CAAELP Overview

Overview of CAAELP

- One of three assessments in the Connecticut Alternate Assessment System (CTAA, CTAS, and CAAELP).
- Designated for students in Grades K-12 with the **most** significant cognitive disabilities who are:
 - Dually identified as English learners/multilingual learners (ELs/MLs) with an IEP.
 - Receiving services under IDEA.
 - Meet eligibility criteria documented by the <u>Connecticut Alternate</u> <u>Assessment System Eligibility Form</u> embedded within CT-SEDS.
- Aligned to and derived from the <u>Connecticut English Language Proficiency</u> <u>Standards and English Language Proficiency (ELP) Standards for English Learners with Significant Cognitive Disabilities.</u>

Overview of CAAELP

- Federally mandated for states to have an Alternate ELP
 Assessment available to students who meet eligibility criteria.
- UCLA/CRESST and ELPA 21 is responsible for providing online training to educators administering the CAAELP.
- Cambium is the test vendor providing the test delivery system.
- The 2024-25 CAAELP will provide multiple test forms for online administration: Digital test forms A, B, C, and D.

CAAELP Eligibility

CAAELP Eligibility Criteria

The student's Planning and Placement Team (PPT) must annually consider which assessments are most appropriate for each student in Grades K-12.

The following must be determined for participation in the CAAELP:

Step 1

Is the student identified as a special education student with an active IEP?

Step

Does the student meet each of the 3 mandatory components of the Connecticut Alternate Assessment System Eligibility Form providing evidence for participation criteria?

Step 3

Is the student identified in PSIS as EL/ML?

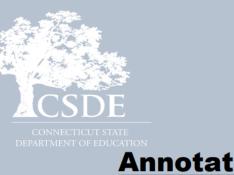

Alternate Assessment System Eligibility Determination

For a student to be eligible for the Alternate Assessment, the PPT must complete the Connecticut Alternate Assessment System Eligibility Form within CT-SEDS as part of the PPT Process documenting a significant cognitive disability.

The 3 criteria that need to be met are:

- 1. There is evidence of an intellectual impairment.
- 2. There is evidence of functional adaptive skills well below age-level expectations.
- 3. The student requires intensive instruction and significant supports.

CAAELP Participation Guidelines

These guidelines describe the purpose, participation criteria, and procedures to determine and document eligibility for the CAAELP.

Connecticut Alternate Assessment of English Language Proficiency (CAAELP) Participation Guidelines 2024-2025

The Connecticut Alternate Assessment of English Language Proficiency (CAAELP) is designed to reflect the diversity of English learners/multilingual learners (ELs/MLs) with the most significant cognitive disabilities.

The CAAELP measures English language proficiency in the domains of Listening, Reading, Speaking, and Writing. It supports individual ELs/MLs with significant cognitive disabilities and their schools and districts by:

- monitoring the annual progress of ELs/MLs with significant cognitive disabilities in the attainment of English proficiency for academic purposes, and
- informing decisions about exiting students with significant cognitive disabilities from English learner services.

CAAELP Participation Criteria and Procedures

The CAAELP is designed for a relatively small population of students in Grades K-12 who are dually identified as EL/ML and special education under IDEA with a significant cognitive disability. The Planning and Placement Team (PPT) must meet at least one time annually to develop an Individualized Education Plan (IEP) for the student, which includes determining state summative assessments and accessibility features that best meet the unique learning profiles of each student. This includes which assessments and accessibility features are appropriate for the student. The PPT will determine if the student, who is dually identified, takes the standard English language proficiency assessment (LAS Links) or meets criteria for participation in the Connecticut Alternate Assessment System, including CAAELP.

To ensure that only students with documented evidence of a significant cognitive disability participate in Connecticut's Alternate Assessment System, PPTs complete the Connecticut Alternate Assessment System Eligibility Form within the Connecticut Special Education Data System (CT-SEDS). This form requires the submission of critical evidence such as the documentation of assessment data typically included in the IEP and current evaluation results to describe the student's present levels of performance and eligibility for special education services. Using the Connecticut Alternate Assessment System Eligibility Form, the PPT must verify that the student has a significant cognitive disability by providing the following evidence:

- The student has an intellectual impairment with supporting evidence per cognitive testing or other details/evidence exist to substantiate the existence of an intellectual impairment;
- The student's functional adaptive behavior skills are well below age-level expectations
 with supporting evidence per adaptive behavior assessment(s) (e.g., scored more than
 1.5 standard deviations below the mean score); and
- The student requires intensive instruction and significant supports.

CAAELP and CT-SEDS

All Alternate Assessments are documented through the completion of the Eligibility Form within the CT-SEDS platform located within the District and State Testing tile.

Teams should ensure that the:

- Connecticut Alternate Assessment System Eligibility Form is completed in its entirety, including the verification section.
- All grades covered by the duration of the IEP are selected.
- The IEP is finalized and implemented in CT-SEDS.

Eligibility data from CT-SEDS is populated to TIDE nightly. Eligible students will have an activated Alternate Assessment Indicator on the student dashboard.

The responsibilities and suggested steps for test preparation, administration, and after test activities for the Trained TEA are defined in this document.

The Connecticut Alternate Assessment of English Language Proficiency (CAAELP) TEA Responsibility Checklist

The Connecticut Alternate Assessment of English Language Proficiency (CAAELP) is a secure test administered to eligible students with significant cognitive disabilities who are dually identified as EL/ML in Grades K-12. The CAAELP was designed to be administered by the Trained Teacher Administering the Alternate (TEA) in a one-to-one test setting with the student. The CAAELP is comprised of four domains, Listening, Reading, Speaking, and Writing that must be administered by the Trained TEA during the testing window between January 13 and March 7, 2025.

The TEA selects the responses indicated by the student in the online test delivery system. One component of the test design requires the reading of the entire test to the student including passages, items, and responses.

Teachers Administering the Alternate Assessments must access and review the <u>CAAELP Test Administration</u> <u>Manual (TAM)</u>, <u>CAAELP Accessibility and Accommodations Manual</u>, and the secure grade/grade band (and Domain specific test forms [A, B, C, or D]) *Directions for Test Administration* (DFA) manuals (available in TIDE) and use them in conjunction with test administration. The responsibilities and suggested steps for the Trained TEA are defined below.
