I. INTRODUCTION

An Examination of ConnectiCare, Inc, ConnectiCare Insurance Company, Inc and ConnectiCare Benefits Inc, (hereinafter referred to as the "Companies") were conducted by Market Conduct examiners of the State of Connecticut Insurance Department at the Department's offices, and remotely.

II. SCOPE OF EXAMINATION

From July 1, 2020 through July 15, 2022, the Market Conduct Division of the Connecticut Insurance Department examined the market conduct practices of the Companies using a sample period of January 1, 2017 through September 30, 2019. The examination was limited to Connecticut business.

The purpose of the examination was to evaluate the Companies' market conduct practices and treatment of policyholders in the State of Connecticut. The examination focused on the solicitation of new business, marketing and sales, agent licensing and appointment, underwriting and rating, policyholder service, complaint handling, network adequacy, provider credentialing, claim processing and company operations.

The Market Conduct examination was conducted pursuant to Connecticut Insurance Department policies and procedures, and the standards proposed in the NAIC Market Regulation Handbook.

IV. MARKET CONDUCT REPORTS

The examiners reviewed copies of all market conduct examination reports that had been issued to the Companies by other state insurance departments during the examination period. The reports were reviewed to ensure that corrective actions were taken regarding all recommendations made by the respective Insurance Departments.

V. AGENCY ORGANIZATION

The Companies market new business through the offices of independent agents as well as direct sales staff.

The Companies maintain ongoing training programs for their agents. The Companies supply new agents with a product portfolio, which provides detailed descriptions of products and coverages. Changes in coverage are mandated by statute or the Companies' policies and are communicated through written notices as they occur. In addition, the Companies host periodic training seminars for agents

VI. RECORDS SELECTED FOR REVIEW

The Companies supplied a listing of all individual and group health new business produced, terminations, declinations, complaints/appeals, and claims denied during the period under review. The examiners selected a random sample of files using a sampling methodology described in the NAIC Market Regulation Handbook. A sample of four hundred fifty-three (453) new business contracts, terminations

and declinations and one thousand one hundred-fifty (1,150) claims were selected for review.

The new health business files were reviewed to evaluate the solicitation and sales practices of producers and agents. In general, applications were examined for completeness, appropriate signatures and dates of application. The application process was reviewed to assure that medical underwriting was applied equitably and to verify that adverse selection had not occurred.

In addition, the producer licensing history and the application date for each policy in the samples were noted in order to identify any individuals or organizations that were not licensed or appointed at the time of sale. The licensing and appointment review is described in more detail in Section VII. Producer Licensing and Appointment.

VII. PRODUCER LICENSING AND APPOINTMENT

The lists of the new business written during the sample period, identifying the producer for each policy, were compared to the Department's licensing records to determine whether each producer was licensed in the State of Connecticut and whether each agent was appointed by the Companies.

Evaluation included, but was not limited to, an assessment based on the following specific standards:

Standard 1: Companies' records of licensed and appointed producers agree with Insurance Department's records.

Standard 2: Producers are properly licensed and appointed in the jurisdiction where the application was taken.

The following information was noted in conjunction with the review of these standards:

- The Companies maintain an automated producer database that interfaces with new group health business processing, policy maintenance and producer compensation.
- The Companies perform due diligence procedures on individuals prior to contracting with them.
- The Companies' appointment procedures are designed to comply with the Department's requirements, which mandate that an agent must be appointed within 15 days from the date that the Company receives the application.

Findings:

Comparisons were made between the Companies' records of licensed and appointed producers and the Insurance Department's records. A review of the Companies' records revealed three (3) instances of individuals acting as agents who were not appointed by the Companies within the timeframe required by statute.

Standard 3: Termination of producers complies with applicable standards, rules and regulations regarding notification to the producer and notification to the state, if applicable.

The Companies have procedures to provide notification of termination to the Department.

Findings:

The examiners reviewed the Companies' termination lists and verified that no producers were terminated for cause during the examination period.

Standard 4: The Companies' policies of producer appointments and terminations do not result in unfair discrimination against policyholders.

Findings:

The examiners noted no evidence of unfair discrimination against policyholders as a result of producer appointments and terminations.

Standard 5: Records of terminated producers adequately document reasons for terminations.

The examiners reviewed the Companies' terminated producer files to ensure that records are documented sufficiently.

Findings:

The examiners verified the listing of terminated agents and reviewed the reasons for termination for each agent.

