## RETIREMENT PERCENTAGE CHART

### A MINIMUM OF 20 YEARS OF CT SERVICE IS REQUIRED TO USE THESE TABLES

To compute your approximate annual benefit, multiply the average of your highest 3 years (30 months) of paid salaries in Connecticut public schools by the appropriate percentage. Salary base excludes a salary that was the basis for the purchase of leave of absence credit. Tables assume eligibility for an immediate retirement benefit at the time of separation. Deferred-Vested benefits may not be estimated using this chart. The percentages shown are estimated based on full-time credited teaching service. If you have part-time service, your percentage will be lower. The minimum qualifications for retirement are: 25 years credited service at any age (20 in CT) or 20 years credited service at age 55 (15 in CT) or 10 years credited service at age 60 (10 in CT). Please contact this office if you need assistance.
