# Acronyms

- **APSEP** - Approved Private Special Education Program
- **CECS** - Connecticut Educator Certification System
- **DM** - Directory Manager
- **EIN** - Educator Identification Number
- **LEA** – Local Education Agency, may also be referred to as **School District**
- **PPR** - Profile and Performance Report
- **PSIS** - Public School Information System
- **SASID** - State Assigned Student Identifier
- **SIS** - Student Information System
- **TCS** - Teacher-Course-Student

# What is PSIS?

The Public School Information System (PSIS) Registration Module creates State Assigned Student ID Numbers (SASIDs) and contains:

- Registration Dates
- Demographics
- School/District Information
- Membership/Attendance
- ...and more

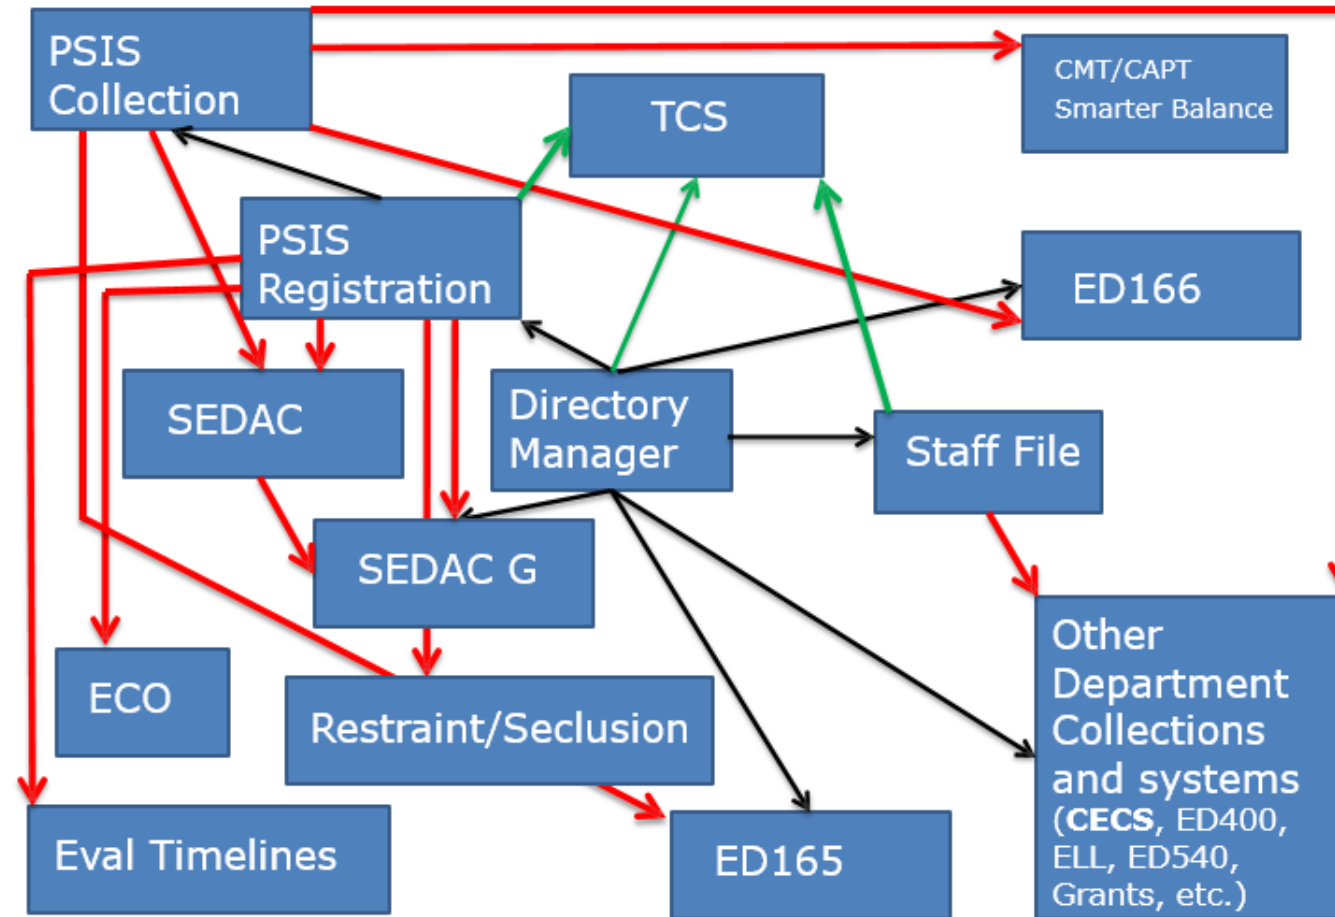

# The PSIS Connection

- TCS uses the SASID, DOB, Facility Code 1, and Reporting District to match the records.
- Upon input, TCS records are compared to live PSIS data to determine which students are eligible to be reported in TCS.

# CSDE Data Collections

# What Fields are Collected in TCS?

- TCS collects information on the courses students take as well as the grades earned, and credit earned (for high school students)
- The specific fields are defined in the [User Guide](#).

# Which Course Records should Be Reported?

- All final outcome grades earned at any point during the current school year
  - Half-year courses (do not exclude)
  - Full-year courses

# Reporting Requirements

- Public schools in CT are required to report TCS information. This includes:
  - All students in grades PreK – 12 including regional districts, charter schools and the CT Technical High School System.
  - Outplaced Students - See [Outplaced](#) section for additional information
    - APSEP records are reported by APSEPs directly, all other Outplaced records must be input by the LEA.
  - Students taking courses outside of the district (arts, agriculture, vocational, online, etc.)
  - Students who are homebound or expelled

**This equates to reporting all students registered to your district in the *Public School Information System (PSIS)* PK through age 21.**

# What Records Should Not Be Reported?

- Students unilaterally placed by their parents where the district has not accepted programmatic responsibility for the child's education through the development and implementation of an IEP; or
- Services Plan students

# NEW - Transfer Credit

Acceptable Transfer Credit includes:

- TCS data from a previous school district for students who transferred into your district;
- students placed by another state into your school;

**Only credit earned in the current 2023-24 school year can be reported**

# NEW - Transfer Credit

Transfer records must be coded as follows to be accepted in TCS:

TCS Field	In-State Transfer	Out-of-State Transfer
Facility Code/Course Facility Code	Facility Code from previous LEA	9990299 (Out of State generic)
Course Start/End Dates	Use a general date range prior to the dates the student was registered to the current LEA in PSIS. Does not have to be exact.	
Outcome/Grade Status	TC (must be coded this way for other fields to validate without errors)	
Teacher Type	504 - Teacher of Out-of or In-State Transfer Student	

# Why do we collect TCS data?

## C.G.S. 10-10a - Section 10-10a - Public school information system. Definitions. Development and implementation. Types of data collected. Access to data maintained under system.

(a) As used in this section:

(1) “Teacher” means any certified professional employee below the rank of superintendent employed by a board of education for at least ninety days in a position requiring a certificate issued by the State Board of Education;

(2) “Teacher preparation program” means a program designed to qualify an individual for professional certification as an educator provided by institutions of higher education or other providers approved by the Department of Education, including, but not limited to, an alternate route to certification program.

(b) The Department of Education shall develop and implement a state-wide public school information system. The system shall be designed for the purpose of establishing a standardized electronic data collection and reporting protocol that will facilitate compliance with state and federal reporting requirements, improve school-to-school and district-to-district information exchanges, and maintain the confidentiality of individual student and staff data. The initial design shall focus on student information, provided the system shall be created to allow for future compatibility with financial, facility and staff data. The system shall provide for the tracking of the performance of individual students on each of the state-wide mastery examinations under section 10-14n in order to allow the department to compare the progress of the same cohort of students who take each examination and to better analyze school performance. The department shall assign a unique student identifier to each student prior to tracking the performance of a student in the public school information system.

