Q6. Goals, Activities and Budget

Local and regional school districts shall develop a three-year teacher education and mentoring plan that incorporates the Department of Education's goals and instructional priorities, as well as any local considerations based on community and student needs. The plan shall include a statement of three-year objectives related to the state's goal statement for the teacher education and mentoring program.

The Mission of the TEAM Program: *To promote excellence, equity and higher achievement for Connecticut students by engaging teachers in purposeful exploration of practice through guided support and personal reflection.*

The goals of the TEAM Program are to:

- Provide all beginning teachers with the support they need to develop as effective educators;
- Ease the beginning teacher's transition into the teaching profession in order to retain effective teachers;

- Develop teachers who are reflective practitioners, able to critically assess their practice against CT's teaching standards, and are committed to continuous professional learning;
- Cultivate an understanding of the professional responsibilities of an educator;
- Foster collaborative learning communities for all educators; and
- Provide excellent teachers the opportunity to develop as educational leaders.

Q7. List your district's three-year objectives related to the state's mission and goal statement for the Teacher Education And Mentoring Program.

(Consider: alignment to district/school initiatives related to teaching and learning; teacher retention, professional development, etc.)

Develop teachers who are reflective practitioners, able to critically assess their practice against CT's teaching standards, and are committed to continuous professional learning. Foster collaborative learning communities for all educators. Provide excellent teachers the opportunity to develop as educational leaders.

Q8. Local and regional boards of education shall:

1. ensure substitute teacher coverage for mentors and beginning teachers to participate in the activities and modules required in the three-year teacher education and mentoring plan;
2. communicate regularly with beginning teachers about training opportunities, state-wide workshops and support group work;
3. coordinate the teacher education and mentoring program and teacher evaluation and supervision program, provided they are kept separate;

4. take steps to make time available, as needed, to help teachers achieve the goals of their mentoring plans;
5. coordinate the activities and schedules of mentors and beginning teachers to ensure faithful implementation of the district plan; and
6. submit annual report on mentor-teacher activities to the superintendent or director for review and approval.

Q9.

For each of the following requirements, check those that that your LEA is currently implementing, or, in the space provided, describe your plan for how the LEA plans to implement the requirement.

1. Ensure substitute teacher coverage for mentors and beginning teachers to participate in the activities and modules required in the three-year teacher education and mentoring plan.

2. Communicate regularly with beginning teachers about training opportunities, state-wide workshops and support group work.

4. Ensure mentors and beginning teachers have time to meet by coordinating their activities and schedules to ensure faithful implementation of the TEAM Program.

- 5. Submit an annual report on mentor-teacher activities to the superintendent or director for review and approval.

Q10. Local and regional boards of education will develop an annual budget to support the activities detailed in the three-year teacher education and mentoring plan and submit such budget annually to the Department of Education to receive state assistance for such activities. Q58.
Module Five - Professional Responsibility

Module Five Facilitated Conversations are meant to raise teachers' level of awareness about responsible, professional behavior. Districts have the opportunity to select the facilitator for the discussion of the scenarios. It is recommended that the facilitator be knowledgeable about district policies and procedures as well as the *Code of Professional Responsibility for Educators* within the *Common Core of Teaching*. Facilitators could be the District Facilitators, Human Resource Directors, Building Administrators; Central Office Administrators; or Teacher Leaders.

Q12. Who will facilitate Module Five?

- The District Facilitator
- Human Resource Director
- Central Office Administrator
- Building Administrator
- Teacher Leader

Q13. When will Module Five be conducted?

- At the beginning of the first year of teaching
- Mid-year of the first year of teaching
- Beginning of the second year of teaching
- Mid-year of the second year of teaching

Other

Module Five Conversations are part of the annual New Staff Orientation Day in August and include all newly hired certified staff.

Q14. How will Module Five be structured?

- Beginning teachers only
- Beginning teachers and their mentors
- Beginning teachers, mentors and experienced staff
- Other

Q15. How will teachers document the completion of Module Five?

Module Five is documented by a sign-in sheet kept by the DF. Those in the TEAM program complete the online requirements at the collaborative website.

Q24.
Mentors

Local and regional boards of education shall develop a three-year teacher education and mentoring plan that includes a description of the process used to select mentors and assign them to beginning teachers, based on subject areas, grade levels, and needs; and a description of the process to ensure mentors are trained and updated in best practices and essential knowledge.

Those persons eligible to serve as mentors for such programs shall hold a provisional educator certificate or a professional educator certificate pursuant to section 10-145s, and have at least three years teaching experience in Connecticut, including at least one year of experience in the district in which they are presently employed. Retired certified teachers may also serve as mentors, provided they successfully complete a mentor training program.

