Field Descriptions (in alphabetical order)

Date of Birth - Student's date of birth in the format MMDDYYYY where "M" = Month, "D" = Day, "Y" = Year. This field is mandatory for register, change, unregister and all collections. This field is used as a confidence field in change and unregister, meaning that it is an identifier used with SASID to match the registration record to edit. Change records will be rejected if *both* the Formal Last Name and Date of Birth differ from the existing values in Registration. For unregister, the value may not differ from the value currently in Registration.

District Student ID - ID generated by local district/school based system. This field is recommended for register, change, all collections and disallowed for unregister.

Dominant Language Code - Dominant language as described in Table D. This field is mandatory for all collections, however may be blank or zero for grades "P3" and "PK".

In accordance with Section 10-17e-j, inclusive, of the Connecticut General Statutes (C.G.S.), all kindergarten through grade 12 students (including exchange students) must receive a preliminary assessment of dominant language using one of the following methods:

Personal contacts with the people with whom the student lives by someone fluent in the presumed dominant language; Questionnaires written in English and the presumed dominant language given to the people with whom the student lives; Personal interviews with the student in the presumed dominant language (grades 4-12 only); or School records (only when unable to use one of the methods described above).

For the purpose of this assessment, the student's dominant language is that which meets at least two of the following criteria: 1) the language that the student learned first; 2) the primary language spoken by the student's parents, guardians, or other people with whom the student lives; and 3) the primary language spoken by the student at home.

Eligible for free/reduced price meals - Is this student eligible for free or reduced price meals or free milk in accordance with the Income Guidelines for the National School Lunch Program? If the student is eligible for free lunch and/or free milk, the code "F" should be used, if the student is eligible for reduced lunch the code "R" should be used. ("F" - Free, "R" - Reduced, "N" - No). This field is mandatory for all collections.

A determination must be made for each student even if the school does not participate in the National School Lunch Program. The Income Guidelines for the National School Lunch Program may be found in Appendix B.

The poverty status of students in National School Lunch Program Provision 2 or Provision 3 schools needs to be ascertained only once in every four years. You may use their status in the baseline year for PSIS reporting. For students who enter a Provision 2 or Provision 3 school after the baseline year, you should try to ascertain their poverty status from existing records to the extent possible. This would include the poverty status determined the prior year on PSIS by another school district. Determination of poverty status need not meet the rigor of the criteria for certification under the National School Lunch Program guidelines. If a new student's poverty status cannot be determined reasonably, then he/she should be reported as free or reduced on PSIS based on the criteria in Appendix B. This student would then be reassessed and certified up to 4 years after the baseline period. At the end of a four-year cycle in a Provision 2 or Provision 3 school, all students' poverty status must be reassessed and certified and the eligibility data on PSIS updated unless the school is given an extension by the Bureau of Health/Nutrition, Family Services and Adult Education.

Remember that **free or reduced** on PSIS is not necessarily the same as certified as being eligible for the National School Lunch Program. For example, a high school student who was reported as eligible as a middle school student or has a younger sibling who is eligible, should be reported as "F" – Free or "R" - Reduced here, even though he/she does not participate in the National Free Lunch Program.

Definitions and code lists for the above data elements will be available on our help site (http://www.csde.state.ct.us/public/studentID) ELL Program Code (formerly LEP Program Code) – See Table I. This field is conditional for all collections.

English Language Learner (ELL) – Formerly Limited English Proficient (LEP)

Student is English Language Learner ("Y" – Yes, "N" – No). An entry in this field is mandatory for all collections; determination of ELL status is mandatory for grades K-12 and optional for PreK (may report "N" for all PreK students).

Because the Department is currently reviewing all statutes and regulations in light of No Child Left Behind (NCLB), it is recommended that the following three-step process be followed in determining whether a student is an English Language Learner. These steps include:

1. Administration of a three-question survey (preliminary assessment of dominant language) e.g., what language did you (your child) learn to speak first? What is the primary language spoken by you (your parents /guardians) or other persons living in your home? What is the primary language spoken by you (your child) at home?

2. Use of a dual language test **or** an observation procedure to determine a student's dominant language (final determination of dominant language); and

3. Determining whether a student's English proficiency is limited based on three indicators:

- a standardized English proficiency test;
- an oral interview conducted in English; and
- an examination of other indicators such as report cards, test scores, etc. that demonstrate whether achievement in
 academic subjects taught in English is below average. These may be available if a student is new to your school
 and brings his/her school records. For new students without records, a determination of academic functioning
 within the classroom will need to be made.

If as a result of the assessment it is determined that the student is an English Language Learner, an appropriate program of English language instruction must be provided and the student must be entered as ELL.

If 20 or more students are identified with the <u>same</u> dominant language, a program of bilingual education must be provided in the following school year.

Enrolled at No Local Expense Code – This field reflects the student's status for Facility Code 1. Two-digit code for students enrolled at no local expense. See Table J for descriptions of students for whom this field is a requirement. Please call David Twedt at (860) 713-6492 or Kevin Chambers at (860) 713-6455 if you have any questions about these codes and how they may apply to your students. This field is mandatory for all collections.

Exit Type – See table N. This field is mandatory for unregister and disallowed for register. For change, this field is only mandatory if the Facility Code 1 is changing (student is transferring to another facility in the same district), otherwise the field is disallowed.

Exit Status – See table O. This field is mandatory for unregister and disallowed for change and register.

Facility Code 1 – Seven-digit code of the school attended by the student. For change, this is the school the student will be newly attending. See Table A for a listing of all public schools and private special education facilities. This table also includes special school codes for out-of-state facilities and day treatment facilities. If a student is in a municipal detention center, attends Bristol Technical Education Center (BTEC), or is homebound, please use the facility code for the school he/she would otherwise attend. If you are unable to locate a school code for a student, a generic "Other" code is provided for your use. You are limited to the "Other" code which includes, in its string, your own town code. If you have questions about using "Other," please call David Twedt at (860) 713-6492 or Kevin Chambers at (860) 713-6455. This field is mandatory for register and change, all collections and disallowed for unregister.

Please note the following, with regard to use of the generic PreK codes:

For the Head Start codes XXX8641

- Head Start students who are served/educated in an inclusive PreK school, e.g., Little Pumpkins Elementary PreK-5, should be coded to the Little Pumpkins school in Facility Code 1. For the field PreK Program Status Code, a number of choices are available, including Head Start – Federal and Head Start – State.
- For Head Start students who are served/educated in one of your schools not having PreK as a grade, you may require a (new) district-wide PreK school code. Please contact Amarildo Monsalve at (860) 713-6877 to discuss your PreK program. Again, be sure to use the appropriate PreK Program Status Code.
- For Head Start students who are served/educated in a building other than one of your schools, you should use the assigned Facility code for that school; if no facility code has been assigned, you may use Facility Code XXX8641 Head Start. Each student's PreK Program Status Code would likely be Head Start – Federal or Head Start – State, as appropriate. See the full list of PreK Program Status Codes in Table F of the Record Layout for additional selections.

