

Notice of Intent to Adopt and Amend Air Quality Regulations and to Revise the State Implementation Plan

In accordance with the provisions of section 4-168(a) of the Connecticut General Statutes (CGS), the Commissioner of the Department of Energy and Environmental Protection (DEEP) hereby gives notice that it proposes to adopt and amend regulations concerning the sulfur content of fuel used in stationary sources of air pollution, under the authority of CGS sections 22a-6 and 22a-174. Upon adoption, the amended and adopted regulations will be submitted to the U.S. Environmental Protection Agency (EPA) as a revision to the State Implementation Plan (SIP) for air quality.

Description. DEEP is proposing to:

- Adopt, in new section 22a-174-19b of the Regulations of Connecticut State Agencies (RCSA), fuel sulfur content restrictions for distillate, residual, kerosene and aviation fuels used in all non-mobile equipment for purposes other than heating;
- Eliminate the less stringent fuel sulfur content restrictions of RCSA section 22a-174-19; and
- Remove outdated provisions in RCSA section 22a-174-19a, without changing the current requirements regulating SO₂ emissions from large electric generating units and industrial boilers.

The primary purpose of this proposal is to limit the sulfur content of fuel oils burned in stationary sources to reduce emissions of sulfur dioxide (SO₂), an air pollutant and a contributor to the formation of the pollutant fine particulate matter (PM_{2.5}). The reduction in SO₂ emissions is important to reduce visibility-impairing emissions that contribute to regional haze and protect the public health from the adverse health impacts of SO₂ and PM_{2.5} pollution. This proposal does not regulate the sulfur content of heating oil to which CGS section 16a-21a applies.

Written comments. Interested persons are invited to comment on the proposal. Comments should be submitted no later than October 10, 2013 to Wendy Jacobs, DEEP, Bureau of Air Management, Engineering and Enforcement, 79 Elm Street, Hartford, Connecticut 06106-5127. Comments may be submitted by U.S. Mail or by electronic mail to wendy.jacobs@ct.gov.

Public hearing. In addition to accepting written comments, DEEP will also hold the public hearing described below. Any person giving oral comment at the hearing will be asked to submit a written copy of such comments.
