

2021-22 Structured Literacy Virtual Training Series Calendar At-a-Glance

The Connecticut State Department of Education (CSDE), in collaboration with the State Education Resource Center (SERC), is sponsoring a virtual training series featuring structured literacy approaches. These research-based approaches are designed to work with students with SLD/Dyslexia and other decoding challenges.

All events listed below are free of charge for **public school personnel**; however, there are required materials that **must be purchased** by the district *prior to attending* the session in order for each individual to participate. Please see information below. **Prices of materials are subject to change.**

All non-public school personnel will be required to pay a fee in addition to the required materials that need to be purchased. Detailed information regarding those fees can be found in the event description online.

Participants **must register for their desired event first** at <https://ctserc.org/events>, then follow the link, if applicable, to order necessary materials.

This list of offerings covers October 2021 through January 2022. CSDE and SERC will later release a list of offerings for February to May 2022.

Date(s)	Time	Session & Material Information (if applicable)