In Summary:

It is recommended that each Company review its licensing and appointment system to ensure that no new business is accepted from, nor commissions paid to, individuals acting as agents of the Company whose license and appointment status has not been properly documented and recorded in the Respondent's business records, as required by statute.

VIII. UNDERWRITING AND RATING

The new group health business underwriting files were reviewed to determine the use and accuracy of rating methodology, accuracy of issuance, consistent (non-discriminatory) practices and use of proper forms. The Companies' policies, forms and rates were reviewed for proper filing with the Insurance Department and compliance with applicable statutes and regulations.

Evaluation included, but was not limited to, an assessment based on the following specific standards:

Standard 1: The rates charged for the policy coverages are in accordance with filed rates, if applicable, or the Companies' rating plans.

The following information was noted in conjunction with the review of this standard:

- Rates are systematically computed based on applicant information and rating classification assigned.
- The Companies have written underwriting policies and procedures.
- The Companies provided copies of Department approved rates for the new group health business submissions reviewed during the examination period.

Findings:

The examiners reviewed four (4) small group rating files and no exceptions were noted.

Standard 2: The Companies do not permit illegal rebating, commission cutting or inducements.

The following information was noted in conjunction with the review of this standard:

- The Companies have procedures to pay producers' commissions in accordance with Companies' approved written contracts.

Findings:

The examiners reviewed the Companies' policies and procedures and verified that controls are in place to monitor and prevent illegal rebating, commission cutting and inducements.

Standard 3: All forms, including contracts, riders, endorsement forms and

certificates, are filed with the Insurance Department, if applicable.

The following information was noted in conjunction with the review of this standard:

- The Companies have compliance policies and procedures in place to review and track all forms, rates, contract riders and endorsements.
- The Companies have a process to log and document Department approved forms, rates, contract riders, endorsements and content of summary of benefits and coverage (SBC) in accordance with Connecticut requirements.

Findings:

The examiners reviewed the Companies' policy forms through a review of the new group health business files and no exceptions were noted.

Standard 4: The Companies' underwriting practices are not to be unfairly discriminatory. The Companies adhere to applicable statutes, rules and regulations and Companies' guidelines in selection of risks.

The following information was noted in conjunction with the review of this standard:

- The Companies' policies and procedures prohibit unfair discrimination.
- Written underwriting guidelines are designed to reasonably assure consistency in rating of policies.
- The Companies have policies and procedures in place for the prohibition of denial and restriction of coverage for qualified individuals participating in approved clinical trials, dependent coverage for individuals to age 26, lifetime/annual limits on the dollar amounts of essential health benefits and PPACA-related restrictions on the assessment of cost-sharing upon insureds for preventative items and services.
- The Companies have established policies and procedures to ensure compliance with restrictions on establishing lifetime/annual limits on the dollar amounts of essential health benefits for any individual.
- The Companies have established policies and procedures regarding compliance with PPACA-related restrictions on the assessment of cost-sharing upon insureds for preventative items and services.

Findings:

The Companies' underwriting practices do not appear discriminatory.

Standard 5: File documentation adequately supports decisions made.

Findings:

See Section VIII. Underwriting and Rating, Additional Concerns.

Standard 6: Policies and endorsements are issued or renewed accurately, timely and completely.

The examiners reviewed the sample new group health business and renewal files to ensure that the Companies' underwriting policies and procedures were consistently applied for each sample file reviewed.

Findings:

The Companies' practices for the issuance of policies and endorsements had no exceptions noted.

Standard 7: Applications rejected and not issued are not found to be discriminatory.

The Companies' underwriting policies and procedures prohibit unfair discrimination.

Findings:

No exceptions were noted.

Standard 8: Cancellation/non-renewal notices comply with policy provisions and state laws, including the amount of advance notice provided to the insured and other parties to the contract.

The Companies have procedures in place for the issuance of cancellation and renewal notices.

Findings:

The examiners selected one hundred thirty-nine (139) cancellation files for review. The examiners reviewed the sample files selected and no exceptions were noted.

Standard 9: Pertinent information on applications that form a part of the policies is complete and accurate.

Findings:

The examiners reviewed the Companies' sample new health business files, and no exceptions were noted.

Standard 10: Companies comply with the provisions of COBRA and/or continuation of benefits procedures contained in policy forms, statutes, rules and regulations.

The examiners reviewed the Companies' procedures for providing information pertaining to continuation of benefits, for processing applications and for notification to policyholders of the beginning and termination of benefit periods and premium notices.

Findings:

The examiners reviewed the Companies' underwriting procedures and sample new business files and no exceptions were noted.

Standard 11: The Companies comply with the provisions of HIPAA regarding limits on the use of pre-existing exclusions.

