

Data Acquisition Plan

2025-26

Updated 09/05/2025

Foreword

The Connecticut State Department of Education (CSDE) collects data about students, staff, schools, programs, districts, and fiscal resources from local educational agencies and other service providers. These data help the CSDE make data-informed policy, guide decision-making, meet federal and state compliance and other reporting requirements, distribute funding, inform accountability and support, facilitate research, and report information to the public with the ultimate goal of improving educational outcomes for all students.

This *Data Acquisition Plan* summarizes the data system and forms used to collect these data. It is designed largely to help local school districts prepare for state data collections during the school year. To that end, this year's plan is available as a spreadsheet on the next tab.

We welcome your feedback on additional ways the CSDE can streamline its work and increase efficiencies. Please do not hesitate to contact Ajit Gopalakrishnan, Chief Performance Officer at ajit.gopalakrishnan@ct.gov.

Thank you for your continued commitment to this important endeavor.

Charlene M. Russell-Tucker
Commissioner of Education

Data Acquisition Plan 2025-26																			
Office	Category	Form (a link to mark information is provided if one exists)	Collection Name	Collection Purpose	Deadline (Timely)	Funding	Legislative Compliance	Primary Contact	Phone (860)	Email	Public School Districts	CTECS	Regional Education Service Centers	Public Charter Schools	Endowed and Incorporated Academies	College Affiliated School s	Approved Private Special Education Programs	State Agencies (USD#1, USD#2, DMHAS)	Standard Nonpublic (Private Schools)
