Subject: Post-Scoping Notice for Extension of Water Lines from Winsted into Barkhamsted

Attached please find the Environmental Review Checklist for the above referenced project. Scoping for the project began on November 22, 2022 and ended on December 22, 2022. The Department of Public Health (DPH) received comments from the Department of Energy and Environmental Protection (DEEP) and from Margaret Miner during the comment period. The DPH will coordinate with the Town of Barkhamsted to ensure that the recommendations are implemented for this Small Town Economic Assistance Program project.

Based upon the DPH's review of the comments received it is recommended that an Environmental Impact Evaluation is not warranted for this project. Should you have any questions, please contact me via email a DPH.SourceProtection@ct.gov .