The Examiners reviewed the Companies' policies and procedures for provisions related to applicants/proposed insured under the age of 19 to verify that coverage is not denied based on a pre-existing condition.

Findings:

The Companies' pre-existing conditions were found to be in compliance with the requirements of HIPAA and Connecticut statutes and regulations, and no exceptions noted.

Standard 12: The Companies issue coverage that complies with guaranteed issue requirements of HIPAA and related state laws for groups of 1 to 50.

The Examiners reviewed the Companies' policies and procedures regarding guaranteed availability and renewability of individual and small group health insurance coverage in accordance with statutes and regulations.

Findings:

The Companies' small group business appears to comply with Connecticut requirements.

Standard 13: The Companies refer eligible individuals entitled to portability under the provisions to HRA.

Findings:

The examiners verified that the Companies have procedures in place for individuals eligible for HRA. No exceptions were found for the small group new health business sample files reviewed.

Additional Concerns:

The Examiners noted three (3) instances in which individual large group health files for ConnectiCare Insurance Company were incomplete. The Company was unable to locate the applications due to a clerical error. The Department is concerned that the Companies could not provide sufficient documentation for regulatory review.

The Examiners noted through a review of individual cancellation files for ConnectiCare, Inc, and ConnectiCare Benefits, Inc, a number of files did not contain sufficient documentation for regulatory review. The Department is concerned that the Companies could not provide sufficient documentation for regulatory review.

In Summary:

It is recommended that the Companies review their underwriting policies and procedures to ensure that sufficient documentation is maintained for regulatory review.

IX. POLICYHOLDER SERVICE

New business, underwriting files and policy transactions were reviewed for accuracy and timeliness of handling.

Evaluation included, but was not limited to, an assessment based on the following specific standards:

Standard 1: Premium notices and billing notices are sent out with an adequate amount of advance notice.

The following information was noted in conjunction with the review of this standard:

- Verification that billing notices are generated automatically based on contract renewal dates and payment cycles.
- If premiums are not received, as required, an overdue premium notice is mailed, noting that non-payment will cause the policy to lapse.

Findings:

No exceptions noted.

Standard 2: Policy issuance and insured requested cancellations are timely.

The following information was noted in conjunction with the review of this standard:

- When the policyholder requests cancellation, the cancellation is processed and any premium due is provided to the policyholder.
- The Companies provide written notice to the policyholders when a policy cancels.

Findings:

No exceptions noted.

Standard 3: All communication directed to the Companies is answered in a timely and responsive manner by the appropriate department.

The following information was noted in conjunction with the review of this standard:

- The Companies have a customer call center to respond to policyholder and member concerns.

Findings:

The examiners reviewed the Companies' policies and procedures and no exceptions were noted.

Standard 4: Reinstatement is applied consistently and in accordance with policy provisions.

The Companies have standardized reinstatement guidelines in place to ensure that requests are reviewed and either approved or denied by underwriting.

Findings:

The examiners reviewed the Companies' policies and procedures and sample underwriting files. No exceptions were noted.

Standard 5: Policy transactions are processed accurately and completely.

The Companies have policies and procedures in place for processing policyholder transactions including conversions, plan changes and enrollment updates.

Findings:

The examiners reviewed the Companies' policies and procedures and sampling of new business files. No exceptions were noted.

Standard 6: Evidence of creditable coverage is provided in accordance with the requirements of HIPAA and/or statutes, rules and regulations.

The Companies have policies and procedures in place for tracking and issuing evidence of creditable coverage.

Findings:

The examiners reviewed the Companies' policies and procedures and no exceptions were noted.

Additional Findings:

- The Examiners noted in the ConnectiCare Benefits, Inc Insurance Department Complaints, that 5,600 members were sent the incorrect Benefit Summary pertaining to 2018 plan year coverage due to a system issue and that the 2018 Welcome Kit initially included the Schedule of Benefits for the 2017 plan year. The Company reported this to the Department and worked cooperatively to correct the problem. It is recommended that the Company review its policies and procedures to ensure that all member or provider concerns are properly investigated and resolved pursuant to required policyholder service practices.

In Summary:

It is recommended that the Company review its policies and procedures to ensure that all member or provider concerns are properly investigated and resolved pursuant to required policyholder service practices.

X. MARKETING AND SALES

The Companies provided samples of all marketing and sales materials used in Connecticut during the period under examination. The marketing and sales materials were analyzed to identify any pieces that had a tendency to mislead or misrepresent any aspect of the Companies' products or benefits to policyholders. In addition, the marketing and sales materials were reviewed to verify compliance with statutes and regulations related to the disclosure of certain information regarding the Companies' identity, financial standing and organization.