Note that new facility codes exist for these schools due to the PreK Information System (PKIS) system. So be sure to check the most current list of codes in PSIS before using the generic XXX8641 code. If you have questions regarding the use of these codes, please contact Kendra Shakir at (860) 713-6896.

For the Community-based PreK codes XXX8741

PreK students who are served/educated in private, community-based programs may be assigned to XXX8741. For example:

- Johnny Smith attends ABC Preschool. Johnny is enrolled in Hershey Public Schools, and Hershey Public Schools pay for Johnny's tuition at ABC Preschool. For PSIS, Hershey Public Schools should use the assigned Facility code for ABC Preschool. If no facility code has been assigned you may use XXX8741. Report the students total days and hours covered under the tuition paid by the public school.
- Johnny Smith attends ABC Preschool. Johnny's mom and dad pay his tuition. However, Johnny is enrolled in Hershey Public Schools, and has an IEP that calls for services. Hershey Public Schools sends an instructor out to ABC Preschool to provide his instruction. For PSIS, Hershey Public Schools should use the assigned Facility code for ABC Preschool and limit the days and hours reported to the services they provide. If no facility code has been assigned, you may use XXX8741.

Note that new facility codes exist for these schools due to the PKIS system. So be sure to check the most current list of codes in PSIS before using the generic XXX8741 code. If you have questions regarding the use of these codes, please contact Kendra Shakir at (860) 713-6896.

Facility Code 2 – There are three sets of circumstances which dictate the use of this field:

(1) This facility code will be **conditional** for students with <u>select</u> special program status codes. For example, students attending two facilities in accordance with an IEP or other special circumstances (i.e., students attending one facility for academics and another for other mandated programs like drug/alcohol rehab/anger management, etc.) must have the second facility reported via the *Facility Code 2* field.

(2) Facility Code 2 is required for students attending part-time magnets (see Appendix C, CSDE Approved Magnet Schools 2009-10) and vocational agriculture classes in Bloomfield, Glastonbury and Bridgeport through a shared-time arrangement in accordance with C.G.S. 10-65b. For these part-time magnet and shared-time vocational agriculture situations, there are no corresponding *Special Program Status Codes*. By virtue of your entries in *Facility Code 2*, the Bureau of Grants Management will assign credit for either magnet operating or vocational agriculture grants, as appropriate. Please contact Kevin Chambers at (860) 713-6455 if you have questions about the use of *Facility Code 2* under these circumstances.

- If your district provides the academic instruction to a student also attending a part-time magnet, you will use Facility Code 1 to indicate the school in which the student receives his/her academic instruction. You will use Facility Code 2 to reflect the student's part-time magnet program. The Facility Codes 2 for the part-time magnets are: Greater Hartford Academy of Math & Science 2419800; Greater Hartford Academy of the Arts 2419900; Academy of Performing Arts 2436400; Regional Center for the Arts 2439900; ACES Educational Center for the Arts 2449900; and Arts at the Capitol Theatre 2536200. You may need to contact your local high school(s) for a list of affected students, in the event that your local student database does not currently identify this group of students.
- If your district provides the academic instruction to a student who leaves your district to pursue VoAg instruction in one of these three shared-time centers, you will use Facility Code 1 to indicate the school in which the student receives his/her academic instruction. You will use Facility Code 2 to reflect the student's appropriate shared-time VoAg program. The Facility Codes 2 for the shared-time VoAg centers are: Vocational Agriculture Center at Bloomfield High School 0116100; Bridgeport Regional Vocational Aquaculture Center 0156400; and Vocational Agriculture Center at Glastonbury High School 0546100. You may need to contact your local high school(s) for a list of affected students, in the event that your local student database does not currently identify this group of students.

(3) Facility Code 2 is required for students participating in the OPEN Choice program who are attending a private special education facility or RESC-operated special education facility as a result of his or her Individualized Education Program (IEP). In this case, Facility Code 2 should reflect the facility at the OPEN Choice receiving district the student would otherwise attend if not outplaced. Refer to Appendix F, Guidelines for Reporting OPEN Choice Students, for further information.

This field is **conditional** for all collections where students meet the criteria outlined above under (1). It is **required** for all collections where students meet the criteria outlined above under (2) and (3). This field is disallowed for unregister and optional for register and change.

Facility/Grade Entry Date – The date the student entered the new school and/or grade. The "new" school is defined as the Facility Code 1 or 2 school which the student will be attending after the register or change is processed. The "new" grade is defined as the grade which the student will be in after the register or change is processed. This field is ignored in unregister. Keep in mind that a change may be used for the summer rollup process, in which a student may enter both a new school and a new grade on the same day. Additionally, if both Facility Code 1 and Facility Code 2 differ between the existing Registration data and the change record, the Entry Date given will be applied to both. This field is mandatory in register and change, and disallowed in unregister.

Definitions and code lists for the above data elements will be available on our help site (http://www.csde.state.ct.us/public/studentID)

Facility/Grade Exit Date – The date the student left the previous school/grade. The "previous" school is defined as the Facility Code 1 or 2 school of record before the change or unregister is processed. This is the Facility Code 1 or 2 school the student is leaving. The "previous" grade is defined as the grade of record before the change or unregister is processed. Keep in mind that a change may be used for the summer rollup process, in which a student may leave both a previous school and a previous grade on the same day. Additionally, if both Facility Code 1 and Facility Code 2 differ between the existing Registration data and the change record, the Exit Date given will be applied for both. This field is disallowed in register, and mandatory in change and unregister.

Formal First Name - Student's formal first name. Be especially careful where first initial and middle name comprise the entry for this field. Please be sure to use the student's full, formal first name. See "Name Edits" below. This field is mandatory for register, change, and all collections, and disallowed for unregister.

Formal Last Name - Student's formal last name. See "Name Edits" below. This field is mandatory for register, change, and all collections, and disallowed for unregister.

Formal Middle Name - Student's formal middle name. If you have only the student's middle initial, please report it. It will be accepted. This field is recommended for register, change, and all collections, and disallowed for unregister. See "Name Edits" below.

Name Edits

- Records will be rejected if the first, middle, or last name fields include: a TAB, a carriage return, a line feed, or any non-alphabetic character such as 0 1 2 3 4 5 6 7 8 9 ~ ! @ # \$ % ^ & * + = / \ | { }() []`:?; <> ", Note that commas have been accepted in prior collections. This is the first time that commas will not be allowed in the name fields
- Records will be rejected if the first, middle, or last name include 1) one or more consecutive spaces at the beginning of the field or 2) two or more consecutive spaces embedded in the field
- Records will be rejected if the first, middle, or last name include special alphabetic characters from languages other than English
- Records will be rejected if the first, middle, or last name includes a nickname within parentheses or quotation marks.
- Records will be rejected if the Collection First Name does not match the Registration First Name <u>AND</u> the Collection Last Name does not match the Registration Last Name
- Records will be rejected if the first, middle, or last name includes more than one accent, single quote, or apostrophe
- Records will generate an "informational edit" if the first, middle, or last name includes a single alphabetic character followed by 1) a space and one or more alphabetic characters, 2) a period, space, and one or more alphabetic characters, or 4) a space, a period, and one or more alphabetic characters, or 4) a space, a period, and one or more alphabetic characters.
- Records will generate an "informational edit" if the first or last name is a single alphabetic character
- Records will generate an "informational edit" if the first, middle, or last name includes a Generation Suffix, e.g., Jr., I, II, III, etc.
- Change records will be rejected if *both* the Formal Last Name and Date of Birth differ from the existing values in Registration.
- Change records will be rejected if the Formal First Name differs from the current value in Registration.

