

The Connecticut Family Support Network Presents:

Summer Camp for Children with Special Needs

The CT Family Support Network will host presentations on Summer Camps for children with special needs. The presentation will offer parents an opportunity to meet with representatives from local and statewide camps, share information with other parents and discuss funding resources.

If you are a parent or guardian of a child with special needs and you are wondering:

- * ***What will I do for summer programming?***
- * ***What will I do after summer school is over?***
- * ***What camps have other special needs children gone to and did they like them?***

Join us at a presentation near you!