Evaluation included, but was not limited to, an assessment based on the following specific standards:

Standard 1: All advertising and sales materials are in compliance with applicable statutes, rules and regulations.

The following information was noted in conjunction with the review of this standard:

- Written policies and procedures govern the advertising and sales material process.
- All advertising and sales materials are reviewed in a consistent format through an online submission and tracking process.
- All advertising and producer generated material is subject to compliance review.
- Prior to final approval, all advertising and sales materials are reviewed to ensure that any necessary changes identified during the initial review were made.
- Approved submissions are endorsed for use for a specific period, which is incorporated into the approval number on the piece.

Findings:

The companies were found to be in compliance.

Standard 2: The Companies' internal producer training materials are in

compliance with applicable statutes, rules and regulations.

The Companies have developed training programs for their producers.

Findings:

The examiners reviewed the Companies' training programs and established policies and procedures. The Companies' internal producer training materials appear to be adequate and in compliance.

Standard 3: The Companies' communications to producers are in compliance with applicable statutes, rules and regulations.

The Companies maintain an extensive on-going training program. Written policies and procedures govern that all communications are reviewed and approved by the Companies' compliance units.

Findings:

The examiners verified that the Companies have communication procedures in place for all producers.

Standard 4: Outline of coverage is in compliance with applicable statutes, rules and regulations.

Findings:

The examiners reviewed the Companies' outlines of coverage and no exceptions were noted.

XI. COMPLAINTS

The examiners reviewed all six hundred sixty- nine (669) Department complaint files and two hundred twenty-six (226) sample Non-Department Complaints, Grievances and Appeal files during the examination period. Included in our review were grievances and appeals involving mental health and substance abuse disorders.

See concerns identified through a review of complaints and appeals in Section XII. Claims.

Department Complaint Handling

Evaluation included, but was not limited to, an assessment based on the following specific standards:

Standard 1: All complaints or grievances are recorded in the required format on the Companies' complaint registers.

The following information was noted in conjunction with the review of this standard:

- Written policies and procedures govern the complaint handling process.
- All complaints are recorded in a consistent format in the complaint log.
- An automated tracking database is used to record and maintain complaint information.

Findings:

The examiners reviewed the Companies Complaint log and the Department's records. No exceptions were noted.

Standard 2: The Companies have adequate complaint handling procedures in place and communicate such procedures to policyholders.

The following information was noted in conjunction with the review of this standard:

- The Companies' Plan Descriptions have been reviewed and approved by the Department's Life and Health Division.
- The complaint handling procedures are included in the Plan Descriptions.

Findings:

The examiners verified that the Companies' Plan Descriptions include all complaint handling procedures as required by statute.

Standard 3: The Companies should take adequate steps to finalize and dispose of Department complaints in accordance with applicable statutes, rules and regulations and contract language.

Findings:

- The examiners noted during a review of the ConnectiCare Companies Insurance Department Complaints, the Companies responded to the Department in a timely manner.

Non-Department Complaints (Grievance/Appeal/Concerns)

The Companies have established the following complaint and appeal policies that are available to members and providers as outlined in the Plan Descriptions:

A. Complaints:

A member can contact Member Services for assistance with questions or complaints. The Member Services Representative will attempt to resolve the complaint. If the member remains dissatisfied, the member may file an appeal.

B. Appeal/Grievance Procedure for Benefit/Administrative (Non-Medical Necessity) Issues

Members have one level of appeal available if they disagree with an administrative decision. A member can initiate an appeal orally, electronically, or by mail by calling, faxing or writing to the Companies.

- If a member chooses to appeal, the appeal must be filed within 180 calendar days. The Companies will acknowledge receipt of the appeal in writing within three (3) business days.
- The member will receive written notice of the Companies' decision within twenty (20) business days.

Evaluation included, but was not limited to, an assessment based on the following specific standards:

Standard 4: The time frame within which the Companies respond to complaints, grievances and appeals is in accordance with applicable statutes, rules and regulations.

Findings:

The examiners verified that the Companies responded to complaints, grievances and appeals in a timely manner.

Standard 5: The health carriers document complaints, grievances and appeals and establish and maintain grievance/appeal procedures in compliance with statutes, rules and regulations.

Findings:

See concerns identified through a review of complaints and appeals in Section XII. Claims.

Standard 6: The health carriers file, with the Commissioner, a copy of their complaints, grievances and appeals, including all forms.