Gender Code - Gender code ("M" – Male, "F" – Female). This field is mandatory for register, and disallowed for change and unregister.

Generation Suffix - Student's generation suffix. For example Jr,Sr,I,II,III,IV,V,VI. This field is recommended for register and change, all collections and disallowed for unregister.

Gifted and Talented – See table K. This field is mandatory for all collections.

- Gifted a child identified by the planning and placement team as gifted and talented on the basis of either
 performance on relevant standardized measuring instruments, or demonstrated or potential achievement or
 intellectual creativity or both. The term shall refer to the top five percent of children so identified. (Note: The term
 means 5% of the children so identified as gifted and talented within the district.)
- Talented a child identified by the planning and placement team as gifted and talented on the basis of demonstrated or potential achievement in music, the visual arts or the performing arts. The term shall refer to the top five percent of children so identified. (Note: The term means 5% of the children so identified as gifted and talented within the district.)
- Identified The student has been identified as gifted and/or talented but is not being served
- Served The student has been identified as gifted and/or talented and is being served

Grade Code – Grade code as described in Table C. For change, this is the grade the student will be entering at the Facility Code 1 school. Please see Appendix D for information regarding PreK students. This field is mandatory for registration, change and all collections, and disallowed for unregister.

For students with disabilities, report the grade in which the student is enrolled. When in doubt, check the student's IEP. After having checked the IEP, if you are still unable to make a determination, report the age-appropriate grade for the student.

Age-appropriate grade is defined by using the same criteria outlined for Connecticut Mastery Test (CMT) and Connecticut Academic Performance Test (CAPT) and follows the "1/1 rule." That is: if the student is age six by January 1, report him/her in grade 01; if the student is age nine by January 1, report him/her in grade 04; if the student is age thirteen by January 1, report him/her in grade 08; etc.

Group Code - This field is typically used to pass on to a vendor for sorting of CMT labels. This field is optional for all collections.

Group Name - This field is typically used to pass on to a vendor for sorting of CMT labels. This field is optional for all collections.

Homeless – Homeless as described in table L. Section 725 of the federal McKinney-Vento Act defines homeless children and youth as individuals who lack a fixed, regular, and adequate nighttime residence. The term includes—

- Children and youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason (Doubling up);
- Children and youth who are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;
- Children and youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
- Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- Migratory children (as defined in section 1309 of the Elementary and Secondary Education Act of 1965, as amended) who qualify as homeless because they are living in circumstances described in this definition.

Please note that if the homeless definition applies to the student <u>at any time</u> throughout the school year this field should be populated with the applicable code even if the student is not currently homeless. This field is mandatory for all collections.

Last Name as it appears in SIS – This is different from the "Formal Last Name" in that the student's last name may have changed for multiple reasons since their birth certificate and this is the name that is currently in use in the SIS. This field is optional for registration and change, and disallowed for unregister.

Length of PreK Program Day in Hours - The amount of time the student spends in his/her PreK program. (Round to the nearest 15-minute increment – fifteen minutes = .25; thirty minutes = .5; forty-five minutes = .75.) Note that this field is required for all students in grades P3 and PK. This field is conditional for all collections.

Migrant –This field is mandatory beginning with the 2008-09 school year. A child who is, or whose parent or spouse is, a migratory agricultural worker (including a migratory dairy worker or a migratory fisher) and who has moved within the past 36 months across state or district boundaries to obtain, or accompany such parent or spouse in order to obtain, temporary or seasonal employment in agricultural or fishing work. (Supported under federal PL 107-110, Title I, Part C – Education of Migratory Children).

Mother's Maiden Name – Maiden name of student's mother. This is a tie-breaker element. This field is optional for registration and disallowed for change and unregister.

Nexus District – This field is conditional for special education students for all collections. The nexus district is the district that has the legal responsibility to identify, educate, and pay for a special education student under the Individuals with Disabilities Education Act (IDEA). Generally, nexus means the town where the student's parent(s) reside with the following exceptions: The Connecticut Technical High School System (CTHSS), the Department of Corrections (USD#1), the Department of Children and Families (USD#2), and the Department of Mental Health and Addiction Services are considered to be the nexus for students attending school in any of these districts. This is also the case for OPEN Choice Students, where the receiving district (also the Reporting District, for PSIS) is the nexus and is responsible for the reasonable cost of special education and related services. For further explanation regarding nexus for special education students contact Laura Guerrera at (860) 713-6898 or <u>laura.guerrera@ct.gov</u>. This field is conditional for register, change, unregister, and all collections.

General education students (Special Education = "N") may have a reported Nexus district, due to rules associated with State Agency Placement Grants. Please check with your director of special education if you believe that Nexus should be completed for one of your regular education students. Nexus is required for students having "Y" for Special Education.

Nexus District Entry Date – The date that the Nexus District became fiscally responsible for the special education costs for the student. Report the date in Registration that the parent signed the IEP for initial Consent for Special Education Placement (ED626). In the case of a parent request for delayed entry into school for children ages 3, 4 or 5 report the first day of school (example: 4 year old found eligible for special education in May, parent requests to delay start of school until the fall). In register, this field is mandatory if a Nexus District is supplied, and disallowed otherwise. If supplied in unregister, it will be ignored.

In change:

- If the Nexus District supplied is the same as the Nexus District of record (in Registration), then the Nexus District Entry Date supplied will replace the value currently in Registration.
- **Example:** The Nexus District in the Register Module is 64 and the Nexus District Entry Date is 09/01/2006. A Change record has been submitted where the Nexus District is 64 and the Nexus District Entry Date is 09/15/2006. The Nexus District Entry Date in Registration will be updated to 09/15/2006.
- If the Nexus District supplied is not the same as the Nexus District of record (in Registration), then the Nexus District Entry Date supplied will be used for the new Nexus District, and the Nexus District Exit Date will be applied to the current Nexus District in Registration (in this case, a Nexus District Exit Date is mandatory).
- *Example:* The Nexus District in the Register Module is 64 and the Nexus District Entry Date is 09/01/2006. A Change record has been submitted where the Nexus District is 89 and the Nexus District Entry Date is 09/15/2006. This change record indicates two changes: 1) the exit from Nexus District 64 and 2) the entry of Nexus District 89. A Nexus District Exit Date (the date district 64 stopped being fiscally responsible) must be included in this transaction for it to be accepted. The Nexus District in Registration will be updated to 89 and the Nexus District Exit Date (for the previous Nexus District) must be a date prior to the Nexus District Entry Date (for the new Nexus District).

