

2024 Managed Care Report

To

Governor Ned Lamont
Insurance and Real Estate Committee
Public Health Committee
Pursuant to Sec. 38a-478a

Presented by

Connecticut Insurance Department
Andrew Mais, Commissioner
March 1, 2024

The Insurance Department's annual report on the regulation of Managed Care in Connecticut offers an overview of the Department's regulatory and enforcement activity of Managed Care Organizations (MCOs) for the calendar year 2023.

The Department employs a multi-pronged regulatory approach of oversight, advocacy, education, licensing, and enforcement in carrying out our mission of consumer protection. This report highlights activities of our Life & Health, Consumer Affairs and Market Conduct divisions, which ensure products comply with state laws and regulations before they can be marketed to Connecticut consumers and that carriers are providing the benefits of which their customers are entitled. The Department's regulatory responsibility also includes monitoring network adequacy and the lists of drugs – or formularies – that insurers cover.

Also included in this report is our licensing activity of Utilization Review (UR) companies and Independent Review Organizations (IROs), which play key roles in providing consumers access to medically necessary treatment and in the appeals of claim denials. We also list the number of licensed Preferred Provider Networks (PPN), Pharmacy Benefit Managers (PBM) and Medical Discount Plans (MDP).

Consumer advocacy, education and outreach continue to be one of our prime focuses. In 2023, we recovered more than \$7.6 million on behalf of insurance customers who benefited from Department intervention. Of that \$7.6 million, nearly \$3.5 million was health insurance recoveries. Our commitment to educating consumers included outreach events in 2023 and our annual [Consumer Report Card](#), giving individuals, families and businesses information to make informed choices about health insurance plans.

We hope you find this report informative.

Sincerely,

A handwritten signature in blue ink, appearing to read 'A. Mais', is written over a horizontal line.