Findings:

The examiners verified that the plan descriptions filed with the Department appear to be in compliance.

Additional Findings:

See concerns identified through a review of complaints and appeals in Section XII. Claims.

In Summary:

It is recommended that the Companies review their policies and procedures to ensure that all complaints, appeals and grievances are all properly investigated and resolved pursuant to required complaint and claim handling requirements.

XII. CLAIMS

The Companies provided a listing of all claims submitted during the period under examination. The review consisted of a sampling of nine hundred ninety (990) denied claims. The files were reviewed to determine the accuracy and timeliness of claim and interest payments.

Evaluation included, but was not limited to, an assessment based on the following specific standards:

Standard 1: The initial contact by the Companies with the claimant is within the required time frame and claims are settled in a timely manner.

The following information was noted in conjunction with the review of this standard:

- Written policies and procedures govern the claim handling process.
- All claim notifications are logged into the claim system.
- Claim management monitors claim accuracy and timeliness.

Findings:

Pursuant to §38a-816(15) of the Connecticut General Statutes, the Companies are required to pay clean claims within twenty (20) days for claims filed electronically and sixty (60) days for claims filed in paper format. The Department requested that the Companies provide a listing of all clean claims paid in excess of twenty (20) and sixty (60) days for the examination period. The examiners found three thousand seven hundred eighty-six (3,786) claims that were not paid within twenty (20) and sixty

(60) days, and failed to include interest. The examiners also found that the Companies failed to create an interest-bearing account depositing interest on claims less than one dollar (\$1.00), and donating the proceeds to the University of Connecticut Health Center as required by Connecticut Statutes.

It is recommended that the Companies review their claim handling procedures to ensure that all claims are investigated and resolved pursuant to required claim settlement practices.

Standard 2: Claim files are adequately documented.

The following information was noted in conjunction with the review of this standard:

- copy of the HCFA form or electronic proof of loss
- applicable clinical/other investigative correspondence
- written communication, telephone or other communication
- proof of payment

Findings:

See concerns identified through a review of claims in Section XII Claims.

Standard 3: The Companies have appropriate policies in place for the archival and disposal of claim forms.

Findings:

The examiners reviewed the policies and procedures and no exceptions were found.

Standard 4: The Companies' claim forms are appropriate for the type of product.

Findings:

The examiners noted that the claim forms were appropriate and in accordance with the Companies' policies and procedures.

Standard 5: Canceled benefit checks and drafts reflect appropriate claim handling practices.

The following information was noted in conjunction with the review of this

standard:

- Claim procedures were verified to ensure that the check/draft claim process was handled accurately and was appropriate.

Findings:

The examiners verified that processes were in place and no exceptions were noted.

Standard 6: Claim handling practices do not compel claimants to institute litigation, in cases of clear liability and coverage, to recover amounts due under policies by offering substantially less than is due under the policy.

The following information was noted in conjunction with the review of this standard:

- All litigated claims were reviewed for the examination period.

Findings:

The examiners reviewed the policies and procedures and no exceptions were found. Specific claim errors are identified below.

Standard 7: The group health plan complies with the requirements of Federal and State law for Mental Health Parity, (including PPACA and HIPAA).

The following information was noted in conjunction with the review of this standard:

- A review of the Companies' responses to the Mental Health Parity Annual Compliance Survey for the period under review.
- A review of the Companies' responses to Consumer Report Cards on Health Insurance Carriers in Connecticut for the period under review.
- A review of the Companies MCAS (Market Conduct Annual Statement) Health Data submission to I-Site for 2017 and 2018.

Findings:

The examiners reviewed the Companies' Mental Health Parity Annual Compliance Survey, which included the Companies' responses to the analysis and testing for any cost share features, penalties and benefit limitations and classifications (inpatient in and out-of-network, outpatient in and out-of-network, emergency and prescription drugs) that apply to mental health and substance

abuse disorders vs. medical/surgical conditions. In addition, the examiners reviewed the Companies' responses in the Survey regarding non-quantitative treatment limitations (medical management, prior authorization and step therapy). Also, the examiners reviewed the Companies MCAS Health Data submissions. Finally, the examiners also reviewed the Companies' response to the Consumer Report Card on Health Insurance Carriers in Connecticut, for the period under review. No exceptions were noted.

