# Testing Numbers as of 4/25/24

Summative Counts April 25, 2024		
Program	Tests Started	Tests Completed
Smarter Balanced	85,558	62,659
NGSS	40,800	33,755
CTAS	304	275
CTAA	2,168	1,882
Total	128,830	98,571

# Reminders

- All materials are posted to the [Connecticut Comprehensive Assessment Program Portal](#).
- Paper TAMs/TCMs were delivered in late January. Contact the Cambium Help Desk if you need more.
- The testing window runs until May 31, 2024.
- There is an optional [Test Administrator Training](#) developed for districts that can be used (partially or as a whole) when preparing staff for statewide assessments.

# Results

- All results (NGSS, Smarter, CTAS, CTAA and **CAAELP**) will be posted by mid-June.
- CSDE will likely be providing results taken earlier in the window on a “rolling release” in the [Centralized Reporting System](#) (CRS).
- This will be dependent on the quality control process. The tentative date is set for Mid May.

# Attestation of Training

## Important!

### **WARNING! YOU ARE ABOUT TO ADMINISTER A STATE SUMMATIVE (END-OF-YEAR) TEST.**

All test items and test materials are secure and must be handled appropriately. Educators who administer Connecticut's summative assessments (e.g., Smarter Balanced, Connecticut Alternate Assessment, NGSS Assessments, and Connecticut Alternate Science) are required to maintain security of the tests, the testing materials, and the testing environment. Maintaining the security and integrity of the entire assessment process is vital to ensuring the reliability of the results and the validity of the inferences made about student performance.

Connecticut's test security requirements are outlined in the respective Test Administration Manuals listed below:

Smarter Balanced Test Administration Manual (see pages 2-5, 31 and 35)

Connecticut Alternate Assessment Test Administration Manual (see pages 25-29)

NGSS Assessment Test Administration Manual (see pages 9-11, 41 and 43)

If you have any questions, please contact your School or District Coordinator.

**WARNING! You are in the process of selecting a State Summative (End-of-Year) Test.** Students only have one opportunity to take this test. Please confirm your selection below and click OK to continue. If you are ready to administer the SUMMATIVE TEST, type **Summative** in the box.

# Clarifications on Text-to-Speech (TTS)

# Clarifications for TTS

**Question:** Text-to-speech does not work on all of my student's ELA items. Is something wrong with the test delivery interface?

**Answer:**

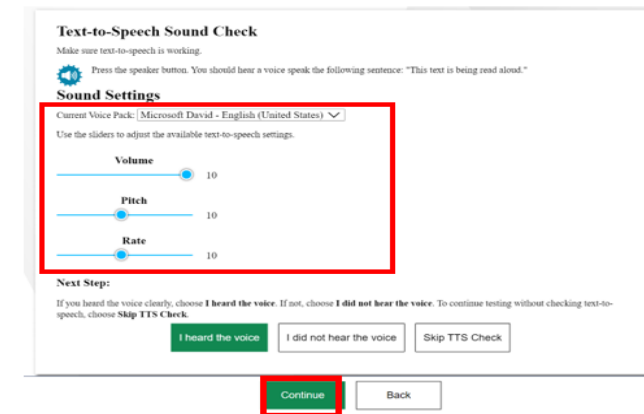

- No, certain writing items on the Smarter Balanced ELA assessment are not keyed to TTS because they measure grammar usage/punctuation.
- Otherwise, TTS is available on all test items.

**Reminder:** TTS must be activated in TIDE prior to testing. It will **not** work if the support is added to TIDE after the students begins the subtest. Please verify student test settings for accuracy prior to testing.

# Clarifications for TTS

- The embedded TTS does not use a human voice but rather applies the voice pack associated with the student’s testing device.
- Prior to testing, work with students to check the voice pack and/or settings on student’s device prior to testing.
- Students can verify TTS functions (volume, rate, pitch) when logging onto the secure browser.

- Show students how to check the voice pack and settings on their device prior to testing.

- Show students how to turn on TTS to read questions and items using the task bar.

# Is TTS of test items a universal tool?

For the purposes of Connecticut's standardized assessments, text-to-speech of test items is NOT a universal tool.

