In 2016, Krista Weltner obtained a Master's in Fine Arts from the University of Connecticut, where she presented her master's project and short film, Partially Compensated, which was inspired by her experience with dyslexia. This short film has been seen in film festivals worldwide and has afforded her numerous opportunities to engage and advocate with others for a more inclusive world.

Through virtual streaming opportunities provided to Connecticut schools, students are invited to join Krista for a virtual viewing of her short film. Krista will also answer questions and engage students in a discussion about the arts.
