

CT TEACHERS' RETIREMENT BOARD
165 CAPITOL AVENUE HARTFORD CT 06106

Retired Teachers Board Seats

Note: This notice is for board seats effective October 1, 2027.

October 2027

The CT Teachers' Retirement Board (CTRB), charged under Connecticut law with the management of the retirement system for public school teachers, is comprised of three ex officio members, five public members and eight teachers. The teachers, four active and four retired, are elected by their peers for overlapping four-year terms. Board meetings are held regularly during the school year.

The terms of two incumbent retired teachers will expire on September 30, 2027, although they are eligible to apply for any open seat for which they are qualified. The term of the candidates who acquire these seats will run from October 1, 2027, through September 30, 2031.

To be considered for a retired teacher seat, candidates must be a retired teacher receiving a benefit. Candidates must provide a biographical sketch of one hundred fifty (150) words or less. Non-biographical information, such as declarations of belief or platform-type statements will be edited from the candidate's statement.

Candidates who are interested in serving on the board, which meets approximately six times per year during the school year can register in person at CTRB, 165 Capitol Avenue, Hartford, CT (with a government issued I.D.) between September 1, 2026, and September 16, 2026. Instructions for obtaining signatures on petitions that will establish a candidate's support among their peers will be provided in an electronic format to candidates on October 1, 2026. Candidates will have 30 days to obtain electronic signatures. Weekly counts will be provided.

Retiree candidates may petition for either the July or October retiree seats but not for both as an individual cannot campaign for or hold two Board seats at the same time.

Submitted petitions will be verified by the CT Teachers' Retirement Board to confirm petition requirements have been met.