Nexus District Exit Date – The date that the Nexus District ceased being fiscally responsible for the special education costs for the student. Report the date in Registration that appears on page 3 of the IEP in the Exit Information section. In the case where the exit date is the last day of school please report a date after the last day of school in order for the student to be included in the June PSIS collection. This field is mandatory for unregister only if Nexus District is supplied and disallowed otherwise, and disallowed in register. For change, it is mandatory if the Nexus District supplied differs from the Nexus District already in Registration, and optional otherwise.

Number of Days in Attendance – Optional for PreK students. Specific to the facility attended at the time of reporting, the total number of instructional days a student has been present for the current school year. This must be reported as a whole number. It must be equal to or less than the student's *Days in Membership*. It may be calculated as (Days in Membership minus absences). As reported for PSIS, student attendance (presence or absence) should be determined in accordance with the Department's Guidelines in Appendix G. As reported for a SASID In-District Change ("C" for Record Type), it is probable that this value be 0 during the summer rollup process. If you have questions regarding attendance, please contact Kendra Shakir at (860) 713-6896. This field is mandatory for the June collection, change and unregister, disallowed for register, and optional for all other collections.

Number of Days in Membership - Optional for PreK students. Specific to the facility attended at the time of reporting, the total number of instructional days a student has been *enrolled* for the current school year. Membership days will begin accruing at the student's first date of enrollment for the current school year and will end with (to include) the record date of the reporting period. As reported for a SASID In-District Change ("C" for Record Type), it is probable that this value be 0 during the summer rollup process. This field is mandatory for the June collection, change and unregister, disallowed for register, and optional for all other collections.

Number of PreK Program Days per Year - The total number of programs days for the year. **This field is student specific**. Your data may vary from student to student, even within the same program. Note that this field is required for all students in grades P3 and PK. This field is conditional for all collections.

Polio Vaccination Date – Date of student's first polio vaccination in the format MMDDYYYY where "M" = Month, "D" = Day, "Y" = Year. This is a tie-breaker element. This field is optional for register and disallowed for change and unregister.

PreK Program Status Code - PreK Program Status Code as Described in Table F. You must select only one code based upon the student's specific program or combination of programs. Note that this field is required for all students in grades P3 and PK. Please see Appendix D for information regarding PreK students. This field is conditional for all collections.

Race Code - Race as described in Table B. Federal Guidance Regarding Identification of Race can be found in Appendix E. This field is mandatory for register and disallowed for change and unregister.

Record Type – "C" to change a student, "R" to register student or "U" to unregister student. Change is only allowed for students changing grade and/or facility code *in the same reporting district.* This field is mandatory for register, change and unregister.

Reporting District – Three-digit code for the district of attendance. For change, this must be the district in which the student is currently registered. This is your town code for: all students attending your schools; your students educated in private special education or residential facilities, including out-of-state (for purposes of this report, American School for the Deaf is considered a private facility); your students placed in organizations approved for transitional educational services; your students placed in municipal detention centers or day treatment facilities. For a listing of Reporting Districts, see Table H. This field is mandatory for register, change, all collections and unregister.

<u>Do</u> report students in municipal detention centers. The students should be assigned a facility code which represents the school they would attend if they were not temporarily in the detention center. Special Program Status Code 09 must be used to identify these students. See Table E Special Program Status Codes. Connecticut's municipal detention centers are located in Bridgeport, Hartford, and New Haven.

<u>Do</u> report students who have been expelled—if you continue to provide their education, at your expense. The students should be assigned a facility code which represents the school they would attend if they were not expelled.

Definitions and code lists for the above data elements will be available on our help site - 11 - (http://www.csde.state.ct.us/public/studentID)

<u>Do</u> report students who are homebound. The students should be assigned a facility code which represents the school they would attend if they were not homebound. Special Program Status Code 08 (or 18, if appropriate) must be used to identify these students. See Table E Special Program Status Codes.

<u>Do</u> report all prekindergarten students who are receiving special education services, including those referred to as service provider location students (previously known as itinerant speech services). Use PreK Program Status Code 04/Special Education Program. Report Length of PreK Program Day in Hours and Number of PreK Program Days per Year as appropriate to the student. (A student receiving services one day per week would likely be 36 PreK program days if your district has a 180-day school year.)

<u>Do</u> report students who reside in a hospital setting and receive educational programs at the expense of your district (even if a RESC is providing the educational program). Use your district's generic "Other" Facility Code 1 (XXX9911). For any questions regarding reporting of students in this situation, contact Laura Guerrera at (860) 713-6898 or <u>laura.guerrera@ct.gov</u>

Do <u>not</u> report students in Parent-Initiated Placements. These are situations in which the parent has rejected the district's Individualized Education Program (IEP), the student was unilaterally placed in a private facility by the parent, and the district has not accepted programmatic responsibility for the child's education through the development and implementation of an IEP. Please see the detailed guidance in Appendix I.

Do <u>not</u> report students sent to Department of Children and Families (DCF) facilities which include Connecticut Children's Place, Riverview Hospital, High Meadows, and Connecticut Juvenile Training School, nor students under the jurisdiction of the Department of Corrections (DOC). These students will be reported by DCF (a.k.a. Unified School District No. 2) or DOC (Unified School District No.1).

Do <u>not</u> report students sent to Connecticut Technical High Schools **EXCEPT FOR STUDENTS ATTENDING THE BRISTOL TECHNICAL EDUCATION CENTER (BTEC)**. If your district has students who attend BTEC, report them as if they were attending their home school, and use Special Program Status Code 07 (or 17, if appropriate) to further identify the students as attending BTEC. See Table E Special Program Status Codes.

Do <u>not</u> report students attending another public school district in Connecticut. They will be reported by the receiving district and will be identified as residents of your town. However, see Appendix F for details regarding reporting of OPEN Choice students in cases where the student is outplaced to another public school district for special education.

Do <u>not</u> report students attending special education programs operated by the Regional Education Service Centers (RESCs) **EXCEPT FOR STUDENTS PARTICIPATING IN THE OPEN CHOICE PROGRAM**. (Please refer to Appendix F for details regarding reporting of OPEN Choice students). The RESCs are considered public schools. Generally, students attending their programs will be reported by the respective RESC, and the students will be identified as residents of your town. RESC-operated special education programs include:

RESC	Special Education Programs – REVISED September 10, 2009
ACES	Village School, Mill Road School, Whitney High School East, Whitney High School West, Whitney High School North
CES	Preschool-Primary Learning Center (PLC), Developmental Learning Center (DLC), Therapeutic Day Program (TDP), RISE
CREC	Polaris Center, River Street School (RSS), RSS Early Learning Center, Integrated Program Models (IPM), Farmington Valley Diagnostic Center (FVDC), Soundbridge, Lincoln Academy Regional Inter-district Collaborative
EASTCONN	PACE North, Northeast Regional School (NERS), Secondary Special Needs Program @ Woodstock Academy, Young Adult Program (YAP), The Eastern Regional Academy, EASTCONN Autism Program
LEARN	RICHES, Applied Behavioral Analysis (ABA), Clinical Day Treatment (CDT).
EDUCATION CONNECTION	Project SUCCEED, Gertrude Fielding, ACCESS.

