability to apply new knowledge to their professional practice. This collaborative and structured approach to learning helps foster a culture of continuous improvement and professional growth within a community of practitioners.

protocols: A learning tool that is rule-based. Often implemented to aid in new learning for groups or individuals. May include article discussions, case studies, book reviews, and other procedures used in its workshops and other learning designs.

school visits: Observation of practice or teaching at a different school or institution to gain new knowledge, ideas, or activities.

student shadow: Follow a particular student during the academic day for a designated time, for a particular identified purpose, i.e., engagement.

walkthroughs: A team of leaders who visit classrooms to find evidence for a particular problem of practice. This evidence is reviewed, and next steps are determined as a result of this practice.

web-based learning: Use of online resources or learning activities to develop new learning or techniques for the classroom.

workshops: Meetings where participants are involved in group discussions or learning experiences and are normally organized around one or more theme areas. Workshops allow participants with differing values and priorities to build a common understanding of the problems and opportunities confronting them. May take place at school or outside.

Appendix E: Continuous Learning Process - Educator

Evaluation Orientation

Orientation to Educator Evaluation was completed on:

First Faculty Meeting in September

Non-negotiable Process Element of the CT Guidelines (2023)

Download these forms:

- Goal Setting Form
- Observation Form
- Mid-Year Check in Form
- End-of-Year Self-Reflection Form
- End of Year Conference Form

Appendix F: Sample Corrective Support Plan - Educator

(Sample)

Educator A has consistently struggled with classroom management. Tiered supports have been provided by the evaluator throughout the year. Educator A has demonstrated a lack of growth/improvement, which has led the evaluator to assign a Corrective Support Plan.

Objective:
To improve classroom management practices in order to improve a positive learning environment (CCT – 1A) to support learning.

(Suggested) Resources:

- Observe a mutually agreed peer for structures, systems, and dispositions that support positive classroom management skills.
- Read and discuss "The First Six Weeks of School" - Center for Responsive Classroom with evaluator.
- Training in Restorative Practices.

Timeframes:

- Educator A will remain on this Corrective Support Plan for six weeks.
- Improvements in classroom management within this six-week duration will serve as criteria for successful completion of this plan.

Supportive Actions:

- All resources made available
- Timely feedback in person and in writing (weekly/bi-weekly meetings)
- Management of access to learning opportunities in and out of building, as appropriate.
- Modeling of effective classroom management strategies
- Weekly, bi-weekly meetings with progress reporting from Teacher A and written feedback from evaluator (dependent upon need for plan)

Corrective Support Plan Template

(Educator being evaluated) has consistently struggled with _____ _____. Tiered supports have been provided by the evaluator throughout the year. (Educator being evaluated) has demonstrated a lack of growth/improvement, which has led the (Evaluator) to assign a Corrective Support Plan.

Objective:

To improve _____ _____ (Indicate specific standard in your objective language)

(Possible) Resources:

A blend of opportunities and resources should be extended to the Educator being evaluated being supported on the Corrective Support Plan

- Mentor
- Coach
- Reading as appropriate

Timeframes:

- (Length of the Corrective Support Plan - typically six to eight weeks in length)
- Improvements in (standard) within this (Length of Corrective Support Plan) will serve as criteria for successful completion of this plan

Supportive Actions:

(Suggested supportive actions)

- Weekly, bi-weekly meetings with progress reporting from Educator A and written feedback from evaluator (dependent upon need for plan)
- All resources made available
- Timely feedback in person and in writing (weekly/bi-weekly meetings)
- Management of access to learning opportunities in and out of building, as appropriate

Leader Evaluation Support Plan
DRAFT 2024

Mission Statement

The Region 15 PDEC is a collaborative committee promoting ongoing growth in our educators by providing differentiated professional learning opportunities and purposeful evaluation with meaningful feedback. Through these processes, adult learners will build capacity as leaders, collaborators, and reflective practitioners to maximize comprehensive development and success for students in alignment with the district's Vision of a Graduate.

Members (2023)

Name	Role	Email	Bargaining unit
Heather Pellicone (co-chair)	Principal, Middlebury Elementary School	hpellicone@region15.org	PAA

PDEC Calendar

Meeting Dates 2024-2025

September Tuesday, 9/17/24 (virtual meeting)	**October** Thursday, 10/17/24 (virtual)
November Tuesday, 11/12/24 (virtual meeting)	**December** No meeting
January Thursday, 1/9/25 (virtual)	**February** No meeting
March Tuesday, 3/4/25 (virtual meeting)	**April** No meeting
May Thursday, 5/8/25 (virtual)	**June** No meeting

CONSENSUS PROTOCOL

Important PDEC decisions related to educator evaluation and professional development are made through mutual agreement or consensus. Unlike a majority vote, which has winners and losers, a consensus decision is a win-win, because it results in a decision everyone can support, even if there are minor reservations. Mutual agreement or consensus can be difficult to achieve, however, especially if there are strongly conflicting views. The following protocol, adapted from the Connecticut Department of Education, may prove useful when mutual agreement is difficult to reach.

When it is time for the PDEC to make an important decision, each PDEC member should rate their level of agreement using the chart below. If every PDEC member is at least a 4, the decision can be considered mutually agreed upon. If even one person is below a 4, however, there is no agreement, and discussion and compromise should continue. If sincere and repeated efforts to reach mutual agreement fail, the co-chairs of the PDEC may average all the votes, and if the average is a 4, the decision may be considered agreed upon.

5. I'm in total support of this.

4. I can support this despite minor reservations.

3. I need more information before I can support this.

2. I am unlikely to support this.

1. I veto this.

Vision

All Connecticut educators and leaders have the opportunity for continuous learning and feedback, to develop and grow, both individually and collectively, through the educator and leader evaluation and support system so that all Connecticut students experience growth and success.

