

Requirements for Competitive Foods in HFC Public Schools

This document summarizes the federal and state laws for selling and giving competitive foods to students in Connecticut public schools that participate in the U.S. Department of Agriculture’s (USDA) National School Lunch Program (NSLP) and choose to implement the healthy food option of [Healthy Food Certification \(HFC\)](#) under [Section 10-215f](#) of the Connecticut General Statutes (C.G.S.). Connecticut public schools include all local and regional school districts, the regional educational service centers, the Connecticut Technical Education and Career System (CTECS), charter schools, interdistrict magnet schools, and endowed academies.

Requirements for Competitive Foods in HFC Public Schools

Definition of Competitive Foods

Competitive foods include all foods and beverages available for sale to students on school premises separately from reimbursable meals served through the USDA's Child Nutrition Programs (CNPs). Under Section 10-215b-1 of the Regulations of Connecticut State Agencies, competitive foods also include certain foods and beverages that are given to students while CNPs are operating.

Overview of Federal and State Laws

All foods available for sale to students on school premises separately from reimbursable meals must comply with the [Connecticut Nutrition Standards](#) (CNS). The CNS also applies to all foods served in the Afterschool Snack Program (ASP).

All beverages available for sale to students on school premises (as part of and separately from reimbursable meals and ASP snacks) must comply with the state beverage statute ([C.G.S. Section 10-221q](#)). Beverages available for sale to students on school premises during the school day must also comply with the USDA's Smart Snacks nutrition standards ([81 FR 50131](#)).

Only the Smart Snacks beverage standards apply to HFC public schools. The food standards do not apply because the state HFC statute requires that foods comply with the stricter CNS, which supersedes the Smart Snacks food standards. For a comparison of the CNS and Smart Snacks, refer to the Connecticut State Department of Education's (CSDE) chart, [Comparison of the Connecticut Nutrition Standards and the USDA's Smart Snacks Nutrition Standards](#).

Foods that do not comply with the CNS and beverages that do not comply with the state beverage statute cannot be sold to students on school premises unless the sales meet specific exemption criteria (refer to "[Food and Beverage Exemptions](#)" in this document).

In addition to the nutrition standards for foods and beverages, HFC public schools must also comply with the federal and state laws for:

- **restrictions for selling and giving foods and beverages to students**, including the state statute requiring the sale of nutritious and low-fat foods ([C.G.S. Section 10-221p](#)); the state regulation that restricts selling and giving candy, coffee, tea, and soft drinks to students ([Section 10-215b-1 of the Regulations of Connecticut State Agencies](#)); and the local educational agency's (LEA) school wellness policy, as required by the USDA's school wellness policy legislation (Child Nutrition and Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) Reauthorization Act of 2004 (Section 4 of [Public Law 108-265](#)) and the [Healthy, Hunger-Free Kids Act of 2010](#)); and

Requirements for Competitive Foods in HFC Public Schools

- **accrual of income from selling foods and beverages to students**, including the state regulation that restricts income accrual ([Section 10-215b-23 of the Regulations of Connecticut State Agencies](#)); the USDA’s regulation for revenue from nonprogram foods ([7 CFR 210.14\(f\)](#)); and the state statute requiring the right of first refusal for the Connecticut Department of Aging and Disability Services, Bureau of Education and Services for the Blind (ADS-BESB) to place vending machines in public schools ([C.G.S. Section 17a-818](#)).

These laws determine what and when foods and beverages may be sold or given to students on school premises, and where the income must accrue. The definitions below apply to these requirements.

- “Sales” means the exchange of a determined amount of money or its equivalent (such as tickets, coupons, tokens, and similar items) for foods and beverages. Sales also include programs and activities that charge a fee that includes the cost of foods and beverages provided to students, and activities that suggest a student donation in exchange for foods and beverages. Under Connecticut’s statutes and regulations for competitive foods, sales also include tickets and similar items that are given to students (such as food rewards) and can be exchanged for foods and beverages.
- “Giving” means that foods and beverages are provided free of any charge, contribution, or suggested donations; and without the exchange of tickets, coupons, tokens, and similar items to obtain foods and beverages.
- “School premises” include all areas of the property under the jurisdiction of the local or regional board of education, CTECS, or the governing authority district or school.

For guidance on how the state and federal laws apply to different sources of competitive foods in HFC public schools, refer to the CSDE’s [Summary Chart: Federal and State Requirements for Competitive Foods in HFC Public Schools](#) and the “HFC Resources” section of the CSDE’s HFC webpage.

Training on the requirements for competitive foods in HFC public schools is available in the CSDE’s [Complying with Healthy Food Certification](#) training program.

Requirements for Competitive Foods in HFC Public Schools

Sources of Competitive Foods

Competitive foods may be available for sale to students from a variety of sources on school premises. Some common examples include school cafeterias (refer to the CSDE's [Requirements for Cafeteria A La Carte Foods and Beverages in HFC Public Schools](#)), culinary programs (refer to the CSDE's [Requirements for Foods and Beverages in Culinary Programs in HFC Public Schools](#)), fundraisers (refer to the CSDE's [Requirements for Food and Beverage Fundraisers in HFC Schools](#)), school stores (refer to the CSDE's [Requirements for Foods and Beverages in School Stores in HFC Schools](#)), concession stands, and vending machines (refer to the CSDE's [Requirements for Foods and Beverages in Vending Machines in HFC Schools](#)). Districts may also have other sources of competitive foods such as:

