Kathleen U. Holt
Appointed 08/20/2020

Lisa Heavner
Appointed 02/18/2021

Vacant
As of 10/01/2018

Mission

The mission of the Teachers' Retirement Board is to administer the Connecticut Teachers' Retirement System.

Statutory Responsibility

The provisions of the Teachers' Retirement System are contained in Chapter 167a of the Connecticut General Statutes to provide retirement, disability, survivorship and health insurance benefits for Connecticut public school teachers and their beneficiaries. The benefits of the program are funded by employee contributions, state appropriations and investment income. The program is intended to provide financial security at retirement for Connecticut public school teachers, to replace lost income as a result of disability, and to provide benefits to survivors of teachers who die while actively teaching. Members of the system are informed of their rights, benefits, and responsibilities to claim benefits by receiving an annual statement of benefits accompanied by a letter from the Administrator, as well as by various publications on our website (www.ct.gov/trb). In addition, individual counseling is available to assist members in the retirement planning process.

Public Service

The agency is committed to providing each member with the necessary information to make intelligent and informed decisions regarding retirement, disability, survivor, and health benefits. Each non-retired member receives an Annual Statement of Benefits that provides a comprehensive record of their earnings history, credited service, and other details of their account. The agency publishes a variety of topical publications and brochures to assist in dealing with retirement issues. The agency continues to improve and expand its website (www.ct.gov/trb) to provide better and timely access of information to members. The agency is open to the public daily to provide personal service, and agency staff present information at scheduled member webinars, meetings of professional associations of active and retired members, and to representatives of local Boards of Education.

Improvements/Achievements 2022

The Teachers' Retirement Board provides services to over 105,000 members at an annual cost of \$20 per member, which compares very favorably with other similar retirement plans. This year the agency had several improvements to workflow processes and overall efficiencies with stakeholders. The agency launched a digital software program which standardized workflows for staff and significantly reduced the use of paper documents. The agency upgraded the district subsidy reporting tool and transitioned from checks to ACH payments for districts which improved the accuracy of data and payments. The retiree health benefit files were automated for creation and submission which provides enhanced customer service for retirees and allowed for a smooth transition to a new vendor.
