

List of Acceptable Foods and Beverages

LIST 4 BAKED GOODS

This list includes commercial baked goods (such as muffins, bagels, rolls, breads, soft pretzels, French toast, waffles, pancakes, and toaster pastries) that comply with the [Connecticut Nutrition Standards \(CNS\)](#). Foods are evaluated for compliance with the CNS based on the amount **as served** including any **added accompaniments** such as butter, cream cheese, jam, peanut butter, syrup, and dips, e.g., muffin with margarine, bagel with cream cheese or peanut butter and waffle with syrup. Some listed products are not nutrient-rich foods. For example, whole grain-rich muffins are lower in fat and sugar than muffins that do not comply with the CNS, but neither product provides any significant nutritional value, e.g., vitamins, minerals and fiber. The Connecticut State Department of Education (CSDE) encourages schools to review the nutrient content of allowable products, and select the most nutrient-rich products that also meet the "Better Choice "recommendations (refer to the green and white columns on the right). The CSDE strongly encourages schools to offer a la carte food choices that include a variety of minimally processed and naturally nutrient-rich whole foods such as fruits, vegetables, whole grains, low-fat or nonfat dairy, lean meats and legumes.

Product formulations and packaging can change. **The nutrition information below is based on the package label or manufacturer information supplied at the time of product review.** If this information does not match the product label, please submit the product’s nutrition information to the CSDE following the guidance in [Submitting Food and Beverage Products for Approval](#).

The CSDE's [List of Acceptable Foods and Beverages](#) webpage is updated regularly and is subject to change. To assist in identifying new items added since the previous edition of this list, the manufacturer and food item (first two columns) of all new items are highlighted in pink. For contact information for listed vendors, refer to [Contact Information for Vendors](#).

**Note:** The approval below is only for the product exactly as listed. If the product is sold a la carte combined with any accompaniments (e.g., butter, cream cheese, jam, peanut butter, syrup, and dips), the nutrition information for the accompaniments must be added to the nutrition information for the product to determine if the serving still complies with the CNS (refer to the CSDE's [CNS worksheets](#)). This documentation must be maintained on file by the district and be available upon request for the CSDE's annual Healthy Food Certification (HFC) documentation review.