- a la carte sales (foods sold separately from reimbursable meals) in any other CNPs, such as the Seamless Summer Option (SSO) of the NSLP and the Summer Food Service Program (SFSP) operated by the BOE on school premises (a la carte sales are not common in these CNPs);
- adult education programs operated by the BOE (if the food and beverage sales are under the control of the adult education program);
- afterschool programs and activities, e.g., enrichment programs, extracurricular classes, tutoring sessions, and student clubs;
- classroom parties and celebrations;
- clubs, organizations, and similar groups, e.g., booster clubs and parent-teacher organizations;
- family resource centers;
- programs and meetings;
- recipient schools under interschool agreements with a sponsoring NSLP district;
- school celebrations;
- sports competitions, e.g., games, matches, and tournaments;
- summer school programs (e.g., enrichment or exploratory) operated by the BOE;
- vendors on school premises, e.g., food service management companies (FSMCs), food trucks, caterers, and online and mobile food delivery companies; and other outside entities that sell foods and beverages to students; and
- any other programs, organizations, and activities that sell or give foods and beverages to students on school premises or charge a fee to cover the cost of foods and beverages provided to students.

Districts are responsible for ensuring that all sources of competitive foods available for sale to students on school premises comply with the federal and state laws summarized in this document.

Requirements for Competitive Foods in HFC Public Schools

When the Laws Apply

When the laws for competitive foods differ, the stricter requirements apply. Some requirements apply during the school day, while others apply at all times or while Child Nutrition Programs (CNPs) are operating.

- The “school day” is the period from the midnight before to 30 minutes after the end of the official school day. For example, if school ends at 3:00 p.m., the school day is from midnight to 3:30 p.m. Summer school programs operated by the BOE on school premises are part of the regular school day.
- The CNPs include the [NSLP](#), [School Breakfast Program \(SBP\)](#), [Afterschool Snack Program \(ASP\)](#) of the NSLP, [Seamless Summer Option \(SSO\)](#) of the NSLP, [Special Milk Program \(SMP\)](#), [Fresh Fruit and Vegetable Program \(FFVP\)](#), [Child and Adult Care Food Program \(CACFP\)](#) [At-risk Afterschool Meals](#) operated in schools, and [Summer Food Service Program \(SFSP\)](#) operated in schools.

The state statutes and competitive foods regulations apply regardless of when students will receive or consume foods and beverages. This includes orders for foods that will be distributed later and purchases of precooked products (such as frozen pies and cookie dough) and bulk products that contain multiple servings per package (such as boxes of candy bars or cookies and bags of popcorn kernels or gourmet coffee beans).

Table 1 summarizes the three categories of laws that apply to HFC public schools, when they apply, which foods and beverages they regulate, and whether they apply to selling or giving foods and beverages to students. These categories include: 1) nutrition standards for foods and beverages; 2) restrictions for selling and giving foods and beverages to students; and 3) accrual of income from sales of foods and beverages to students.

Requirements for Competitive Foods in HFC Public Schools

Table 1. Summary of laws that apply to competitive foods in HFC public schools				
Law	Applies to	When applies	Applies to	
			Selling	Giving
Category 1: Nutrition standards for foods and beverages				
<p>State: C.G.S. Section 10-215e: Nutrition standards for food that is not part of lunch or breakfast program (Connecticut Nutrition Standards)</p>	<p>All foods available for sale to students on school premises separately from reimbursable meals and all foods served in the ASP (refer to “Allowable Foods” in this document).</p>	<p>At all times, except for sales that meet the food exemption criteria of the state HFC statute (refer to “Food and Beverage Exemptions” in this document).</p> <p>Note: The state HFC statute specifically prohibits food exemptions for vending machines and school stores. All foods sold vending machines and school stores must always comply with the CNS.</p>	Yes	No
<p>State: C.G.S. Section 10-221q: Sale of beverages</p>	<p>All beverages available for sale to students on school premises, sold as part of and separately from reimbursable meals and ASP snacks (refer to “Allowable Beverages” in this document).</p>	<p>At all times, except for sales that meet the exemption criteria of the state beverage statute (refer to “Food and Beverage Exemptions” in this document).</p> <p>Note: The state beverage statute specifically prohibits beverage exemptions for vending machines and school stores. All beverages sold from vending machines and school stores must always comply with the state beverage statute.</p>	Yes	No

Requirements for Competitive Foods in HFC Public Schools

Table 1. Summary of laws that apply to competitive foods in HFC public schools				
Law	Applies to	When applies	Applies to	
			Selling	Giving
Category 1: Nutrition standards for foods and beverages, <i>continued</i>				
Smart Snacks Nutrition Standards (81 FR 50131)	All foods and beverages available for sale to students on school premises, separately from reimbursable meals and ASP snacks through the CNPs. Note: Only the Smart Snacks beverage standards apply to HFC public schools (refer to “ Allowable Beverages ” in this document). The food standards do not apply because the state HFC statute requires compliance with the stricter CNS.	During the school day.	Yes	No
Category 2: Restrictions for selling and giving foods and beverages to students				
Federal: School Wellness Policy (Public Law 108-265) and the Healthy, Hunger-Free Kids Act (HHFKA) of 2010) Final Rule 81 FR 50151	Locally determined nutrition standards and guidelines for all foods and beverages on school premises available for sale to students or provided to students free of charge (refer to “ USDA School Wellness Policy (SWP) Requirements ” in this document).	During the school day.	Yes	Yes
State: C.G.S. Section 10-221p : Nutritious and low-fat foods available for sale	All sales of foods to students on school premises (refer to “ State Statute Requiring Nutritious and Low-fat Foods ” in this document).	During the school day.	Yes	No