The Purpose of this Model Guide

The Connecticut (CT) Model Evaluation and Support Plan is designed to support a comprehensive educator and leader evaluation system adopted by the Connecticut State Board of Education in concert with a wide range of stakeholders and pursuant to educator evaluation regulations. Connecticut General Statutes 10-151b requires that "the superintendent of each local or regional board of education shall annually evaluate or cause to be evaluated each teacher."

The CT Model Evaluation and Support Plan includes tools, guidance, and rubrics to support the evaluation of all educators and leaders. Professional Development and Evaluation Committees (PDECs) can adopt the model plan, adapt the model plan, or revise their own evaluation system to align with the CT Guidelines for Educator and Leader Evaluation and Support 2023. It is the intent that this model can serve as a foundation of evaluation and support practice aligned to the 2023 guidelines beginning in the initial year of implementation (2024-25) allowing for PDECs to develop an action plan from self-assess- ment toward best practices and innovation that will evolve over time. This plan will:

- introduce key components of the leader evaluation framework and the requirements set forth in the regulations;
- outline specific action steps, forms, and tools from the Model Evaluation and Support Plan specific to the evaluation of leaders; and
- highlight considerations, conditions, and systems necessary for effective implementation at the school/district level.

Guiding Principles

The transformational design of the leader evaluation and support model is grounded in six guiding principles that use high quality professional learning to advance leader practice, educator practice, and stu- dent learning, growth, and achievement.

- **Allow for differentiation of roles** (for example for leaders: assistant superintendents, director of pupil services, various leaders in central office, principal, assistant principal; or for educators: teachers, counselors, instructional coaches, student support staff).
- **Simplify and reduce the burden** (eliminate technical challenges, paperwork, steps).
- **Focus on things that matter** (identify high leverage goal focus areas).
- **Connect to best practices aimed at the development of the whole child** (including, but not limited to, academic, social, emotional, and physical development).
- **Focus on leader growth and agency** (meaningfully engage professionals by focusing on growth and practice in partnership with others aligned to a strategic focus).

- **Meaningful connections to professional learning** (provide multiple pathways for participants to improve their own practice in a way that is meaningful and impactful).
- **Specific, timely, accurate, actionable, and reciprocal feedback.**

Connecticut Guidelines for Educator and Leader Evaluation and Support 2023 Components: Reimagining Educator and Leader Evaluation and Support

The design of the Connecticut Guidelines for Educator Evaluation and Support 2023 (CT Guidelines 2023) are representative of research-based effective practice and include six elements.

- Standards and criteria
- Goal setting process
- Professional practice and educator growth
- Evaluator/observer/stakeholder feedback and engagement
- Process elements
- Dispute resolution

The combined vision, guiding principles, and overall framework for educators and leaders' evaluation and support describe a systematic process of continuous improvement and professional learning leading to high quality professional practice and improved outcomes for students. While components are similar for educators and leaders, there are components specific to educators and to leaders, resulting in two sections with similar processes within a district's evaluation and support system.

Standards and Criteria for Leaders

One of the primary goals of the leader evaluation and support system is to ensure the growth and development of their staff so they in turn may develop and enhance personal and professional strengths to meet the needs of all the students they serve. Leader practice discussions are based on a set of national or state performance standards set by professional organizations and mutually agreed upon by the PDEC. The following professional practice standards ground this model's framework. It is recommended that each PDEC create a process to review the standards and ensure a rubric accompanies the standards. While a rubric serves as support for self-evaluation, dialogue, and feedback, it is recommended that a single point rubric is used to provide focus for high leverage goal(s) setting and professional learning.

Leader
1. Professional Standards for School Leaders (PSEL) 2. Learning Forward's Professional Learning Standards (2022)

Professional Learning Standards and Structures

Professional learning is essential to the CT Guidelines 2023 model. Learning Forward Professional Learning Standards 2022, serve as a useful tool to illustrate how professional learning can deepen educator and leader knowledge, promote reflection, and maximize leader impact. As a tool, the professional learning standards help educators and leaders intentionally design learning, address content, and consider how to accomplish the expected learning transformation desired. Together the professional standards for leaders, educators and professional learning serve as the three visions that work together to lay the foundation for meaningful feedback and continuous learning.

The Continuous Learning Process: Goal Setting, Professional Practice, and Evaluator/Observer/ Stakeholder Feedback and Engagement

The evaluation and support model is designed as a continuous learning process. The goal of the continuous learning process is to provide leaders with continuous learning opportunities for professional growth through self-directed analysis and reflection, planning, implementation, and collaboration. Regular dialogue and feedback, coupled with the opportunity to reflect on and advance practice, drive the continuous learning process. The process provides an opportunity for leaders to address organizational system and structure questions. In this process, the leader serves as the learner who actively engages in and directs their learning and feedback. The evaluator serves as a learning partner who supports the leader through the learning and growth process. Within the process, the leader collaborates and serves as a reflective practitioner to determine mutually agreed upon leader goal(s), professional practice and leader growth, and observation/site visit and feedback focus.

Within the continuous learning process, leaders check in with their evaluator a minimum of three times a year (fall goal setting, midyear check-in, and end-of-year reflection) to provide an opportunity for a reciprocal discussion of what is happening in the school or district, a sharing of evidence of professional learning and impact on growth, and identification of needs and mutually agreed upon next steps. The meetings are approached in a spirit of continuous improvement, reflection, and collaboration. Dialogue is important, however, there must be a balance of written and verbal feedback provided between check-ins based on observations/site visits, reviews of practice, and artifacts as required by the district plan, which must be provided periodically. Effective feedback is tied to standards and identifies strengths and areas of focus for growth.