- TTS of items is a designated support intended for students with an identified need who use and benefit from using TTS to support access to reading, seeing, or language communication.
- Prior to designating this support, teams should:
  - Verify the student is familiar with using TTS during instruction and find it beneficial.
  - Trial TTS on a practice or interim assessment.
  - Adjust TTS settings on the student's testing device as prompted by the Test Delivery Interface prior to testing.
  - Model how to activate TTS using the task model on the student's test screen. The TTS must be manually activated for each test question and item responses.
  - Provide headsets unless testing in a 1:1 test setting.

# Who is eligible for text-to-speech of the Smarter Balanced ELA Passages?

Text-to-speech of the Smarter Balanced ELA Passages is an accommodation for students who:

- Cannot access print or text due to a significant visual or print disability.
- In spite of intensive and extensive instruction/intervention in the science of reading or in braille acquisition, are unable to access print materials without the provision of more extensive accommodations.
- The completion of the [Decision Guidelines for Text-to-Speech of the ELA Passages](#) by the PPT/Section 504 indicates there is a preponderance of evidence that this accommodation is accurate for the student based on global need.
- Accommodation if designated, alters the constructs being measured and reading comprehension becomes listening comprehension.

**2023-24 Decision Guidelines for Text-to-Speech of the Smarter Balanced ELA Reading Passages**

Planning and Placement Teams should use this form to help document the need for the embedded text-to-speech of the Smarter Balanced reading passages. This accommodation is only available with an IEP or Section 504 Plan in Grades 3-8 with a documented print disability, or for students who are blind with inadequate braille skills. If your student qualifies, select the Text-to-Speech of Passages (Embedded Accommodation) in CT-SEDS, along with Text-to-Speech (Embedded Designated Support) for ELA items, and math and science stimuli and items, if appropriate. Please print and maintain this form locally with the student's record.

Student has:  IEP  IEP  504 Plan

Student Name: \_\_\_\_\_ SASID: \_\_\_\_\_ District: \_\_\_\_\_ School: \_\_\_\_\_ Grade: \_\_\_\_\_ Date: \_\_\_\_\_

Responses in shaded boxes may indicate a need for the text-to-speech available through the online computer platform. A preponderance of evidence should exist rather than one or two marks in shaded boxes to support the eligibility of a student in Grades 3-8 for text-to-speech of the Smarter Balanced ELA Reading Passages accommodation.

Question	Assurance: Evidence may be found in the following sections of CT-SEDS (refer to the 504 or IEP as applicable)	Yes	No
1a. Is this student blind or does this student have a significant visual impairment?	<ul style="list-style-type: none"> <li>Student Information section (refer to Primary Disability category)</li> <li>Present Levels of Academic Achievement and Annual Goal(s) and Objectives section</li> <li>Special Considerations and Progress Reporting sections</li> </ul>		
1b. If the student is blind or has a significant visual impairment, is the student learning to read braille?	<ul style="list-style-type: none"> <li>Student Information section (refer to Primary Disability category)</li> <li>Special Considerations and Progress Reporting sections</li> </ul>		
2a. Does this student have an identified reading-based disability that affects the student's decoding, fluency, or comprehension skills?	<ul style="list-style-type: none"> <li>Student Information section (refer to Primary Disability category)</li> <li>Special Considerations and Progress Reporting sections</li> </ul>		
2b. Is there evidence of the persistence of the reading-based disability despite intensive, targeted instruction. (Note: There should be documentation of the interventions used and formative assessment data on the effect of each intervention.)	<ul style="list-style-type: none"> <li>Present Levels of Academic Achievement and Annual Goal(s) and Objectives section</li> </ul>		
3. Does the student's disability impact the student's ability to access the curriculum across all academic subjects?	<ul style="list-style-type: none"> <li>Present Levels of Academic Achievement and Annual Goal(s) and Objectives section</li> </ul>		
4. Are interventions being utilized to improve the student's decoding, fluency, or comprehension skills?	<ul style="list-style-type: none"> <li>Present Levels of Academic Achievement and Annual Goal(s) and Objectives section</li> </ul>		
5. Does the student use text-to-speech (computer), assistive technology software, or audio books during instruction?	<ul style="list-style-type: none"> <li>Special Education and Related Services section</li> <li>Supplementary Aids and Services and Indirect Services sections</li> <li>District and State Testing Information section</li> </ul>		
6. Does the student belong to <a href="#">Book Share</a> (or a similar organization) or use identified accessible educational materials? (See <a href="#">Determining the Need for Accessible Educational Materials (AEM) and Acquiring AEM from the Appropriate Sources</a> for more information.)	<ul style="list-style-type: none"> <li>Special Education and Related Services section</li> <li>Supplementary Aids and Services and Indirect Services sections</li> <li>District and State Testing Information section</li> </ul>		
7. Does the student use text-to-speech (computer) during Smarter Balanced Assessments or other class or districtwide assessments?	<ul style="list-style-type: none"> <li>Special Education and Related Services section</li> <li>Supplementary Aids and Services and Indirect Services sections</li> <li>District and State Testing Information section</li> </ul>		