Reporting District Entry Date – This is the date at which the student first entered a school and began membership in your district in the format MMDDYYYY where "M" = Month, "D" = Day, "Y" = Year. If a student has re-entered your district, it will reflect the date of re-entry. In either case the date must be after their membership in a prior district ends. This is a mandatory field in the Register module and disallowed in the rest of the collections.

Reporting District Exit Date – Date student's membership in district stopped accruing in the format MMDDYYYY where "M" = Month, "D" = Day, "Y" = Year. This field is mandatory for unregister and disallowed for register.

Resident Town - Three-digit code for the town of fiscal responsibility. Leave this field blank unless the resident town is different from the reporting district. This data element is applicable to students who are attending your schools "at the expense" of another town. This field is mandatory for all collections, register and change, and disallowed for unregister.

The following Reporting Districts MUST complete the Resident Town field with the appropriate code from Table G: Regions 1 through 19, RESCs, Charter Schools, Connecticut Technical High Schools, Gilbert School, Norwich Free Academy, and Woodstock Academy.

SPECIAL SITUATIONS

<u>Foster Child</u>— It appears that districts have implemented a variety of payment options where foster children are concerned. For purposes of PSIS, the field Resident Town should reflect the town paying for the child's regular education expenditures. If a child is placed into a foster home in your town, and you are paying for his regular education expenditures, use your own town's code for Resident Town. Follow this instruction even if you bill the child's nexus town for costs associated with special education. If you bill another town for all of a student's educational costs – regular education and/or special education – then the paying town's code should be entered as Resident Town. If you have some other unique payment arrangement, please contact David Twedt at (860) 713-6492 or Kevin Chambers at (860) 713-6455 for guidance on proper coding.

<u>Children of Staff/Faculty</u>—When children of staff/faculty attend your schools free of charge, in accordance with a formal agreement, treat the students like residents of your town. Use your own town code for the field Resident Town. (This applies only when your town is paying for all costs of the students' education. You cannot code your students in this way if you bill the parents or the towns in which the students live for any portion of the students' education.)

Please see Appendix A for additional information about resident students and "enrolled. . .at the expense of the town." For a listing of Resident Towns, see Table G.

Secondary ID – This field is reserved for future use by CSDE.

Special Education - Report "Y" for any student who has an active IEP, and receives special education instruction as of the reporting period. ("Y" – Yes, "N" – No) This field is mandatory for all collections. PreK students referred to as service provider location students (previously known as itinerant speech services) should be flagged as a "Y" for Special Education. (This is not a change from prior years.)

Special education is specially designed instruction to meet the unique needs of a child with a disability, and may include speech-language services, which can be considered special education rather than a related service under IDEA.

This does not include students who receive related services such as physical and occupational therapy, counseling services, including social work services, without a specially designed instruction component, i.e., do not have an IEP. Fill in "N" for such students.

Students less than three years of age cannot be reported as "Y" for Special Education (student must turn 3 by November 14 of the current reporting year). Call Kendra Shakir at (860) 713-6896 with questions.

Special Program Status Code – This field reflects the student's status for Facility Code 1. Special Program Status code as described in Table E. Special programs include Vocational Agriculture, OPEN Choice, Magnets, Interdistrict Cooperative Arrangements, Designated High School Arrangements, Bristol Technical Education Center (BTEC), Homebound, and Municipal Detention Center.

Please review Table E carefully for expanded definitions of these codes, noting especially BTEC students and the multiple criteria for truant. This field is mandatory for all collections.

Codes 00 thru 09 and 20 apply to students for whom Facility Code 2 is blank. Codes 10 thru 18 and 22 apply to students for whom Facility Code 2 is completed with an entry *other than* a part-time magnet school or shared-time vocational agriculture program. (That is, Codes 10 thru 18 and 22 do not apply if Facility Code 2 is one of the following: 2419800, 2419900, 2436400, 2439900, 2449900, 2536200, 0116100, 0156400, and 0546100.) Please contact David Twedt at (860) 713-6492 or Kevin Chambers at (860) 713-6455 if you have questions about proper use of Special Program Status Codes.

State Assigned Student Identifier (SASID) – Unique 10 digit numeric code assigned to student. This field is mandatory for all collections, change and unregister, optional for register.

Town of Birth - The city in which the student was born or comparable unit if born outside of the U.S. This is a tie-breaker element. This field is optional for register and disallowed for change and unregister.

Table E – Special Program Status Codes

Code	Description
00 or Blank	This is the default if codes 01 – 22 below do not apply to student's status.
01	APPLIES TO FACILITY CODE 1: To be used if the student 1) attends a Vocational Agriculture Center in your district and 2) receives his/her academic instruction in your district. (i.e., The student attends your schools on a full-time basis.) This code should be used for students entering your district from another district, if appropriate. It should also be used for your own students, in your own high school, attending the Vocational Agriculture Center.
	This code is limited to the following Reporting Districts: Bloomfield, Bridgeport, Glastonbury, Killingly, Lebanon, Ledyard, Middletown, New Haven, Southington, Stamford, Suffield, Trumbull, Vernon, Wallingford, Region 1, Region 6, Region 7, Region 14, and Region 19.
	Bloomfield, Bridgeport, and Glastonbury should not use this code for any students who come into district solely for Vocational Agriculture and not for academic coursework. (i.e., this code should not be used for any students attending your district on a part-time basis.)
02	APPLIES TO FACILITY CODE 1: To be used if the student is a participant in the OPEN Choice Program and is not attending a private special education facility or RESC-operated special education facility. Refer to Appendix F for guidance regarding reporting of OPEN Choice students.
03	APPLIES TO FACILITY CODE 1: To be used if the student attends a State-approved full-time Magnet School Program. Please see Appendix C for a list of State-approved Magnet Schools.
	This code is limited to the following Reporting Districts: Bloomfield, Danbury, East Hartford, Hartford, New Haven, New London, Norwalk, Stamford, Waterbury, CREC, CES, ACES, LEARN, and EASTCONN.
04	APPLIES TO FACILITY CODE 1: To be used if the student attends your school through an Interdistrict Cooperative Arrangement.
	This code is limited to the following Reporting Districts: East Lyme and Plainfield.
05	APPLIES TO FACILITY CODE 1: To be used if the student pays tuition, comes from a district which does not maintain its own high school, and attends your school through a formal Designated High School arrangement. (If the student is enrolled in the Vocational Agriculture Center at his/her Designated High School, use Code 6.)
	This code is limited to the following Reporting Districts: Bolton, Griswold, Killingly, Lebanon, Ledyard, Monroe, New Milford, Seymour, Stafford, Windham, Region 14, Norwich Free Academy, Gilbert School, and Woodstock Academy.
06	APPLIES TO FACILITY CODE 1: To be used if the student attends the Vocational Agriculture program at his/her Designated High School. (i.e., the student meets the conditions of both codes 1 and 5 above.)
	This code is limited to the following Reporting Districts: Killingly, Lebanon, Ledyard, and Region 14.
07	To be used if the student attends the Bristol Technical Education Center (Bristol Satellite).
08	To be used if the student is homebound and is being tutored at home or receiving other instructional services at the expense of your district.
09	To be used if the student is in a municipal detention center and is receiving instruction at the expense of your district. Connecticut's municipal detention centers are located in Bridgeport, Hartford, and New Haven.

