DEFINITIONS

Many terms, forms, numbers, and initials that are used by education department administrators are also used in this AUP Package. This section is intended to familiarize accountants with this terminology by providing brief definitions.

GENERAL INSTRUCTIONS

NAME OF LEA _____

2022-2023

The primary objective of this program is to perform certain agreed upon procedures for the financial and enrollment data (*EFS Data, SEECG Student Data, PSIS Summer School FTE Credit and PSIS Data Elements*) prepared by LEAs for certain state grants.

Work performed under this program with respect to information submitted by the LEA on the various application forms and data systems consists of:

- **Agreeing of financial information to records audited by the town's independent accountants;**
- **Obtaining the LEA's methods of allocating revenues and expenses among various categories;**
- **Obtaining documentation supporting nonfinancial information, and;**
- **Reviewing the forms for compliance with instructions and applicable laws.**

In completing this agreed upon procedure, it may be necessary to add additional steps for any additional or alternative procedures considered appropriate. In this event, the additional or alternative procedures must be discussed with and agreed to by CSDE's Office of Internal Audit (see below) prior to the work being done. These procedures must also be explained in the workpapers and Independent Accountant's Report. All exceptions noted in performing any procedures must be investigated and resolved by appropriate means. In the absence of appropriate notations to the contrary, the signature or initials of the independent accountant who performed the procedure will indicate that there were no unresolved exceptions.

The data elements subject to these procedures under this program are also reviewed by the CSDE for clerical accuracy and for certain other aspects. The CSDE's review will continue beyond the date independent accountants are to render their reports and will often involve issues that are not communicated to the independent accountants who performed the examination. It is therefore expected that in many cases the CSDE will request LEAs to make adjustments after independent accountants have completed their procedures and rendered their reports. **For this reason, it is imperative that independent accountants include in their report a reference to the document dates (print date/time) which appear on the final internet application printouts. (See Pro Forma Accountant's Report).**

A number of quality assurance reviews may be performed. The independent accountant must retain all workpapers and the AUP Package for a **minimum of five years** from the date of the report. These workpapers must be made available to the CSDE, their independent accountants, or other parties performing a review under the State Single Audit Act. **The workpapers must be sufficient to support all work performed in this AUP Package.**

NOTE: Statute requires that this report must be submitted to CSDE on or before December 31, 2023. However, because December 31, 2023 falls on a Sunday and the following Monday is a Holiday, the AUP must be submitted on or before the next business day (Tuesday, January 2, 2024).

THERE IS NO EXTENSION FOR THIS DEADLINE

Failure to meet this deadline can result in a fine from \$1,000 to \$10,000 for the LEA.

If the report is sent via email, the address is grants.sde@ct.gov (See Note 3 on Page 23). If it is sent by mail, it must be sent by certified, return receipt requested mail by January 2, 2024 to 450 Columbus Boulevard, Hartford, CT 06103 (See Step 32 on Page 19).

For questions concerning this AUP Package, please contact Tom Markoski, Office of Internal Audit, via email at Tom.Markoski@ct.gov or phone (860) 713-6538.

AGREED UPON PROCEDURES FOR PSIS DATA ELEMENTS

The CSDE uses the PSIS to collect data regarding student enrollment throughout the state of Connecticut. The PSIS data is used for federal and state grants; PSIS data also connects to other CSDE data collection systems and is used for public reporting and analysis as well. The following steps were developed to test and confirm certain data elements within this PSIS system.

The independent accountant is required to obtain and agree the documentation which supports the September 30, 2022 enrollment data which was reported and certified to the CSDE through the PSIS system. For purposes of consistency and clarification, the following guidance as to adequacy of documentation is provided:

- School offices should provide adequate documentation to support student enrollment data contained in the PSIS system including but not limited to pupil personnel records, registration cards, report cards, class lists, invoices, etc..
- Proper coding of students such as Special Education, Pre-K, etc. should have adequate supporting documentation such as the items listed above.

If the independent accountant encounters a situation involving the unavailability of adequate documentation, Tom Markoski of the Office of Internal Audit must be contacted at (860) 713-6538 for consultation.

	Procedure Performed By	Comments, References to Analyses, Etc.
<p>22. Obtain the Racial Survey and Detail of Enrollment by District Report for the October 2022 filing period as last revised. WITH CSDE APPROVED INTERDISTRICT MAGNET SCHOOLS
(These steps pertain to the following LEAs: Bloomfield, Bridgeport,
Danbury, East Hartford, Hartford, New Haven, New London, Norwalk,
Stamford, Waterbury and Windham)**

The CSDE uses the PSIS to collect data regarding student enrollment throughout the State of Connecticut. The PSIS data is used for federal and state grants; PSIS data also connects to other CSDE data collection systems and is used for public reporting and analysis as well. The following steps were developed to test and confirm certain data elements within this PSIS system.

The independent accountant is required to obtain and agree documentation which supports the September 30, 2022 enrollment data which was reported and certified to the CSDE through the PSIS system. For purposes of consistency and clarification, the following guidance as to adequacy of documentation is provided:

- School offices should provide adequate documentation to support student enrollment data contained in the PSIS system including but not limited to pupil personnel records, registration cards, report cards, class lists, invoices, etc..
- Proper coding of students such as Special Education, Pre-K, etc. should have adequate supporting documentation such as the items listed above.

If the independent accountant encounters a situation involving the unavailability of adequate documentation, Tom Markoski of the Office of Internal Audit must be contacted at (860) 713-6538 for consultation.

The print date/time of these reports will appear in paragraph #1 of the Independent Accountant's Report to the CSDE.</p>
