

School Food Authority On-site Review Checklist for the National School Lunch Program

Assessment of the meal counting and claiming system and readily observable general areas

The U.S. Department of Agriculture (USDA) regulations [7 CFR 210.8\(a\)\(1\)](#) and [7 CFR 220.11\(d\)\(1\)](#) require that **prior to February 1** of every school year, each school food authority (SFA) with more than one school must perform at least one on-site review of the meal counting and claiming system and the readily observable general areas of review identified under [7 CFR 210.18\(h\)](#) in each school operating the National School Lunch Program (NSLP) and 50 percent of schools operating the School Breakfast Program (SBP) under its jurisdiction. Schools are defined by [7 CFR Part 210.2](#) and include residential child care institutions (RCCIs).

Each on-site review must ensure the school’s monthly claim for reimbursement is based on the counting and claiming system, as implemented, and yields the actual number of reimbursable free, reduced-price, and paid meals, respectively, served for each day of operation. If the review discloses problems with a school’s meal counting and claiming procedures or general review areas, the SFA must ensure that the school implements corrective action. The SFA must conduct a follow-up on-site review **within 45 days** to determine that the corrective action resolved the problems.
