DEPARTMENT OF PUBLIC HEALTH

Manisha Juthani, MD
Commissioner

Ned Lamont
Governor
Susan Bysiewicz
Lt. Governor

MEMORANDUM

To: Council on Environmental Quality, Environmental Monitor

From: Lisette Stone
Environmental Analyst 2
Drinking Water Section

Through: Eric McPhee, Supervising Environmental Analyst, Lori Mathieu, Public Health Branch Chief

cc: Jennifer Yoxall, Staff Attorney, Cameron Walden, Supervising Engineer

Date: June 15, 2023

Subject: Sponsoring Agency Determination and Findings for Cedar Heights Water Main Interconnection Proposal

Attached please find the Environmental Review Checklist for the above referenced project.

The above referenced project was published on March 7, 2023 in the Council on Environmental Quality (CEQ) *Environmental Monitor* in solicitation of public comments and in accordance with the Connecticut Environmental Policy Act (CEPA) requirements.

During the 30-day open public commenting period, the Department of Public Health (Department) received comments from the Department of Energy and Environmental Protection (DEEP).

Based on the comments received, and the analysis documented in the attached Environmental Review Checklist (ERC), the Department does not recommend the preparation of an Environmental Impact Evaluation (EIE) under CEPA. The Department will coordinate with the water utility and towns of Brookfield and Danbury to ensure that recommendations received during the scoping period as appropriate are implemented.

The attached ERC demonstrates and documents that the Department intends to move forward with funding this project without requiring to have an EIE conducted.