Additional Concerns:

In addition, the examiners have identified the following concerns through a review of the complaints and appeals:

- The Examiners noted in the ConnectiCare Benefits, Inc, Insurance Department Complaints, the Exchange plans listed septoplasty as a benefit exclusion; however, septoplasty also appeared on the Prior Authorization list. Once the conflict was identified, Medical Operations put a procedure in place to conduct prior authorization reviews for all septoplasties for Exchange members. As a result of prior authorization reviews being performed, the claims system configuration was updated to pend the claim for pre-authorization if an authorization was not on file. The examiners recommend that the Companies review its policies and procedures to ensure that claims are properly investigated and paid.
- The Examiners noted in the ConnectiCare Benefits, Inc, Insurance Department Complaints, an issue with the Company's system configuration of preventive Colonoscopy services. Pathology services billed in conjunction with a preventative colonoscopy were processed incorrectly to apply cost share. A claims sweep was performed for the period of January 1, 2017 to September 30, 2019 which showed that 1,721 claims were impacted. The total dollar amount paid on the reprocessed claims was \$429,175.82 which includes an interest payment of \$121,583.01. The system configuration was completed in November 2020. The claims impacted were manually processed and completed the week ending March 19, 2021. The Department is concerned that the Company failed to demonstrate that sufficient controls are in place to properly investigate and pay claims under Connecticut requirements.
- The Examiners noted in the ConnectiCare Benefits, Inc, Insurance Department Complaints, a provider wasn't correctly loaded into DentaQuest's system and processed out of network. When the error was discovered a report for the provider was prepared and two additional claims identified. The three claims were reprocessed totaling \$225.00. Interest was due on one claim but not applied in error. The examiners recommend that the Companies review its policies and procedures to ensure that claims are properly investigated and paid.
- The Examiners noted in the ConnectiCare Benefits, Inc, Member Appeals, that diagnostic breast tomosynthesis claims were incorrectly denied as a non-covered benefit, based on the Department's interpretation of the law. The Examiners requested a claim sweep for all Companies, which resulted in the

following impacted claims, ConnectiCare Benefits, Inc 505 claims, ConnectiCare, Inc, 290 claims, and ConnectiCare Insurance Company, Inc 789 claims. The Companies paid the claims in the amount of \$187,507 plus \$100,652 in interest. The Department is concerned that the Company failed to demonstrate that sufficient controls are in place to properly investigate and pay claims under Connecticut requirements.

- The Examiners noted in reviewing the ConnectiCare Insurance Company, Inc, Insurance Department Complaints, one (1) instance where a claim (CPT code 21235 Graft ear cartilage) was denied in error. The claim was already reprocessed and paid. The Examiners requested a claim sweep for all companies, and 24 additional claims were denied incorrectly. The Companies paid the claims in the amount of \$40,915, plus \$32,455 in interest. The Department is concerned that the Company failed to demonstrate that sufficient controls are in place to properly investigate and pay claims under Connecticut requirements.
- The Examiners noted through a review of another licensed utilization review entity, that ConnectiCare, Inc, failed to have proper controls in place to provide sufficient oversight of the determination letters issued by its vendor delegated to conduct utilization review on behalf of the Respondent. The Department is concerned that the Companies failed to demonstrate that sufficient controls are in place to properly review and oversee delegated vendors determination letters submitted to the Department and issued to members and providers.

Specific claim errors are identified below.

- The Examiners noted through a review of ConnectiCare, Inc, denied substance abuse the Examiners noted that a claim was denied for “not a covered benefit” and the Provider was Connecticut Department of Social Services. It was determined that these are “Medicaid Reclamation” claims. In response, the Company determined that ten (10) out of thirteen (13) claims in the sample were denied in error. The Company has also stated that these claims can be under ConnectiCare, Inc but not ConnectiCare Benefits, Inc. While the Company was providing additional information on incomplete denied Mental Health claim files, the Examiner discovered additional “Medicaid Reclamation” claims that were denied in error. The additional denial codes found were code 615 (Services do not meet coverage requirements) and code 0015 (Network Physician should have been used) and code 026 (Requires Notification). The Examiner has requested the Company to do a claims sweep for all denied claims under these 3 codes during our exam period. The results of the review resulted in four hundred thirteen (413) claims which had additional benefits due for a total of \$25,697. The Department is concerned that the Companies failed to maintain proper controls to ensure that claims are processed timely and sufficiently documented.

