General Program Status Updates

- Area Eligibility
- 'SUN' Rebranding

Consolidated Appropriations Act, 2023 also known as Omnibus Appropriations Act

Background

- In December 2022, congress permanently authorized two new summer nutrition operations nationwide through the Consolidated Appropriations Act, 2023
 - Non-congregate Summer Meals in Rural Areas: First available in summer 2023
 - Summer EBT: Starting summer 2024

<https://www.fns.usda.gov/pl-117-328>

Interim Final Rule: Establishing the Summer EBT Program and Rural Non-Congregate Option in the Summer Meal Programs

Interim Final Regulation

- Amended the Summer Food Service Program (SFSP) and the National School Lunch Program's Seamless Summer Option (SSO) regulations to codify the flexibility for rural program operators to provide non-congregate meal service
- Also establishes regulations and codifies the Summer EBT Program in the Code of Federal Regulations

<https://www.fns.usda.gov/summer/fr-122923>

Interim Final Rule: Establishing the Summer EBT Program and Rural Non-Congregate Option in the Summer Meal Programs

Rural Non-Congregate Summer Meals Basics

- In SFSP and SSO area eligible locations can be reimbursed for all non-congregate meals
- Under the IFR non-congregate meals are available only in
 - Rural areas
 - With no congregate meal service
- Option for usual area eligibility rules or “conditional sites”

Rural Non-congregate Summer Meals Integrity Assurance

- Congregate and non-congregate sites will not serve the same population of children for the same meal service on the same day
- Sponsors opting to distribute meals to parents or guardians on behalf of their children must ensure through documented procedures that meals are only distributed to parents or guardians of eligible children and that duplicate meals are not distributed to any child

<https://www.fns.usda.gov/sfsp/best-practices-determining-site-proximity>

Interim Final Rule: Establishing the Summer EBT Program and Rural Non-Congregate Option in the Summer Meal Programs

Congregate or Non-congregate Meal Considerations

When determining if an area is served by a congregate site, consider the following

- Any physical conditions or other barriers
- Limited capacity of a congregate site that prevents it from serving the community at large
- Sites serving the same children on different days, different weeks, or for different meals on the same day
- Sites appealing to specific age groups or to children with unique dietary requirements

Interim Final Rule: Establishing the Summer EBT Program and Rural Non-Congregate Option in the Summer Meal Programs

Congregate or Non-congregate Meal Considerations

Program regulation contains the following stipulation to approve meal sites to operate both congregate and non-congregate meal services

- The proposed site will only conduct a non-congregate meal service when the site is not providing a congregate meal service (7 CFR 225.6(h)(4)(ii))
- The sponsor proposes an organized and supervised system to prevent overlap between meal services and reasonably ensures children are not receiving more than the daily maximum allowance of meals as required in 7 CFR 225.16(b)(3) (7 CFR 225.6(h)(4)(iii))

Interim Final Rule: Establishing the Summer EBT Program and Rural Non-Congregate Option in the Summer Meal Programs

The IFR expands the definition of “Rural,” to include

1. Any area in a county not part of a Metropolitan Statistical Area based on the Office of Management and Budget’s Delineations of Metropolitan Statistical Areas
2. Any area in a county classified as a non-metropolitan area based on USDA Economic Research Service’s Rural-Urban Continuum Codes and Urban Influence Codes
3. Any census tract classified as a non-metropolitan area based on USDA Economic Research Service’s Rural-Urban Commuting Area codes

Interim Final Rule: Establishing the Summer EBT Program and Rural Non-Congregate Option in the Summer Meal Programs

The IFR expands the definition of “Rural,” to include

- 4. Any area of a Metropolitan Statistical Area (MSA) which is not part of a Census Bureau defined urban area**
- 5. Any area of a State which is not part of an urban area as determined by the Secretary**
- 6. Any subsequent substitution or update of the classification schemes that Federal governing bodies create, or**

Interim Final Rule: Establishing the Summer EBT Program and Rural Non-Congregate Option in the Summer Meal Programs

The IFR expands the definition of “Rural,” to include

7. Any “pocket” within a Metropolitan Statistical Area which, at the option of the State agency and with FNSRO approval, is determined to be rural in character based on other data sources