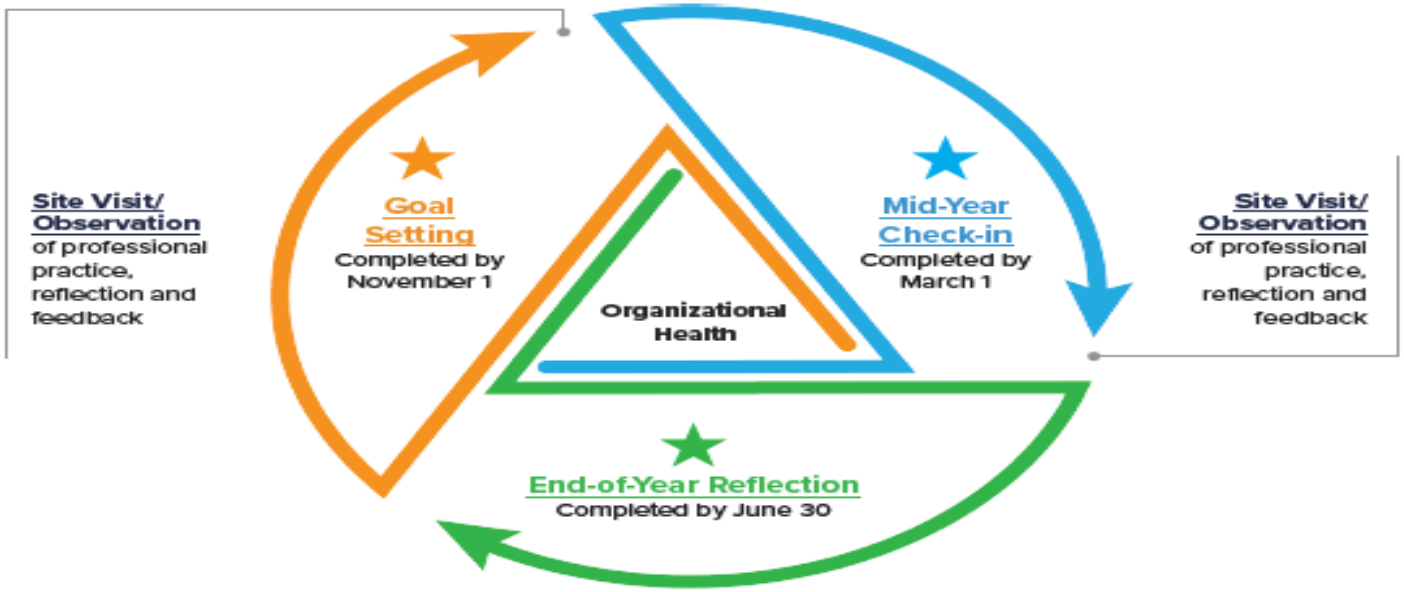
At the core, educators and students learn best when educational leaders foster safe, caring, supportive learning communities, and promote rigorous curricula and instructional and assessment systems. This work requires educational leaders to build and strengthen a network of organizational supports — the professional capacity of teachers and staff; the professional community in which they learn and work; family and community engagement; and effective, efficient management and operations of the school/district. In all their work, educational leaders are driven by the district/school's mission, vision, and portrait of a graduate. They are called to act ethically and with professional integrity, and they promote equity and cultural responsiveness. Finally, educational leaders believe their district/schools, educators, and they themselves, can continuously grow. They are tenacious change agents who model transformational leadership (adapted from PSEL Standards).

The graphic below, adapted from Learning Forward's Standards for Professional Learning 2022, shows the relationship between professional learning for leaders, educators, and students.

Below is a graphic with the associated steps, reflections, and linked resources associated with each step of the process to assist leaders and evaluators through the process. All leaders are assigned a primary evaluator (092 or 093).

Leader Continuous Learning Process

Evaluation Orientation
Completed prior to the start of the Continuous Learning Process



Goal Setting
Completed by November 1

Beginning of the Year Goal(s) and Planning
- Self reflect
- Review evidence

Goal(s), Rationale, Alignment, and Professional Learning Plan
- Draft goal(s), rationale, alignment, professional learning plan

Goal Setting Conference
- Mutually agree on 1-, 2-, or 3-year goal(s)
- Determine individual or group goal(s)
- Mutually agree on professional learning needs and support

Mid-year Check-in
Completed by March 1

Mid-Year Check-in: Reflection, Adjustments, and Next Steps
- Review & discuss currently collected evidence towards goal(s) and of practice
- Review professional learning, evidence, and impact on organization health, educator and student learning, growth and achievement

Mid-Year Conference
- Discuss evidence, reflection, and feedback from evaluator
- Adjust and revise as needed

End-of-Year Reflection
Completed by June 30

End-of-Year Reflection and Feedback Process
- Self-reflection: Review & discuss professional learning, evidence of impact on organizational health, educator and student learning, growth and achievement

End-of-Year Conference/ Summative Feedback and Growth Criteria
- Evaluator provides written summative feedback and guides next steps
- Annual Summary sign-off

Orientation on the leader evaluation and support process shall take place prior to the state of the process, no later than October 15. The orientation shall include:

- High leverage goal setting & professional learning plans
- Use of rubrics and standards
- Observation of practice/site visits
- Dispute resolution

Annual training for evaluators as required by C.G.S. 10-151b will include engaging in and providing reciprocal feedback tied to standards and evidence of professional practice.

Goal(s) Setting (Completed by November 1)

Leaders and their evaluators mutually agree upon a high leverage professional practice one-, two-, or three-year goal(s) and develop a plan for professional learning and support that is consistent with their professional status and goals. Goals should always be connected to standards recommended by PDEC and approved by the local board of education.

This is a process of feedback, reflection, goal setting, opportunities for professional learning, observations by an evaluator, and collection of multiple measures of leader growth, educator growth and impact on student learning, growth and achievement. Within this process, the leader collaborates in a learning partnership with their evaluator. The continuous learning process begins with dialogue around leaders' self-reflection (based on review of evidence and practice) to the identified rubric while collecting an danalaying evidence to identify and support an area of the leader practice, educator and student outcomes, and organizational growth.

The leader will:

- Self-assess using the identified rubric
- Identify a high leverage goal that impacts leadership practice and educator and organizational growth
- Identify an individual or a collaborative goal
- Develop a proposed professional learning plan to build knowledge and skill.

