Assistant Chief Engineer

Bipartisan Infrastructure Law Project Signs

Project signs are required on projects utilizing Bipartisan Infrastructure Law (BIL) funding.

The following Traffic Engineering sample special provision is now available from the Department's website under [Traffic Special Provisions \(ct.gov\)](#) to provide guidance on installation of the Bipartisan Infrastructure Law project signs:

Traffic Engineering Notice to Contractor and Special Provision:

Notice to Contractor – Construction Signs:

- Please include this Notice to Contractor when using the special provision for Bipartisan Infrastructure Law signs

1220027A – Construction Signs:

- This special provision provides guidance and sign details for installation of signs in construction projects utilizing Bipartisan Infrastructure Law funding.