Code	Description
01	Eligible for bilingual program, participating in mandated bilingual program.
02	Eligible for bilingual program, enrolled with fewer than 30 months remaining
	before graduation, participating in mandated high school English as a Second
	Language (ESL) program.
03	Eligible for bilingual program, participated in mandated bilingual program for 30
	months, did not meet the English Mastery Standard, receiving transitional
	language support services.
04	Eligible for mandated bilingual services, no bilingual program provided due to
	parental request. Student is not receiving bilingual or any other special
	language instruction services due to parental request.
05	Not eligible for mandated bilingual program. ESL, tutoring, or other type of
	English language support is provided as required.
06	Not eligible for bilingual education, not receiving ESL or any other special
	language instruction services due to parental request.
07	Eligible for mandated bilingual services, no bilingual program provided due to
	parental request. However, ESL, tutoring, or other type of English language
	support is provided.

Table I – ELL Program Codes (formerly LEP Program Codes)

Mandated Bilingual Program

Student is being served in mandated bilingual program as required by Section 10-17e-j, inclusive of the Connecticut General Statutes.

Mandated High School English as a Second Language (ESL)

Student is receiving mandated ESL services as required by Section 10-17e-j, inclusive of the Connecticut General Statutes.

Note: these are ELL students at the secondary level who are eligible for services in a mandated bilingual program, but who enrolled with fewer than 30 months remaining before graduation.

Mandated Language Transition Support Services (LTSS)

Student is receiving Language Transition Support Services.

Note: If a student in a mandated bilingual program does not meet the English mastery standard at the end of thirty months, the local or regional board of education shall provide language transition support services to such students. Such services may include, but need not be limited to, English as a second language programs, sheltered English programs, English immersion programs, tutoring and homework assistance.

Other Mandated* Language Services for ELL Students

Student is not eligible for a bilingual program and is receiving appropriate language instructional services such as English as a Second Language and/or modified content instruction.

Note: ELL students for whom a bilingual program is not mandated should be provided with a program that develops students' English language acquisition and academic content matter mastery. See state web page – http://www.state.ct.us/sde/dtl/curriculum/currbil.htm – for more information.

Table J – Students Enrolled at No Local Expense Codes

Code	Description
00 or Blank	Use 00 or leave this field blank if none of the codes below apply AND if there are documentable local costs for the student. Local costs may be funds expended by your own town, or they may be tuition revenue received from another Connecticut town. As well, documentable local costs must be above and beyond other available funding (such as state or federal grant funds) and may include eligible in-kind services. Please contact David Twedt at (860) 713-6492 or Kevin Chambers at (860) 713-6455 if you have questions about this code.
01	Not available for use.
02	 Student whose educational costs are funded entirely with non-local funds, including: Students whose educational expenses are being funded by one of Connecticut's Native American Tribes Students from out of state who pay tuition
	Do NOT use this code for students attending your schools at the expense of <i>another</i> Connecticut town. Do NOT use this code for OPEN Choice students.
03	Students whose parents are paying for any portion (up to and including all) of their educational costs, regardless of how small the fee/tuition. This code does not apply to extra-curricular activities. This code applies to all students, P3 through grade 12.
04	 This code should be used to identify any students attending a magnet school where all of the following apply: the Resident Town has no record/enrollment for the student; the Resident Town has no agreement to send students to the magnet school; and there is no tuition/fee for the Resident Town
05	This code should be used to identify any students whose educational costs are <i>fully funded by federal grant monies</i> , with no local contribution including in-kind.

Code	Description
13	Transfer to home schooling - A student who transfers to a period of instruction in a home environment for reasons other than health.
15	Graduated with regular, advanced, International Baccalaureate, or other type of diploma - A student who has received a regular high school diploma upon completion of state and local requirements for both coursework and assessment or a high school diploma from a program other than the regular school program.
16	Completed school with other credentials - A student who has received a certificate of completion or attendance in lieu of a high school diploma.
17	Death - A student whose membership is terminated because he or she died during or between regular school sessions.
20	Reached maximum age for services - A student who left school because he or she has reached the maximum age to receive instructional services allowed by federal, state, or local laws.
21	 Discontinued schooling – A student who notifies school and stops attending school for reasons with a specified length of time considered by the state or district to constitute "dropping out." OR A student whose parent or person having control of the child exercises his/her option of not sending the child to school until the child is 7 years of age, and completes an option/withdrawal form. This includes students who are no longer receiving special education services at a service provider location (previously known as itinerant service students). Note: Pursuant to C.G.S. Section 10-184, students under the age of 18 cannot drop out without parental consent or due process by the district.
23	 Transfer to GED program/EDP - A student who meets <u>one</u> of the following conditions: A student who has transferred to a GED program prior to the completion of his or her secondary education and will receive a CT State High School Diploma upon completion of the GED program A student who completes a portfolio assessment to earn a high school diploma by his or her Local Education Agency
24	Transfer to a postsecondary education - A student who has transferred to an accredited postsecondary institution prior to his or her graduation from high school.
25	Moved, not known to be continuing - A student who has moved outside his or her attendance area and is not known to be continuing his or her elementary or secondary education. This includes students who were registered, but never showed up for instruction.
26	Transfer to a state approved full-time magnet school - A student who has transferred to an institution designated as a magnet school in another Local Education Agency.
27	Transfer to an Adult High School Credit Diploma (AHSCD) program - A student who has transferred to an AHSCD program with confirmation of enrollment and will earn an adult high school diploma issued by a Local Education Agency. See Appendix H for a list of AHSCD programs.

APPENDIX A

Resident Student Definition (C.G.S. 10-262f(22)) Relative to the Phrase "enrolled ... at the expense of the town"

Issue: The requirement that a student be counted for equalization formula purposes only if the student is enrolled in public schools at the expense of the town has been in effect for the ECS grant since its inception, as it was for the predecessor GTB grant. The statutes offer no specific criteria for determining what "at the expense of" means. Since no district pays 100 percent of the cost of education, and since it is generally not practicable to track specific amounts from each source of funds to specific students, it is reasonable to conclude that virtually all students are educated with a combination of resources—state, federal, local and other. While the local percentage share is very high in affluent towns and much lower in needier communities, there is almost always a mixture of funding sources.

Discussion: The practice of the Department dating back to GTB and throughout the life of ECS has been to count students under the definition unless the school district determines that there is no local contribution to a program for a particular student or group of students. For example, it is conceivable that a district could require that a particular state or federally funded program be financed entirely through grant funds or other source funding with no local support even though the students are enrolled in the program through the public schools. (Enrollment in the public schools is necessary if a student is to be counted.) In such a case, the district would report the students as enrolled but not with any district expense. They would be counted in the total school enrollment for most purposes but would be excluded from the resident student count for ECS purposes.

