

## Community Eligibility Provision (CEP) Annual Notification of Schools

# School-level Data for School Year 2023-24: Identified Student Percentage (ISP) of At Least 25 Percent \*

\* Sites with a self-reported Identified Student Percentage (ISP) of at least 25 percent that are not currently participating in the CEP for school year 2023-24

**State Agency:** Connecticut State Department of Education

Effective October 26, 2023, the U.S. Department of Agriculture (USDA) Food and Nutrition Service's (FNS) final rule, [Child Nutrition Programs: Community Eligibility Provision – Increasing Options for Schools](#), lowered the minimum ISP for CEP school eligibility from 40 percent to 25 percent. **Note:** The final rule does not change the 1.6 multiplier for establishing CEP claiming percentages.

The data below may not be fully reflective of the number of identified students and are intended only for informational purposes. The data do not confer final school-level eligibility for participation in the CEP. LEAs are eligible to participate in the CEP if the ISP for the entire district, groups of schools, or individual schools meets or exceeds 25 percent. For more information about the CEP, visit the CSDE's [CEP](#) webpage.