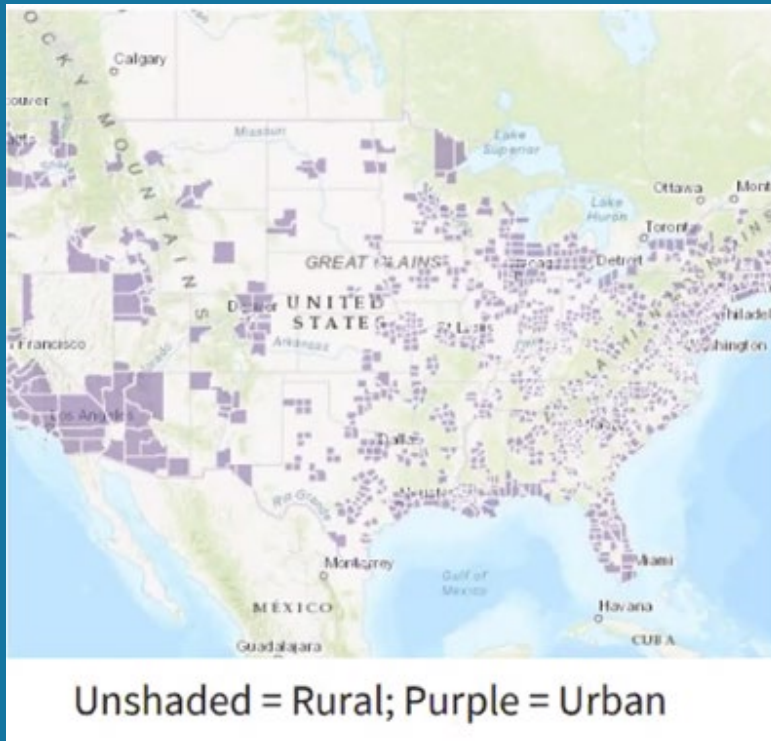

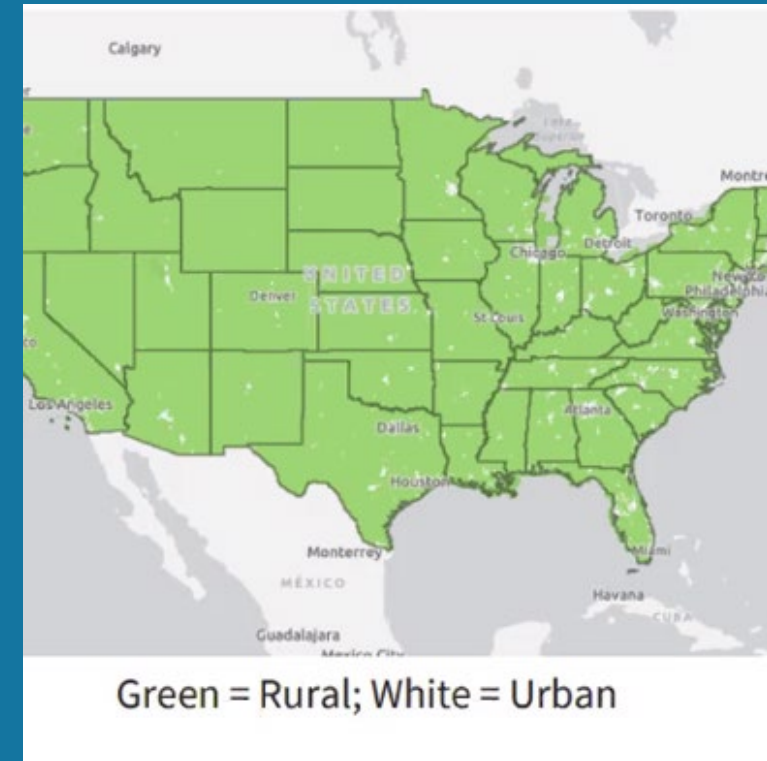

Interim Final Rule: Establishing the Summer EBT Program and Rural Non-Congregate Option in the Summer Meal Programs