Requirements for Competitive Foods in HFC Public Schools

Table 1. Summary of laws that apply to competitive foods in HFC public schools				
Law	Applies to	When applies	Applies to	
			Selling	Giving
Category 2: Restrictions for selling and giving foods and beverages to students, <i>continued</i>				
State: Section 10-215b-1 of the Regulations of Connecticut State Agencies: Competitive foods (candy, coffee, tea, and soft drinks)	Selling and giving candy, coffee, tea, and soft drinks to students on school premises while any CNPs are operating (refer to “ Section 10-215b-1: Restrictions for candy, coffee, tea, and soft drinks ” in this document).	From 30 minutes before up through 30 minutes after the operation of any CNPs, including during and after the school day.	Yes	Yes
Category 3: Accrual of income from sales of foods and beverages to students				
State: Section 10-215b-23 of the Regulations of Connecticut State Agencies: Accrual of Income	Accrual of income from all sales of foods and beverages to students on school premises while any CNPs are operating (refer to “ Section 10-215b-23: Accrual of income ” in this document).	From 30 minutes before up through 30 minutes after the operation of any CNPs, including during and after the school day.	Yes	No
Federal (USDA): 7 CFR 210.14 (f): Revenue from Nonprogram Foods	All foods and beverages purchased using funds from the nonprofit school food service account (NSFSA) and sold to students and adults on school premises (refer to “ USDA Regulation for Revenue from Nonprogram Foods ” in this document). Note: This regulation does not apply unless the foods and beverages are purchased using funds from the NSFSA.	At all times.	Yes	No

Requirements for Competitive Foods in HFC Public Schools

Table 1. Summary of laws that apply to competitive foods in HFC public schools				
Law	Applies to	When applies	Applies to	
			Selling	Giving
Category 3: Accrual of income from sales of foods and beverages to students, <i>continued</i>				
State: C.G.S. Section 17a-818 : Food service facilities and vending stands in public buildings controlled by Department of Aging and Disability Services. Permissible uses of vending machine income.	Vending machines operated by outside contractors in public schools (refer to “ State Statute for Permissible Use of Vending Machine Income (ADS-BESB) ” in this document).	At all times.	Yes	No

Allowable Foods

Allowable foods include commercial products and foods made from scratch that comply with the following CNS requirements: 1) the food must meet at least one general standard; and 2) the serving with its accompaniments (such as butter, cream cheese, salad dressing, and condiments) must meet the specific nutrition standards for the applicable CNS food category. Some examples of foods with accompaniments include bagels with cream cheese, muffins with butter, french fries with ketchup, pancakes with syrup, tortilla chips with salsa, and chicken nuggets with dipping sauce.

For specific information on the CNS requirements, refer to the CSDE’s [Summary of Connecticut Nutrition Standards](#) and visit the CSDE’s [CNS](#) webpage. Training is available in “Module 3: Connecticut Nutrition Standards” and “Module 4: Evaluating Foods for CNS Compliance” of the CSDE’s [Complying with Healthy Food Certification](#) training program.

Commercial food products

The CSDE’s [List of Acceptable Foods and Beverages](#) webpage identifies commercial food products that comply with the CNS. For more information on allowable commercial food products, refer to the CSDE’s resources, [How to Evaluate Commercial Food Products for Compliance with the Summary of Connecticut Nutrition Standards](#) and [Submitting Food and Beverage Products for Approval](#), and visit the “[Commercially Prepared Foods](#)” section of the CSDE’s CNS webpage.

Requirements for Competitive Foods in HFC Public Schools

Foods made from scratch

The selling entity must evaluate all foods made from scratch for CNS compliance **before** they are sold a la carte to students. The following documentation is required for all foods made from scratch in the two categories below: 1) a standardized recipe with the nutrition information per serving (including any accompaniments served with the food); and 2) the appropriate completed CNS worksheet indicating that the standardized recipe's serving with its accompaniments complies with the CNS (refer to the "[CNS Worksheets](#)" section of the CSDE's CNS webpage).

- **Category 1: foods prepared from ingredients using a standardized recipe:** Examples include entrees sold only a la carte (i.e., not as part of reimbursable NSLP and SBP meals) such as pizza, chef's salad, lasagna, and sandwiches; soups; cooked grains (such as rice or pasta) with added salt and fat, e.g., oil, margarine, or butter; cooked vegetables with added salt and fat; salad with dressing; fruit smoothies; and baked goods like muffins and cookies.
- **Category 2: commercial foods with ingredients added after purchasing:** Examples include popping popcorn kernels in oil and adding salt; making muffins from a mix and adding butter and eggs; and adding sprinkles to commercial frozen cookie dough. **Note:** Adding ingredients to a commercial product changes its nutrition information. To determine CNS compliance, these foods require a standardized recipe that indicates the amount of each ingredient and the nutrition information per serving.

CNS exemption for entrees sold a la carte in the NSLP and SBP: Standardized recipes with nutrition information are not required for entrees that are sold a la carte during the same meal service on the same day that they are planned and served as part of reimbursable meals in the NSLP and SBP. These entrees are exempt from the CNS and may be sold a la carte during the meal service if they: 1) are the same or smaller portion size as the NSLP and SBP; 2) have the same accompaniments; 3) meet the trans fat standard; and 4) do not contain artificial sweeteners, nonnutritive sweeteners, sugar alcohols, or chemically altered fat substitutes. **Note:** This exemption applies only to the three CNS categories of main dish entree items (refer to the CSDE's [Summary of Connecticut Nutrition Standards](#)). Any other non-entree meal components sold separately from reimbursable meals must comply with the CNS. For example, french fries and muffins that are part of reimbursable meals cannot be sold a la carte unless they meet the CNS.