(c) On or before July 1, 2013, the department shall expand the state-wide public school information system as follows:

(1) Track and report data relating to student, teacher and school and district performance growth and make such information available to local and regional boards of education for use in evaluating educational performance and growth of teachers and students enrolled in public schools in the state. Such information shall be collected or calculated based on information received from local and regional boards of education and other relevant sources. Such information shall include, but not be limited to:

(A) In addition to performance on state-wide mastery examinations pursuant to subsection (b) of this section, data relating to students shall include, but not be limited to, (i) the primary language spoken at the home of a student, (ii) student transcripts, (iii) student attendance and student mobility, and (iv) reliable, valid assessments of a student’s readiness to enter public school at the kindergarten level;

(B) Data relating to teachers shall include, but not be limited to, (i) teacher credentials, such as master’s degrees, teacher preparation programs completed and certification levels and endorsement areas, (ii) teacher assessments, such as whether a teacher is deemed highly qualified pursuant to the No Child Left Behind Act, P.L. 107-110, or deemed to meet such other designations as may be established by federal law or regulations for the purposes of tracking the equitable distribution of instructional staff, (iii) the presence of substitute teachers in a teacher’s classroom, (iv) class size, (v) numbers relating to absenteeism in a teacher’s classroom, and (vi) the presence of a teacher’s aide. The department shall assign a unique teacher identifier to each teacher prior to collecting such data in the public school information system;

(C) Data relating to schools and districts shall include, but not be limited to, (i) school population, (ii) annual student graduation rates, (iii) annual teacher retention rates, (iv) school disciplinary records, such as data relating to suspensions, expulsions and other disciplinary actions, (v) the percentage of students whose primary language is not English, (vi) the number of and professional credentials of support personnel, and (vii) information relating to instructional technology, such as access to computers.

(2) Collect data relating to student enrollment in and graduation from institutions of higher education for any student who had been assigned a unique student identifier pursuant to subsection (b) of this section, provided such data is available.

(3) Develop means for access to and data sharing with the data systems of public institutions of higher education in the state.

(d) On or before July 1, 2011, and each year thereafter until July 1, 2013, the Commissioner of Education shall report, in accordance with the provisions of section 11-4a, to the joint standing committee of the General Assembly having cognizance of matters relating to education on the progress of the department’s efforts to expand the state-wide public school information system pursuant to subsection (c) of this section. The report shall include a full statement of those data elements that are currently included in the system and those data elements that will be added on or before July 1, 2013.

(e) The system database of student information shall not be considered a public record for the purposes of section 1-210. Nothing in this section shall be construed to limit the ability of a full-time permanent employee of a nonprofit organization that is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code of 1986, or any subsequent corresponding internal revenue code of the United States, as from time to time amended, and that is organized and operated for educational purposes, to obtain information in accordance with the provisions of subsection (h) of this section.

(f) All school districts shall participate in the system, and report all necessary information required by this section, provided the department provides for technical assistance and training of school staff in the use of the system.

(g) Local and regional boards of education and preschool programs which receive state or federal funding shall participate, in a manner prescribed by the Commissioner of Education, in the state-wide public school information system described in subsection (b) of this section. Participation for purposes of this subsection shall include, but not be limited to, reporting on (1) student experiences in preschool by program type and by numbers of months in each such program, and (2) the readiness of students entering kindergarten and student progress in kindergarten. Such reporting shall be done by October 1, 2007, and annually thereafter.

(h) On and after August 1, 2009, upon receipt of a written request to access data maintained under this section by a full-time permanent employee of a nonprofit organization that is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code of 1986, or any subsequent corresponding internal revenue code of the United States, as from time to time amended, and that is organized and operated for educational purposes, the Department of Education shall provide such data to such requesting party not later than sixty days after such request, provided such requesting party shall be responsible for the reasonable cost of such request. The Department of Administrative Services shall monitor the calculation of such fees charged for access to or copies of such records to ensure that such fees are reasonable and consistent with those charged by other state agencies. The Department of Education shall respond to written requests under this section in the order in which they are received.

(i) The superintendent of schools of a school district, or his or her designee, may access information in the state-wide public school information system regarding the state-wide mastery examination under section 10-14n. Such access shall be for the limited purpose of determining examination dates, examination scores and levels of student achievement on such examinations for students enrolled in or transferring to the school district of such superintendent

# Where do we report TCS data?

- TCS Application: <http://csde.ct.gov>
- TCS is a PORTAL application
  - Username reminder/password reset:  
<http://sdeportal.ct.gov/portaluser/>

# Application Types

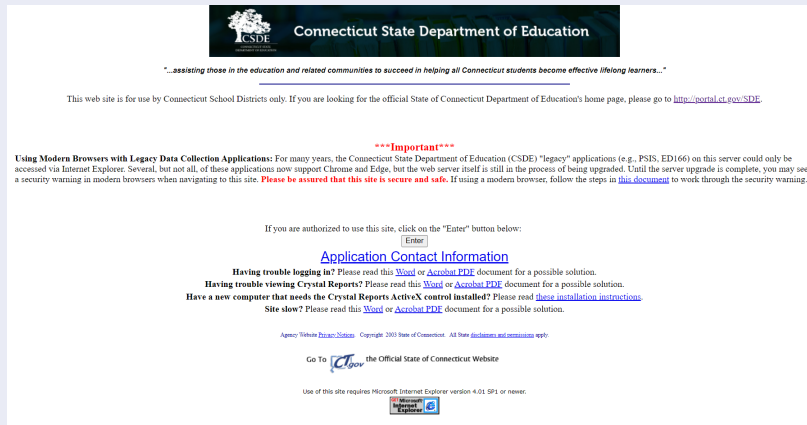

## Legacy

One password per LEA – LEAs may share as they see fit. LEA account already created by CSDE.

One role per LEA – anyone with the password can add, delete, etc.

Contact CSDE to reset your password

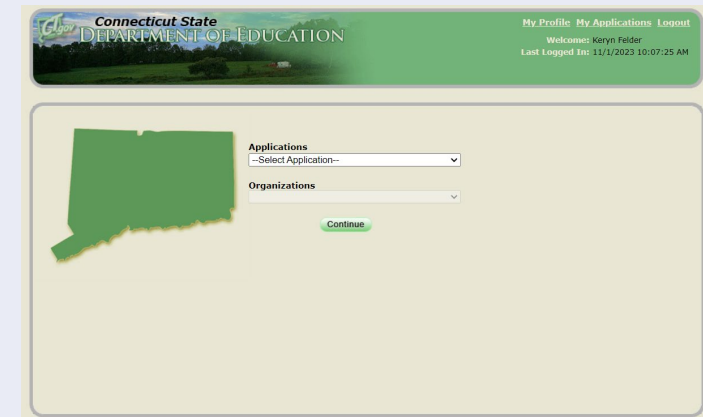

## Portal

One password per person. Do not share passwords, create a new account for every user. Your [LEA Security Manager](#) can create your account and/or assign the TCS User role to you.

Multiple roles available. Functions are based on roles (access to editing data, certification, etc.)

Password can be reset online

Visit the [Data Collection Applications](#) page for a list of each Performance Office application with its type.

