

Instructions for Form 4: Commercial Foods and Beverages Sold in School Stores

Check the Connecticut State Department of Education's (CSDE) document, [Districts Required to Submit Lists of Foods and Beverages for Healthy Food Certification Documentation](#). If the district's name is listed, the district must provide a list of all commercial foods and beverages available for sale to students from all school stores in the district and all school stores in recipient public schools under the district's interschool agreements.

Submit this information using the CSDE's Excel worksheet, *Form 4: Commercial Foods and Beverages Sold in School Stores*. Include information for all school stores on one form.

Entering Contact information

Indicate the school district, the name, title, and email of the person completing the form, and the date completed.

Completing the List of Foods and Beverages

Use one of the two options below to list all commercial foods and beverages.

Option 1 (preferred method)

This method saves time, ensures that accurate information is provided for each product, and increases the likelihood that the district will be successful in complying with the HFC documentation requirements.

Highlight all items available for sale to students in the applicable pages of the CSDE's [List of Acceptable Food and Beverages](#) and attach the highlighted list to the first page of Form 4.

- **Manual:** Print the applicable pages of the CSDE's [List of Acceptable Food and Beverages](#) and highlight all foods and beverages available for sale to students. Complete and print the **district contact information only** on the first page of Form 4. Scan the first page of Form 4 and all highlighted pages together into one PDF document.
- **Electronic:** Highlight all foods and beverages electronically on the applicable pages of the PDF version of the CSDE's [List of Acceptable Food and Beverages](#). Complete the **district contact information only** on the first page of the Form 4 Excel worksheet and

save as a PDF. Combine the two PDF files (first page of Form 4 and all highlighted list pages) together into one PDF document.

If the school stores sell any foods and beverages that are not on the CSDE's list, they must be added to Form 4.

Option 2: Enter information manually

Use Form 4 to list all commercial foods and beverages, following the guidance below.

- **Include complete information** for each product, including the manufacturer's name, food or beverage item, variety/flavor, and correct package size. Be specific and include detailed information for each product that **exactly matches** the approved product on the CSDE's [List of Acceptable Food and Beverages webpage](#). Missing information requires additional submissions from the district and delays the CSDE's HFC documentation review process.
- **Include all flavors/varieties** of each item sold and list each flavor/variety on a separate line. For example, if school stores sell sea salt pita chips and honey wheat pita chips, list each item on a separate line. Do not list items as "assorted flavors" or "assorted variety."
- **Do not submit vendor lists of foods and beverages.** These lists often do not contain all the required information. They also frequently use abbreviations that make it difficult to tell whether the items are the same as those listed on the CSDE's [List of Acceptable Foods and Beverages](#) webpage.
- **Do not use abbreviations** except for commonly understood measurements, e.g., oz. (ounces), fl. oz. (fluid ounces), c. (cup) and Tbsp. (tablespoon).

This method must be used when the district sells any foods and beverages that are not listed on the CSDE's [List of Acceptable Food and Beverages](#).

What the Lists Must Include

The lists must include all commercial foods and beverages available for sale to students from all school stores in the district and all school stores in any recipient public schools under the district's interschool agreements. Examples include:

- beverages, e.g., milk, nondairy milk substitutes (e.g., soy milk), juice, and water;
- snack items, e.g., chips, crackers, pretzels, popcorn, snack mixes, ice cream, nuts and seeds, jerky, yogurt, hummus, fruit/vegetable smoothies, and cheese sticks;
- baked goods, e.g., bagels, cookies, granola bars, cereal bars, soft pretzels, muffins, and pancakes;
- breakfast cereals, e.g., ready-to-eat, granola, and oatmeal;

- soups;
- fruits and vegetables with added ingredients like cheese, breading, sauces, and salad dressing; and
- all other foods and beverages sold in school stores.

Do not list fresh fruits and vegetables without added ingredients, such as apples, oranges, and baby carrots. These foods are exempt from the CNS.

Examples

Be specific and include detailed information for each product that **exactly matches** the approved product on the CSDE's [List of Acceptable Food and Beverages](#) webpage. Missing information requires additional submissions from the district and delays the CSDE's HFC documentation review process.