Requirements for Competitive Foods in HFC Public Schools

Steps for evaluating foods made from scratch

The selling entity must complete the steps below to document that all a la carte foods made from scratch comply with the CNS. Foods without this documentation cannot be sold to students.

1. **Determine the nutrition information per serving:** Foods made from scratch must have an accurate standardized recipe that indicates the calories, fat, saturated fat, trans fat, sodium, and sugars per serving, including any accompaniments served with the food. If this nutrition information is missing, the selling entity must conduct a nutrient analysis using a nutrient analysis software program, or a nutrient analysis database and the CSDE's [CNS Worksheet 9: Nutrient Analysis of Recipes](#). For guidance on developing and using standardized recipes, visit the "[Standardized Recipes](#)" section of the CSDE's [Crediting Foods in School Nutrition Programs](#) webpage.

2. **Verify that the nutrition information per serving complies with the CNS:** Enter the nutrition information for the standardized recipe's serving with its accompaniments into the CNS worksheet for the applicable CNS food category (refer to the "[CNS Worksheets](#)" section of the CSDE's CNS webpage). The CNS worksheets compare the standardized recipe's nutrition information per serving with the CNS and indicate if the serving complies.
3. **Maintain documentation of CNS compliance on file:** Maintain each standardized recipe and its completed CNS worksheet for the annual HFC documentation (due November 30 of each year) and the CSDE's Administrative Review of the school nutrition programs. For easy access, the CSDE recommends storing this information electronically in a computer folder.

For additional guidance on foods made from scratch, refer to the CSDE's resources, [Guidance on Evaluating Recipes for Compliance with the Connecticut Nutrition Standards](#) and [How to Evaluate Foods Made from Scratch for Compliance with the Connecticut Nutrition Standards](#), and visit the "[Foods Made from Scratch](#)" section of the CSDE's CNS webpage.

Requirements for Competitive Foods in HFC Public Schools

Allowable Beverages

Allowable beverages comply with the state beverage statute (C.G.S. Section 10-221q) and any stricter Smart Snacks requirements. The state beverage statute applies to all beverages available for sale to students on school premises at all times, including beverages sold as part of and separately from reimbursable meals and ASP snacks. Smart Snacks applies to all beverages sold separately from reimbursable meals to students on school premises during the school day.

Five categories of beverages are allowed for sale to students in public schools: 1) milk; 2) 100 percent juice; 3) nondairy milk substitutes; 4) beverages containing only water and juice; and 5) water. Each category must meet the specific nutrition requirements of the federal and state beverage standards. For information on these requirements, refer to the CSDE's [Allowable Beverages in Connecticut Public Schools](#) and visit the CSDE's [Beverage Requirements](#) webpage.

Beverages that do not comply with the state beverage statute (such as juice drinks, soda, coffee, tea, hot chocolate, sports drinks, and sweetened water) cannot be sold to students on school premises unless the sales meet the beverage exemption criteria of the state beverage statute (refer to “[Beverage Exemptions](#)” and “[Allowable Sales of Noncompliant Foods and Beverages](#)” in this document). The state beverage statute specifically prohibits beverage exemptions for vending machines and school stores.

The CSDE's [List of Acceptable Foods and Beverages](#) webpage identifies commercial beverage products that comply with the state beverage statute and Smart Snacks.

Food and Beverage Exemptions

Foods that do not comply with the CNS and beverages that do not comply with the state beverage statute cannot be sold to students on school premises unless the BOE has voted to allow exemptions and the sales meet the following exemption criteria of the state HFC and beverage statutes: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the foods and beverages are not sold from a vending machine or school store. The definitions below apply to these requirements.

- An “event” is an occurrence that involves more than just a regularly scheduled practice, meeting, or extracurricular activity. Events involve a gathering of people in a social context, such as sports competitions, awards banquets, school concerts, and theatrical productions.

Requirements for Competitive Foods in HFC Public Schools

For example, soccer games, school plays, and school debates are events, but soccer practices, play rehearsals, and debate team meetings are not.

- “Location” means where the event is being held. For example, cupcakes and lemonade may be sold to students on the side of the soccer field during a soccer game but cannot be sold to students in the school cafeteria while a soccer game is played on the soccer field.

If the BOE has voted to allow food and beverage exemptions, noncompliant foods and beverages could be sold to students at the location of an event that occurs after the school day or on the weekend. The example below shows how the food and beverage exemptions apply.

Example: The school day ends at 3:00 p.m. A fundraiser located at an event on school premises could sell noncompliant foods and beverages to students anytime between 3:31 p.m. through 11:59 p.m. during the school week, or anytime on Saturday or Sunday. For example, a fundraiser could sell cupcakes and lemonade to students at the location of a school concert (event) that occurs in the evening (after the school day). If the fundraiser occurs from 30 minutes before up through 30 minutes after the operation of any CNPs, the state competitive foods regulations require additional restrictions that supersede the exemptions allowed by the state HFC and beverage statutes. Section 10-215b-1 prohibits the fundraiser from selling candy, coffee, tea, and soft drinks to students during this time. Section 10-215b-23 requires that the income from all sales of foods and beverages during this time must accrue to the NSFSA. For more information, refer to [“State Competitive Foods Regulations”](#) in this document.

Noncompliant foods and beverages can never be sold to students from vending machines or school stores, even if the vending machines or school stores are at the location of an event. The state HFC and beverage statutes specifically prohibit food and beverage exemptions for vending machines and school stores.