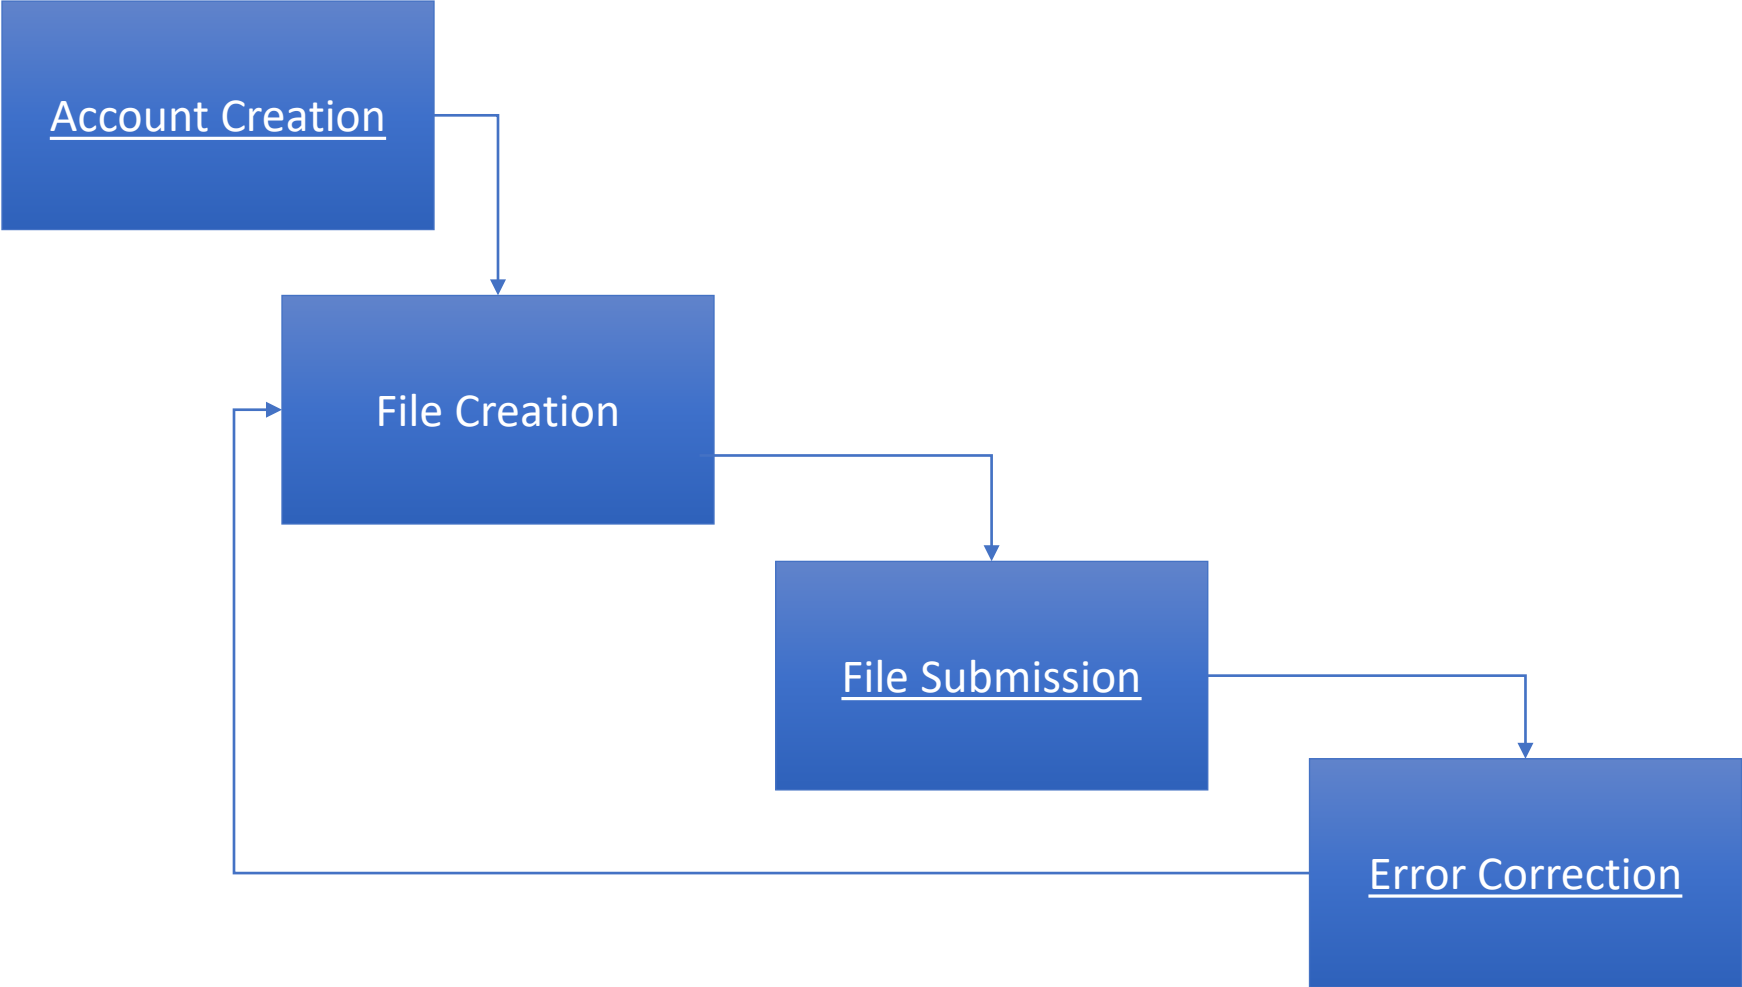

# TCS Deadlines

- Timely: July 10, 2024
  - All data pertaining to your LEAs in-district schools
- Accurate: August 21, 2024
  - All additional records must be reported (this includes outplaced and APSEP records)
  - All Data Cleaning reports must be cleared
  - Any other adjustments must be made
- Freeze Date: September 4, 2024

# Collection Process

# Toolkit:

- Help Site
- Record Layout/User Guide
  - Contains field specifications, Field definitions, Code Lists, Reporting Rules
  - This document can be found on the TCS Help Site:  
<http://portal.ct.gov/SDE/Performance/Data-Collection/Help-Sites/TCS>
- EdSight
  - CSDE's public data portal which provides insight on how the data are used:  
<https://public-edsight.ct.gov/>

# User Guide Highlights

- User Guide Page 3 – [Record Layout](#)
- User Guide Pages 12 – 19 [Field definitions](#)
  - NOTE: There are two sets of fields with similar names but different definitions
    - [Facility Code 1 and Course Facility Code](#)
    - [Outcome/Grade and Outcome/Grade Status](#)
- User Guide Page 35 – [Table C: Teacher Types](#)
- User Guide Page 37 – [Table E: Course Rigor Levels](#)

# User Guide: Record Layout

## Record Layout

The following is a list of all the fields and guidance for completing each student record.

Requirements:

**Mandatory** - If this field is not complete, an error is generated.

**Optional** - Districts have the option to report this field or leave it blank.

**Recommended** - We recommend that this field be reported, but your district has the option to leave it blank.

**Conditional** - This field may be required depending upon the response to a related field.

**Disallowed** - Districts may not report this field for this submission. This field is for display purposes only.

	Field Name	Excel Column	Starting Position	Ending Position	Length	Required?	Valid Values/When Mandatory
1	SASID	A	1	10	10	M	10-digit numeric code
2	Reporting District	B	11	13	3	M	3-digit numeric code See <a href="#">Table B</a>
3	District Student ID	C	14	33	20	R	Character and/or numeric
4	Date of Birth	D	34	41	8	M	MMDDYYYY
5	EIN	E	42	51	10	C	10-digit numeric code
6	Teacher Type	F	52	54	3	M	3-digit numeric code See <a href="#">Table C</a>
7	District Teacher ID	G	55	74	20	R	Character and/or numeric
8	Course Facility Code	H	75	81	7	M	7-digit numeric code Valid code in Directory Manager
9	TCS Course Code	I	82	93	12	M	12-character alpha-numeric code See <a href="#">Table D</a>
10	District Course Code	J	94	113	20	R	Character and/or numeric
11	Section Code	K	114	143	30	M	Character and/or numeric
12	Outcome/Grade	L	144	153	10	M	Character and/or numeric
13	Facility 1 Code	M	154	160	7	M	7-digit numeric code See <a href="#">PSIS Table A</a>
14	Session Start Date	N	161	168	8	M	MMDDYYYY
15	Session End Date	O	169	176	8	M	MMDDYYYY
16	Outcome/Grade Status	P	177	196	20	M	See <a href="#">Table F</a>
17	Course Credits Earned	Q	197	200	4	C	Numeric (e.g., 1.50)
18	Number of Membership Sessions	R	201	203	3	R	Numeric
19	Number of Membership Sessions Attended	S	204	206	3	R	Numeric
20	Dual Enrollment Code	T	207	216	10	C	Character
21	CSDE Use	U	217	274	58	D	For CSDE use only
22	End Of Record Marker	V	275	275	1	M	The letter "X" must be included in this position to mark the end of each record