Q17. Describe the criteria and process used to recruit and select mentors who meet the statutory criteria (see above).

At times, principals suggest teachers be trained. At other times, individual teachers express an interest in training to the Building Administrator or DF. Since training requires time away from the classroom and involves an expense, the applicant must complete district requirements for outside professional development. There is an annual, recruitment email of TEAM Mentors in May. Mentor assignments to TEAM teachers typically occur around the opening of the school year after the teachers have established a profile on the TEAM website.

Q18.

Assigning mentors to beginning teachers is a critical first step in providing support. Describe the criteria and process, including the timeline for assigning trained mentors to new teachers. How soon after a teacher is hired will the LEA assign a mentor?

Consider: matching beginning teachers and mentors based on subject areas, grade levels, proximity, and needs where possible when making an assignment.

Please Note: *TEAM Guidelines state:*

*A mentor **must** be assigned to all beginning teachers at the start of the school year or as soon as possible upon hire. It is strongly encouraged that mentors be matched and assigned to a beginning teacher within 30 days of the beginning teacher's hire date. The district is responsible for ensuring that all beginning teachers are assigned a mentor (p. 9).*

Q19. Beginning teachers are assigned a mentor within 30 days of hire.

Yes

No (Explain)

Q20. All beginning teachers are matched with a mentor according to the following criteria (select all that apply):

Grade level

Content Area

Proximity

Needs

Other

The DF consults with the principal on a mentor match. Once finalized, the match is made on the TEAM website. When possible, grade level or content area matches are preferable.

Q21. All mentors must be trained and updated by state approved training(s) in best practices and essential knowledge on a regular basis.

Mentors are required to attend a state approved training and update training.

Mentors are trained by in-district trainers (lead/master mentors) who have been trained and updated by the state.

Other: Please explain

Q22. Describe any additional professional development opportunities provided by the LEA to mentors to address further development of best practice and essential content knowledge. (Optional)

Annually, the DF arranges a district-wide meeting of new TEAM teachers and their mentors to review TEAM requirements. This is new to the TEAM teacher and a good review for the mentors. Use of the CCT profile, goal writing, PGAP and initial summary are all topics covered at the meeting along with criteria for reviewing reflection papers. Resources available on the TEAM website, sample papers and Sanford Inspire modules are all considered. Occasionally, the DF will arrange district-wide professional development as new features of the TEAM program evolve. TEAM teachers/mentors are encouraged to meet with the DF or Jennifer Johnson before beginning the Planning module because of the anticipatory nature of impact on the classroom and student outcomes criteria. Sometimes mentors prefer to do the online mentor update training with colleagues so that discussions can be part of the process and so that they can learn from each other.

Q32.

Mentoring Hours

Each mentor shall provide fifty contact hours to each beginning teacher during the program, with the expectation of approximately ten contact hours per module.

Q24.

Describe how your LEA will monitor the number of mentoring hours provided to each beginning teacher to ensure support hours are meeting the mandated requirements and a process for addressing possible issues during the year.

Mentors log their weekly meetings on the TEAM website. TEAM teachers confirm the mentor hours. The DF monitors the logged hours on the website and reminds mentors/teachers to stay on track with the district Pacing Guidelines.

Q25.

Beginning Teachers

Beginning teachers shall satisfactorily complete instructional modules (classroom environment, planning instruction, instructing, assessing and professional responsibility). Beginning teachers shall work with their mentors in developing a planned set of activities, based on the topics offered within each instructional module.

Beginning teachers shall complete two modules in their first year in the program and three modules in their second year in the program, except as otherwise provided by the Commissioner of Education.

Q26.

Describe how the LEA will orient all beginning teachers to the TEAM program (generally within 45 days from their first day in the classroom).

The TEAM Guidelines require all LEAs to provide an orientation to TEAM which includes, but is not limited to the following: an overview of the TEAM Program requirements, an introduction to TEAM, a review of the district's three-year TEAM support plan, timelines for TEAM completion, including any district specific requirements, and a schedule for district-based support.

An initial introduction to the TEAM module process is part of New Staff Orientation before the opening of the school year. By mid-September, a district-wide meeting is held with first year teachers and their mentors as outlined above.

Q27.

Describe how the LEA will ensure BTs know the consequences of not completing all TEAM requirements by their deadline date.

Teachers who do not successfully complete all five modules by the end of three years in TEAM for Category I teachers, and two modules within two years for Category II teachers, and who do not receive an approved extension of time, will not be eligible for an extension of their initial educator certificate and will not be eligible to advance to the provisional certificate. In such case, in order to earn eligibility for the reissuance of the initial educator certificate, the teacher would need to fulfill the requirements of intervening study and experience (Sec. 10-145f) as approved by the State Board of Education.

