

TITLE I Targeted Assistance Program Updates

February 16, 2024 | Volume 1, Issue 1

Thank you for reading the first edition of *Title I Targeted Assistance Program Updates*. This Listserv is for principals, assistant principals, coaches, and teacher leaders in Title I Targeted Assistance programs. It is our hope that this space will serve as a reliable source of key information to help school teams learn from their peers in the field to improve programs. Our goals are to foster two-way communication and create space for collaboration.

 In this issue...

- Targeted Assistance Programs
- Science of Writing Opportunity
- Title I School Leader Survey
- Virtual Title I Collaboration: Family Engagement & Communication

Title I Targeted Assistance Program Listserv

The needs of a Targeted Assistance program are very different than other Title I programs. Using these funds to deliver services to identified students can be challenging, and we want to understand more about your experience and share meaningful content. For example:

- Have you ever wanted to learn more about how other districts manage their programs?
- Do you wonder how to make data collection processes easier?

Hopefully, this Listserv can help you answer these and other questions! If you are receiving this message, you are identified as a leadership contact for a Title I Targeted Assistance program in EdSight. We also welcome interventionists, instructional coaches, literacy and math specialists, teacher leaders, or other program faculty to [Sign up for the TAP listserv](#)

Members of this Listserv will receive important updates from CSDE and be able to pose questions to colleagues in similar positions.

Science of Writing Opportunity

The U.S. Department of Education, the National Writing Project, and the American Institutes for Research are sponsoring an opportunity for Title I districts to train K-5 teachers, coaches, and specialists on the world's most researched writing process: Self-Regulated Strategy Development (SRSD). They are asking for Title I districts to consider being part of a national study to scale writing instruction and implement writing excellence for your school. For more information, visit <https://srsdonline.org/science-of-writing/>.

We want to hear from YOU!