- The Examiners noted through a review of ConnectiCare Insurance Company, Inc, emergency room denied claims, one (1) instance where a claim was denied with member responsibility in error. It should have denied with provider responsibility due to the provider's use of an invalid modifier. The Examiners asked any other member affected and the Company did a claim sweep for all 3 companies which resulted in seven (7), additional members impacted. ConnectiCare Insurance Company, Inc had five (5) additional members impacted and ConnectiCare Benefits, Inc had 2 (two) members affected. The Examiner instructed the Companies to reprocess the claims. The Companies reprocessed the claims to have the provider held financially responsible, not the member. The members and providers were contacted via phone. The examiners recommend that the Companies review its policies and procedures to ensure that claims are properly investigated and paid.
- The Examiner noted multiple ConnectiCare Benefits Inc, denied substance use disorder claims which were received by Optum in error and not forwarded to ConnectiCare Benefits, Inc for reprocessing. In one instance the denial code used 31- Your Plan does not cover this expense, was incorrect. The claim code should have been denied with code 5012- Submit to medical carrier. The examiners recommend that the Companies review its policies and procedures to ensure that claims are properly investigated and paid.
- The Examiners noted multiple ConnectiCare Benefits, Inc denied claims which were denied in error or with the incorrect denial code. In one (1) instance prior authorization was not required for the plan. The examiners recommend that the Companies review its policies and procedures to ensure that claims are properly investigated and paid.

In Summary:

It is recommended that the Companies review their policies and procedures to ensure that claims, complaints, appeals, utilization review activity and grievances are all properly investigated and resolved pursuant to required complaint, utilization review and claim handling requirements.

XIII. NETWORK ADEQUACY

Standard 1: The health carrier demonstrates, using reasonable criteria that it maintains a network that is sufficient in number and types of providers to ensure that all services to covered persons will be accessible without unreasonable delay.

The following information was noted in conjunction with the review of this standard:

- ratios of providers, both primary care providers and specialty providers, to covered persons

- geographic accessibility, as measured by the reasonable proximity of participating providers to the business or personal residence of covered persons
- waiting times for appointments, hours of operation, and volume of technological and specialty services available to serve the needs of covered persons requiring technologically advanced or specialty care

The examiners reviewed the Connecticut Insurance Department Network Adequacy Survey, which included the Companies' responses to the ratio of providers, both primary care and specialty care to members. In addition, the examiners reviewed geographic accessibility of participating providers to the business or members personal residences and wait times for scheduling in-network appointments for the period under review.

Findings:

The Companies submitted the 2017 and 2018 Network Adequacy Survey. No exceptions were noted.

Standard 2: The health carrier files a quality assurance plan with the Commissioner for each managed care plan that the carrier offers in the state, and files updates whenever it makes a material change to an existing managed care plan. The carrier makes the quality assurance plans available to regulators.

The following information was noted in conjunction with the review of this standard:

- the health carrier's procedures for making referrals within and outside its network
- the health carrier's methods for assessing the health care needs of covered persons and their satisfaction with services
- the health carrier's system for ensuring the coordination and continuity of care for covered persons referred to specialty physicians, for covered persons using ancillary services, including social services and other community resources, and for ensuring appropriate discharge planning

Standard 3: The carrier has provided documentation to the Commissioner that it is currently NCQA accredited.

Standard 4: The health carrier files, with the Commissioner, all required contract forms and any material changes to a contract proposed for use with its participating providers and intermediaries.

Standard 5: The health carrier ensures covered persons have access to emergency services 24 hours per day, 7 days per week, within its network and provides coverage for emergency services outside of its network, pursuant to the appropriate section of state law that corresponds to the Managed Care Plan Network Adequacy Model Act.

Standard 6: The health carrier executes written agreements with each participating provider that are in compliance with statutes rules and regulations.

Standard 7: The health carrier's contracts with intermediaries are in compliance with statutes, rules and regulations.

The following information was noted in conjunction with the review of this standard:

- Intermediaries and participating providers, with whom they contract, shall comply with all applicable Requirements for Health Carriers and Participating Providers as indicated in the Managed Care Plan Network Adequacy Model Act and accompanying regulations.
- A health carrier's statutory responsibility to monitor the offering of covered benefits to covered persons shall not be delegated or assigned to the intermediary.
- A health carrier shall have the right to approve or disapprove participation status of a subcontracted provider in its own or a contracted network for the purpose of delivering covered benefits to the carrier's covered persons.
- A health carrier shall maintain copies of all intermediary health care subcontracts at its principal place of business in the state or ensure that it has access to all intermediary subcontracts, including the right to make copies to facilitate regulatory review, upon twenty (20) days prior written notice from the health carrier.
- Each contract between a health carrier and participating provider or provider group shall contain a "hold harmless" provision specifying protection for covered persons from being billed by providers. The language of the "hold harmless" provision shall be substantially similar to the language of the Managed Care Plan Network Adequacy Model Act.