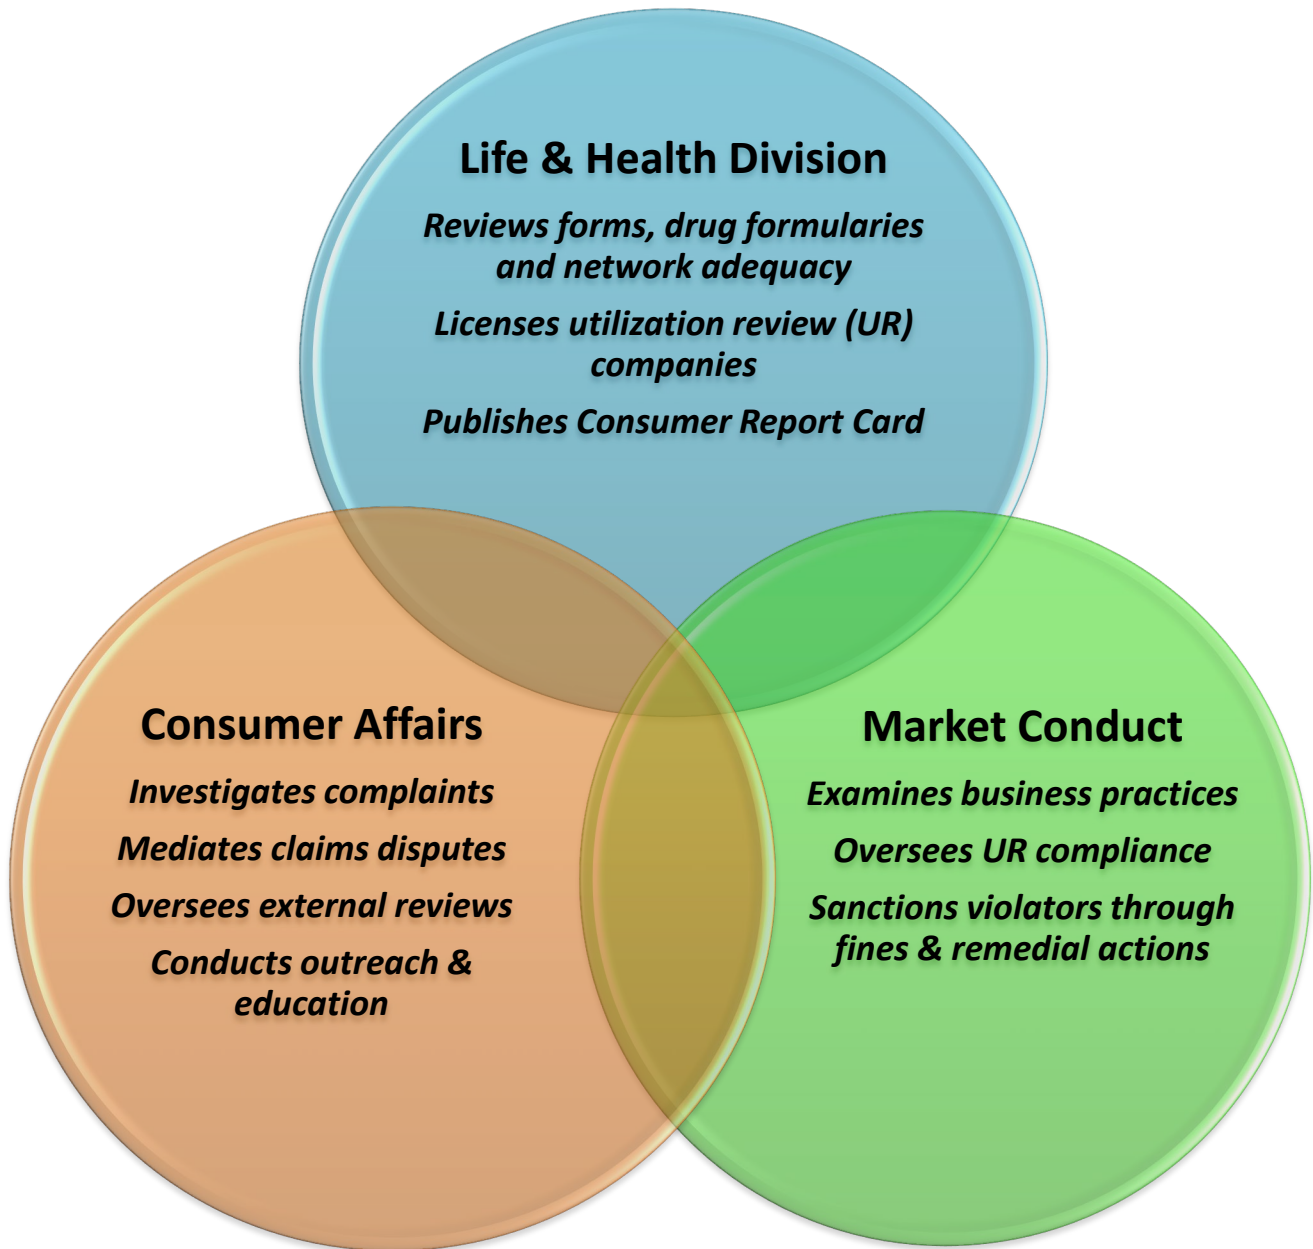

Andrew Mais, Commissioner

III. Other Licensed Entities

The Department also licenses and/or registers medical services providers other than managed care organizations that consumers use when accessing health care.

Those entities, Preferred Provider Networks (PPNs) and Pharmacy Benefit Managers (PBMs) contract with health insurers to offer provider networks and pharmacy benefits, respectively.

Others, such as Medical Discount Plans (MDP) provide consumers with the opportunity to access medical services at discounted rates.

Below is the Department's 2023 licensing/registration activity of these providers:

