RE: Employment Opportunities and Day Services COVID-19 Provider Stability Payments

The Department of Developmental Services (DDS) is adjusting the employment and day program COVID-19 provider stability payments for July 2021 through September 2021 attendance (September through November payments). During this time unbilled services will be paid at 56.36%.

DDS calculated the unbilled service percent using the employment and day phase-in funding based upon the 66% utilization percent for April 2021. This percent was calculated using this formula: $(H - T)/(1 - T)$, where H is historic utilization (85%) and T is target utilization (66%).