Standard 8: The health carrier provides notice to members advising them of Primary Care Physicians who have terminated with the plan as

required by Connecticut Statute.

The following information was noted in conjunction with the review of this standard:

- The health carrier shall develop selection standards for primary care professionals and each health care professional specialty.
- The standards shall be used in determining the selection of health care professionals by the health carrier, its intermediaries, and any provider networks with which it contracts.

Standard 9: The health carrier provides, at enrollment, a Provider Directory listing of all providers participating in its network. It also makes available, on a timely and reasonable basis, updates to its directory.

Findings:

The examiners noted that guidelines in place appear to be appropriate and no exceptions were noted.

XIV. PROVIDER CREDENTIALING

Evaluation included, but was not limited to, an assessment based on the following specific standards:

Standard 1: The health carriers establish and maintain programs for credentialing and re-credentialing in compliance with statutes, rules and regulations.

The following information was noted in conjunction with the review of this standard:

- The Companies have established written policies and procedures for credentialing and re-credentialing verification of all health care professionals with whom the health carriers contract and shall apply those standards consistently.
- The Companies have assured that the carriers' medical director or other designated health care professional shall have responsibility for, and shall participate in, the health care professional credentialing verification.
- The Companies have established a credentialing verification committee consisting of licensed physicians and other health care professionals to review credentialing verification information and supporting documentation.

Findings:

The examiners noted that procedures in place appear to be appropriate and no exceptions were noted.

Standard 2: The health carriers verify the credentials of a health care professional before entering into a contract with that health care professional.

The following information was noted to ensure providers are properly credentialed prior to appearing in the provider directory:

Findings:

The examiners noted that procedures in place appear to be appropriate and no exceptions were noted.

Standard 3: The health carriers require all participating providers to notify the health carriers' designated individual of changes in the status of any information that is required to be verified by the health carriers.

Findings:

The examiners noted that guidelines in place appear to be appropriate and no exceptions were noted.

Standard 4: The health carriers provide a health care professional the opportunity to review and correct information submitted in support of that health care professional's credentialing verification.

Findings:

The examiners noted that guidelines in place appear to be appropriate and no exceptions were noted.

XV. COMPANY OPERATIONS

Evaluation included, but was not limited to, an assessment based on the following specific standards:

Standard 1: The Companies have up-to-date, valid internal or external audit programs.

The following information was noted in conjunction with the review of this standard:

- The Companies have an internal audit department that has performed reviews of a variety of operational functions.
- Audit reports are distributed to all relevant operational and management personnel.
- External audits are performed on a regular basis.

Findings:

 - f. failure to pay claims in a timely manner
 - g. failure to pay interest on claims not paid in a timely manner
 - h. failure to take corrective action for the prompt payment and investigation of claims required under Docket MC 15-140, executed on August 21, 2016
 - i. Respondent unable to provide documentation sufficient for regulatory review
4. The conduct as described above violates §38a-702m and 38a-816 of the Connecticut General Statutes, and constitutes cause for the imposition of a fine or other administrative penalty under §§38a-2, 38a-41 and 38a-817 of the Connecticut General Statutes.

II

1. WHEREAS, Respondent will not dispute the allegations contained in paragraphs three and four of Article I of this Stipulation; and
2. WHEREAS, Respondent agrees to undertake a complete review of its practices and procedures to enhance compliance with Connecticut statutes in the areas of concern, as described in the Market Conduct Report and this Stipulation; and
3. WHEREAS, Respondent agrees to provide the Insurance Commissioner with a summary of actions taken to comply with the Recommendations in the Market Conduct Report within ninety (90) days of the date of this document; and
4. WHEREAS, Respondent agrees to pay a fine in the amount of \$59,000 for the violations described herein; and
5. WHEREAS, Respondent, being desirous of terminating this proceeding without the necessity of a formal proceeding or further litigation, does consent to the making of this Consent Order and voluntarily waives:
 - a. any right to a hearing; and
 - b. any requirement that the Insurance Commissioner's decision contain a statement of findings of fact and conclusions of law; and

- c. any and all rights to object to or challenge before the Insurance Commissioner or in any judicial proceeding any aspect, provision or requirement of this Stipulation

NOW THEREFORE, upon the consent of the parties, it is hereby ordered and adjudged:

1. That the Insurance Commissioner has jurisdiction of the subject matter of this administrative proceeding.
2. That Respondent is fined the sum of Fifty- Nine Thousand Dollars (\$59,000) for the violations herein above described.