Required vote for food and beverage exemptions

The vote to allow food exemptions is part of the annual HFC Statement (Addendum to Agreement for Child Nutrition Programs (ED-099)) that public school sponsors of the NSLP must submit to the CSDE by July 1 of each year. The annual HFC Statement is completed online in the CSDE’s Online Application and Claiming System for Child Nutrition Programs (CNP System), as part of the NSLP sponsor’s yearly application for the CNPs. Sponsors must upload the meeting minutes that indicate the results of the BOE’s HFC votes for the healthy food option and food exemptions.

Beverage exemptions are not part of the annual HFC Statement, which applies only to foods. The BOE must vote separately to allow exemptions for sales of beverages that do not comply with the state beverage statute. For more information, visit the [“Apply”](#) section of the CSDE’s [HFC](#) webpage and refer to the CSDE’s [Exemptions for Foods and Beverages in Public Schools](#).

Requirements for Competitive Foods in HFC Public Schools

Strategies to Ensure Compliance

To receive HFC funding, districts must comply with the CNS and HFC requirements. Districts are responsible for ensuring that all sources of competitive foods available for sale to students on school premises comply with these requirements (refer to “[Sources of Competitive Foods](#)” in this document).

The most common noncompliance issues for commercial products include: 1) not verifying that the food or beverage is included on the CSDE’s [List of Acceptable Foods and Beverages](#) webpage; and 2) not checking deliveries to ensure that vendors do not substitute noncompliant products. The most common noncompliance issues for foods made from scratch include: 1) not having an accurate standardized recipe with the required nutrition information; and 2) not using the appropriate CNS worksheet to document that the standardized recipe’s serving with its accompaniments complies with the CNS.

To prevent these noncompliance issues, districts must develop and implement procedures for competitive foods that include the strategies below.

1. **Clearly communicate what foods and beverages are allowed:** Notify all entities that sell foods and beverages to students on school premises what commercial products are allowed, based on the CSDE’s [List of Acceptable Foods and Beverages](#) webpage, and specify that substitutions are not allowed. Examples of people to inform include food service directors and cafeteria staff, culinary programs staff, school store operators, vending machine operators, fundraiser operators, coordinators of school clubs and organizations, and staff from outside entities such as food service management companies and vendors. Provide clear instructions to vendors about allowable foods and beverages and indicate that substitutions are not allowed when an approved product is not available.
2. **Evaluate all commercial products before purchasing:** Before purchasing any commercial products, determine that all foods comply with the CNS and all beverages comply with the state beverage statute and Smart Snacks. Use the CSDE’s [List of Acceptable Foods and Beverages](#) webpage to verify that the food or beverage is listed. Check that the product’s information exactly matches the CSDE-approved product, including the manufacturer name, product name, product description (e.g., variety/flavor), serving size, case pack, product code, and nutrition information.

If the food will include accompaniments, add the nutrition information for the food and its accompaniments together to determine if the product still complies with the CNS.

Accompaniments that cause an approved product to exceed the CNS limits cannot be served with the product.

Requirements for Competitive Foods in HFC Public Schools

Commercial products that are not included on the CSDE's [List of Acceptable Foods and Beverages](#) webpage cannot be sold to students. Districts may submit products to the CSDE for review using the steps in the CSDE's [Submitting Food and Beverage Products for Approval](#).

- 3. Verify vendor assurances of product compliance:** When a food manufacturer, vendor, distributor, or salesperson indicates that a product complies with the CNS or state beverage statute, verify that these products are included on the CSDE's [List of Acceptable Foods and Beverages](#) webpage. The CSDE does not review or approve vendor lists of compliant products or vendor statements about compliant products. A common vendor error is assuming that commercial products that meet the USDA's Smart Snacks nutrition standards also comply with the CNS. Many Smart Snacks products do not comply with the CNS because the CNS requirements are stricter. For more information, refer to the CSDE's chart, [Comparison of the Connecticut Nutrition Standards and the USDA's Smart Snacks Nutrition Standards](#).
- 4. Review orders before submitting to vendors:** For each source of competitive foods, designate the school staff responsible for reviewing orders to ensure that all foods and beverages are included on the CSDE's [List of Acceptable Foods and Beverages](#) webpage (refer to strategy 2). Examples include the food service manager who is responsible for reviewing the cafeteria snack orders and the district's fundraiser coordinator who is responsible for using the district's fundraiser approval form to review foods and beverages that will be sold from fundraisers (refer to strategy 8).
- 5. Check deliveries when received:** Ordering products that are included on the CSDE's [List of Acceptable Foods and Beverages](#) webpage does not guarantee they will be delivered. For each source of competitive foods, designate the school staff responsible for checking deliveries to ensure that vendors do not substitute noncompliant products. Examples include a food service employee who checks deliveries of snack foods (such as cookies, chips, and ice cream) for the cafeteria and school staff who check vending machines when they are stocked by an outside vending company (refer to strategy 9).
- 6. Identify the steps for handling noncompliant products:** Ensure that all school staff involved with sales of competitive foods understand and follow the steps for handling deliveries of noncompliant foods and beverages. Refuse delivery of all noncompliant products and remind the vendor that substitutions are not allowed. Noncompliant products discovered after an order is delivered must be returned to the vendor.
- 7. Evaluate all foods made from scratch before selling to students:** The district's procedures for sales of competitive foods must require prior approval to ensure that all competitive foods made from scratch comply with the CNS (refer to "[Foods made from scratch](#)" in this document). These foods cannot be sold to students unless the selling entity has the following documentation on file: 1) an accurate standardized recipe that indicates the calories, fat, saturated fat, trans fat, sodium, and sugars per serving (including the nutrition

Requirements for Competitive Foods in HFC Public Schools

information for any accompaniments served with the food); and 2) the completed CNS worksheet for the applicable food category documenting that the standardized recipe's serving with its accompaniments complies with the CNS (refer to the "[CNS Worksheets](#)" section of the CSDE's CNS webpage).

