

DDS Maintaining Medicaid Eligibility equals Waiver Eligibility

Updated 3/2023

Maintaining Medicaid Benefits is really Important!

You must complete your DSS redetermination of eligibility on time!

Your DDS Waiver services are at risk of being discontinued if Medicaid Eligibility is not maintained.

Medicaid requires an annual redetermination application. **You must complete it as soon as you get it.** It is called “State Of Connecticut Department Of Social Services Renewal Of Eligibility W-1ER”. It is due **40 days before** your Medicaid expires, if you do not do this before the 40 days you will be discontinued from benefits and forced to reapply for Medicaid. If you are receiving any services from DDS such as; a day program, case management, etc. These services are paid through Medicaid and it is really important to maintain that benefit.

Medicare Savings Program

If you have applied for the Medicare Savings benefit /waiver (aka QMB or Q01) you also have to do a redetermination application separately each year. If you do not do the application the benefit will be taken out of your monthly Social Security check.