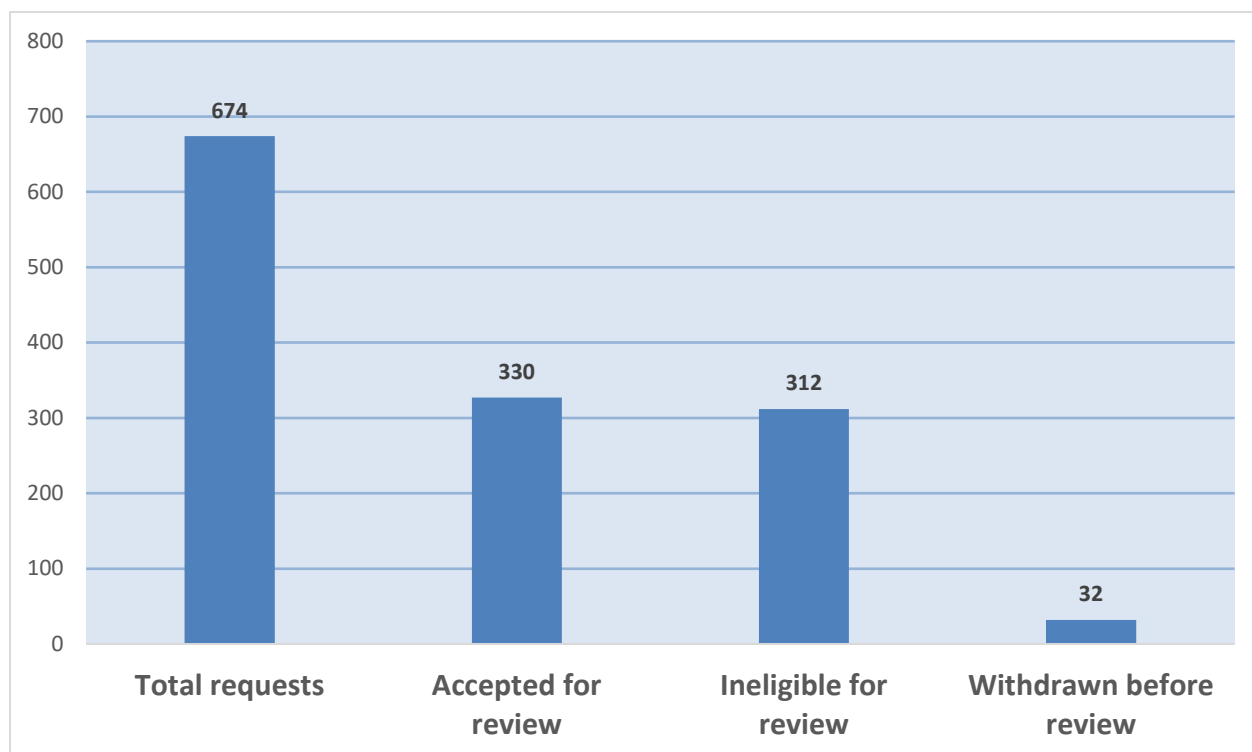

IV. External Appeal Process

Independent Review Organizations (IROs) Licensed in 2023.

Below are the four companies chosen through a competitive bidding process that provided independent external reviews of appeals of health insurance denials from January 1, 2023, to December 31, 2023.

V. Utilization Review

Licensing

The Department licenses all utilization review (UR) companies, entities contracted by managed care organizations to review requests for services based on medical necessity and to determine if the recommended treatment is appropriate.

UR Companies	Issued in 2023	Pending
Renewals	53	1
New Licensees	3	2

Market Conduct

The Department's Market Conduct Division examines UR business practices for compliance with all state laws and regulations and [completed reviews are posted](#) on the Department Web site. Criteria reviewed are:

- Timeliness of decisions and notification requirements
- Adherence to confidentiality laws
- Use of relevant medical personnel
- Protocols updates to reflect changes in medicine and statute.

An overview of the Department's 2023 monitoring of UR companies:

Areas most frequently cited in 2023 for improvement:

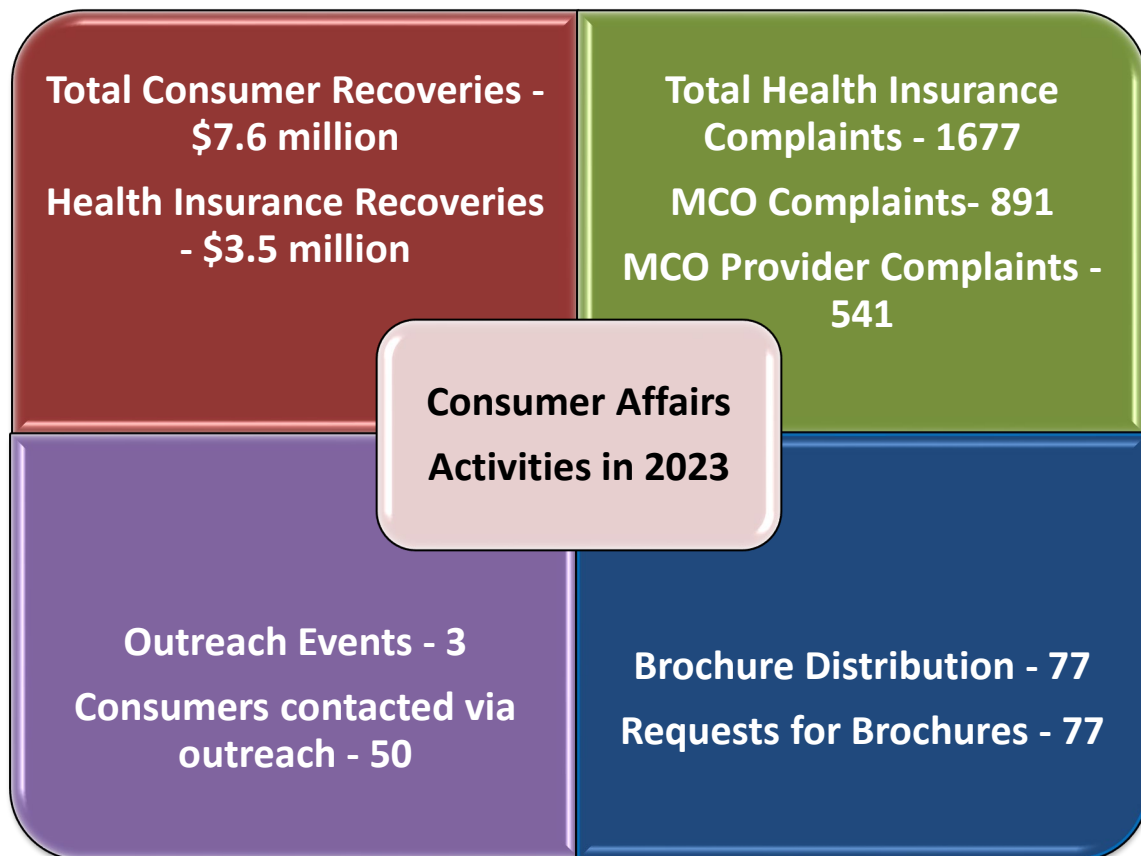

1. Failure to provide proper Connecticut external appeal language.
2. Failure to use the determination letter licensed by the Commissioner.
3. Failure to provide timely initial and appeal determination responses.
4. Failure to provide a reference to access the clinical criteria online.

VI. Consumer Advocacy & Outreach

The Consumer Affairs Unit (CAU) is the Department's front line for policyholders. CAU Examiners are well-versed in state insurance law and field thousands of calls from the public each year, answering questions both simple and complex. The CAU is also an essential liaison between consumers and their insurers when complaints arise over claim denials and other health insurance coverage issues.

In addition, the CAU engages regularly with the public at numerous outreach events and maintains a free speakers' bureau for organizations interested in providing programs that address topical insurance issues.

A list of all insurance complaints fielded in 2023 by the Consumer Affairs Unit is on the [Department Web site and on the state's Open Data Portal](#).

VII. The Consumer Report Card on Health Insurance Carriers in Connecticut

Consumer Report Card On Health Insurance Carriers In Connecticut October 2023

Since 1998, the Department has published a [Consumer Report Card on Health Insurance Carriers in Connecticut](#) – that includes all health care centers, commonly referred to as HMOs – and up to 15 insurers with the highest premium volume in Connecticut, that offer Managed Care Plans.

The Department collects data by July 1 of each year and publishes the Report Card each October, updating it yearly to make it more useful for consumers. The Department compiles and compares a number of quality measures, including provider networks, covered services, and member satisfaction. The 2023 edition reflects data from the 2022 calendar year.

Among the highlights of the 2023 edition is data on how insurance companies are doing in providing follow-up treatment for mental health and substance abuse care and an increase in number of participating physician specialists. Additionally, the 13 insurance companies and HMOs included the 2023 Report Card received just under 8.6 million claims in 2022, a significant decrease from the just under 12 million claims they received in 2021.

Widely distributed and free of charge, the Report Card is posted online, shared through social media, and available at outreach events and upon request.