Origins of Data:

**PSIS** - Public School Information System; the PSIS Registration module is referenced for student data.

**CECS** - Connecticut Educator Certification System is referenced for EIN.

**DM** - Directory Manager is referenced for Facility 1 Code and Course Facility Code.

# User Guide: Field Definitions

## Data Field Descriptions

The following fields are collected in TCS:

**NOTE:** Fields are listed in the order displayed in the Record layout.

SASID	<p>The State Assigned Student Identifier (SASID) established in PSIS Registration. This is a unique 10-digit numeric code assigned to each student.</p> <p>Rules</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Mandatory</li> <li><input type="checkbox"/> The SASID reported must match the student's SASID in PSIS Registration. <ul style="list-style-type: none"> <li>If the SASID does not match PSIS Registration an error will be generated.</li> </ul> </li> </ul> <p>Values</p> <ul style="list-style-type: none"> <li>10-digit numeric code</li> </ul> <p>Source</p> <ul style="list-style-type: none"> <li>PSIS Registration</li> </ul>
Reporting District	<p>The district in which the student attended school at the time of the course reported.</p> <p>Rules</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Mandatory</li> <li><input type="checkbox"/> The REPORTING DISTRICT reported must match the student's REPORTING DISTRICT in PSIS Registration. <ul style="list-style-type: none"> <li>If the Reporting District does not match PSIS Registration an error will be generated.</li> </ul> </li> </ul> <p>Values</p> <ul style="list-style-type: none"> <li>Three-digit code</li> <li>See <a href="#">Table B</a></li> </ul> <p>Source</p> <ul style="list-style-type: none"> <li>PSIS Registration</li> </ul>
District Student ID	<p>ID generated by LEA.</p> <p>Rules</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Recommended</li> </ul> <p>Values</p> <ul style="list-style-type: none"> <li>Character and/or numeric</li> </ul> <p>Source</p> <ul style="list-style-type: none"> <li>LEA</li> </ul>
Date of Birth	<p>Student's date of birth.</p> <p>Rules</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Mandatory</li> <li><input type="checkbox"/> The DATE OF BIRTH reported must match the student's DATE OF BIRTH in PSIS Registration. <ul style="list-style-type: none"> <li>If the DOB does not match PSIS Registration an error will be generated.</li> </ul> </li> </ul> <p>Values</p> <ul style="list-style-type: none"> <li>MMDDYYYY, where MM is Month, DD is Day, YYYY is Year</li> </ul> <p>Source</p>

# User Guide: Field Definitions

The first four fields are basic information:

- **SASID – State Assigned Student Identifier**
- **Reporting District Code – this can only be your LEA**
- District Student ID – Some LEAs choose to include the ID they assign to the students
- **DOB – Date of Birth**

***BOLD** fields are required.*

# User Guide: Field Definitions

The next three fields pertain to the course teacher:

- **Teacher EIN** – Educator Identification Number, required if the Teacher Type is Certified
- **Teacher Type** – See [Table C](#) for valid codes
- District Teacher ID - Some LEAs choose to include an ID they assign to teachers, or the teachers name, etc.

***BOLD** fields are required*

# User Guide: Field Definitions

The next three fields pertain to the course teacher:

- **Teacher EIN** – Educator Identification Number, required if the Teacher Type is Certified
- **Teacher Type** – See [Table C](#) for valid codes
- District Teacher ID - Some LEAs choose to include an ID they assign to teachers, or the teachers name, etc.

***BOLD** fields are required*

# User Guide: Table C - Teacher Types

**Table C - Teacher Types**

Teachers WITH an EIN will be classified into a 100s code category.	
Teacher Type Code	Teacher Type Description
101	Certified Teacher, Teacher of Record
102	Certified Teacher, Instructional Support
103	Certified Teacher, Co-Teacher
104	Certified Teacher, In-class Facilitator
105	Certified Teacher, Online-class Facilitator
106	Certified Teacher, Tutor of Homebound Student
107	Certified Teacher, Tutor of Expelled Student
Teachers WITHOUT an EIN will be classified into a 200s code category.	
Teacher Type Code	Teacher Type Description
201	Non-certified Teacher, Teacher of Record
202	Non-certified Teacher, Instructional Support
203	Non-certified Teacher, Co-Teacher
204	Non-certified Teacher, In-class Facilitator
205	Non-certified Teacher, Online-class Facilitator
206	Non-certified Teacher, Tutor of Homebound Student
207	Non-certified Teacher, Tutor of Expelled Student
Long-Term Substitute Teachers WITH an EIN will be classified into a 300s code category. The assignment must be more than 40 days.	
Teacher Type Code	Teacher Type Description
301	Long-term Sub with EIN, Teacher of Record
302	Long-term Sub with EIN, Instructional Support
303	Long-term Sub with EIN, Co-Teacher
304	Long-term Sub with EIN, In-class Facilitator
305	Long-term Sub with EIN, Online-class Facilitator
Long-Term Substitute Teachers WITHOUT an EIN will be classified into a 400s code category. The assignment must be more than 40 days.	
Teacher Type Code	Teacher Type Description
401	Long-term Sub without EIN, Teacher of Record
402	Long-term Sub without EIN, Instructional Support
403	Long-term Sub without EIN, Co-Teacher
404	Long-term Sub without EIN, In-class Facilitator
405	Long-term Sub without EIN, Online-class Facilitator
Exceptions - Teachers who cannot be classified in the Certified, Non-certified and Long-term Substitute codes will be classified into a 500s code category.	
Teacher Type Code	Teacher Type Description
501	Teacher of student placed Out of State
502	International Guest Teacher
503	Teacher of student placed Out of District
504	Teacher of Transfer Student
505	Case Manager
506	Occupational/Physical Therapist
507	Professor – College or University
508	Teachers with Rotating Schedules
509	Teacher with Teach for America
510	Case Manager of Student ages 18-21 in Transitional Program/TVSP

# User Guide: Field Definitions

The remainder of the fields pertain to the course being reported. Some are complex, and some fields are purposefully paired on slides to better illustrate similarities and differences. The order of the fields on the next slides differs from that in the layout to provide a more intuitive explanation.