8. **Develop and implement a fundraiser approval process:** Districts must implement a fundraiser approval process for reviewing fundraisers in advance to determine that they comply with one of the following allowable fundraiser procedures: a) the fundraiser sells compliant foods and beverages to students on school premises and does not occur while any CNPs are operating; b) the fundraiser meets the exemption criteria of the state HFC and beverage statutes and sells noncompliant foods and beverages to students at the location of an event held after the school day or on the weekend, that does not occur while any CNPs are operating (refer to "[Food and Beverage Exemptions](#)" in this document); or c) students take orders for noncompliant foods and beverages off school premises and bring the orders and money to school, but do not pick up the foods and beverages on school premises for delivery to customers. The CSDE's *Sample Fundraiser Form for Healthy Food Certification* provides guidance on developing a district fundraiser approval form. For detailed guidance on the fundraiser requirements, refer to the CSDE's *Requirements for Food and Beverage Fundraisers in HFC Public Schools* and "Module 6: Fundraisers" of the CSDE's *Complying with Healthy Food Certification* training program. For guidance on the state restrictions while CNPs are operating, refer to "[State Competitive Foods Regulations](#)" in this document.
9. **Monitor vending machines operated by an outside vendor:** Districts are responsible for ensuring that all vending machines sell only compliant foods and beverages, regardless of who owns or operates them. The state HFC and beverage statutes prohibit exemptions for vending machines. Districts must prevent substitutions of noncompliant products by: a) clearly communicating to the vending company what foods and beverages are allowed (refer to strategy 1); b) including language in the vending contract that substitutions are not allowed and that the vending company must train their employees who stock the vending machines on this requirement; c) designating school staff to monitor vending machines when they are stocked (refer to strategy 4); and d) refusing delivery of noncompliant products (refer to strategy 6). Vending machines stocked with noncompliant products must be turned off immediately and cannot operate until the vending company removes these products. For detailed guidance on the requirements for vending machines, refer to the CSDE's *Requirements for Foods and Beverages in Vending Machines in HFC Public Schools*.
10. **Monitor compliance:** Develop local procedures for monitoring HFC compliance in all schools, including a process for reviewing and approving fundraisers (refer to strategy 8). The district's designated HFC contact person and other appropriate school staff play a key role in this process and must be supported by the district's administration. For information on the requirements for the HFC contact person, refer to the CSDE's *Responsibilities of District Contact Person for Complying with Healthy Food Certification*.

Requirements for Competitive Foods in HFC Public Schools

Training on these compliance strategies is available in “Module 4: Evaluating Foods for CNS Compliance” of the CSDE’s *Complying with Healthy Food Certification* training program.

Allowable Sales of Noncompliant Foods and Beverages

Noncompliant foods and beverages may be sold to adults (such as school staff and parents) at any time. The state and federal laws for competitive foods apply only to students.

Noncompliant foods and beverages cannot be sold to students on school premises unless the BOE has voted to allow food and beverage exemptions, and the sales occur at the location of an event that meets the exemption criteria of the state HFC and beverage statutes (refer to “[Food and Beverage Exemptions](#)” in this document). For example, cupcakes and lemonade could be sold to students at the location of a school concert (event) that occurs in the evening (after the school day). If the event occurs while any CNPs are operating, Sections 10-215b-1 and 10-215b-23 of the Regulations of Connecticut State Agencies require additional restrictions (refer to “[State Competitive Foods Regulations](#)” in this document).

USDA School Wellness Policy (SWP) Requirements

The LEA’s locally developed SWP may have additional requirements for selling and giving foods and beverages to students. The Child Nutrition and Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) Reauthorization Act of 2004 ([Public Law 108-265](#)) required all schools and institutions participating in the NSLP and SBP to develop a SWP by the first day of school year 2006-07. Section 204 of the Healthy, Hunger-Free Kids Act of 2010 ([Public Law 111-296](#)) strengthened the SWP law by adding requirements for public participation, transparency, and implementation. These requirements were effective August 29, 2016, under the USDA’s final rule, *Local School Wellness Policy Implementation Under the HHFKA of 2010*.

Among other requirements, the LEA’s SWP must include nutrition guidelines for all foods and beverages that are available for sale to students, or provided to students free of charge, on school premises during the school day. At a minimum, the LEA’s SWP for foods and beverages must meet all applicable federal and state nutrition standards and requirements. For more information on SWPs, visit the CSDE’s [School Wellness Policies](#) webpage.

Requirements for Competitive Foods in HFC Public Schools

State Statute Requiring Nutritious and Low-fat Foods

C.G.S. Section 10-221p requires that whenever foods are available for sale to students during the school day, nutritious and low-fat foods must also be available for sale at the same time, either at the location of the food sales or elsewhere in the school. The statute defines “nutritious and low-fat foods” as low-fat dairy foods (such as low-fat cheese and low-fat or nonfat yogurt) and fresh or dried fruit. Low-fat milk is a beverage and cannot be used to meet the statutory requirement for low-fat foods.

