

Milk sold as **part of school meals and separately from school meals** must comply with Section 10-221q of the Connecticut General Statutes (C.G.S), the U.S. Department of Agriculture (USDA) regulations for school meals, and the USDA Smart Snacks nutrition standards for competitive foods. Milk must be low-fat (1%) or fat-free (unflavored or flavored) and cannot contain artificial sweeteners or exceed 4 grams of sugar per ounce. These requirements apply to all public schools, regardless of whether the district implements Healthy Food Certification (HFC) under C.G.S. Section 10-215f. The Connecticut State Department of Education (CSDE) encourages schools to choose products that also meet the "Better Choice" recommendations (see green and white columns on right).

**This list includes products that comply with all state and federal requirements.** Product formulations and packaging can change. **The nutrition information below is based on the package label or manufacturer information supplied at the time of product review.** If this information does not match the product label, please submit the product’s nutrition information to the CSDE following the guidance in [Submitting Food and Beverage Products for Approval](#).

The CSDE's [List of Acceptable Foods and Beverages](#) webpage is updated regularly and is subject to change. To assist in identifying new items added since the previous edition of this list, the manufacturer and food item (first two columns) of all new items are highlighted in pink. For contact information for listed vendors, refer to [Contact Information for Vendors](#).

For additional information on complying with the state beverage statute, refer to the CSDE's resources, [Allowable Beverages in Connecticut Public Schools](#) and [Questions and Answers on Connecticut Statutes for School Food and Beverages](#) and visit the CSDE's [Beverage Requirements](#) webpage.

MILK, LOW-FAT (1%) AND FAT-FREE, UNFLAVORED OR FLAVORED

Elementary schools: Portion size limit of 8 fluid ounces  
Middle and high schools: Portion size limit of 12 fluid ounces
