**ED166 STUDENT DISCIPLINARY OFFENSE COLLECTION
CONTACT VERIFICATION & UPDATES**

The ED166 2025-26 collection is now open.

Good afternoon,

There are two updates to the 2025-26 ED166 collection:

Beginning with the current 2025-26 school year **Bullying will no longer be collected in the ED166**. Although districts are still required to maintain data regarding bullying and challenging behaviors, according to [P.A. 23-167, Sec. 87](#), districts are no longer required to report verified acts of bullying to the CSDE.

The ED166 record layout will not change; the field is now considered disallowed and will be ignored if populated.

New for the 2025-26 SY-a fall collection will now take place for all districts. The records are **due November 14** and should include all incidents that took place from the beginning of the school year until October 31, 2025. This collection is similar to mid-year, an administrator does not need to certify.

Please review the contact information below for your district. If anything is incorrect, the information must be updated on the District Profile page within the ED166 application. **All updates must be made directly in the system; they cannot be made from the CSDE side. No action is needed if the information below is correct.**

(REMOVED - district contact information was listed here)

All new CSDE web content must be ADA compliant. 2025-26 documentation will be posted once it clears accessibility checks.

Have a great day,
