2023 Outpatient Prescription Drug Cost Report
Submitted to the Insurance & Real Estate Committee
Pursuant to CGS §38a-479sss

March 1, 2023

Pursuant to Connecticut General Statute §38a-479sss, the Connecticut Insurance Department has provided our 2023 Outpatient Prescription Drug Cost Report.

The report aggregates the information and data submitted to the Commissioner pursuant to section 38a-479qqq, provided by health carriers for calendar year 2020 as follows:

1. For covered outpatient prescription drugs that were prescribed to insureds under such health care plan during such calendar year, the names of:
 - a. The twenty-five most frequently prescribed outpatient prescription drugs,
 - b. The twenty-five outpatient prescription drugs that the health care plan covered at the greatest cost, calculated by using the total annual plan spending by such health care plan for each outpatient prescription drug, and
 - c. The twenty-five outpatient prescription drugs that experienced the greatest year-over-year increase in cost, calculated by using the total annual plan spending by such health care plan for each outpatient prescription drug.
2. The portion of the premium for such health care plan that is attributable to each of the following categories of covered outpatient prescription drugs that were prescribed to insureds under such health care plan during such calendar year:
 - a. Brand name drugs,
 - b. Generic drugs, and
 - c. Specialty drugs.
3. The year-over-year increase, calculated on a per member, per month basis and expressed as a percentage, in the total annual cost of each category of covered outpatient prescription drugs described in 2. above.
4. A comparison, calculated on a per member, per month basis, of the year-over-year increase in the cost of covered outpatient prescription drugs to the year-over-year increase in the costs of other contributors to the premium cost of such health care plan described below:
 - a. Inpatient Medical

- b. Outpatient Medical (Non-Rx)
 - c. Professional
 - d. Other (if applicable)
5. The name of each specialty drug covered during the 2021 calendar year.
 6. The names of the twenty-five most frequently prescribed outpatient prescription drugs for which the health carrier received rebates from pharmaceutical manufacturers during such calendar year.

The Department compiled the report with data collected from eight legal entities and the results are described on the following pages.

We hope you find this report informative.

Respectfully,

A handwritten signature in blue ink, appearing to read 'A. Mais', with a stylized flourish at the end.