By monitoring the weekly logs, the DF attempts to keep the BT on track to complete the module process within two years. As needed, BTs are reminded that the TEAM program must be completed before the teacher can move to the Provisional Certificate and before the Initial Certificate expires.

Q28.

Describe the process for monitoring beginning teachers are on track to complete TEAM by their deadline dates.

By monitoring the weekly logs, the DF attempts to keep the BT on track to complete the module process within two years. As needed, BTs are reminded that the TEAM program must be completed before the teacher can move to the Provisional Certificate and before the Initial Certificate expires. The district Administrative Assistant to the Superintendent sends out reminders to all teachers when their certificate renewal deadline approaches.

Q29.

Describe supports for teachers who are not on track to complete TEAM by their deadline dates.

If a BT is not on track to complete TEAM by their deadline date, the DF would meet with the teacher and the principal to address this concern. It is likely that TEAM mentor support would be extended. Further delay might be reported to the Superintendent of Schools by either the principal or DF.

Q31. Module Completion

Beginning teachers shall satisfactorily complete five instructional modules (based on their teaching endorsement, some teachers will complete two instructional modules);

Beginning teachers shall work with their mentors in developing a planned set of activities, based on the topics offered within each instructional module.

For each instructional module, beginning teachers shall submit **a reflection paper or project**, to be signed by the mentor, that summarizes, describes or analyzes what has been learned by the beginning teacher and their students throughout the module and how the learning contributed to the development of such beginning teacher.

Q31. How will teachers demonstrate completion of each instructional module?

- Teachers will submit a reflection paper to demonstrate completion of each module.
- Teachers will submit a project to demonstrate completion of each module.
- Other

Q32. You selected Project - Please describe the requirements of the project including, but not limited to, how teachers will demonstrate and document module activities and outcomes aligned with the Criteria for Successful Completion of a Module.

This question was not displayed to the respondent.

Q33. You selected Other- Please describe the requirements for module completion, including, but not limited to, how teachers will demonstrate and document module activities and outcomes aligned with the Criteria for Successful Completion of a Module.

This question was not displayed to the respondent.

Q51.

Review of Modules

For each instructional module, beginning teachers shall **apply the knowledge gained** through such activities and describe how the activity **impacted student learning**.

PLEASE NOTE: Regardless of whether a district elects to review module completion in-district or participate in a regional review process, all reviewers must be trained prior to conducting reviews and participate in update training in subsequent years.

Review Criteria

For each instructional module, beginning teachers shall submit **a reflection paper or project**, to be signed by the mentor, that summarizes, describes or analyzes **what has been learned** by the beginning teacher and their **students** throughout the module and **how the learning contributed to the development of such beginning teacher**.

PLEASE NOTE: Regardless of whether a submits a reflection paper or a project, the review criteria is the same.

Q35. How are reviewers trained and updated?

- Reviewers are required to attend a state approved training.
- Reviewers are trained in-district using a state-approved training.
- Other: Explain

Q36. How will modules be reviewed for successful completion?

- Regional Review (RESC Collaborative)
- In-district Review
- Consortium (in a collaboration with other districts)

Q37. Describe the in-district or consortium review process including, but not limited to:

- Assigning reviews of module completion
- Criteria for successful completion

- Process for module resubmission for modules that did not meet the completion standard
- Process for communicating results to teachers
- Assuring confidentiality of the results

The state-wide regional review process is utilized.

Q38. Describe the process that the district will use to resolve internal disputes or appeals, including, but not limited to, disputes concerning the mentoring module process; mentor-beginning teacher relationships, - including a process to dissolve placements, if necessary; module outcomes (if reviewed in-district); and, requests for special accommodations based on disabilities.

A. Resolving Mentor Placements Disputes: Mentees or mentors who feel they are inappropriately matched should contact the District TEAM Facilitator or Building Administrator. The District TEAM Facilitator and Building Administrator determines if problems can be reconciled through the support of the TCC (if needed) or if the match should be dissolved. If a mentor placement is dissolved, the mentor will be issued a stipend proportional to their mentor-ship time; stipends are distributed toward the end of the school year. A new TEAM trained mentor will be assigned to the TEAM teacher. B. Renewal of Mentor Training: The District Facilitator and building administrators review the district list of mentors for each building to identify who is current in participating in initial support or update training. Those who have let their TEAM training expire (three years) are given an opportunity to complete an online update, or participate in the newer module process. If a District Mentor does not update their training in a fourth year, the Initial Support Training needs to be completed. C. Appeals: TEAM teachers or mentors may appeal to the TCC regarding placement decisions.

Q39. The TEAM Coordinating Committee (TCC) approved the 2019-2022 Three-year Support Plan for Beginning Teachers and Mentors.

- Yes
- No