# User Guide: Field Definitions

- **Facility Code 1**

- Must match Facility Code 1 reported in PSIS Registration – this is where the student was registered at the time of the course

- **Course Facility Code** – the physical location where the course took place

- Matches Facility Code 1 in over 95% of cases, can be any valid facility code
- May differ if:
  - Course took place at Facility Code 2
  - Student is taking courses in both a program and the public school
  - Student attends a part-time magnet
  - Student attends public school and college

***BOLD fields are required***

# User Guide: Field Definitions

- **Section Code** – Can be used to determine class size or number of sections offered. If Math 101 is taught periods 1, 2 and 4, the section codes can be identified as 1, 2 and 4, or however your LEA chooses to differentiate them.
- **Session Start Date and Session End Date** – These dates must reflect only the date range that the course took place. For example, a half year course should not have Start/End dates of 9/1/23- 6/15/24.
  - The date range is used to identify duplicate records
  - The date range must reflect the dates the student was registered in your LEA (see example on next slide)

***BOLD fields are required***

# User Guide: Field Definitions

## EXAMPLE:

- Student Enters September, is enrolled in a full-year course
- Students Exits in March
- TCS is uploaded in June
- Student must be reported with a Course End Date consistent with when they exited your LEA in March, not a June date

# User Guide: Field Definitions

- **Outcome Grade** - a *LEA defined* field
  - Report what your LEA uses as a grading scale...85%, S, B+, 2...
- **Outcome Grade Status** - a *CSDE defined* field
  - A value from the code list must be used:

Code	Description
P	Completed the course/section with a PASSING grade
F	Completed the course/section with a FAILING grade
R	RETAINED (for use in ONLY grades PK-3)
W	WITHDREW from course/section
TR	TRANSFERRED to/from course/section
I	Course/section requirements for grading are INCOMPLETE
AU	AUDIT course, no grade issued
NG	NO GRADE, per IEP requirements
SE	Working towards IEP Goals and Objectives
<b>TC</b>	<b>Transfer Credit from another district/private school</b>

***BOLD fields are required***

# User Guide: Field Definitions

- District Course Code - a *LEA defined* field
  - EXAMPLE: Math 101
- **TCS Course Code** - a *CSDE defined* field
  - Consists of four joined parts which differ depending on grade level:

	Prior-to-Secondary (Grades PK-8)	Secondary (Grades 9-12)
Part 1	Course Description	Course Description
Part 2	Course Code Rigor Level	Course Code Rigor Level
Part 3	Grade Span	Available Credit
Part 4	Sequence	Sequence
<b>Reporting Format</b>	<b>000000000000</b>	<b>0000000.0000</b>

***BOLD fields are required***

# TCS Course Codes Part 1 – SCED Code

Characters 1 – 5 of the 12-character code:

- There is **one** set of codes for all grade levels
- 2023-24 course codes are SCED 11.0 plus CT Specific Codes
- Code lists are available on the Help Site
  - CTE clusters are also identified by course

# TCS Course Codes Part 2 – Rigor Level

**Table E – Course Code Rigor Levels**

The course's level of rigor or difficulty. There are six options for coding this element:

Code	Name	Description
B	Basic or remedial	A course focusing primarily on skills development, including literacy in language, mathematics, and the physical and social sciences. These courses are typically less rigorous than standard courses and may be intended to prepare a student for a general course.
G	General or regular	A course providing instruction in a given subject area that focuses primarily on general concepts appropriate for the grade level. General courses typically meet the state's or district's expectations of scope and difficulty for mastery of the content.
E	E=Enriched or advanced	A course that augments the content and/or rigor of a general course, but does not carry an honors designation.
H	H=Honors	An advanced-level course designed for students who have earned honors status according to educational requirements. These courses typically include additional content not found in general courses, and are formally designated as honors courses. <b>AP courses should be coded as H.</b>
C	C=College	A course that is designed to be credit-bearing at a postsecondary institution.  <b>Note that the Dual Enrollment field must be completed if your LEA wants to count that record toward the Next Generation Accountability Indicator #5.</b>
X	X=No specified level of rigor	The notion of rigor may not be appropriate for some courses; survey or interest courses that expose students to a variety of subjects and study hall are examples.

# TCS Course Codes

## Part 3 – Grade Span/Available Credit

Characters 7-10 of the 12-character code:

Prior-to-Secondary	Secondary
<p><b>Grade Span</b> – Grade level range for the course. A 4<sup>th</sup> grade course should be coded as 0404, while a 7<sup>th</sup> and 8<sup>th</sup> grade course offering should be coded 0708.</p> <p>NOTE: PK = Pre-Kindergarten KG = Kindergarten</p>	<p><b>Available Credit</b> – The credit worth of the course (not the actual credit earned).</p> <ul style="list-style-type: none"><li>• Must be a 4-digit value, with a decimal in position 2 Example: 1.00</li><li>• The valid range and format is 0.00 - 9.99. Three-digit decimal places will not be accepted, your LEA is advised to round. Example: Round 0.125 to 0.13</li></ul>

# Course Code Structure: Prior-To-Secondary

**PRIOR-TO-SECONDARY (Grades PK - 8):**

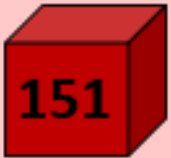

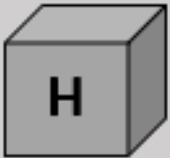

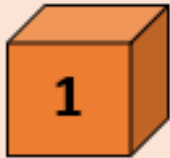

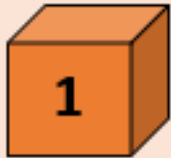

SCED Code		Rigor Level	Grade Span		Sequence		TCS Course Code
<div>53</div>	<div>051</div>	<div>X</div>	<div>07</div>	<div>08</div>	<div>1</div>	<div>1</div>	<div>53051X070811</div>
Life and Physical Sciences	Biology	No specific level of rigor	grades 7 and 8		"1 of 1"—not part of a sequence		

# Course Code Structure: Secondary (9-12)

**SECONDARY (Grades 9 - 12):**

SCED Code		Rigor Level	Available Credit	Sequence		TCS Course Code
						
Social Sciences	U.S. Gov Comp	Honors	One Carnegie Unit	"1 of 1"—not part of a sequence		

*\*NOTE: Available Credit must be a 4-digit numeric (e.g. 1.50) value, with a decimal in position 2. The valid range and format is 0.00 - 9.99. Three-digit decimal places will not be accepted, your LEA is advised to round.*

*EXAMPLE: Round 0.125 to 0.13*

# User Guide: Field Definitions

- **Course Credits Earned** – The amount of credit the student earned in the course. This value must be less than or equal to the Available Credit part of the TCS Course Code.
  - Cannot be blank when the Course Code is in the Secondary Format
    - 0.00 is a valid response
  - Must be a 4-digit value, with a decimal in position 2
- Number of Membership Sessions/Sessions Attended – The number of sessions a student was registered for and the number of sessions they attended
- Dual Enrollment Code - CSDE assigned facility codes for Higher Education Institutions (Colleges and Universities)
  - Field must be completed to be included in Next Generation Accountability Indicator #5. Using Rigor Code C in the TCS Course Code will not contribute to this calculation unless completed.
  - See Table G of the User Guide for code list

***BOLD fields are required***

# General Reporting Rules

- 90-day rule (+ June PSIS)
- Record Count per Student
  - PK – Grade 6: Grade level data (1 record per student)
    - Your LEA is not prevented from reporting all records
  - Grades 7- 12: Course level data (1 record per course)

# Security

- Two Roles
  - TCS User
  - TCS Certifier
    - CSDE requires that all final data submissions be reviewed and certified by certified administrators (holding an 092 or 093) only.
- Access is assigned via Directory Manager

TCS Home

Welcome to Teacher-Course-Student (TCS), brought to you by the Connecticut State Department of Education.

**TCS General Information**  
DEADLINES: ||| APSEP's: July 20, 2022 ||| LEA's: TIMELY - July 20, 2022 | ACCURATE - August 12, 2022 (extension)|||

**TCS Contacts**  
**Keryn Felder**  
keryn.felder@ct.gov

**NOTE:** You can select a prior year to review previously submitted data. This can help with course coding, allow you to review prior year reports, or download data submitted. This option can be especially useful for new users.

