

Records Retention Requirements for the Summer Food Service Food Program

This document addresses the records retention requirements for Connecticut sponsors of the U.S. Department of Agriculture's (USDA) [Summer Food Service Program \(SFSP\)](#). These requirements apply to all school food authorities, private non-profit organizations, municipalities, residential camps, and institutes of higher learning that participate in the SFSP.

USDA Requirements

All SFSP sponsors must comply with the records retention requirements below. These requirements apply to SFSP sponsors that self-operate their food service program and SFSP sponsors that vend their food service program through a [food service management company \(FSMC\)](#).

- Maintain all necessary records for a period of three years after submission of the final claim for reimbursement for the fiscal year.
- If audit findings have not been resolved, retain records beyond the three-year period, for as long as required to resolve the issues raised by the audit.

SFSP sponsors should check with their governing authority to determine if local records retention requirements are more stringent.

Required Records

The required records that must be maintained include all records related to the SFSP. The list below includes some examples but is not all inclusive.