The leader shares the above with their evaluator during an initial goal setting confere that consists of dialogue about the proposed goal(s) and professional learning plan. During this conference, reciprocal dialogue between the evaluator and leader takes place to refine the proposed goal and professional learning plan as needed. In partnership, the leader and evaluator come to mutual agreement on the goal(s), multiple measures of evidence, professional learning plan, and support to drive progress toward goal attainment.

Midyear Check-In (Completed by March 1):

The midyear check-in provides an opportunity for the leaders to self-reflect and review multiple and varied qualitative and quantitative indicators of evidence of impact on professional leadership practice; organizational growth; educator growth; and impact on student learning, growth, and achievement. Through reciprocal dialogue, the evaluators provide specific feedback based on evidence, standards, and the leader's goal(s). This is an

overview of where the leader is in the process and what steps need to be taken to assist in continuous learning. During this check-in, revision of the goal or learning plan, direction of tiered support, and next steps are documented.

End-of-Year Reflection/Summative Review (Completed by June 30):
End-of-year reflection provides an opportunity for the leader and evaluator to engage in reciprocal dialogue, similar to the midyear check-in, to discuss progress towards the leader's goal(s); professional learning as it related to the leader's professional growth and professional practice; and impact on student learning, growth, and achievement as evidence by multiple and varied qualitative and quantitative indicators of evidence. A written end-of-year summary includes the impacts on leader practice and growth; possible next steps for the upcoming school year; any concerns with the continuous learning process; new learning; and highlights of impact on educators, student and school community; and completion of current goal or rationale for continuing the goal the following year. Analysis of evidence from the end-of-year summary is important for the leader's subsequent self-assessment and goal setting revisions of new goal(s).

This summary is based upon the mutually agreed upon goal(s) and identified standards and will make a distinction regarding the leader's successful completion of the professional learning process.

Professional Practice and Leader Growth
The implementation of the continuous learning process is shared between the leader and evaluator. For the duration of the learning process, leaders pursue learning and attainment of their goal(s), collecting evidence of practice related to their high leverage professional learning goal. Evaluators will provide leaders with feedback from observations of professional practice/site visits and dialogue, ensure timely access to support and collect evidence of leader performance and practice toward goal(s) through multiple sources, including site visits, student and staff feedback, or family engagement (see appendix B, page 16).

Observation of Professional Practice/Site Visits and Feedback
Observation of professional practice or site visits occur throughout the continuous learning process. The identified high leverage goal(s) provides a focus for strategic evidence collection and feedback. Evaluators provide leaders with feedback based on evidence, standards, and the educator's goal(s); ensure timely access to planned support(s); and collect evidence of leader practice and progress toward goal(s) through multiple sources of evidence including site visits, feedback, written or verbal, that is provided within five school days.

"Feedback is defined as a dynamic, dialogic process that uses evidence to engage a learner, internally or with a learning partner, in constructing knowledge about practice and self. Its primary purpose is learning that guides change" (Killion, 2019).

Quality feedback:

- Is based on multiple and varied quantitative and qualitative indicators of evidence, standards, and goal(s)
- Is personalized
- Is learning-focused or growth-oriented
- Provides questions for reflection to refine or revise strategies
- Expands understanding of one's experiences and their implications for future experiences
- Provides reflective opportunities to rework, refine, and reorder knowledge, attitudes, skills, and/or practices
- Is timely, frequent, and reciprocal

Definition of Cohorts

	Cohort 1	Cohort 2
Who:	● New to leadership role (e.g.principal from assistant principal, etc.; first two years) ● New to Region (first two years)	● Leaders who have successfully completed Cohort 1 in the Region
What:	● Three observations of professional practice and/or site visits ● Feedback written & verbal within five school days ● Additional observations or professional practice and/or sites visits as mutually agreed upon or deemed necessary	● Two observations of professional practice and/or site visits ● Feedback written & verbal within five school days ● Additional observations or professional practice and/or sites visits as mutually agreed upon or deemed necessary

Growth Criteria

Successful completion of the learning process is determined through multiple forms of evidence and reflection that is demonstrated by:

- Reflection supported with evidence of the impact of the leader's new learning on their practice/goal
- The impact the leader's new learning and practice had on the leader's practice, organizational growth, educator growth, and student outcomes
- Next steps

See Appendix C for further detail.

Tiered Support and Corrective Support Planning

All leaders require access to high-quality, targeted professional learning support to improve practice over time. Leaders and their evaluators thoughtfully consider and apply three tiers of support, as appropriate, with an evaluation process. All three tiers of support must be implemented prior to the development of a Corrective Support Plan.

A pattern of persistent lack of growth and reflection or resistance to growth-oriented feedback should lead to advancing levels of support with a defined process for placing a leader on a Corrective Support Plan with indicators of success for transitioning out of it. Evaluators must utilize and document all three tiers of support prior to the development of a Corrective Support Plan. The Corrective Support Plan shall be developed in consultation with the evaluator, leader and their exclusive bargaining representative if applicable.

Tier 1

It is the expectation that all leaders consistently access opportunities for professional growth within their district. Tier 1 supports are broadly accessible professional learning opportunities for all, inclusive of, but not limited to, collegial conversations, school site visits, available district resources (e.g., books, articles, videos, etc.), formal professional learning opportunities developed and designed by your district PDEC and other leader supports (e.g., leadership coaching). These resources should be identified through a goal setting process by mutual agreement.

Tier 2

In addition to Tier 1, Tier 2 supports are more intensive in duration, frequency, and focus (e.g., observation of specific leadership practices, etc.) that can be either suggested by the leader and/or recommended by an evaluator.

Tier 3

In addition to Tier 1 and Tier 2, Tier 3 supports are responsive to unresolved, previously discussed concerns that are collaboratively discussed and may be assigned by an evaluator. Tier 3 supports have clearly articulated areas of focus, duration of time, and criteria for success, and may include a decision to move to a Corrective Support Plan. Tier 3 supports shall be developed in consultation with the evaluator, leader and their exclusive bargaining representative for certified leaders chosen pursuant to C.G.S. §10-153b. The start date and duration of time an educator is receiving this level of support should be clearly documented (see appendix H, pages 25 and 26).