Based on the limited preponderance of evidence indicated above, the student does not qualify for the Text-to-Speech of the Smarter Balanced ELA Reading Passages accommodation.

Based on the substantial preponderance of evidence indicated above, the student qualifies for the Text-to-Speech of the Smarter Balanced ELA Reading Passages accommodation. Appropriate school/district personnel should select the Text-to-Speech of ELA Passages (Embedded Accommodation) in CT-SEDS. Additionally, Text-to-Speech (Embedded Designated Support) should be selected for ELA items, and math and science stimuli and items (if appropriate) in CT-SEDS.

Please sign to acknowledge the completion and accuracy of this determination. Maintain this document locally with the student's record.

# CT-SEDS and TIDE

# CT-SEDS and TIDE

## Updates:

- An updated accommodation file was uploaded to TIDE this past week.
- “Off- codes” now sync to TIDE.
- This updated file will be loaded every morning.

## Important Reminder:

- Prior to testing, verify accessibility supports in TIDE against implemented plans in CT-SEDS for accuracy.

# CT-SEDS and TIDE

If you notice accommodations are not populating from CT-SEDS to TIDE, check the following:

- Verify the plan has been finalized and implemented(begin date) in CT-SEDS.
- Ensure that the implemented plan covers the current grade of enrollment.
- Check the IDEA or 504 Indicator in TIDE. It must be activated for accommodations to sync.\*
- Review the student’s SASID in CT-SEDS to ensure that it is a legitimate SASID aligned to PSIS/TIDE.\*

# CT-SEDS and TIDE Accommodations

If contacting the CSDE, please provide the following information:

- SASID
- IEP/Section 504 plan implementation date
- Designated supports/accommodations currently implemented in the IEP/504 plan for each applicable test area (Smarter Balanced Math, ELA, NGSS) for State Testing Accommodations
- Designated supports/accommodations populated in TIDE.

 **CT-SEDS/TIDE Syncing Concerns**

Districts can use this optional form to collect information about accommodation issues identified between CT-SEDS and TIDE. Please complete this form and email to [Deirdre Ducharme \(deirdre.ducharme@ct.gov\)](mailto:deirdre.ducharme@ct.gov) and [Katharine Seifert \(katharine.seifert@ct.gov\)](mailto:katharine.seifert@ct.gov) so that they can provide appropriate assistance.

District Name: \_\_\_\_\_

Document accommodation issues below.

Today's Date	Student SASID	Date of Implemented IEP/Section 504 Plan	List Accommodations in Documented Plan for each applicable testing subject (Smarter Balanced Math, ELA, NGSS).	List current accommodations in TIDE.	CSDE Comments (Once this document is submitted to the CSDE for their review, they will populate this column with their findings/next steps.)

# Spanish Presentation Math and Science

# Spanish Presentation Math and Science

Students who are fluent and literate in Spanish may be eligible for the following language supports:

- Spanish presentation is available for math and science. This support must be turned on in TIDE prior to testing.
- Text-to-Speech in Spanish is available for students using Spanish Presentation.
- Text-to-Speech in English is available for ELA, math and science.

Embedded Designated Support	1) ELA	2) Math	3) Science

# Spanish Presentation Math and Science

- When Spanish Presentation is selected for science or math, students can switch the presentation to English using the “globe” icon (shown on the right).
- To access Text-to-Speech in Spanish:
  - Download/install voice pack available on the student’s device.
  - Trial on a practice test.
- If using a Chromebook, please note version 119 does not support the Spanish voice pack. Upgrade to versions 121 or 123 if possible.