When a district claims students to be enrolled at their expense, they are indicating that in addition to state or federal grant funds or any other funding, there are documentable local costs (including eligible in-kind services) for such students above and beyond other available funding. Those costs may be a small fraction of the total costs of the program or may represent a larger share. The Department does not set a minimum threshold either in dollars or percentage. We do not believe there is any direction in the law to do so, and in any case, it would be extremely difficult to confirm and monitor the cost allocations that would be necessary under such an arrangement.

(Note: Students accepted from another district on a tuition basis are always excluded because the receiving district does or can recover 100 percent of its per pupil costs by setting its tuition rate at a particular level. No local costs can be assigned to such students even if the district chooses to offer a tuition rate lower than one that would cover total costs per student. As well, students for whom parents pay any amount of tuition are always excluded.)

Recommendation: While we believe this method continues to be appropriate under the law, it is clear that in some cases towns can receive full ECS credit for students for whom the town pays a small fraction of total costs. While this practice probably had little impact in the past, it is more likely to involve larger blocks of students in the future as a result of class size reduction programs, magnet schools, and similar programs. These relatively new initiatives place more students in public school programs that are more likely to be financed completely or predominantly with non-local funds. It is important to clarify that any supplemental local financial support of such programs will continue to entitle the responsible district to count the students for ECS purposes.

INCOME*GUIDELINES FOR DETERMINING ELIGIBILITY FOR FREE AND REDUCED PRICE MEALS

CONNECTICUT STATE DEPARTMENT OF EDUCATION Child and Adult Care Food Program and Summer Food Service Program

INSTRUCTIONS

Rev. 06/03/09

7CFR Part 245.3(a)

1. Income guidelines to be used by all persons reviewing applications.

2. Distribute to all schools/sites for use by determining officials.

The following income guidelines will be used in Connecticut from **July 1, 2009** to **June 30, 2010** for determining eligibility of participants for free and reduced price meals in the Child Nutrition Programs.

If a household has only one source of income, or if all sources of income are the same frequency, **<u>do not</u>** use conversion factors. Compare the income or sum of the incomes to the chart above for the appropriate frequency and household size to make the eligibility determination.

Many households have different sources of income coming into the home at different frequencies, such as weekly or bi-weekly wages and monthly social security benefits. In these situations all sources of income should be converted to an **annual** amount using the following calculations: Weekly x 52 Every 2 weeks x 26 Twice a month x 24 Monthly x 12

*Income means income before deductions such as income taxes, Social Security taxes, insurance premiums, charitable contributions and bonds. It includes the following: 1) Monetary compensation for services, including wages, salary, commissions or fees; 2) net income from non-farm self-employment; 3) net income from farm self-employment; 4) Social Security; 5) dividends or interest on savings or bonds or income from estates or trusts; 6) net rental income; 7) public assistance or welfare payments; 8) unemployment compensation; 9) government civilian employee or military retirement, or pensions or veterans' payments; 10) private pension or annuities; 11) alimony or child support payments; 12) regular contributions from persons not living in the household; 13) net royalties; and 14) other cash income. Other cash income would include cash amounts received or withdrawn from any source including savings, investments, trust accounts and other resources.

"Income" as used here does not include any income or benefits received under any Federal programs which are excluded from consideration as income by any legislative prohibition, for example, the value of benefits received under the Supplemental Nutrition Assistance Program or SNAP (formerly known as Food Stamps).

In applying guidelines, a School Food Authority/institution <u>must</u> compare the household's size and total household income to the income guidelines to determine eligibility for free or reduced price meals. If one or more of a child's parents or guardians become unemployed and the family's income drops due to this unemployment so that the child should be eligible for free or reduced price meals during the period of unemployment, the School Food Authority/institution shall provide that child with the type of meal for which the child is eligible.

APPENDIX D

Policy to Clarify School Districts' Ability to Assess Fees for Regular Education Pre-Kindergarten Programs and Treatment of these Students for State and Federal Grants Determinations

ISSUE:

- 1) Under what circumstances do school districts have the authority to assess parental fees for regular education prekindergarten students; and
- 2) How should these students be treated for state and federal grant determinations?

DISCUSSION:

Generally, prekindergarten programs fall into two basic categories:

- special education *programs*, the focus of which is statutory compliance relative to prekindergarten special education *students*. (These programs may integrate regular education *students* as part of the prekindergarten special education *program*.)
- 2) prekindergarten as a "general grade" whereby enrollment is open to local prekindergarten students, regardless of special needs, in the same way that a district offers grades kindergarten through 12. This category will include *all other* non-special education prekindergarten *programs*.

With respect to issue 1, the statutes do not appear to prohibit school districts from assessing fees to parents for non-mandated prekindergarten programs.

With respect to issue 2, there is a further distinction between fiscal responsibility and enrollment, both of which impact state and federal grant calculations, as follows:

Fiscal responsibility is assigned to the town (or school district) that bears the cost of a child's education regardless of the educational placement.

As opposed to fiscal responsibility, enrollment is a function of where a child attends school regardless of who is paying the cost. The enrollment count of a building includes all children in attendance regardless of the town they are from or which town is fiscally responsible.

RECOMMENDATION:

In school districts where regular education prekindergarten *students* are accepted and integrated into a special education *program*, districts may assess parental fees. Students for whom such tuitions are charged must be excluded from counts associated with fiscal responsibility, including average daily membership pursuant to C.G.S. 10-261(a)(2) and resident students pursuant to C.G.S. 10-262f(22). Charging parental fees precludes the district from claiming the student even if it is paying for some or even most of the program costs. However, the student would still be included in the school's enrollment count since this number encompasses all students attending school regardless of fiscal responsibility or source of funding.

In school districts where prekindergarten is offered as a "general grade," districts cannot legally assess parental fees. Such prekindergarten students are enrolled at the expense of the town and count toward average daily membership and resident students, as well as enrollment.

APPENDIX E

Federal Guidance Regarding Identification of Race

For the 2009-10 PSIS submissions, and under the No Child Left Behind Act, all students must be assigned to a racial/ethnic subgroup for analysis purposes, therefore all children must be identified using one of the five race codes provided in Table B of the Public School Information System. If a parent or student will not select a category from the five race codes provided, appropriate school personnel should select the category for the child.

CSDE will begin moving toward the collection of both racial and ethnic data in accordance with final guidance and regulations issued by the U.S. Department of Education (USDE). **Starting at the beginning of the 2010-11 school year**, USDE will require race and ethnicity to be collected by CSDE using the following two-part question:

- 1. Is the respondent Hispanic/Latino? Yes/No
- 2. Is the respondent from one or more races using the following (choose all that apply):
 - a) American Indian or Alaskan Native;
 - b) Asian;
 - c) Black or African American;
 - d) Native Hawaiian or Other Pacific Islander; and
 - e) White.

CSDE must then report this racial/ethnic data to the USDE aggregated to the following categories:

- 1. Hispanic/Latino of any race;
- 2. American Indian or Alaska Native;
- 3. Black or African American;
- 4. Asian;
- 5. Native Hawaiian or Other Pacific Islander;
- 6. White; and
- 7. Two or more races.

APPENDIX F

Reporting Guidelines for the OPEN Choice Program

Students participating in the OPEN Choice program are always reported in PSIS by the receiving district, generally in the same way as other students enrolled in the district. However, the nature of the OPEN Choice program requires specialized reporting in PSIS for the fields identified below.