USDA Rural Designation Map before the Interim Final Rule

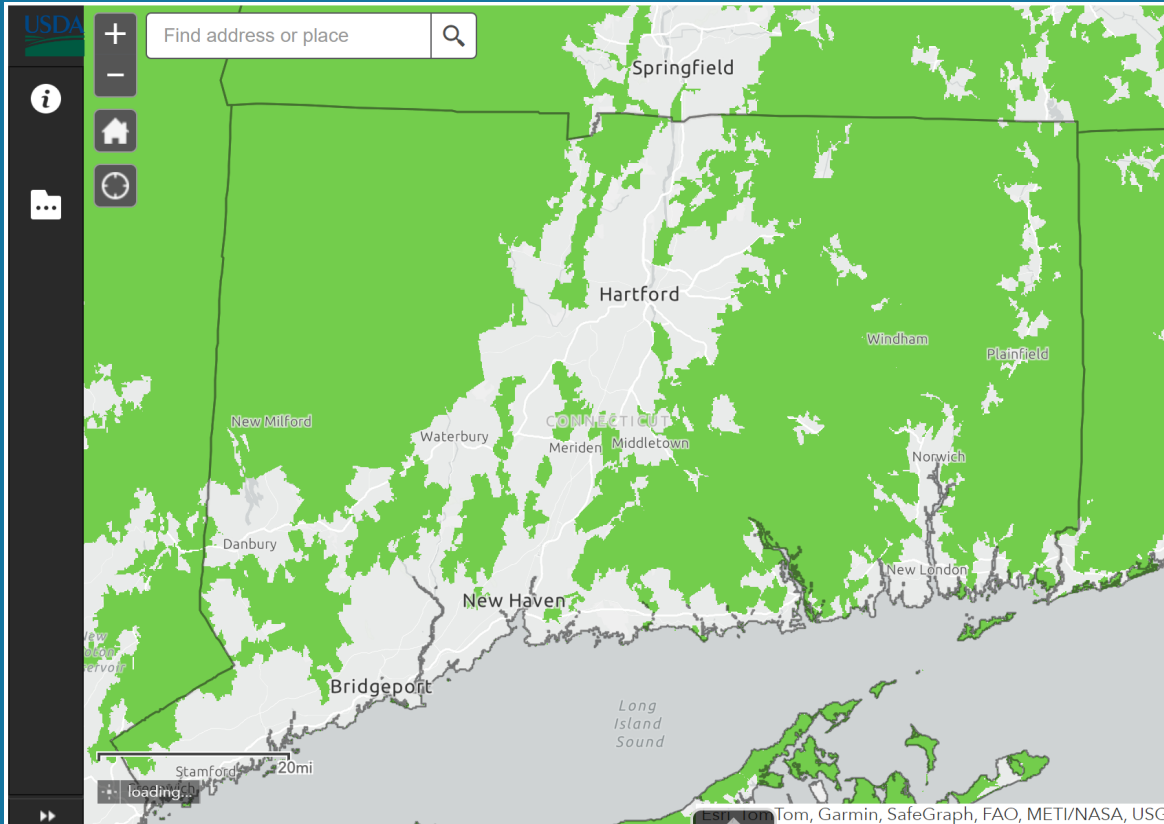

USDA Rural Designation Map after the Interim Final Rule

<https://www.fns.usda.gov/sfsp/rural-designation>

USDA Rural Area Map Implications for Connecticut

- Expands the “rural” areas in Connecticut
- Prior to the IFR, Litchfield County was the only area in the state defined as “rural”
- With the expansion of the definition of rural in the IFR areas there are more potential rural areas in Connecticut

<https://www.fns.usda.gov/sfsp/rural-designation>

Interim Final Rule: Revised “Site” Definitions

Site: A place where a child receives a Program meal

- A site may be the indoor or outdoor location where congregate meals are served, a stop on a delivery route of a mobile congregate meal service, or the distribution location or route for a non-congregate meal service
- Please note: a child's residence is not considered a non-congregate site

Rural Non-congregate Summer Meals Revised “New Site” Definition

New Site

- A site which did not participate in the Program in the prior year
- An experienced site that is proposing to operate a non-congregate meal service for the first time, or
- As determined by the State agency, a site which has experienced significant staff turnover from the prior year
- Sites switching from congregate meal service to non-congregate in summer 2024, are considered new sites
- Sites switching from congregate meal service to operating a hybrid site (operating congregate and non-congregate meal service at the same site) are considered new sites

Rural Non-congregate Summer Meals Revised “Conditional Non-congregate Site ” Definition

Conditional Rural Non-congregate Site: a site that qualifies for Program participation because it

- conducts a rural non-congregate meal service for eligible children
- is in an area that does not meet the definition of “areas in which poor economic conditions exist”
- is not a camp, as defined in the same section

