#### INDEPENDENT AUDITORS' REPORT

The Retirement Board
Connecticut Teachers' Retirement Board

#### **Opinion**

We have audited the schedule of employer allocations and schedule of other postemployment benefits (OPEB) amounts by employer of the Connecticut Teachers' Retirement System as of and for the year ended June 30, 2023, and the related notes to the schedules.

In our opinion, the schedule of employer allocations and schedule of OPEB amounts by employer referred to above present fairly, in all material respects, the expected employer contribution effort for allocation purposes, the State of Connecticut's proportionate share of the net OPEB liability associated with the employer, and the employer OPEB expense and revenue of all participating entities for the Connecticut Teachers' Retirement System as of and for the year ended June 30, 2023 in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We have conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Special Purpose Financial Information section of our report. We are required to be independent of the Connecticut Teachers' Retirement System and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Emphasis of Matter**

#### Audited Net Position of the Connecticut Teachers' Retirement System

As discussed in Note 3, the audit of the Connecticut Teachers' Retirement System as of and for the year ended June 30, 2023 was performed by the State of Connecticut Auditors of Public Accounts. The net position of the Connecticut Teachers' Retirement System used to calculate the net OPEB liability in the schedules in this report was based solely upon the amounts audited by the State of Connecticut Auditors of Public Accounts.

#### Responsibilities of Management for the Special Purpose Financial Information

Management is responsible for the preparation and fair presentation of the schedules in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of these schedules that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibilities for the Audit of the Special Purpose Financial Information

Our objectives are to obtain reasonable assurance about whether the schedules as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with the group audit instructions and U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as a fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, that would influence the judgement made by a reasonable user based on the schedules.

In performing an audit in accordance with GAAS:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the special purpose financial information, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the schedules.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Connecticut Teachers' Retirement System's Internal Control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the special purpose financial information.
- Conclude whether, in our opinion, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Connecticut Teachers' Retirement System's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planning scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### Restrictions on Use

Our report is intended solely for the information and use of the Connecticut Teachers' Retirement System management, the State Teachers' Retirement Board, and Connecticut State and local retirement system employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

## NOTES TO SCHEDULE OF EMPLOYER ALLOCATIONS AND SCHEDULE OF OPEB AMOUNTS BY EMPLOYER

#### AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

#### **NOTE 1 - ORGANIZATION**

The Connecticut Teachers' Retirement System (TRS or the Plan) is the public pension plan offered by the State of Connecticut (the State) to provide retirement, disability, survivorship and health insurance benefits for Connecticut public school teachers and their beneficiaries. The Plan is governed by Connecticut Statute Title 10, Chapter 167a of the Connecticut General Statutes.

TRS is a cost-sharing multiemployer pension plan administered by the Connecticut State Teachers' Retirement Board (TRB). The State Treasurer is responsible for investing TRS funds for the exclusive benefit of TRS members.

#### NOTE 2 - DESCRIPTION OF THE PLAN

#### **PLAN DESCRIPTION**

Teachers, principals, superintendents or supervisors engaged in service of public schools are provided with benefits, including retiree health insurance, through the TRS. Chapter 167a of the State Statutes grants authority to establish and amend the benefit terms to the TRB. TRS issues a publicly available financial report that can be obtained at www.ct.gov.

#### **BENEFIT PROVISIONS**

The Plan covers retired teachers and administrators of public schools in the State who are receiving benefits from the Plan. The Plan provides healthcare insurance benefits to eligible retirees and their spouses. Any member that is currently receiving a retirement or disability benefit through the Plan is eligible to participate in the healthcare portion of the Plan. Subsidized Local School District Coverage provides a subsidy paid to members still receiving coverage through their former employer and the TRB Sponsored Medicare Supplemental Plans provide coverage for those participating in Medicare, but not receiving Subsidized Local School District Coverage.

Any member that is not currently participating in Medicare Parts A & B is eligible to continue health care coverage with their former employer. A subsidy of up to \$220 per month for a retired member plus an additional \$220 per month for a spouse enrolled in a local school district plan is provided to the school district to first offset the retiree's share of the cost of coverage, any remaining portion is used to offset the district's cost.

## NOTES TO SCHEDULE OF EMPLOYER ALLOCATIONS AND SCHEDULE OF OPEB AMOUNTS BY EMPLOYER

#### AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

#### NOTE 2 - DESCRIPTION OF THE PLAN (CONTINUED)

#### BENEFIT PROVISIONS (CONTINUED)

The subsidy amount is set by statute. A subsidy amount of \$440 per month may be paid for a retired member, spouse or the surviving spouse of a member who has attained the normal retirement age to participate in Medicare, is not eligible for Part A of Medicare without cost, and contributes at least \$440 per month towards coverage under a local school district plan.

Any member that is currently participating in Medicare Parts A & B is eligible to either continue health care coverage with their former employer, if offered, or enroll in the Plan sponsored by the TRS. If they elect to remain in the Plan with their former employer, the same subsidies as above will be paid to offset the cost of coverage.

If a member participating in Medicare Parts A & B so elects, they may enroll in one of the CTRB Sponsored Medicare Supplemental Plans. Active members, retirees, and the State pay equally toward the cost of the basic coverage (medical and prescription drug benefits).

Employees are eligible to retire at age 60 with 20 years of credited service in Connecticut, or 35 years of credited service including at least 25 years of service in Connecticut.

