

# Instructions for Completing the Community Eligibility Provision (CEP) Student Identification List Worksheet

## School Year 2026-27

School food authorities (SFAs) must use the Connecticut State Department of Education's (CSDE) Excel worksheet, [CEP Student Identification List](#), to submit the names of identified students (directly certified) for the CEP. Do not complete the worksheet without first consulting the SFA's assigned [CSDE school nutrition team member](#).

[Section 7 CFR 245.9\(f\)\(3\) of the USDA regulations](#) requires SFAs to determine their ISP with data for each school that operates the NSLP or SBP from **April 1, 2026**. For school year 2026-27, the Direct Certification Web Application date and the enrollment data date used to determine a school or district's ISP will be **April 1, 2026**.

### Step 1

Access the CSDE's [CEP Student Identification List](#) Excel worksheet.

### Step 2

Use the tabs in the Excel worksheet to enter all eligible students for each district, group, or individual school site, as indicated below. "**Eligible students**" are enrolled students with access to at least one meal service daily, i.e., National School Lunch Program (NSLP) or School Breakfast Program (SBP). Reduced Medicaid (RM) or the Summer Electronic Benefit Transfer (SEBT) Program (FE or RE) students **cannot** be listed for CEP eligibility. Refer to "[Description of Required Student Data for Each Worksheet Column](#)" for a description of the required student data for each column of the worksheet.

The total number of students listed in each Excel worksheet must match the total number of students in the "Identified Students" column of the CSDE's [CEP Participation Worksheets](#) for school year 2026-27.

- **Districtwide Participation:** If CEP participation is districtwide, complete and submit one worksheet for all eligible students. List student names alphabetically first by school and then by grade. Name the Excel tab with the district name, e.g., "ABC District." **Note:** "Districtwide" means that all school sites in the district (including recipient sites under interschool agreements) are participating in the CEP. If recipient sites are not participating in CEP, complete a group form (see next bullet below).

- **Group Sites Participation:** If CEP participation is in groups, complete and submit one worksheet for all eligible students with an Excel tab for each group. List student names alphabetically first by school and then by grade. For example, if there are two groups, complete and submit **one Excel worksheet** with **two Excel tabs** and label each tab with the group name, e.g., group 1 and group 2.
- **Individual School Site Participation:** If CEP participation is for an individual school site, complete and submit one worksheet for all eligible students with an Excel tab for each individual school site. List student names alphabetically by grade. For example, if three individual school sites are participating in the CEP, complete and submit **one Excel worksheet** with **three Excel tabs** and label each tab with the school site name, e.g., school name 1, school name 2, school name 3.

## Description of Required Student Data for Each Worksheet Column

- **Column A – Number:** Enter numbers for each student starting with number 1 for the first student and ending with the number of the last student. For example, if you have 150 students, this column will be numbered from 1 to 150.