# File Creation

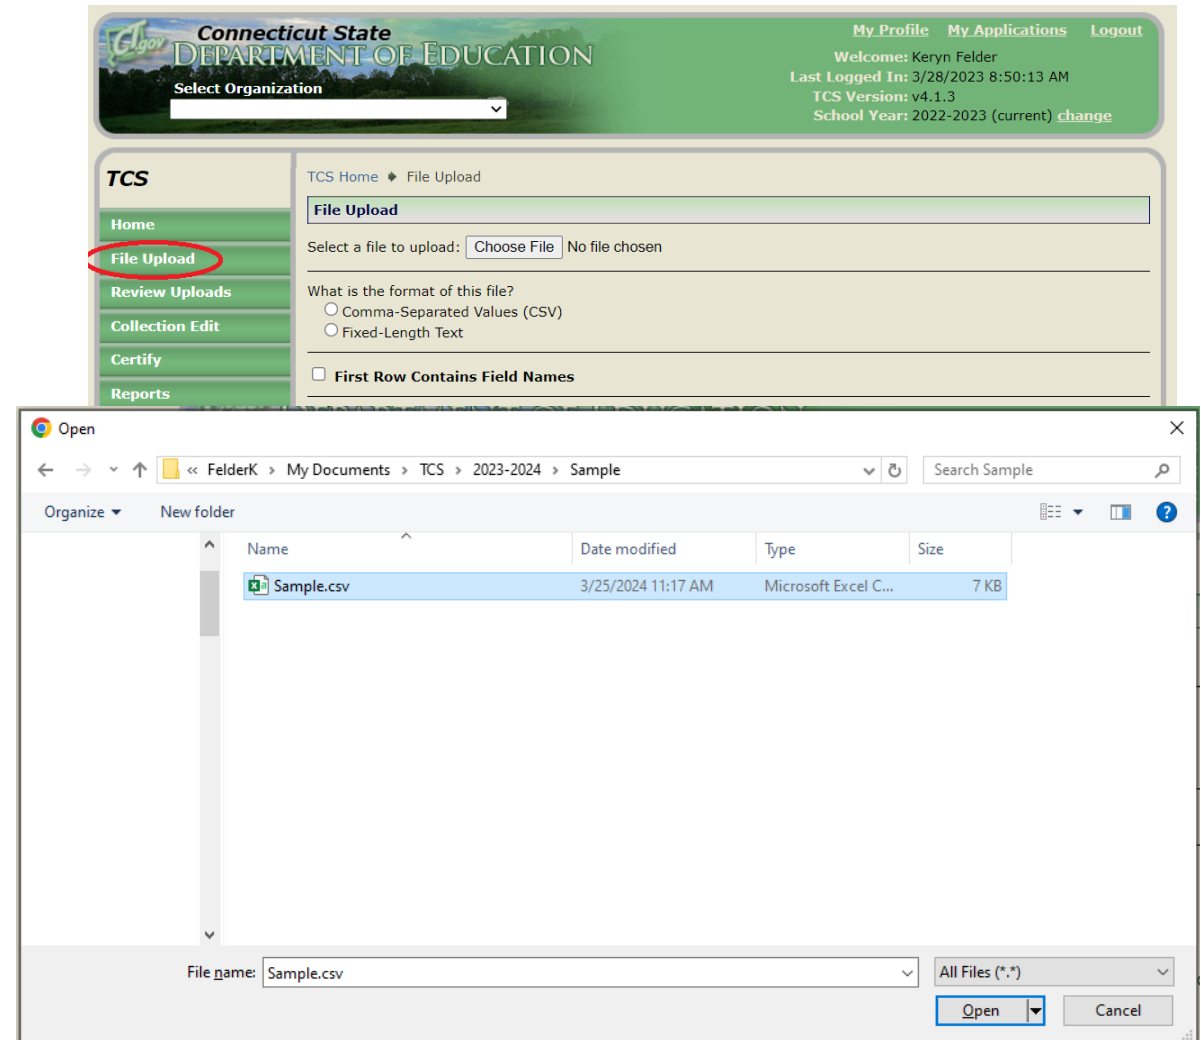

- Extract a file from your SIS using the same process used to create files for other CSDE applications (PSIS, ED166, etc.).
- CSDE cannot assist creating the file extract from your SIS.
- Only .csv and .txt files can be uploaded. Your SIS should automatically export in one of these formats. Other file types will be rejected (no Excel).

# Uploading Data

- Select **File Upload** from the menu
- Next select **Choose File** and a popup window will appear
- Navigate to the file you would like to upload
- Click the **Open** button on the popup window

# Uploading Data

- On the TCS screen select the file format, for most LEAs it is **Comma-Separated Values (CSV)**
- If your file includes a “header role” check **First Row Contains Field Names**
- Click **Upload File**

The screenshot shows the TCS File Upload page. At the top, there's a green header with the Connecticut State Department of Education logo and navigation links: My Profile, My Applications, and Logout. Below the header, a 'Select Organization' dropdown is visible. The main content area has a left sidebar with a 'TCS' menu containing links like Home, File Upload, Review Uploads, Collection Edit, Certify, Reports, Admin, Select Module, and Help / Instructions. The 'File Upload' section is active, showing a 'File Upload' button, a 'Select a file to upload' field with 'Choose File' and 'Sample.csv' options, and radio buttons for 'Comma-Separated Values (CSV)' (selected) and 'Fixed-Length Text'. A checkbox for 'First Row Contains Field Names' is checked. An 'Upload File' button is at the bottom, with a note: 'Please click the Upload File button only once. Do not close the browser while a file is uploading.'

Once data is submitted, TCS validates the data and identifies any errors. You will be notified on screen as well as via email. There are two ways to review and resolve errors:

## Correct in SIS and upload again

- Select **Export Errors to CSV** to download report

TCS Home • Review Uploads • File Details

**File Details**

**CT\_TCS\_Report\_20141217.csv**

for:

Uploaded on:  
Uploaded by:  
School Year:

	Uploaded	Valid	with Notifications	with Errors
Records	4463	0	0	402
SASIDs	3450	0	0	368

The Current Status Is:

**Validated with Errors**

This file has reached the maximum threshold of 500 errors and validation has stopped.  
You may have more than 500 errors in your file.  
Once these reported errors are fixed, it is imperative that you revalidate the file.

**Available Actions**

**Delete Upload** Deletes the upload and all corresponding data.

**Revalidate** Runs the Validation routine again.

**Edit** Allows for editing of rows with errors.

## Correct/Review directly in TCS

- Immediately resolve issues
- Select Edit to view records with errors

- You may need to widen the columns to see all the information
  - Click on the line between the columns and when the symbol to the right appears you can double click to resize automatically (or you can drag the column)

# Cleaning via Exporting Errors to CSV

	A	B	C	D	
1	Error Level	Errored Column	Error Message	Row	Sheet
2	ERROR	Duplicate	A record with this ID already exists	55	1
3	ERROR	Duplicate	Outcome value is not valid	55	1
4	ERROR	Duplicate	You have entered a record that already exists	57	1
5	ERROR	Duplicate	You have entered a record that already exists	58	1
6	ERROR	Duplicate	A record with this ID already exists	63	1
7	ERROR	Duplicate	A record with this ID already exists	63	1

- Columns A – D provide information on the errors:
  - Column A: Error Level
    - Errors must be corrected; warnings should be reviewed and corrected if needed
  - Column B: Errored column
  - Column C: Error message
  - Column D: Row in uploaded file
- E – Y: Data as submitted

# Cleaning via Exporting Errors to CSV

- These messages are very specific to help you pinpoint the error.
- The system stops validating your file when it hits 500 errors.  
(systematic issue)
- You can sort your file to group the errors.

