

2024 HEALTH ENROLLMENT DENTAL ELECTION POLICY

Effective January 1, 2024

Beginning January 1, 2024 all new enrollees entering into a Connecticut Teachers' Retirement Board sponsored Medicare health plan option may elect to waive enrollment into the dental coverage and only enroll in the Medical, Vision, Hearing and Prescription coverage. This is a permanent waiver and enrollees who elect to waive enrollment will not be eligible to enroll in dental at a later date unless CTRB deems otherwise. Exceptions to this permanency is on a case-by-case basis and must be approved by administration.
