USDA Foods Transfer Request Form

Further Processing of bulk USDA Foods is an optional way to use entitlement. Every spring, each Recipient Agency (RA) can elect to allocate up to 100 percent of their entitlement dollars toward the purchase of processed items for the following school year. An example is allocating entitlement dollars for bulk chicken and diverting it to Tyson for processing into chicken nuggets.

Each RA must properly procure processing services from processors approved by the Connecticut Food Distribution Program (FDP). Entitlement funds cover the value of the USDA Foods contained in the product, but SFAs are responsible for payment of processing and distributor fees.

If a RA has allocated pounds to a processor, the RA may require more pounds than originally planned. When a RA has utilized all the pounds ordered for the year, the RA may submit a transfer request. If the Connecticut FDP has pounds of the requested product available in the state holding account, RAs may request additional pounds at no charge. The Connecticut FDP will transfer available pounds from the state holding account into the RA's account for no fee.

The Connecticut State Department of Education's (CSDE) [Operational Memorandum No. 02-19](#) summarizes the Connecticut FDP's procedure for requesting transfer of pounds of USDA Foods diverted for further processing. RAs must complete and submit the new USDA Foods Transfer Request Form when requesting any transfers. This form assists RAs with critically reviewing current usage and forecasting projected usage.

Please note that RAs cannot request transfers from processor to processor. This form is only for transferring pounds from the state holding accounts.