- 1. Student educated in a public school of the OPEN Choice receiving district:
 - Special Program status Code "02".
 - Facility Code 1 the OPEN Choice receiving district facility where the student is enrolled
 - Nexus District complete only if the student is Special Education; use the Nexus code for the OPEN Choice receiving district (Reporting District).
- 2. Student sent out of the OPEN Choice receiving district to a **private** special education facility in accordance with an IEP or other special circumstances:
 - Special Program status Code "12".
 - Facility Code 1 the private special education facility attended by the student.
 - Facility Code 2 the OPEN Choice receiving district facility where the student would otherwise be enrolled if not outplaced.
 - Nexus District Nexus code for the OPEN Choice receiving district (Reporting District).
- 3. Student sent out of the OPEN Choice receiving district to another public school district (including RESC) facility in accordance with an IEP or other special circumstances. Students in this situation are the only students attending another public school district (including RESC) facility that are not reported by that district but instead are reported by the OPEN Choice receiving district:
 - Special Program status Code "22".
 - Facility Code 1 the generic "Other" facility code for the receiving district (Reporting District).
 - Facility Code 2 the OPEN Choice receiving district facility where the student would otherwise be enrolled if not outplaced.
 - Nexus District Nexus code for the OPEN Choice receiving district (Reporting District).

APPENDIX G

Guidelines for Reporting Student Attendance in the Public School Information System

Definition of Student Attendance Adopted by the State Board of Education, January, 2008 A student is considered to be "in attendance" if present at his/her assigned school, or an activity sponsored by the school (e.g., field trip), for at least half of the regular school day. A student who is serving an out-of-school suspension or expulsion should always be considered absent.

Guidelines for Reporting Student Attendance in the Public School Information System:

- 1. For the purposes of reporting student attendance in the Public School Information System (PSIS), the term absent in the above definition refers to the student not being counted as "in attendance" at the assigned school.
- 2. A student's "assigned" school changes if:
 - a. The child is reassigned to another school following the opening of the school year in order to address specific individual educational needs;
 - b. The child is out-placed to a facility other than the one the child would normally attend in order to address a specific individual educational needs; or
 - c. The child's parents select a "school choice program" such as a charter school or magnet school.
- Students serving an out-of-school suspension or expulsion: The student is reported as <u>not</u> in attendance EXCEPT for each day that he/she receives an alternative educational program for at least half of the regular school day.
- 4. On early dismissal days and days shortened due to inclement weather, the regular school day is considered to be the amount of instructional time offered to students on that day. For example, if a school is open for four hours on a shortened day schedule, a student must be present for a minimum of 2 hours in order to be considered "in attendance."
- 5. Students placed on Homebound Instruction due to illness or injury can be counted as "in attendance" if they are receiving instruction (tutoring) from an appropriately certified teacher for an amount of time the school deems adequate to ensure that the student is able to successfully return to the regular classroom setting. However, if the student is not provided instruction by an appropriately certified teacher, the student should be counted as "not in attendance."
- 6. Students who attend either an A.M. or P.M. Kindergarten program should be counted as "in attendance" if the student is present for at least half of the regular session, either morning or afternoon.
- 7. Students who attend their assigned school building (home school) for only half of the school day (e.g., part-time magnet students or vocational students) should be counted as "in attendance" if they are present for at least half of the regular session at their assigned school building (home school).
- 8. Examples of school sponsored activities include:
 - Cooperative work experience programs,
 - Community service,
 - Field trips

APPENDIX H (cont.)

High School Completion Programs

1. Adult High School Credit Diploma (AHSCD):

The Adult High School Credit Diploma program is a prescribed plan, process and structure for earning a required number of academic and elective credits. The provider must be a local education agency (LEA) or Regional Education Service Center (RESC). Credits toward a local diploma must be obtained through a prescribed plan that requires a minimum of 20 credits in academic and elective areas. Credits for work or military experience, independent study projects, online courses and self-paced curriculum packets are additional ways to obtain credit. Each provider/town can enhance the basic AHSCD program but must adhere to the minimum state requirements: 1) use certified teachers and counselors; 2) adhere to State Department of Education requirements regarding assessment, enrollment, accountability and reporting; 3) meet required credit standards; and 4) ensure that a one credit course offers a minimum of 48 instructional hours.

Credits are required to be distributed as follows:

4 English

3 Social Studies (including 1 credit in US/American History and half credit in Civics/Government)

- 3 Math
- 2 Science
- 1 Arts/Vocational Education
- 7 Electives

An adult who successfully completes the required credits of the AHSCD program is issued a local diploma by the providing LEA or RESC.

2. General Educational Development (GED):

Adults who have not completed high school must demonstrate, through a five-part examination that includes a writing sample, the attainment of academic skills and concepts normally acquired through completion of a high school program. Applicants for this examination must be at least 17 years of age and officially withdrawn from school for at least six months. Individuals who pass the GED Tests are awarded a Connecticut State High School Diploma. GED instructional programs, provided throughout the state in local school districts and a variety of other instructional sites, help individuals to prepare for this rigorous examination.

3. National External Diploma Program (NEDP):

This program provides a secondary school credential designed for adults who have gained skills through life experiences and demonstrated competence in a particular job, talent or academic area. The NEDP is a portfolio assessment program that offers no classroom instruction. An adult who successfully completes the portfolio assessment, as required, is awarded a high school diploma by his or her school district.

APPENDIX I

Parent Initiated Placements (No Individualized Education Program)

Do not report student in PSIS in cases where:

- 1. parent rejects District individualized education program (IEP),
- 2. student was unilaterally placed in a private facility by parents, and
- district has not accepted programmatic responsibility for the child's education through the development and implementation of an IEP.

FAQs

- Parent rejects District IEP, student is parent-enrolled in a facility. District, in order to settle (potential or pending) litigation, provides some funding to offset the parent's costs. District has not accepted programmatic responsibility for the child's education through the development and implementation of an IEP.
 - District DOES NOT report in PSIS or SEDAC.
 - Not eligible for SEDAC-G.
- Parent rejects District IEP, student is parent-enrolled in a facility. Parent and District have not come to an
 agreement at collection time. Parent and/or District have <u>not</u> filed for Due Process.
 - District DOES NOT report in PSIS or SEDAC.
 - Not eligible for SEDAC-G.
- Parent rejects District IEP, student is parent-enrolled in a facility. Parent and District have not come to an
 agreement at collection time. Parent and/or District have <u>filed for Due Process</u>.
 - District reports in PSIS and SEDAC.
 - May be eligible for SEDAC-G.
 - Once the Due Process is resolved, if the hearing decision is that the district is NOT responsible for the student the District would exit the student effective the hearing officer decision date and delete the student from affected PSIS collections.

If you have questions regarding PSIS reporting, please contact Kendra Shakir at (860) 713-6896 or kendra.shakir@ct.gov . Questions regarding students with disabilities (SEDAC/SEDAC-G) should be referred to Laura Guerrera at (860) 713-6898 or <u>laura.guerrera@ct.gov</u>.