Corrective Support Plan

A pattern of persistent lack of growth and reflection or resistance to growth-oriented feedback should lead to advancing levels of support with a defined process for placing a leader on a Corrective Support Plan with indicators of success for transitioning out of it. Evaluators must utilize and document all three tiers of support prior to the development of a Corrective Support Plan. The Corrective Support Plan shall be developed in consultation with the evaluator, leader and their exclusive bargaining representative for certified leaders chosen pursuant to C.G.S. §10-153b.

The Corrective Support Plan must contain:

- clear objectives specific to the well documented area of concern;
- resources, support, and interventions to address the area of concern;
- timeframes for implementing the resources, support, and interventions; and
- supportive actions from the evaluator.

At the conclusion of the Corrective Support Plan period, a number of outcomes are possible as determined in consultation with the evaluator, leader and bargaining unit representative.

See Appendix G for a Corrective Support Plan form and example.

Dispute Resolution

The purpose of the dispute resolution process is to secure at the lowest possible administrative level equitable solutions to disagreements, which from time to time may arise related to the evaluation process. The right of appeal is available to all in the evaluation and support system. As our evaluation and support system is designed to ensure continuous, constructive and cooperative processes among professional educators, educators/leaders and their evaluators are encouraged to resolve disagreements informally.

Ultimately, should a leader disagree with the evaluator's assessment and feedback, the parties are encouraged to discuss these differences and seek common understanding of the issues. As a result of these discussions, the evaluator may choose to adjust the report but is not obligated to do so. The leader being evaluated has the right to provide a statement identifying areas of concern with the goals/objectives, evaluation period, feedback, and/or professional development plan, which may include the individual professional learning plan or a Corrective Support Plan.

Any such matters will be handled as expeditiously as possible, and in no instance will a decision exceed thirty (30) workdays from the date the leader initiated the dispute resolution process. Confidentiality throughout the resolution process shall be conducted in accordance with the law.

Process

The leader being evaluated shall be entitled to collective bargaining representation at all levels of the Process.

1. Within three school days of articulating the dispute in writing to his/her/their evaluator, the leader being evaluated and the evaluator will meet with the objective of resolving the matter informally.

2. If there has been no resolution, the individual may choose to continue the dispute resolution process in writing to the superintendent or designee within three workdays of the meeting with his/her/their evaluator (step 1). The leader being evaluated may choose between two options.

a. <u>Option 1</u>:

The issue in dispute may be referred for resolution to a subcommittee of the Professional Development and Evaluation Committee (PDEC), which will serve as a neutral party.* The superintendent or designee and the respective collective bargaining unit for the district may each select one representative from the PDEC to constitute this subcommittee, as well as a neutral party as mutually agreed upon between the superintendent and the collective bargaining unit. It is the role of the subcommittee to determine the resolution of the dispute and to identify any actions to be taken moving forward and to notify the superintendent of the decision.

**In the instance that a district is too small to have a full PDEC from which to select three individuals, the superintendent and leader may select three mutually agreed upon persons to serve as the neutral party for resolving the dispute. Each individual must be a Connecticut certified leader and may or may not be from within the district.*

b.<u>Option 2</u>

The leader being evaluated requests that the superintendent or designee solely arbitrate the issue in dispute. In this case, the superintendent will review all applicable documentation and meet with both parties (elevator and leader being evaluated) as soon as possible, but no longer than five school days from the date of the written communication to the superintendent. The superintendent will act as arbitrator and make a final decision, which shall be binding.

Time Limits

1. Since it is important that appleaks be processed as rapidly as possible, the number of days indicated within this plan shall be considered maximum. The time limits specified may be extended by written agreement of both parties.
2. Days shall mean workdays. Both parties may agree, however, to meet during break at mutually agreed upon times.
3. The leader being evaluated must initiate the appeals procedure within five workdays of the scheduled meeting in which the feedback was presented. If no written initiation of a dispute is received by the evaluator within 5 workdays, the leader shall be considered to have waived the right of appeal.
4. The leader being evaluated must initiate each level of the appeal process within the number of days indicated. The absence of a written appeal at any subsequent level shall be considered as waiving the right to appeal further.

Local and State Reporting The superintendent shall report: 1. the status of teacher evaluations to the local or regional board of education on or before June 1 of each year; and 2. the status of the implementation of the teacher evaluation and support program, including the frequency of evaluations, the number of teachers who have not been evaluated, and other requirements as determined by the Department of Education, to the Commissioner of Education on or before September 15 of each year. For purposes of this section, the term "teacher" shall include each professional employee of a board of education, below the rank of superintendent, who holds a certificate or permit issued by the State Board of Education.

Claims that the district has failed to follow the established procedures of the evaluation and support program shall be subject to the grievance procedures set forth by the current collective.

Appendices — Leader:

Information and Resources to Support Effective Implementation

Appendix A: Sample Reflection Questions – Leader

Self-Reflection Sample Questions

- Thinking about the success and challenges you may have encountered last year, or at the start of this year, what questions do you have about leadership and organizational well-being? What new learning might you want to explore to inform your understanding of these questions and professional leadership practice?
- In reviewing the rubric, what areas emerge as opportunities for your professional learning and practice?
- Based on your current organization's strengths and needs, and/or knowledge of district/school/program goals, what new learning might you explore to address the needs?
- Based on knowledge of your students/adult learners, and/or knowledge of school/program goals, are there any new strategies or methods you'd like to explore and implement this year?
- How do you see yourself contributing to the school or district's mission, vision, and/or Portrait of a Graduate and what strategies can you learn more about to support that focus?
- What are you considering for your learning goal?
- What will it look like when you achieve your goal?