#### **CONTRIBUTIONS**

#### STATE OF CONNECTICUT

Per Connecticut General Statutes Section 10-183z (which reflects Public Act 79-436 as amended), contribution requirements of active employees and the State of Connecticut are amended and certified by the TRB and appropriated by the General Assembly. The State pays for one third of plan costs through an annual appropriation in the General Fund.

#### EMPLOYER (SCHOOL DISTRICTS)

School district employers are not required to make contributions to the Plan.

#### EMPLOYEES/RETIREES

The cost of providing plan benefits is financed on a pay-as-you-go basis as follows: active teachers' pay for one third of the Plan costs through a contribution of 1.25% of their pensionable salaries, and retired teachers pay for one third of the Plan costs through monthly premiums, which helps reduce the cost of health insurance for eligible retired members and dependents.

## NOTES TO SCHEDULE OF EMPLOYER ALLOCATIONS AND SCHEDULE OF OPEB AMOUNTS BY EMPLOYER

#### AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

#### NOTE 2 - DESCRIPTION OF THE PLAN (CONTINUED)

#### **ADMINISTRATIVE EXPENSES**

Administrative costs of the Plan are to be paid by the General Assembly per Section 10-183r of the Connecticut General Statutes.

#### NOTE 3 - RELATIONSHIP TO FINANCIAL STATEMENTS

The components associated with the other postemployment benefits (OPEB) expense, deferred inflows and outflows of resources have been determined using the unrecognized portions of each year's experience and assumption changes as audited by the State of Connecticut Auditors of Public Accounts as part of the State of Connecticut Comprehensive Annual Financial Report as of and for the year ended June 30, 2023. The net OPEB liability at June 30, 2023 has been calculated using the audited amounts. The OPEB trust fund is included in the TRS, and the TRS is included in the State of Connecticut audit as a pension trust fund.

#### NOTE 4 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **BASIS OF PRESENTATION**

The schedule of employer allocations and schedule of OPEB amounts by employer (the Schedules) are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the in the United States of America, as promulgated by the Governmental Accounting Standards Board (GASB). GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (GASB 75), which improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions. The Schedules present amounts that are elements of the financial statements of TRS or its participating employers. Accordingly, they do not purport to be a complete presentation of the net position or changes in net position of TRS or its participating employers.

Contributions remitted by the State are recognized when legally due, based upon statutory requirements.

#### AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

#### NOTE 4 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **USE OF ESTIMATES**

The preparation of the schedules requires management to make estimates and assumptions relating to the reported amounts. Due to the inherent nature and uncertainty of these estimates, actual results could differ, and the differences may be material.

#### ALLOCATION METHODOLOGY

The schedules have been prepared to provide the total amount of employer contributions from the State and the proportionate share percentages that have been determined based on these contributions. Based on these percentages the proportionate share amounts of the net OPEB liability associated with each participating employer and the employer OPEB expense and revenue for State support for each participating employer for the year ending June 30, 2023, are calculated to six decimal places.

#### NOTE 5 - ACTUARIAL ASSUMPTIONS AND RELATED DISCLOSURES

#### **ACTUARIAL ASSUMPTIONS**

The total OPEB liability was determined by an actuarial valuation as of June 30, 2023 using the following actuarial assumptions and other inputs, applied to all periods included in the measurement:

Inflation2.50%Real Wage Growth0.50%Wage Inflation3.00%

Salary increases 3.00-6.50%, including inflation

Long-term investment rate of return 3.00%, net of OPEB plan investment expense,

#### Municipal bond index rate:

#### Single equivalent interest rate

Measurement Date 3.64%, net of OPEB plan investment expense,

Prior Measurement Date 3.53%, net of OPEB plan investment expense,

#### Healthcare cost trend rates:

Medicare Known increases until calendar year 2024, then

general trend decreasing to an ultimate rate of

4.5% by 2031.

Mortality rates were based on the PubT-2010 Healthy Retiree Table (adjusted 105% for males and 103% for females as ages 82 and above), projected generationally with MP-2019 for the period after service retirement.

#### LONG-TERM RATE OF RETURN

The long-term expected rate of return on Plan assets is reviewed as part of the GASB 75 valuation process. Several factors are considered in the evaluation of the long-term rate of return assumption, including the Plan's current asset allocations and a log-normal distribution analysis using the best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) for each major asset class.

The long-term expected rate of return was determined by weighing the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

#### DISCOUNT RATE

The discount rate used to measure the total OPEB liability was 3.64%. The projection of cash flows used to determine the discount rate was performed in accordance with GASB 75. The projection was based on an actuarial valuation performed as of June 30, 2023.

In addition to the actuarial methods and assumptions of the June 30, 2023 actuarial valuation, the following actuarial methods and assumptions were used in the projection of cash flows:

- Total payroll for the initial projection year consists of the payroll of the active membership present on the valuation date. In subsequent projection years, total payroll was assumed to increase annual at a rate of 3.00%.
- Employee contributions were assumed to be made at the current member contribution rate. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Annual State contributions were assumed to be equal to the most recent five-year average of state contributions toward the fund.

#### **DISCOUNT RATE (CONTINUED)**

Based on those assumptions, the Plan's fiduciary net position was projected to be depleted in 2028 and, as a result, the Municipal Bond Index Rate was used in the determination of the single equivalent rate.
