

# NAEP 2024 Student Planning Worksheet – English Learner/Multilingual Learner (EL/ML)

Inclusion is vital to the NAEP and state assessment programs to ensure assessment results reflect the educational progress of all students and to reduce variability in performance comparisons across states. Connecticut has a long history of high inclusion rates. **We expect most EL/MLs to participate in NAEP, except for EL/MLs who have been in U. S. schools less than one full academic year AND cannot access NAEP with allowed accommodations.**

This optional planning worksheet can be used as a tool to gather the necessary information to prepare for the NAEP assessment. All responses must be entered in the NAEP Assessment Management System (AMS).