Professional Learning and Action Questions

Indicators of success

- What question will you focus on to address your goals?
- What are the criteria for an accomplished practice?
- How do you plan to collect and analyze evidence to assess progress toward your goals?
- What research/professional readings might you explore to support your professional learning and achieve your goal?
- What specific professional learning might you need to achieve your goal?
- What support might you need from your colleagues, supervisor, others? How frequently?
- How might you apply your learning to practice? How often?

Determine Evidence

- What evidence might you collect and analyze to understand progress toward your goal? Quantitative or qualitative or both?
- What ways would you like me as your evaluator to collect data/evidence for feedback?

- From how many different situations should we examine data/evidence?
- What are the advantages and disadvantages of the identified evidence?
- How will the data help us to analyze your practice?
- What is your timeline for collecting this evidence and measuring impact?
- What are the anticipated challenges or obstacles, and how do you plan to address them?
- How might you communicate/share your professional learning to your colleagues or families?
- What opportunities for professional learning do you believe would be beneficial for your growth as an educator?
- In what ways can we encourage collaboration and communication among colleagues to promote a culture of sharing best practices?

Analysis of Evidence

- What do you observe in your evidence?
- What patterns, themes, or outliers do you notice?
- What does the evidence say about how you are doing in relation to your goal and indicators of success?
- Based on the evidence and your practice overall, what are your strengths?
- In what aspect do you want to continue to grow or refine your knowledge, skill, practice?

Learning Reflection and Next Steps

- What is clear to you now?
- What are you learning?
- What do you understand now that you didn't understand as clearly before?
- How will this learning influence future actions?
- What is a single sentence conclusion that represents your learning?
- Under what circumstance might this conclusion not be true?
- What are ways you continue to refine your practice?
- What more do you want to learn and practice?
- How might you accomplish that? What is your next plan?
- What resources and support do you want or need?
- Once learning has been implemented: What effect did the learning have on practice, students?

Reflect on the Feedback Process

- In what ways did my engagement with you support your learning?
- What did I do as a learning partner that helped you as a learner and how did it help?

Appendix B: Definition of Cohorts – Leader

Definition of Cohorts

Cohort 1

Who:
• New to leadership role (e.g., principal from assistant principal etc., first two years)
• New to LEA (first two years)

What:
• Three observations of professional practice and/or site visits
• Feedback written and verbal within five school days
• Additional observations of professional practice and/or site visits as mutually agreed upon or deemed necessary

Cohort 2

Who:
• Leaders who have successfully completed Cohort 1 in their current LEA

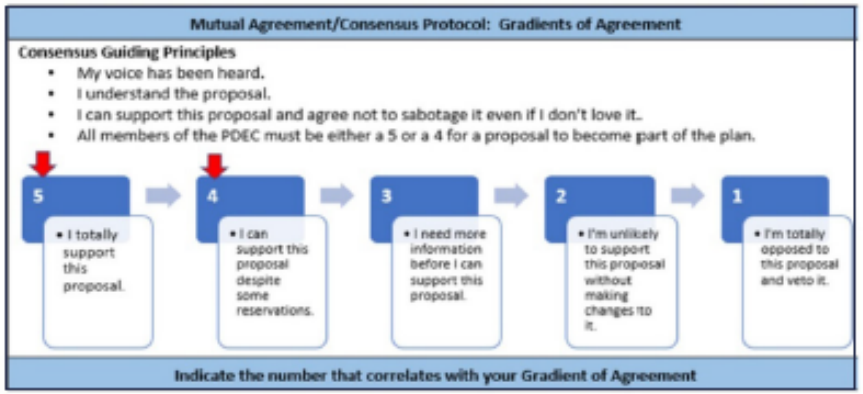
What:
• Two observations of professional practice and/or site visits
• Feedback written and verbal within five school days
• Additional observations of professional practice and/or site visits as mutually agreed upon or deemed necessary

Appendix C: Growth Criteria and Sources of Evidence – Leader

Growth Criteria	Possible Sources of Evidence
Development of New Learning and Impact on Practice • The leader can demonstrate how they developed new learning within the continuous learning process through multiple sources (e.g., observational feedback, data, walkthroughs, etc.) and how they used their new learning to improve practice. **Impact on the Organization** • The leader can demonstrate how they positively impacted the organizational health and can articulate connections/rationale between the improved learning and their own changes in practice. **Impact on Community** • The leader can demonstrate how they worked effectively with colleagues/families/community.	• Information from site visits • Strategic plans • Learning walk/instructional rounds • Self-reflection (e.g., journals, learning logs) • Leader created professional learning materials • Operational artifacts (e.g., schedules, procedural revisions) • Educator learning outcomes • Policy updates • Program development and implementation • Quantitative measure of whole child development (including, but not limited to, academic, social, emotional, and physical development) • Systems and structures

Appendix D: General Glossary – Leader

consensus protocol: Consensus decision-making is a creative and dynamic way of reaching agreement in a group. Instead of simply voting for an item and having the majority getting their way, a consensus group is committed to finding solutions that everyone actively supports — or at least can live with. By definition, in consensus no decision is made against the will of an individual or a minority. If significant concerns remain unresolved, a proposal can be blocked and prevented from going ahead. This means that the whole group has to work hard to find win-win solutions that address everyone's needs.