Rural Non-congregate Summer Meals “Good Standing” Definition

Good Standing

- Good standing means the status of a Program operator that meets its Program responsibilities, is current with its financial obligations, and, if applicable, has fully implemented all corrective actions within the required time
- Sponsors must be considered in good standing to operate a non-congregate meal service

Additional Rural Non-congregate Summer Meals Details

- Meal service distribution/delivery times must be specified
- Sponsors are not required to serve breakfast in the morning or allow one hour between meal service distributions
- Second meals are not permitted through non-congregate meal service
- Usual area eligibility rules apply to distribution sites unless operating a “conditional site”

Rural Non-congregate Summer Meals Prevent Meal Duplication

- State agencies must ensure that the congregate and non-congregate sites will not serve the same population of children for the same meal service on the same day
- Sponsors opting to distribute meals to parents or guardians on behalf of their children must ensure through documented procedures that meals are only distributed to parents or guardians of eligible children and that duplicate meals are not distributed to any child
- Refer to existing site proximity guidance: SFSP 15-2023: Best Practices for Determining Proximity Sites in SFSP (<https://www.fns.usda.gov/sfsp/best-practices-determining-site-proximity>)

Non-congregate Meal Distribution Methods

Meal pick-up

Packaged meals are taken home for children to eat later

- “grab and go”
- curbside service
- take-home backpacks

Home delivery

Meals are delivered directly to homes;
delivery could be completed by

- mail or delivery service
- hand-delivered by the sponsor’s staff, or volunteers

Rural Non-Congregate Meals Monitoring Requirements

- Per 7 CFR 225.15(d), monitoring requirements for rural non-congregate meal service is the same as congregate meal sites
 - Pre-operational at new sites and sites with operational challenges in the preceding year
 - Initial Site Visit at new sites and sites with operational challenges in the preceding year
 - Foodservice Review at all meal sites, and every stop of a mobile route
- Sponsors may conduct an initial site visit and foodservice review at the same time, but within the first two weeks of operation
- If sponsors need to conduct additional reviews after the initial site visit and full meal service review have been completed on-site, and if no further on-site observation is needed, the State agency may establish off-site monitoring criteria

Rule: Streamlining Program Requirements and Improving Integrity in SFSP

- The final rule does not introduce new program requirements, but instead further aligns SFSP requirements with other integrity measures used in the Child and Adult Care Food Program (CACFP)
- Child nutrition program performance standards are commonly referred to as “VCA,” which stands for viability, capability, and accountability

[https://www.ecfr.gov/current/title-7/subtitle-B/chapter-II/subchapter-A/part-225#p-225.6\(d\)](https://www.ecfr.gov/current/title-7/subtitle-B/chapter-II/subchapter-A/part-225#p-225.6(d))

 - Performance Standard 2 – Administrative Capability
 - Performance Standard 3 – Internal Controls for Program Accountability

[https://www.ecfr.gov/current/title-7/subtitle-B/chapter-II/subchapter-A/part-225#p-225.6\(d\)](https://www.ecfr.gov/current/title-7/subtitle-B/chapter-II/subchapter-A/part-225#p-225.6(d))

- On February 21, 2024, FNS published a proposed rule Serious Deficiency Process in the Child and Adult Care Food Program and Summer Food Service Program
- Establishes a serious deficiency process for SFSP sponsors (7 CFR 225.18)

<https://www.ecfr.gov/current/title-7/subtitle-B/chapter-II/subchapter-A/part-225/subpart-D/section-225.18>

Proposed Rule: Serious Deficiency Process in the CACFP & SFSP

Overview of Proposed Changes to SD Process

- Establishes a serious deficiency process in SFSP
- Redefines what triggers the SD process as “serious management problems”
- Changes the point at which program operators are declared seriously deficient
- Codifies the analysis process to identify serious management problems, as described in the Serious Deficiency Handbook
- Creates a path to full correction of the serious management problems

Proposed Rule: Serious Deficiency Process in the CACFP & SFSP

Proposed Six Step Requirements of SD Process

1. Identify serious management problems
2. Issue a notice of serious management problems
3. Receive and assess the program operator's written corrective actions
4. Issue notice of successful corrective action or a notice of proposed termination with appeal rights
5. Provide a fair hearing, if requested
6. Issue notice of successful appeal if the fair hearing vacates the proposed termination, or issue a notice of termination, serious deficiency, and disqualification, if the fair hearing upholds the proposed termination or the timeframe for requesting a fair hearing has passed