Entities that sell foods to students during the school day must also sell low-fat dairy foods and fresh or dried fruit unless these foods are available for sale to students elsewhere on school premises at the same time. For sales consisting of preordered foods, the nutritious low-fat foods specified in the statute must be available for sale when students receive the foods, not when students order the foods. For more information on C.G.S. Section 10-221p, refer to section 4 of the CSDE’s [Questions and Answers on Connecticut Statutes for School Foods and Beverages](#).

State Competitive Foods Regulations

Sections 10-215b-1 and 10-215b-23 of the Regulations of Connecticut State Agencies restrict selling and giving candy, coffee, tea, and soft drinks to students; and regulate the accrual of income from all foods and beverages sold to students anywhere on school premises. These requirements apply to all entities that sell or give foods and beverages to students while any CNPs are operating, including:

- sales of foods at events on school premises that meet the exemption criteria of the state HFC statute;
- sales of beverages at events on school premises that meet the exemption criteria of the state beverage statute;
- fee-based programs and activities on school premises that include the cost of foods and beverages provided to students;
- programs and activities on school premises where students can exchange tickets, coupons, tokens, and similar items for foods and beverages (including tickets and similar items that are sold or given to students);
- student orders for foods and beverages from fundraisers on school premises;
- distribution of fundraiser foods and beverages to students on school premises; and
- fundraisers on school premises that offer foods and beverages to students in exchange for a suggested donation.

Sections 10-215b-1 and 10-215b-23 apply regardless of when students will consume the foods and beverages.

Requirements for Competitive Foods in HFC Public Schools

Section 10-215b-1: Restrictions for candy, coffee, tea, and soft drinks

Section 10-215b-1 of the state competitive foods regulations prohibits selling and giving candy, coffee, tea, and soft drinks to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs.

- “Candy” includes all types of regular and sugar-free varieties, such as chocolates; candy bars; chocolate-covered nuts and fruits; hard candies and lollipops; chewy candies like caramels, taffy, and licorice; jelly candies like gumdrops, gummies, and jelly beans; and breath mints.
- “Coffee” and “tea” include all types, e.g., regular, decaffeinated, herbal and iced.
- “Soft drinks” include all beverages (with or without carbonation) that contain water and/or juice and added sweeteners (including nutritive sweeteners, nonnutritive sweeteners, and sugar alcohols) and may also contain other ingredients such as edible acids, natural or artificial flavors and colors, and added nutrients. Examples include soda (regular and diet), sports drinks (regular, low-calorie, and zero calorie), sweetened beverages (with or without carbonation) that are not 100 percent juice (such as lemonade and fruit punch drinks), and flavored water with added sweeteners.

Depending on when CNPs operate, the CNS, state beverage statute, and Smart Snacks beverage standards may supersede Section 10-215b-1 or Section 10-215b-1 may supersede the CNS, state beverage statute, and Smart Snacks beverage standards. These requirements are summarized below.

- **Selling candy, coffee, tea, and soft drinks:** The CNS and state beverage statute supersede Section 10-215b-1 because they apply at all times, not just while CNPs are operating. Schools cannot sell candy, coffee, tea, and soft drinks to students unless 1) the BOE has voted to allow food and beverage exemptions; 2) the sales meet the exemption criteria of the state HFC and beverage statutes (refer to [“Food and Beverage Exemptions”](#) in this document); and 3) the sales do not occur while any CNPs are operating. Candy, coffee, tea, and soft drinks can never be sold to students from vending machines or school stores. The state HFC and beverage statutes specifically prohibit exemptions for vending machines and school stores.
- **Giving candy, coffee, tea, and soft drinks:** The CNS, Smart Snacks beverage standards, and state beverage statute do not apply when foods and beverages are given to students. However, Section 10-215b-1 prohibits giving candy, coffee, tea, and soft drinks to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs, including during and after the school day. The example below shows how Section 10-215b-1 applies.

Example: The SBP operates from 7:00 a.m. to 8:00 a.m. and the NSLP operates from 11:30 a.m. to 1:00 p.m. Candy, coffee, tea, and soft drinks cannot be given to

Requirements for Competitive Foods in HFC Public Schools

students anywhere on school premises from 6:30 a.m. to 8:30 a.m. and 11:00 a.m. to 1:30 p.m. Some examples include giving candy, coffee, tea, and soft drinks as food rewards; giving candy, coffee, tea, and soft drinks to students at classroom parties; giving students coupons, tickets, tokens, or similar items that can be exchanged for candy, coffee, tea, and soft drinks; and giving candy, coffee, tea, and soft drinks to students in exchange for a suggested donation at a fundraiser.

The CSDE strongly encourages schools to promote consistent health messages to students by eliminating candy, coffee, tea, and soft drinks on school premises. For more information, refer to the CSDE's resources, [Healthy Fundraising](#), [Healthy Celebrations](#), and [Alternatives to Food Rewards](#).

Section 10-215b-23: Accrual of income

Section 10-215b-23 of the state competitive foods regulations requires that the gross income from all foods and beverages sold to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs must accrue to the NSFSA. The NSFSA is the restricted revenue account used only for the operation or improvement of the nonprofit school food service.

All sales of foods and beverages to students anywhere on school premises during this time must comply with this regulation, including:

- sales of foods that comply with the CNS;
- sales of foods at events that meet the exemption criteria of the state HFC statute;
- sales of beverages that comply with the state beverage statute and Smart Snacks;
- sales of beverages at events that meet the exemption criteria of the state beverage statute;
- sales of tickets, coupons, tokens, and similar items that students can exchange for foods and beverages;
- program and activity fees charged to cover the cost of foods and beverages provided to students;
- student orders for foods and beverages; and
- student donations in exchange for foods and beverages.