From Consensus decision making. Seeds for Change. (n.d.).
https://www.seedsforchange.org.uk/consensus

Corrective Support Plan: A pattern of persistent lack of growth and reflection or resistance to growth oriented feedback should lead to advancing levels of support with a defined process for placing an educator on a Corrective Support Plan with indicators of success for transitioning out of it. The Corrective Support Plan shall be developed in consultation with the educator and their exclusive bargaining representative for certified teachers chosen pursuant to C.G.S. §10-153b. Corrective Support Plans shall include clear objectives specific to the well documented area of concern; resources, support, and interventions to address the area of concern; timeframes for implementing the resources, support, and interventions; supportive actions from the evaluator; and outcomes or further action as determined in consultation with the evaluator, leader, and bargaining unit representative.

check-ins: Formal or informal meetings or conferences held in the spirit of collaboration between the leader and evaluator and to engage in reciprocal dialogue regarding what is happening in one's practice at that moment in time including goal(s), professional learning, multiple and varied forms of quantitative and qualitative evidence, adjustments, and next steps (i.e., classroom/school/building or district). During each school year, a

minimum of three check-ins provide an opportunity for discussions to set and adjust goals, celebrate growth and positive impact, identify needs, assess and discuss evidence and learning, and next steps in one's learning.

community: A school community typically refers to the localized group of students, educators, parents, and staff within a specific school, fostering a sense of belonging and shared objectives within that school. A district community encompasses a broader scope, involving multiple schools within a school district, and often includes administrators, teachers, students, and families collaborating across various educational schools and programs within that district. The district community addresses overarching educational policies, resource allocation, and coordination among multiple schools and programs to promote consistent and effective education across a larger administrative unit.

continuous learning process: The continuous learning process is a cycle of feedback, reflection, goal setting, opportunities for professional learning, feedback from observations (peers or evaluators), and a collection of multiple measures of evidence. There are multiple models of continuous learning including, but not limited to:

- The Supporting Teacher Effectiveness Project (STEP)
- Massachusetts Department of Elementary and Secondary Education 5-Step Cycle and Model System for Educator Evaluation
- Ohio Department of Education – Ohio Teacher Evaluation System (OTES 2.0) Framework
- Tennessee Educator Acceleration Model
- Connecticut TEAM Process (CAPA)

dispute resolution: A process for resolving disputes in cases where the evaluator and leader being evaluated cannot agree on goals/objectives, the evaluation period, feedback, or the professional learning plan or other outcomes of the evaluation process.

evidence: Evidence collected and presented as a part of the evaluation system may include (but is not limited to) artifacts, observations of practice, site visit feedback, and reflections of the leader impact on organizational health, educator growth, and student learning, growth, and achievement as part of the leader feedback process.

feedback: "Feedback is defined as a dynamic, dialogic process that uses evidence to engage a learner, internally or with a learning partner, in constructing knowledge about practice and self. Its primary purpose is learning that guides change" (Killion, 2019).

Quality feedback:

- Is based on multiple and varied quantitative and qualitative indicators of evidence, standards, and goal(s)
- Is personalized

- Is learning-focused or growth-oriented
- Provides questions for reflection to refine or revise strategies
- Expands understanding of one's experiences and their implications for future experiences
- Provides reflective opportunities to rework, refine, and reorder knowledge, attitudes, skills, and/or practices
- Is timely, frequent, and reciprocal

From Killion, J. (2019). *The feedback process: Transforming Feedback for Professional Learning. Learning Forward.*

formal observations: A formal observation is a structured and planned process of watching, assessing, and evaluating a leader's performance. This typically includes a pre-conference and post-conference and results in a written evaluation within five school days.

goals and standards: Should be a high leverage goal based on professional practice standards and consistent with the goals of the district. Clear alignment between district, school, and certified staff goals (departments, grade-level teams, or collaborations) improves the collective effectiveness of practice.

growth criteria: Successful completion of the Continuous Improvement Process, supported with evidence that includes the impact the leader's new learning had on their practice/goal, along with a reflection on challenges and next steps; and the impact the leader's new learning and practice had on organizational health, educator growth, student learning, growth, and/or achievement, supported by evidence.

high leverage goals: High leverage goals are based on professional practice standards and are transferable across roles, disciplines, and positions and aligned to a strategic focus. They address strategies for development of human capital (people), instruction (knowledge and skills), and organizational management that transcends schools (Grissom, et al., 2021).

informal observations: An informal observation is an unplanned visit intended to evaluate educator performance. This typically includes either verbal or written feedback provided to the educator within five school days.

leader: A leader is defined as someone in a leadership position who has attained the 092 certification. This may include assistant superintendent, principal, dean of students, assistant/vice principal, pupil services director, department chair. This is not an exhaustive list, rather to illustrate the definition. Superintendents will confirm district leaders with evaluation roles.

multiple measures: Can include, but is not limited to, structures and systems to support educator learning and growth, culture and climate changes, student learning, growth, and achievement as mutually agreed upon during the goal-setting process. Additional evidence relative to one or more competencies.

mutual agreement: An agreement or condition that is reciprocal or agreed upon by all parties.

organizational health: Organizational health in schools and districts means how well the whole school system is functioning. It encompasses various interconnected elements that contribute to a positive and thriving learning environment, including leadership, culture and climate, communication, professional learning, resource management, collaboration and teamwork, student-centered focus, continuous improvement, community engagement, and innovation.

PDEC (Professional Development and Evaluation Committee): The Professional Development and Evaluation Committee serves as the collaborative decision maker to create, revise, and monitor the evaluation and support program for the district, as well as the professional learning plan for certified employees of the district.

professional learning: Professional learning and growth are centered on accelerating personal and collective learning and closing the knowing-doing gap for leaders and teachers. This includes codesigning interactive, sustained, and customized learning growth opportunities that are grounded in the evidence that is most needed and most effective. See also appendix E, Glossary of Professional Learning Opportunities.

review of practice: Reviews of practice are non-classroom observations and may include, but are not limited to, observation of delivery of professional learning, facilitation of meetings, coaching/mentoring other leaders or teachers, review of leader or educator work, or review of other leader artifacts.

rubric: A rubric is a systematic and standardized tool, designed as a continuum, and is used to communicate the performance of educators based on specific criteria. It can be used to evaluate a single criterion to emphasize specific expectations and provide targeted feedback for improvement. It can encourage a growth mindset.

single point competency: A description of a standard of behavior or performance that is framed only as a single set of desired outcomes rather than laid out across a rating or scale of performance like a more traditional rubric.

site visits: A site visit provides an opportunity for observation and dialogue with the leader that may include but is not limited to leader engagement with educators, families or other partners in the work with a focus on the leader’s goal.

student outcomes: Student outcomes include multiple measures of student learning, growth, and achievement as mutually agreed upon during the goal setting process.

tiered support:

Tier 1
It is the expectation that all leaders consistently access opportunities for professional growth within their district. Tier 1 supports are broadly accessible professional learning opportunities for all, inclusive of, but not limited to, collegial conversations, school site visits, available district resources (e.g., books, articles, videos, etc.), formal professional learning opportunities developed and designed by your district PDEC and other leader supports (e.g., leadership coaching). These resources should be identified through a goal setting process by mutual agreement.