# Most Common Errors

- EIN (*uploaded EIN*) is not found in the Teacher Cert System or no active/expired certification available
  - Verify with your HR office or contact CSDE, use Non-Certified Teacher code if not actively certified
- Session End Date should be greater than Session Start Date
- Session End Date is outside the allowable date range (07/01/2023 - 08/31/2024)
  - A common mistake resulting in Start/End date errors is using 2023 instead of 2024 as an end date for yearlong courses

# Most Common Errors

- SCED Code is invalid
  - Secondary Code maybe in Prior-to-Secondary format or vice versa
- The combination of DOB 06162008, SASID 1234567890 and Reporting District does not match PSIS Registration
  - The most common error is a LEA is attempting to report a record from another LEA (and not following transfer credit guidance), or the Course Start/End Date falls outside of the range of PSIS registration.
  - Other errors pertaining to this message are a SASID or DOB that does not match PSIS. This is not common if your data was extracted directly from your SIS.
- Facility 1 Code (5006112) does not match PSIS Registration (reg:5006111)
  - Facility Code 1 in TCS must always match the Facility 1 Code in PSIS Registration as of the Course Start/End Date. If the student took the course in a physical location different from Facility Code 1 that should be reflected in the Course Facility Code field.

# Resolving Errors via Batch

- Best Practice:

Correct data in your SIS → Create a new extract → Upload new file in TCS

- Benefits:

- This method ensures your LEA maintains a single “source of truth” rather than multiple versions of the data.
- Should your LEA need to upload again after data corrections an updated SIS will ensure you do not have to fix the same errors twice.
- When reviewing reports your LEA can identify any issues directly in your SIS rather than reviewing individual files.
- If your LEA needs to revisit prior year data, your SIS will reflect the data reported in TCS.

# Resolving/Reviewing Errors Directly in TCS

## Uses:

- Can be a faster way to resolve a small number of corrections to data extracted from your SIS
  - Best Practice: **Immediately** make any updates you make in TCS to your SIS
- Can be used to correct data uploaded by your LEA that is not part of your SIS
  - Out of state records, etc.
- Can be used to review errors to gain a better understanding of what needs to be resolved

Recall from an earlier slide that there are two ways to review and resolve errors. Select **Edit**.

## Correct in SIS and upload again

- Select **Export Errors to CSV** to download report

TCS Home • Review Uploads • File Details

Delete Upload

Deletes the upload and all corresponding data.

Revalidate

Runs the Validation routine again.

Process

Processes the current batch.

# How to Process

Once a file is error free you will have the following options per **Facility Code 1**:

**Merge** will process all batch records into the collection, updating any records that already exist or adding new records that do not exist in the collection.

**Overwrite** will delete all existing records in the collection. The batch records will then be added to the collection as if there have not been any previous records processed.

**Ignore** batch records will NOT be processed and existing collection records will remain.

Click **Process**

# Process Screen

TCS Home • Review Uploads • Batch Detail • Process

## Process

The table below shows the record counts for the Batch you are about to process grouped by Facility 1. For each Facility 1, it also shows counts of what has already been processed into the TCS Collection.

- **Merge:** will append new records from this Batch into the Collection as well as update the values for any records that already exist for the indicated Facility 1. This is the recommended option.
- **Overwrite:** WILL DELETE all existing records for that Facility 1 which are already in the Collection for the current school year. They will then be replaced by the new records in this Batch. Unless you are sure you want to Overwrite these records, it is recommended that the Merge option be used.
- **Ignore:** will cause all batch records for that Facility 1 to **not** be Processed. Any existing records in the Collection for that Facility 1 will remain untouched.

0190161	The Learning Clinic	1	9	0
0380261	Rushford Academy	0	0	0

# Summary by Facility Code 1

- **Total SASIDs Reported** – The count of all SASIDs reported by Facility Code 1.
- **Total Records Reported** – The count of all records reported by Facility Code 1. This number will differ from the Total SASIDs Reported if students are reported with more than one class.
  - Is this reasonable or was a batch inadvertently merged?
- **Missing Records** – The count of all records not reported by Facility Code 1 – see the Missing SASID Report for details

NOTE: If there are more than 5 records missing in any row in the Missing Records column your LEA will not be able to certify without a Certification Override.

# Missing SASIDs Report

# Missing SASIDs Report

- Until you PROCESS your data, this report will not change.
- This report lists every SASID for which the CSDE expects to receive at least one record.
  - The Facility Type column indicates if the record belongs to a student attending an APSEP
- Missing SASIDs exceptions (pull-down):
  - 01: preschool related services only. (Itinerant)
  - 02: Student receiving transition services only **and** engaged in Workplace Experience (TVSPs)
  - 03: Not enrolled long enough to earn a final grade

# Duplicate Records Report

- From this report, you can see and edit where you have reported what appears to be duplicate records for a SASID.
- If you “merge” the same file twice, it will create duplicate records. Easiest way to resolve is to process a third time and OVERWRITE the file to replace all the duplicates created in the merge process.
- Remember this report looks at SASID, Facility Code 1, Course Code, Section Number, Session Start and End Dates and Teacher Type.

# Other Reports: Record/Credit Count by Student

TCS Home ♦ Reports ♦ Record/Credit Count By Student

## Record/Credit Count By Student

This report lists the total number of records reported for each student as well as the total credits earned by student. You can filter by Facility and sort (ascending or descending) by any of the columns. This report can help you identify students with an incorrect number of records or credits reported.

High School

▼ [Export table to CSV](#)

		Transportation, Distribution and Logistics	26	13.00
		Public, Protective, and Government Service	12	12.00

# Outplaced Students

# Outplaced Students

- **Who is legally responsible to report?**  
Public Schools are responsible for all CSDE reporting, however the steps needed differ by type of outplacement.
- **Who is responsible for issuing grades/credits?**  
Non-public schools and APSEPs should recommend grades/credits; however, the LEA holds the legal responsibility and is the final decision maker for reviewing/approving student grades and issuing credits. (Connecticut General Statutes 10-221a(f)).
- **What are APSEPs required to provide LEAs?**  
Section B of the APSEP standards require LEAs to comply with all relevant federal and state reporting laws/requirements. Therefore, APSEPs must provide everything required in TCS to the LEA.

# Outplaced Students

- Educational services for public school students in non-public schools are contractual arrangements between LEAs and non-publics/APSEPs.
- LEAs should consider including information regarding data needed for their TCS and other state reporting requirements in their contracts along with any other requirements necessary to implement the district's IEP.
- On a yearly basis, CSDE's Bureau of Special Education issues official guidance to APSEPs that all TCS data should be submitted via TCS by the posted APSEP deadline (except for those with ESY).

# Outplaced Students

How do LEAs know if students are earning grades, earning credits and which courses they are enrolled in, in a timely manner?

- This should be part of the PPT, between the LEA and non-public school. At the PPT meeting, districts should be discussing the appropriate coursework for the student. On page 8 of the IEP it should be noted if the student is to receive grading accommodations (e.g., is graded or ungraded) and if the student will be earning credits for completed coursework.
- Note that public school students who are not issued credits by the LEA for their coursework cannot earn a standard high school diploma from their LEA (C.G.S. 10-221a(b)).

