List of Acceptable Foods and Beverages

List 21: Waters

List 21: Waters includes waters that meet the requirements of the state beverage statute (G.C.S. Section 10-221q) and the USDA Smart Snacks nutrition standards. Allowable waters include plain water and flavored water (with or without carbonation) without added sugars, sweeteners (including nutritive and nonnutritive sweeteners), artificial sweeteners, and caffeine. Water sold in elementary and middle schools must be unflavored.

Plain water and plain carbonated water: May be sold in elementary, middle, and high schools. The portion size is unlimited.

Flavored water and flavored carbonated water: The USDA Smart Snacks nutrition standards only allow sales in high schools. The portion size is limited to 20 fluid ounces.

List of Acceptable Foods and Beverages

List 21: Waters

List 21: Waters includes waters that meet the requirements of the state beverage statute (G.C.S. Section 10-221q) and the USDA Smart Snacks nutrition standards. Allowable waters include plain water and flavored water (with or without carbonation) without added sugars, sweeteners (including nutritive and nonnutritive sweeteners), artificial sweeteners, and caffeine. Water sold in elementary and middle schools must be unflavored.

Plain water and plain carbonated water: May be sold in elementary, middle, and high schools. The portion size is unlimited.

Flavored water and flavored carbonated water: The USDA Smart Snacks nutrition standards only allow sales in high schools. The portion size is limited to 20 fluid ounces.