Tier 2
In addition to Tier 1, Tier 2 supports are more intensive in duration, frequency, and focus (e.g., observation of specific leadership practices, etc.) that can be either suggested by the leader and/or recommended by an evaluator.

Tier 3
Tier 3 supports are responsive to previously discussed concerns and are assigned by an evaluator. Tier 3 supports have a clearly articulated area of focus, duration of time, and criteria for success, and may include a decision to move to a Corrective Support Plan.

Appendix E: Glossary of Professional Learning Opportunities – Leader

High quality professional learning enhances both leader practice and outcomes for each and every educator and student. High quality professional learning integrates research on effective adult learning and uses interactive, flexible designs to achieve intended outcomes.

advanced coursework: Courses offered at a college, university, or other institution, in person or online, which further educator skills and/or provide professional training. case study: A team that engages in a case study using information in a student's cumulative folder or other documented information with the intention of determining next steps, i.e., IEP review or attendance records.

coaching: A process based on trust in which professional colleagues work together to reflect on current practices; expand, refine, and build new skills; share ideas; teach one another; conduct classroom research; or solve problems.

examination of student work: Individuals or groups of educators review samples of work from various students. They identify strengths, areas for improvement, and design instructional plans as a result of the examination.

job-embedded: Any activity that is tied in with authentic classroom practice.
May include, but is not limited to:

- Examining student data
- Mentoring
- Book study (see below)
- Co-planning
- Investigating print and online resources
- Self-reflection
- Visitations/observations within a school

lesson study: Groups of teachers planning a lesson, observing one present the lesson, and then reflecting on it afterwards.

mentoring: A relationship between a less experienced educator and a more experienced mentor, in which the mentor provides guidance and feedback regarding practice.

peer observation: An opportunity for teachers to observe each other during classroom instruction. Teachers may want to observe peers to see a new teaching strategy in action, learn a new model of instruction, or analyze classroom processes and procedures.

personal professional reading: Individual, self-driven reading and processing of texts in order to improve one's own teaching practice.

professional literature study: Structures and collaborative processes in which individuals or groups of professionals engage in the examination and discussion of a relevant and informative text. The purpose of this study is to promote continuous learning, professional development, and the exchange of ideas and best practices within a specific field or industry. By engaging in a professional book study, individuals can deepen their understanding of key concepts, stay current in their field, and enhance their ability to apply new knowledge to their professional practice. This collaborative and structured approach to learning helps foster a culture of continuous improvement and professional growth within a community of practitioners.

protocols: A learning tool that is rule-based. Often implemented to aid in new learning for groups or individuals. May include article discussions, case studies, book reviews, and other procedures used in its workshops and other learning designs.

school visits: Observation of practice or teaching at a different school or institution to gain new knowledge, ideas, or activities.

student shadow: Follow a particular student during the academic day for a designated time, for a particular identified purpose, i.e., engagement.

walkthroughs: A team of leaders who visit classrooms to find evidence for a particular problem of practice. This evidence is reviewed, and next steps are determined as a result of this practice.

web-based learning: Use of online resources or learning activities to develop new learning or techniques for the classroom.

workshops: Meetings where participants are involved in group discussions or learning experiences and are normally organized around one or more theme areas. Workshops allow participants with differing values and priorities to build a common understanding of the problems and opportunities confronting them. May take place at school or outside.

Appendix G: Sample Corrective Support Plan – Leader

(Sample)

Leader A has consistently struggled with communicating appropriately with a variety of constituents. Tiered supports have been provided by the evaluator throughout the year. Leader A has demonstrated a lack of growth/improvement, which has led the evaluator to assign a Corrective Support Plan.

Objective:
To improve engagement with families in communities (PSEL – Standard 8) and to improve operations in management (PSEL – Standard 9)

Resources:

- All communications previewed by the evaluator for content and timeliness.
- Collaboration with other district leaders for exemplars of communication.

Timeframes:

- Leader A will remain on this Corrective Support Plan for six weeks.
- Improvements in communication within this six-week duration will serve as criteria for successful completion of this plan.

Supportive Actions:

- Weekly, bi-weekly meetings with progress reporting from Leader A and written feedback from evaluator (dependent upon need for plan).
- All resources made available.
- Modeling of effective communication practices with role play opportunities.
- Timely feedback in person and in writing (weekly/bi-weekly meetings).
- Management of access to learning opportunities in and out of building, as appropriate.

Corrective Support Plan Template

(Leader being evaluated) has consistently struggled with _____
_____ . Tiered supports have been provided by the evaluator throughout

the year. (Leader being evaluated) has demonstrated a lack of growth/improvement, which has led the (Evaluator) to assign a Corrective Support Plan.

Objective:
To improve _____
_____ (Indicate specific standard in your objective language)

(Possible) Resources:
A blend of opportunities and resources should be extended to the Leader being evaluated being supported on the Corrective Support Plan

- Mentor
- Coach
- Reading as appropriate

Timeframes:

- (Length of the Corrective Support Plan – typically six to eight weeks in length)
- Improvements in (standard) within this (Length of Corrective Support Plan) will serve as criteria for successful completion of this plan

Supportive Actions:
(Suggested supportive actions)

- Weekly, bi-weekly meetings with progress reporting from Leader A and written feedback from evaluator (dependent upon need for plan)
- All resources made available
- Timely feedback in person and in writing (weekly/bi-weekly meetings)
- Management of access to learning opportunities in and out of building, as appropriate.
