## **ORDER**

The August 3, 2021 decision of the Appellate Court, Frantzen v. Davenport Electric, 206 Conn. App. 359 (2021), reversed the board's November 4, 2019 Opinion, holding that, "because there is sufficient evidence to support the commissioner's finding that Wofsey Rosen was entitled to 50 percent of the attorney's fees awarded as part of the workers' compensation settlement, the board improperly vacated and remanded the matter to the commissioner on the ground that the ruling could have 'rested on a more solid evidentiary foundation.'" Id., 371.

The petitioner, Enrico Vaccaro's, petition for certification to appeal from the Appellate Court's decision, id., was denied. See Frantzen v. Davenport Electric et al, 339 Conn. 914 (November 2, 2021).

By order of the Appellate Court, the board now affirms the Administrative Law Judge's decision. This order directs compliance with the Appellate Court's direction as reflected above.
