**From:** Sean Bannon, Operations Center Director

**Cc:** Jordan Scheff, Commissioner, Elisa Velardo, Deputy Commissioner, Katie Rock-Burns, Chief of Staff, Scott McWilliams, Chief of Fiscal/Administrative Services, Regional Directors, Assistant Regional Directors, Resource Administrators, Provider Specialists, The Alliance, The ARC CT

**Date:** April 14, 2023

**RE:** FY2023 Eight Month Expense Report

---

As a requirement of the Purchase of Service (POS) contract with the Department of Developmental Services (DDS), each POS contracted provider is required to submit an Eight Month Expense Report (July 1 – February 28) to DDS each year.

The due date for submission of the FY2023 Eight Month Expense Report is May 5, 2023.

Each Eight Month Report is unique to the provider and has been emailed to the provider by the provider's assigned DDS Provider Specialist. If a provider has not received their Eight Month Report, please reach out to your Provider Specialist. Blank Eight Month Reports will not be made available. If data from the Base Operational Plan needs to be changed, an amended Operational Plan must be sent to the provider's assigned Provider Specialist. See the process listed below for submitting amended Operational Plans.

**Extension Requests:** Any provider that is unable to submit the Eight Month Report by the deadline must submit an extension request prior to the date the report is due.

- Any extension request must be sent via email to your assigned Provider Specialist prior to the submission deadline.
- Your request must include the reason precipitating your extension request and the submission date being requested.
- Any report not submitted by the original submission date or the approved extension date will be considered late.

**As stated in previous fiscal years:**

*An Affirmative Action/Equal Opportunity Employer*

1. Providers should correct any errors or missing data prior to submitting the 8 Month Report to DDS by reviewing the Error Check Tab. DDS will not be able to complete the review process for any Eight Month Reports with “NO” answers on questions 1-9 of the 8 Month Review Tab unless an acceptable explanation is included in the applicable comment section. **Please ensure that any “NO” answers on the Error Check tab are corrected or an explanation is entered in the comment section under each applicable section prior to submission.** See the 8 Month Report Instructions for more information. Please note that there is recognition that amounts projected on the Operational Plan will vary due to Minimum Wage and Benefit Pool funding. Please just note this in the applicable section of the Error Check tab. Also, please note that American Rescue Plan Act (ARPA) expenses are not recorded on the Eight Month Report, as there is separate reporting for ARPA funding.
2. Since the submission of the FY2016 Annual Report, the Operations Center staff started requesting a copy of the Cost Allocation Plan (CAP) for any provider with an administrative & general rate of 18% or greater. This applies to the FY23 Eight Month Report. If the A&G is 18% or greater, the provider should include the reason why and the agency’s plan to reduce A&G to below 18% in the future in the comment section of the 8 Month Error Check tab and include a valid copy of the agency’s Cost Allocation Plan as an attachment to the Eight Month Report submission email.
3. Please be aware that the Contractor (provider) is allowed to make line category expense changes within major cost categories (salaries, employee benefits, non-salary, administrative and general) of less than 20% without prior DDS approval. Any budget variance that exceeds twenty percent (20%) of the major cost categories, but does not increase or decrease the maximum financial commitment, must be approved by DDS through a revised Operational Plan. Failure to receive prior approval from DDS may result in the disallowance of any expense exceeding the 20% variance. If this variance is due to expenses related to the Minimum Wage increase or enhanced benefit funding – please just note this on the 8 Month Error Check tab. A revised Operational Plan is not needed.

The FY2023 Eight Month Report uses the same format of comparing the budgeted amount with actual costs for the time period of July - February along with reporting the estimated End of Fiscal Year budget amount based on the actual costs to date plus the projected budget from March 1 – June 30. If the provider does not add a new program with annualized funding of more than \$100,000 between the submission of the Eighth Month Report and the end of the fiscal year ending June 30, 2023, the estimated End of Fiscal Year Budget Amount will take the place of the Final Operational Report usually due in July. Providers that add a new program with annualized funding of more than \$100,000 between the submission of the Eighth Month Report and the end of the fiscal year ending June 30, 2023 will be required to submit a Final Operational Plan by July 15, 2023.

If additional cost centers or program types with annualized funding of more than \$100,000 were added between July 1, 2022 and February 28, 2023, an amended Operational Plan will need to be submitted. Please notify your Provider Specialist that you will be submitting an amended Operational Plan for that reason prior to the Eight Month Report deadline. When submitting your amended Operational Plan, the Eight Month Report should also be completed unless directed to do otherwise by your Provider Specialist.

If the provider needs to submit an amended Operational Plan for reasons not listed above, the provider must send a request via email to their Provider Specialist prior to the Eight Month Report deadline. Please include the reason(s) that the Operational Plan needs to be amended. Amended Operational Plans will not be accepted by DDS without an explanation for the changes and approval by your Provider Specialist. When submitting your amended Operational Plan, the Eight Month Report should also be completed unless directed to do otherwise by your Provider Specialist.

**The FY23 Eight Month Report must be electronically submitted to your assigned DDS Operations Center Provider Specialist by May 5, 2023.**

If you have any technical questions regarding the report, please contact your assigned Provider Specialist.
