

K–3 Literacy Universal Screening Assessment Selection by District

Connecticut school districts serving students in kindergarten to Grade 3 utilized assessments from the [Approved Menu of Research-based K-3 Literacy Universal Screening Assessments](#) in the 2025-26 school year. The following table illustrates the assessment that was administered and reported for the End of Year (EOY) benchmark period in each district. As a reminder, all districts were required to administer an approved K-3 literacy assessment within the three CSDE-designated testing windows in 2025-26.

2025-26 K–3 Literacy Universal Screening Assessment Selection by District
