

ACADEMY FOR TEACHER LEADERSHIP PROGRAM

The **Academy of Teacher Leadership** focuses on current teacher leaders who want to tackle a specific problem of practice, support the implementation of a new initiative, or launch a project in the school building. It is especially helpful for a pair of teachers from the same school to enroll together so they can collaborate on school-specific initiatives in real time. The ATL Program is **designed** as a **one-year, cohort-style** program. Throughout the year, participants come together for 5 full-day seminars.

We are seeking **any outstanding teacher** in your building who have:

- exceptional teaching ability
- demonstrated capacity to serve as a teacher leader
- three or more years of teaching experience
- strong collaborative/interpersonal skills
- the respect of their colleagues

A peak into our program topics:

- Assessing their Readiness for Teacher Leadership
- Leveraging Generational Diversity in the Workspace
- Adult Learning Theory
- Change: Technical and Adaptive
- Facilitating Coaching Conversations
- Goal Setting and Action Planning

2026-2027 Dates

All Sessions are from 9:00am – 2:30pm