# APSEP Reporting Process

- APSEPs upload files directly into TCS
- File is disseminated to applicable LEAs
- **LEAs must review, edit and process the file**
- APSEPs have Missing SASID Report to determine which students should be reported
- **CSDE works with the APSEPs until all records are reported**
  - **Some APSEPs have an extended school year that falls after TCS deadlines – but before the freeze date**

# Non-APSEP Outplacements

- While APSEPs upload files directly into TCS, **LEAs must contact non-APSEP outplacements to obtain the data directly**
- The Missing SASIDs Report indicates which students will be reported directly in TCS:

Missing SASIDs							
<a href="#">Export table to CSV</a>							
Any student registered to a LEA for 90 days or more must be reported in TCS. 90 days translates to approximately 5 months of school. The registration dates for the students below reflect enrollment of 90 days or more. This report is updated when a new batch is processed, or a change in registration is made.							
Facility1 Code	Facility1 Type	Facility1 Name	SASID	Student Name	Date Of Birth	Grade	
0640261	APSEP	Grace S. Webb School				09	---Select--- ▾
0530121	APSEP	Natchaug Hospital Green Valley School				05	---Select--- ▾
1520161	APSEP	Waterford Country School				05	---Select--- ▾

# TCS Data and Next Generation Accountability

# What are Next Generation Accountability Indicators?

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a school is preparing its students for success in college, careers and life.

The system moves beyond test scores and graduation rates and instead provides a more holistic, multifactor perspective of district and school performance and incorporates student growth over time.

**More information:** [EdSight](#) → Overview → Next Generation Accountability → Related Links (page bottom) → Using Accountability Results to Guide Improvement

# Next Generation Accountability

## INDICATOR 5: POSTSECONDARY PREPARATION

Indicator	Max Points
Percentage of students in grades 11 & 12 participating in <i>at least one</i> of the following during high school: Two courses in AP/IB/dual credit; <i>or</i> Two CTE courses in one of 17 career clusters; <i>or</i> Two workplace experience “courses” in any area.	50

**Description (What):** This is an access metric. It evaluates whether students in grades 11 and 12 have participated in coursework during high school that prepares them for success in college and/or careers. In recognition of the diverse pathways of our students, credit is awarded if students pursue traditional college-preparatory courses (e.g., Advanced Placement, International Baccalaureate), career-technical education courses, or workplace experience/internship opportunities. Students in Grade 12 include students with disabilities, ages 18 through 21, who are receiving transition-only services. These students are engaged in workplace experience and will contribute positively to a school’s Indicator 5 calculation.

# Next Generation Accountability

## INDICATOR 7: GRADUATION - ON-TRACK IN 9<sup>TH</sup> GRADE

Indicator	Max Points
Percentage of 9 <sup>th</sup> graders earning at least six full-year credits in the year.	50

**Description (What):** From initial implementation in 2014-15 through 2018-19, this indicator measured the percentage of 9<sup>th</sup> graders earning at least five full-year credits in the year. Effective 2021-22, a student will be considered “on-track” for this indicator if they earn at least 6 credits by the end of Grade 9. This update from the original requirement of 5 credits better aligns with Connecticut General Statutes 10- 221a, which requires that students starting with the graduating class of 2023 and after must earn a minimum of 25 credits to graduate.

# Next Generation Accountability

## INDICATOR 12: ARTS ACCESS

Indicator	Max Points
Percentage of students in grade 9 through 12 participating in at least one dance, theater, music, or visual arts course in the school year	50

**Description (What):** This is an “access” metric that evaluates the extent to which students in high school participate in at least one arts course in the school year in dance, theatre, music, or the visual arts.

# Preliminary Next Generation Accountability Reports

Prior to the freeze your LEA will be notified of Preliminary Next Generation Indicator Reports in EdSight Secure.

# Completing the Collection

# Certification

- August 21, 2024
  - TCS Certifier role only
  - Must be an administrator holding an 092 or 093
- **Complete the Certification check list**
  - **Emailed and posted on the Help Site**
  - Be sure all Data Cleaning Reports are blank
- An override may be needed in limited situations

# How to Certify

Using the navigation menu on the left of the screen, select the **Certify** menu option. The system displays the *Certify* screen.

- Certification is not available until the “Accurate” collection period (July 11, 2024)
- Both those with the TCS User and TCS Certifier role will have access to this screen however only those with the TCS Certifier role will have the Certify button.
  - No code is needed to complete certification
- If your LEA is not eligible to complete certification due to missing or invalid data, a note will appear on the screen.

The screenshot shows the 'TCS' navigation menu on the left with 'Certify' highlighted. The main content area displays the 'Certify' page with a summary of TCS to PSIS counts for the district. The table below shows the data for the district.

Facility Code	Facility Name	TCS Records	TCS SASIDs	PSIS SASIDs	TCS SASID %
	School	489	489	489	100.00%
	Outplaced Students	1	1	1	100.00%
	TOTALS	490	490	490	100.00%

A 'Certify' button is located at the bottom right of the screen.

# How to Certify

Facility Code	Facility Name	Total SASIDs Reported	Total Records Reported	Missing Records
0120111	Bolton Center School	0	0	502
0120211	Bolton Transition Program	0	0	2
0126111	Bolton High School	0	0	238
0770361	Manchester Memorial Hospital Clinical Day School	0	0	1
	TOTALS	0	0	743

Certify

OR

Certification may not be completed due to one or more of the following reason(s):

**The Duplicate Records** report is not blank.

**The Available Credits versus Course Credits Earned** report is not blank.

There are more than 5 records listed for a facility on the **Missing SASID** report

# The TCS Help Site

## About the Collection: TCS

[PORTAL LOG IN](#)

The Teacher-Course-Student (TCS) application collects student, teacher and course information. Analyses of TCS data can greatly inform school and district strategists to increase the college and career readiness of all learners (e.g., course-taking patterns and course completion rates for students from different subgroups and schools, alignment of middle/high school courses to college-level courses). This data allows districts to make informed decisions about their current state of instruction and learning as well as the ways in which both can be improved, monitored and shared. Select TCS data is publicly available on [EdSight](#).

The Student Achievement Module (SAM) is housed within TCS. The module will be used to collect various credentials earned by students such as Seal of Biliteracy records.

### Important Dates\*:

Data Year	Component	Reporting Group	Open Date	Submission Due Date (TIMELY)	Final Revision Date (ACCURATE)	Freeze Date
2023-24	TCS	LEA's	OPEN	7/10/2024	8/21/2024	9/4/2024
2023-24	TCS	APSEP's	OPEN	7/10/2024	N/A	N/A
2023-24	SAM	LEA's	May 2024	N/A	8/21/2024	9/4/2024

# What Can I Do Before End of the Year Grades?

- Ensure you have access to the system
- Have an understanding of the data collected
- Upload completed courses
- Upload a test file
  - Uploads can be deleted

# THE MOST IMPORTANT SLIDE

Help Site (Record Layout, FAQs, Instructions):  
<https://portal.ct.gov/SDE/Performance/Data-Collection-Help-Sites/TCS-Help-Site>

## What records must be reported to CSDE?

- All students registered to your LEA for 90 days or more from July 1, 2023 – June 30, 2024. This includes students who may have exited or entered your LEA partially through the school year.

**04901** - African American, Black, Latino, and Puerto Rican Course of Studies (CT Code)

**19262** - Consumer Economics/Personal Finance

## Deadlines:

Timely: July 10, 2024

- All LEAs
- APSEPs
- The bulk of your data must be input and error free

Accurate: August 21, 2024

- All data must be input, error free, and certified

## Reminders:

- The Course Start/End Dates must fall on or within the Entry/Exit Dates the student was in the PSIS Registration Module.
- Be sure the TCS User and TCS Certifier information in Directory Manager is up to date

**FREEZE DATE: SEPTEMBER 4**

ABSOLUTELY NO CHANGES CAN BE MADE AFTER THIS DATE

## How should Capstone Courses be reported?

If the capstone course is topic focused, we suggest using either the “Independent Study” code or the “Workplace Experience” code for the subject that best fits the material, otherwise use the miscellaneous code.

### EXAMPLES:

03147: Chemistry —Independent Study

16197: Travel and Tourism – Independent Study

22997: Miscellaneous—Independent Study

03148: Chemistry – Workplace Experience

16198: Travel and Tourism – Workplace Experience

22998: Miscellaneous—Workplace Experience