Requirements for Competitive Foods in HFC Public Schools

The examples below show how Section 10-215b-23 applies to food and beverage sales.

Example 1: A fundraiser on school premises sells foods to students during the school day. These foods comply with the CNS. The SBP operates from 7:00 a.m. to 8:00 a.m. and the NSLP operates from 11:30 a.m. to 1:00 p.m. The NSFSA must receive the fundraiser's income from all foods and beverages sold to students from 6:30 a.m. to 8:30 a.m. and 11:00 a.m. to 1:30 p.m. For more information on fundraisers, refer to the CSDE's [Requirements for Food and Beverage Fundraisers in HFC Public Schools](#).

Example 2: The district's vending machine contract specifies that the school food service department will receive 20 percent of the total vending sales. The NSLP operates from 11:30 a.m. to 1:00 p.m. and the ASP operates from 3:30 p.m. to 4:30 p.m. The NSFSA must receive 100 percent of the vending machine's gross income from all foods and beverages sold to students from 11:00 a.m. to 1:30 p.m. and 3:00 p.m. to 5:00 p.m.

LEAs must ensure that vending machine contracts comply with Section 10-215b-23. All vending machines must be turned off from 30 minutes before up through 30 minutes after the operation of any CNPs unless 100 percent of the gross vending income accrues to the NSFSA.

For more information on Section 10-215b-23, refer to the CSDE's [Overview of Connecticut's Competitive Foods Regulations](#) and [Operational Memorandum No. 1-18: Accrual of Income from Sales of Competitive Foods in Schools](#).

Requirements for Competitive Foods in HFC Public Schools

USDA Regulation for Revenue from Nonprogram Foods

Section 7 CFR 210.14(f) of the NSLP regulations requires that all revenue from the sale of nonprogram foods must accrue to the NSFSA. “Nonprogram foods” are foods and beverages purchased using funds from the NSFSA and sold to students or adults at any time or location on school premises, other than reimbursable meals served through the CNPs.

Nonprogram foods include all foods and beverages sold in schools, adult meals, outside-of-school hours, and catering or vending activities. They also include competitive foods purchased using funds from the NSFSA, such as cafeteria a la carte sales or foods and beverages for vending machines operated by the food service department. For most school food authorities (SFAs), cafeteria a la carte sales account for the majority of nonprogram foods. Another common source is vending machines operated by the NSFSA.

Nonprogram foods are different from competitive foods. Competitive foods include all foods and beverages available for sale to students on school premises separately from reimbursable meals served through the CNPs, regardless of the funding source that purchased them. Some competitive foods are nonprogram foods because they are purchased using funds from the NSFSA, but many are not. For example, funds from the NSFSA might be used to purchase competitive foods that are sold from vending machines in the cafeteria; however, NSFSA funds are not typically used to purchase competitive foods that are sold from school stores and fundraisers.

This regulation also requires that when school food service labor is used to prepare foods for an outside entity (such as catering), the SFA must ensure that all costs, including labor and any other costs incurred, are covered by the entity being served by the school food service program. For more information, refer to [USDA Memo SP 13-2014: School Food Service Account Revenue from the Sale of Nonprogram Foods](#) and [USDA Memo SP 20-2016: Nonprofit School Food Service Account Nonprogram Food Revenue Requirements](#).

Requirements for Competitive Foods in HFC Public Schools

State Statute for Permissible Use of Vending Machine Income (ADS-BESB)

C.G.S. Section 17a-818 (formerly Section 10-303) requires that the Connecticut Department of Aging and Disability Services, Bureau of Education and Services for the Blind (ADS-BESB) has the right of first refusal to place vending machines in public buildings, including schools. A school district must grant a permit to ADS-BESB to operate a vending machine if the school district has determined that a vending machine is desirable in the location.

School districts cannot allow another organization to place a vending machine in a school building unless 1) the school district has first offered to grant a permit to ADS-BESB to operate the vending machine; and 2) ADS-BESB has declined the opportunity. C.G.S. Section 17a-818 does not apply to vending machines that are owned and operated by the school district without outside assistance. For additional guidance, refer to “[Placement of Vending Machines \(ADS-BESB\)](#)” in the “Laws/Regulations” section of the CSDE’s Competitive Foods in Schools webpage.

This document is available at https://portal.ct.gov/-/media/SDE/Nutrition/HFC/Requirements_Competitive_Foods_HFC.pdf.

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/ad-3027.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

1. mail: U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410; or
2. fax: (833) 256-1665 or (202) 690-7442; or
3. email: program.intake@usda.gov

This institution is an equal opportunity provider.

The Connecticut State Department of Education is committed to a policy of equal opportunity/affirmative action for all qualified persons. The Connecticut Department of Education does not discriminate in any employment practice, education program, or educational activity on the basis of race; color; religious creed; age; sex; pregnancy; sexual orientation; workplace hazards to reproductive systems, gender identity or expression; marital status; national origin; ancestry; retaliation for previously opposed discrimination or coercion, intellectual disability; genetic information; learning disability; physical disability (including, but not limited to, blindness); mental disability (past/present history thereof); military or veteran status; status as a victim of domestic violence; or criminal record in state employment, unless there is a bona fide occupational qualification excluding persons in any of the aforementioned protected classes. Inquiries regarding the Connecticut State Department of Education's nondiscrimination policies should be directed to: Attorney Louis Todisco, Connecticut State Department of Education, by mail 450 Columbus Boulevard, Hartford, CT 06103-1841; or by telephone 860-713-6594; or by email louis.todisco@ct.gov.
